PROGRAMME FOR THE ISSUANCE OF NOTES AND WARRANTS

On 24 February 1999, HSBC Bank plc ("**HBEU**") established a Programme for the Issuance of Notes and Warrants (the "**Programme**"). On 27 June 2019, HSBC Bank Middle East Limited ("**HBME**") acceded to the Programme as an issuer (HBME together with, HBEU, the "**Issuers**" and each an "**Issuer**"). References in this Offering Memorandum to "Issuer" in connection with any issue of Notes or Warrants (as defined below) is to HBEU in the case of Notes or Warrants issued by HBEU, and is to HBME in the case of Notes or Warrants issued by HBME.

This Offering Memorandum (which expression shall include each of Parts A to I hereof and all documents incorporated by reference herein) has been prepared for the purpose of providing disclosure information with regard to the notes (the "**Notes**") and warrants (the "**Warrants**") to be admitted to the Official List of the Irish Stock Exchange plc trading as Euronext Dublin ("**Euronext Dublin**") and trading on its Global Exchange Market. Euronext Dublin's Global Exchange Market is not a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU (as amended, "**MiFID II**") or Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (the "**EUWA**") ("**UK MiFIR**"). This Offering Memorandum constitutes listing particulars for the purposes of listing on Euronext Dublin's Official List and trading on its Global Exchange Market. Application has been made for this Offering Memorandum to be approved by Euronext Dublin and the securities to be admitted to Euronext Dublin's Official List and to trading on its Global Exchange Market. Investors should note that securities to be admitted to Euronext Dublin's Official List and trading on its Global Exchange Market will, because of their nature, normally be bought and traded by a limited number of investors who are particularly knowledgeable in investment matters.

This Offering Memorandum does not comprise (i) a base prospectus for the purposes of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "UK Prospectus Regulation") or (ii) a base prospectus for the purposes of Regulation (EU) 2017/1129 (as amended, the "EU Prospectus Regulation"). This Offering Memorandum has been prepared solely with regard to Notes and Warrants that are not to be admitted to listing or trading on any regulated market for the purposes of MiFID II or UK MiFIR and not to be offered to the public in the United Kingdom (the "UK") (other than pursuant to one or more of the exemptions set out in Section 86 of the Financial Services and Markets Act 2000 (as amended, the "FSMA")) or a Member State of the European Economic Area (other than pursuant to one or more of the exemptions set out in Article 1(4) of the EU Prospectus Regulation).

In relation to any Notes or Warrants, this Offering Memorandum must be read as a whole and together also with the relevant pricing supplement (the "**Pricing Supplement**"). Any Notes or Warrants issued under the Programme on or after the date of this Offering Memorandum are issued subject to the provisions described herein. This does not affect any Notes or Warrants already in issue.

This Offering Memorandum will be valid until 12 months from the date hereof.

Any person (an "**Investor**") intending to acquire or acquiring any securities from any person (an "**Offeror**") will do so, and offers and sales of the securities to an Investor by an Offeror will be made in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. The Issuer will not be a party to any such arrangements with Investors (other than the Dealers as defined herein) in connection with the offer or sale of the securities

and, accordingly, this Offering Memorandum and any Pricing Supplement will not contain such information and an Investor must obtain such information from the Offeror.

The Programme also permits Notes or Warrants to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or will be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

HBEU has been assigned the following long term credit ratings: A+ by S&P Global Ratings UK Limited ("**S&P**"); A1 by Moody's Investors Service Limited ("**Moody's**"); and AA- by Fitch Ratings Limited ("**Fitch**"). HBME has been assigned the following long term credit ratings: A3 by Moody's and A+ by Fitch. Each of S&P, Moody's and Fitch is established in the UK and registered under Regulation (EU) No 1060/2009 on credit rating agencies as it forms part of the domestic law of the UK by virtue of the EUWA (the "**UK CRA Regulation**"). As such, each of S&P, Moody's and Fitch appears on the latest update of the list of registered credit rating agencies (as of 31 December 2020) on the UK Financial Conduct Authority's (the "**FCA**") Financial Services Register. The ratings each of S&P, Moody's and Fitch have given to the Issuer are endorsed by S&P Global Ratings Europe Limited, Moody's Deutschland GmbH and Fitch Ratings Ireland Limited, respectively, each of which is established in the European Union and registered under Regulation (EU) No 1060/2009 on credit rating agencies (the "**EU CRA Regulation**").

EU PRIIPs REGULATION - IMPORTANT – EEA RETAIL INVESTORS – If the Pricing Supplement in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION - IMPORTANT - UK RETAIL INVESTORS – If the Pricing Supplement in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes and Warrants have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or the state securities laws of any state of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**")) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Notes and Warrants are being offered and sold (A) in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), in each case only to "qualified institutional buyers" (as defined in Rule 144A under the Securities Act ("**Rule 144A**")) and (B) to non-U.S. persons in offshore transactions in reliance on Regulation S. Prospective purchasers are hereby notified that the sellers of Notes and Warrants pursuant to clause (A) above may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A thereunder.

HBME does not intend to offer and sell any Notes or Warrants in the United States or to U.S. persons in reliance on Rule 144A.

In addition, unless the relevant Pricing Supplement specifies otherwise, Warrants may not be offered or sold to, or for the account or benefit of U.S. persons (as defined in the U.S. Commodity Futures Trading Commission regulation 23.23(a)(23)) at any time.

The Notes are not deposit liabilities of HBEU or HBME and are not covered by the UK Financial Services Compensation Scheme or insured by the U.S. Federal Deposit Insurance Corporation or any other governmental agency of the UK, the United States or any other jurisdiction.

**PART A -
INFORMATION RELATING TO THE PROGRAMME GENERALLY
RISK FACTORS**

This section provides details of the principal risks associated with each Issuer and the Notes and Warrants.

Any investment in the Notes and Warrants is subject to a number of risks. Prior to investing in the Notes and Warrants, prospective investors should carefully consider risk factors associated with any investment in the Notes or Warrants, the business of the relevant Issuer and the industry in which it operates together with all other information contained in this Offering Memorandum, including, in particular, the risk factors described below under the heading "Risks relating to Notes and Warrants issued by HBEU and HBME" and, in relation to Notes and Warrants issued by HBEU, the risk factors contained in the HBEU Registration Document (as defined in the section headed "Incorporation by Reference" below) and the risk factors described below under the heading "Risks relating to Notes and Warrants issued by HBEU only" and, in relation to Notes and Warrants issued by HBME, the risk factors described below under the headings "Risks relating to HBME" and "Risks relating to Notes and Warrants issued by HBME only". Each Issuer considers such risk factors to be the principal risk factors that may affect its ability to fulfil its obligations under the Notes and Warrants and/or risk factors that are material for the purposes of assessing the market risk associated with the Notes and Warrants. Words and expressions defined in the Conditions or elsewhere in this Offering Memorandum have the same meanings in this section.

The following is not an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes or Warrants. Additional risks and uncertainties relating to each Issuer or the Notes and Warrants that are not currently known to the relevant Issuer, or that such Issuer currently deem immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of such Issuer or the Notes and Warrants themselves, and, if any such risk should occur, the price of the Notes and Warrants may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes or Warrants is suitable for them in light of the information in this Offering Memorandum and their personal circumstances.

(1) Risks relating to HBEU

A description of the risk factors relating to HBEU that may affect the ability of HBEU to fulfil its obligations under the Notes and Warrants are set out in the section entitled "Risk Factors" on pages 1 to 22 of the Registration Document (as defined in the section headed "Incorporation by Reference" below).

(2) Risks relating to HBME

Macroeconomic and geopolitical risk

Risks relating to the impact of Covid-19

The Covid-19 outbreak and its effect on the global economy have impacted HBME's customers and performance, and the future effects of the outbreak are uncertain. Covid-19 necessitated governments in the Middle East, North Africa and Turkey ("MENAT") region to respond at unprecedented levels to protect public health, local economies and livelihoods. It has affected jurisdictions in the MENAT region at different times and varying degrees as it has developed. The varying government support measures and restrictions imposed in response to the Covid-19 outbreak have added challenges, given the rapid pace of change and significant operational demands. The speed at which jurisdictions in the MENAT region will be able to unwind the government support measures and restrictions and return to pre-Covid-19 economic levels will vary based on the levels of infection, local governmental decisions and access to, and ability to, roll out vaccines. There remains a risk of subsequent waves of infection, as evidenced by the recently emerged variants of the virus. Renewed outbreaks emphasise the ongoing threat of Covid-19 even in countries that have recorded lower than average cases so far.

Government restrictions imposed around the world to limit the spread of Covid-19 resulted in a sharp contraction in global economic activity during 2020. At the same time governments also took steps designed to soften the extent of the damage to investment, trade and labour markets. Economic activity recovered unevenly in the second half of 2020 as some jurisdictions imposed renewed restrictions in the fourth quarter in response to a resurgence in Covid-19 cases. While a number of vaccine candidates have announced high

Part A – Information Relating to the Programme Generally – Risk Factors

efficacy rates, raising hopes of widespread immunisation from Covid-19 being achieved by the end of 2021 and government restrictions being eased, the rollout of vaccination programmes could be uneven across markets, hampering the global pace of recovery even as individual markets return to pre-pandemic levels of activity.

A recovery in economic activity in HBME's major markets, including in the MENAT region, is currently expected in 2021, but the level of such recovery is contingent on the successful containment of the virus and the evolution of other top risks. It also relies on the willingness and ability of households and businesses to return towards pre-Covid-19 spending levels.

There is a material risk of a renewed drop in economic activity. The economic fallout from Covid-19 risks increasing inequality across markets in the MENAT region. This leaves the burden on governments and central banks to maintain or increase fiscal and monetary stimulus. After financial markets suffered a sharp fall in the early phases of the spread of Covid-19, they rebounded but still remain volatile. Depending on the degree to which global economic growth suffers permanent losses, financial asset prices may suffer a further sharp fall.

The Covid-19 outbreak may also have material impacts on capital and liquidity. This may include downward customer credit rating migration, which could negatively impact HBME's risk-weighted assets and capital position, and potential liquidity stress due, among other factors, to increased customer drawdowns, notwithstanding the significant initiatives that governments and central banks, including the United Arab Emirates ("UAE") government and the Central Bank of the UAE, have put in place to support funding and liquidity. Central banks across the MENAT region have also initiated a series of capital measures to support the ability of banks to supply credit to businesses and households through this period of economic disruption.

Governments and central banks across the MENAT region, in particular in the UAE, Kuwait, Qatar and Saudi Arabia, have deployed extensive measures to support their local populations. For instance, the Central Bank of the UAE, under the Targeted Economic Support Scheme ("TESS"), has facilitated the provision of temporary relief from the payment of principal and/or interest on outstanding loans for all affected private sector corporates, small to medium-sized enterprise ("SME") and individuals with specific conditions. These measures are being extended in countries where further waves of the pandemic are prompting renewed government restrictions. Central banks in the MENAT region are expected to maintain low interest rates for a period of time as inflation remains contained and the debt burden of governments is expected to rise.

In many of the jurisdictions in which HBME operates, HBME has initiated market-specific measures to support its personal and business customers through these challenging times, including mortgage assistance, payment holidays, the waiving of certain fees and charges, and liquidity relief for businesses facing market uncertainty and supply chain disruption. HBME is also working closely with governments and supporting national schemes in the MENAT region that focus on the parts of the economy most impacted by Covid-19.

Central bank and government actions and support measures taken in response to the Covid-19 outbreak may create restrictions in relation to capital. These may limit management's flexibility in managing the business and taking action in relation to capital distribution and capital allocation.

It is recognised that all of the above measures and actions expose HBME to heightened risks. The rapid introduction and varying nature of the government support schemes, as well as customer expectations, has led to risks as HBME implements large-scale changes in a short period of time. This has led to increased operational risks, including complex conduct considerations, increased reputational risk and increased risk of fraud. These risks are likely to be heightened further as and when those government support schemes are unwound.

In many of HBME's major markets, the Covid-19 outbreak has led to a worsening of economic conditions and increased uncertainty, which has been reflected in higher expected credit losses ("ECLs") reserves. Furthermore, credit losses may increase due to exposure to vulnerable sectors of the economy, such as oil prices, airlines, real estate, tourism and discretionary consumer spending sectors. The impact of the pandemic on the long-term prospects of businesses in these sectors is uncertain (and may vary from jurisdiction to jurisdiction) and may lead to significant credit losses on specific exposures, which may not be fully captured in ECL estimates. In addition, in times of crisis, fraudulent activity is often more prevalent, leading to potentially significant credit or operational losses.

Part A – Information Relating to the Programme Generally – Risk Factors

The significant changes in economic and market drivers, customer behaviours and government actions caused by Covid-19 have also impacted the performance of financial models. These include retail and wholesale credit models such as IFRS expected credit loss models, as well as capital models, traded risk models and models used in the asset/liability management process. This has required more ongoing monitoring and more frequent testing, particularly for expected credit loss models. It also has resulted in enhanced and more frequent model monitoring and the use of compensating controls, specifically management judgmental adjustments based on the expert judgement of senior credit risk managers. By their nature, such compensating controls require a significant degree of management judgement and assumptions to be applied, and there is a risk that future actual results/performance may differ from such judgements and assumptions. While HBME continues to review and redevelop relevant financial models, there remains considerable uncertainty around the magnitude of change required for models used by HBME. The effectiveness of financial models that are redeveloped will depend in large part on the depth and length of the economic downturn currently faced by the economies of the major markets in which HBME operates.

Central banks have reduced interest rates in most financial markets, including in the MENAT region, due to the adverse impact on the timelines and path for economic recovery from the Covid-19 outbreak, which in turn increased the likelihood of negative interest rates across more countries. This raises a number of risks and concerns, such as the readiness of HBME's systems and processes to accommodate zero or negative rates for its business across certain currencies, the resulting impacts on customers, regulatory constraints and the financial implications given the significant impact that prolonged low interest rates have had, and may continue to have, on HBME's net interest income. Pricing decisions will continue to be informed based on the needs of HBME's customers, together with balance sheet and market environment considerations, with the aim of ensuring a fair exchange in value. For most deposit products, HBME is now passing through the cost of negative rates to customers.

However, if interest rates were to move negative this would result in HBME's commercial margins being compressed, which may have an impact on HBME's profitability. The pricing of this risk will need to be carefully considered, given the significant impact that prolonged low interest rates are likely to have on HBME's net interest income. If there is a rebalancing of portfolios toward fee generating business and trading activities to offset reduced profits, HBME may become exposed once rates start rising again. These factors may challenge the long-term profitability of the banking sector, including HBME.

Moreover, HBME has financial instruments which are carried at fair value, and such fair values may be impacted by the market volatility resulting from the Covid-19 outbreak. This would in turn affect the market value of such instruments and could result in markdowns on such instruments and an increase in the size of fair value adjustments.

There remain significant uncertainties in assessing the duration of the Covid-19 outbreak and its impact. The actions taken by various governments and central banks in the MENAT region provide an indication of the potential severity of the downturn and post-recovery environment, which from a commercial, regulatory and risk perspective could be significantly different to past crises and persist for a prolonged period. A prolonged period of significantly reduced economic activity as a result of the impact of the outbreak could have a material adverse effect on HBME's financial condition, results of operations, prospects, liquidity, capital position and credit ratings.

Current economic and market conditions may materially adversely affect HBME's results

HBME's earnings are affected by global and local economic and market conditions.

Uncertain and at times volatile economic conditions can create a challenging operating environment for financial services companies such as HBME. In particular, HBME has faced and may continue to face the following challenges to its operations and operating model in connection with these factors:

- the Covid-19 outbreak and its impact on global economies could have a material adverse effect on (among other things) the profitability, capital and liquidity of financial services companies such as HBME (see "*Risks relating to the impact of Covid-19*");
- the demand for borrowing from creditworthy customers may diminish if economic activity slows or remains subdued;

Part A – Information Relating to the Programme Generally – Risk Factors

- low or negative interest rates could impact HBME's profitability due to reductions in HBME's net interest income. This deterioration in profits might affect financial stability or cause credit supply to subsequently tighten;
- HBME's ability to borrow from other financial institutions or to engage in funding transactions may be adversely affected by market disruption; and
- market developments may depress consumer and business confidence beyond expected levels. If economic growth is subdued, for example, asset prices and payment patterns may be adversely affected, leading to greater than expected increases in delinquencies, default rates, ECLs and other credit impairment charges. However, if growth is too rapid, new asset valuation bubbles could appear, particularly in the real estate sector, with potentially negative consequences for financial institutions, such as HBME.

The occurrence of any of these events or circumstances could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and customers.

HBME is likely to be affected by global economic and geopolitical trends, including the risk of government intervention

While economic globalisation appears to remain deeply embedded in the international system, it is increasingly challenged by nationalism and protectionism. Investor confidence in international debt and equity markets (and, in turn, the performance of those markets) could be adversely impacted by macroeconomic and political events. In Europe, for example, there remains an uncertain economic and political outlook, particularly in light of the United Kingdom's ("UK") withdrawal from the European Union ("EU") and the end of the transition period, which is expected to continue as the UK and the EU give effect to the implementation and practicalities of the EU-UK Trade and Cooperation Agreement. In November 2020, Joseph R. Biden, Jr. was elected as the 46th President of the United States ("US") on a platform of reversing many of President Trump's policies. Joseph R. Biden, Jr. became President of the US in January 2021 and reversed a number of the previous administration's policies on topics such as climate change, immigration and the environment. Given his limited time in office so far, some of President Biden's foreign policy objectives, including trade, immigration, military and economic support of historic partners have remained somewhat uncertain and it is not clear what impact the new administration's policies will have on a global economic and geopolitical level. There has also been a dispersion of global economic power from the US and Europe towards China and emerging markets, providing a backdrop for greater US-China competition. Furthermore, sanctions targeting the Russian government, institutions and individuals have had (and are continuing to have) an adverse effect on the Russian economy, and further sanctions may be possible. For example, in April 2021, the US imposed sanctions against Russia, in response to alleged cyber-attacks, which may lead to retaliation in kind by Russia and increased tensions between the two countries. There is no certainty as to how such developments could affect the wider global economy or the impact that they may have on the geopolitical environment in the MENAT region.

Any further rise in nationalism and protectionism, including the imposition of new trade barriers, could continue to affect global capital flows and lead to some emerging markets (for example in the MENAT region) imposing protectionist measures that could affect financial institutions and their clients. Other emerging, as well as developed, markets may then be tempted to follow suit. This rise could contribute to weaker global trade, potentially affecting HBME's traditional lines of business. HBME's geographic coverage will make it and its customers susceptible to protectionist measures taken by national governments and authorities, including imposition of trade tariffs, restrictions on market access, restrictions on the ability to transact on a cross-border basis, expropriation, restrictions on international ownership, restrictions on offshoring activity, use of the cloud and the related sharing of client data, interest rate caps, limits on dividend flows and increases in taxation.

Movements in global interest rates have also continued to be unpredictable. The decision of the US Federal Reserve to increase US overnight interest rates between December 2015 and December 2018 by an aggregate 225 basis points (in nine separate increments of 25 basis points each) exacerbated the reduced liquidity environment and contributed to a prevailing mood of economic uncertainty. However, in 2019, the US Federal Reserve decreased US overnight interest rates by an aggregate 75 basis points (in three separate increments of 25 basis points each) and, in March 2020, US overnight interest rates were further cut to near zero in response to the Covid-19 outbreak. Similar cuts were announced by a number of other central banks, including the Bank of England which reduced interest rates to 0.1 per cent. in March 2020,

Part A – Information Relating to the Programme Generally – Risk Factors

and the central banks of countries such as Saudi Arabia, Bahrain and the UAE, all of whom undertook similar action and cut their key rates in March 2020. Lower or negative interest rates will have an impact on the net interest margins of banks and any uncertainty in the direction of interest rates is expected to contribute to the prevailing mood of economic uncertainty within the US and globally. Any slowdown in the global economic environment, together with any reduction in governmental spending and the likely impact on the level of economic activity in Dubai and the UAE, may have an adverse effect on HBME's credit risk profile.

The ongoing impact of Covid-19 on the global economy remains uncertain and, depending on global infection rates and government measures implemented in response to this, could lead to continued volatile market conditions. In addition to the interest rates cuts referred to above, a number of countries have implemented measures aimed at improving liquidity, freeing up capital for banks to increase lending and providing relief to customers and businesses with respect to credit payments. For example, in March 2020, the UAE Central Bank implemented TESS, which temporarily reduced the minimum regulatory capital requirements for UAE banks and provides UAE banks with access to zero interest facilities from the UAE Central Bank, against the provision of collateral, for use in granting temporary relief to private sector corporate and retail customers. The Saudi Central Bank also launched its Private Sector Financing Support Programme in March 2020 to support the micro small and medium enterprises in Saudi Arabia by, amongst other things, providing payment relief and greater access to liquidity. The Central Bank of Kuwait undertook macro-prudential measures to support banks by lowering the banking sector's capital and liquidity requirements and the Central Bank of Bahrain implemented measures requiring banks to defer loan repayments to support borrowers. Measures have also been implemented across the US, the UK and the EU where governments have introduced quantitative easing programmes and relief measures aimed at boosting economic growth. Most recently, the US announced a US\$1.9 trillion stimulus plan in April 2021 aimed at combating Covid-19 and reviving the US economy. The impact of these measures remains unclear and a prolonged period of reduced global liquidity may have materially adverse consequences on the global and regional economy. Furthermore, any future reductions in rates or changes in fiscal stimulus packages or central bank measures could reduce liquidity and adversely impact HBME's financing costs. In addition, the outbreak has resulted in the continued implementation of travel restrictions, quarantines and extended shutdowns of businesses globally, the impact of which is highly uncertain and, if prolonged, could have materially adverse consequences, including lower economic growth (both regionally and globally). See "*Risks relating to the impact of Covid-19*".

At a regional level, the economies of the Gulf Co-operation Council ("**GCC**") countries have continued to be affected by volatility in global crude oil prices. Between July 2014 and January 2016, international crude oil prices declined dramatically and, whilst there was a partial correction between 2017 and 2019 (according to the OPEC website, the average price of the OPEC Reference Basket was approximately US\$62.06 per barrel for the year ended 31 December 2017, approximately US\$56.94 per barrel for the year ended 31 December 2018 and approximately US\$66.48 per barrel for the year ended 31 December 2019), 2020 saw significant volatility, with the average price of the OPEC Reference Basket falling from US\$65.11 per barrel in January 2020 to US\$16.52 per barrel as at 1 May 2020, before recovering to an average price of US\$41.47 per barrel for the year ended 31 December 2020. Oil prices have also been significantly affected since March 2020 by a reduction in demand following the Covid-19 outbreak and disagreements between members of the Organization of the Petroleum Exporting Countries ("**OPEC**") and certain non-OPEC member countries, such as Russia, on how to address the falling global oil demand and the falling oil price. An agreement was reached by such OPEC and non-OPEC countries on 9 April 2020 to cut oil production, but this did not have any significant immediate impact on oil prices. The agreement reached in January 2021 by OPEC and Russia led to a slight easing of oil production by 500,000 barrels per day and resulted in the OPEC Reference Basket rising to a monthly average of US\$61.74 in March 2021.

The volatility in oil prices has affected the economies of the oil-revenue dependent MENAT countries, including the UAE, with greater budget deficits, a decrease in fiscal revenues, a weaker real estate sector and consequent lower public spending seen between 2016 and 2018. Government fiscal deficits have resulted in weakened net asset positions, larger external financing needs and/or continued lower government spending. This has resulted in the downgrading, or placing on "creditwatch", of a number of GCC sovereigns including, particularly, the Kingdom of Bahrain and the Sultanate of Oman. In the UAE, fiscal policy remains pro-cyclical. In recent years, lower oil prices have led to the rationalisation of fiscal spending and, most recently, lower oil prices and the Covid-19 pandemic resulted in the UAE cutting its federal spending for 2021 by approximately 5.3 per cent. as compared to 2020.

Further, with effect from 1 January 2018, the UAE's federal government implemented a value-added tax ("VAT") regime in the UAE at a rate of 5 per cent. as part of a broader GCC-wide agreement. Bahrain joined the GCC VAT regime on 1 January 2019 and Oman implemented VAT on 16 April 2021. Qatar is expected to introduce VAT in 2021. Saudi Arabia, which implemented VAT on 1 January 2018 at the rate of 5 per cent. , increased the rate to 15 per cent. effective from 1 July 2020. VAT in the UAE applies on most goods and services, including on financial and banking services where these are remunerated by way of explicit fees, explicit premiums, late payment fees and commission charges. Certain financial charges are exempt from VAT in the UAE – however, the exemption is very narrow and limited to spread and margin-based revenues. Under the UAE VAT regime, services provided to clients who are resident outside the GCC will be subject to zero per cent. VAT, whereas services received from foreign vendors trigger 5 per cent. VAT (following the reverse charge mechanism). These significant fiscal reforms have become an integral part of a broader federal government strategy aimed at reducing fiscal expenditure generally and fiscal dependency on hydrocarbon related revenues.

Further, and in response to the ongoing volatility in oil prices, certain regional oil producing countries that have traditionally "pegged" their domestic currencies to the US dollar have faced pressure to remove these foreign exchange "pegs". For example, Egypt chose to unwind the US dollar peg of its domestic currency in November 2016. Any such de-pegging by GCC states may pose a systemic risk to the regional banking system by virtue of the potential devaluation of any such de-pegged currency against the US dollar, which may impact the open cross-currency positions held by regional banks.

These challenging market conditions have historically resulted in reduced liquidity, greater volatility, widening of credit spreads and lack of price transparency in credit and capital markets. Adverse market conditions have impacted investment markets both globally and in the MENAT region, including adverse changes and increased volatility in interest rates and exchange rates and decreased returns from equity, property and other investments. The financial performance of HBME may be materially and adversely affected by a worsening of general economic conditions in the markets in which HBME operates, as well as by US, UK, European and international trading market conditions and/or related factors.

HBME is subject to political, social and other risks in the countries in which it operates

HBME operates through an international network of subsidiaries, branches and affiliates. HBME's operations are subject to potentially unfavourable political, social, environmental and economic developments in such jurisdictions and globally, which may include:

- coups, civil wars or acts of terrorism;
- political and/or social instability;
- geopolitical tensions;
- climate change, acts of God, including epidemics and pandemics (such as the Covid-19 outbreak, further details on which can be found in "*Risks relating to the impact of Covid-19*") and natural disasters, (such as floods and hurricanes); and
- infrastructure issues, such as transportation or power failures.

While the UAE is seen as a relatively stable political environment, certain other jurisdictions in the Middle East are not and there is a risk that regional geopolitical instability could impact the UAE. Instability in the Middle East may result from a number of factors, including government or military regime change, civil unrest or terrorism. In particular, since early 2011, there has been political unrest in a range of countries in the MENAT region, including Egypt, Algeria, Jordan, Libya, Bahrain, Saudi Arabia, Yemen, the Republic of Iraq (Kurdistan), Syria, Palestine, Turkey, Tunisia and Oman. However, in January 2021, Saudi Arabia, Bahrain, Egypt and the UAE announced the ending of their political blockade of Qatar, which had continued since June 2017, resulting in the restoration of diplomatic relations and the reopening of land and sea borders. In addition, the UAE and Bahrain announced the normalisation of relations with Israel in August 2020. However, since then, the region has seen the re-start of political tensions and violence between Israel and Palestine, which may slow the momentum of any business collaboration between the UAE and Israel.

This unrest has ranged from public demonstrations to, in extreme cases, armed conflict (including the multinational conflict with Islamic State (also known as Daesh, ISIS or ISIL)) and the overthrow of existing

Part A – Information Relating to the Programme Generally – Risk Factors

leadership and has given rise to increased political uncertainty across the region. The UAE, along with other Arab states, participated in the Saudi Arabian led intervention in Yemen, which began in 2015 in response to requests for assistance from the Yemeni government against the Al Houthi militia. The UAE completed a military withdrawal from Yemen in February 2020. The UAE is also a member of another Saudi Arabian led coalition formed in December 2015 to combat Islamic extremism and, in particular, Islamic State.

Tensions in the Gulf region increased following the seizure by Iran of a British tanker in July 2019 and, more broadly, due to several incidents with oil tankers in the Strait of Hormuz and Gulf of Oman. On 14 September 2019, the Abqaiq processing facility and the Kurais oil field in Saudi Arabia were damaged to a significant extent in apparent drone attacks, which caused an immediate significant reduction in the output of Saudi Aramco, Saudi Arabia's national oil company. It is unknown what, if any, response will be made by Saudi Arabia and its allies to this incident, what form any response will take and what the impact of such response will be. In addition, on 2 January 2020, the US carried out a military strike which killed a senior Iranian military commander. As a result of this military strike, Iran launched missiles at a US base in Iraq. There have since been repeated attacks by militia groups on Iraqi military bases housing foreign soldiers and retaliatory strikes by the US. Any continuation or increase in international or regional tensions regarding Iran or Iraq, including further attacks on or seizures of oil tankers which disrupt international trade, including any impairment of trade flow through the Strait of Hormuz, or any military conflict, could have a destabilising impact on the Gulf region. Following the appointment of President Biden, the US has indicated that they want to return to the nuclear deal agreed with Iran under the Joint Comprehensive Plan of Action (the "JCPOA"). In April 2021, the US held indirect talks with Iran in Vienna, although no decision was reached at those meetings. The likelihood of the US reviving the JCPOA, and the timing of any such deal, is uncertain and will have been made more difficult to achieve following the recent clashes between Israel and Palestine.

These situations have caused significant disruption to the economies of affected countries and have had a destabilising effect on international oil and gas prices. Though the effects of the uncertainty have been varied, it is not possible to predict the occurrence of events or circumstances such as war or hostilities, the cessation of diplomatic ties, or the impact of such occurrences, and no assurance can be given that the UAE would be able to sustain its current economic growth levels if adverse political events or circumstances were to occur. Continued instability affecting the countries in the MENAT region could adversely impact the UAE. Such risk events may give rise to disruption to HBME's services and result in physical damage to its operations and/or risks to the safety of its personnel and customers.

Physical risks from natural disasters such as floods and hurricanes could also impact credit risk-weighted assets, while the financial losses caused by these events could impair asset values and the creditworthiness of customers.

Any of the above events could also have a detrimental impact on HBME's customers and any financial losses caused thereby could affect the credit worthiness of those customers. Such developments may result in a material adverse effect on HBME's business, financial condition, results of operations, prospects and strategy.

HBME operates in markets that are highly competitive

HBME competes with other financial institutions in a highly competitive industry that continues to undergo significant change as a result of financial regulatory reform, as well as increased public scrutiny stemming from the financial crisis and a continued challenging macro-economic environment.

HBME targets internationally mobile clients who need sophisticated global solutions and generally competes on the basis of the quality of its customer service, the wide variety of products and services that HBME can offer its customers, the ability of those products and services to satisfy its customers' needs, the extensive distribution channels available for its customers, its innovation and its reputation. Continued and increased competition in any one or all of these areas may negatively affect HBME's market share and/or cause it to increase its capital investment in its businesses in order to remain competitive. Additionally, HBME's products and services may not be accepted by its targeted clients.

In many markets, there is increased competitive pressure to provide products and services at current or lower prices.

Consequently, HBME's ability to reposition or re-price its products and services from time to time may be limited, and could be influenced significantly by the actions of its competitors who may or may not charge similar fees for their products and services. Any changes in the types of products and services that HBME offers its customers, and/or the pricing for those products and services, could result in a loss of customers and market share.

Further, new entrants to the market or new technologies could require HBME to spend more to modify or adapt its products to attract and retain customers. HBME may not respond effectively to these competitive threats from existing and new competitors, and HBME may be forced to increase its investment in its business to modify or adapt its existing products and services or develop new products and services to respond to its customers' needs.

Any of these factors could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME is subject to financial and non-financial risks associated with climate change

Climate change brings risks to HBME's business, its customers and wider society. Climate change could impact HBME through both transition and physical channels. Transition risk can arise from the move to a low carbon economy, such as through policy, regulatory and technological changes. Physical risk can arise through increasing severity and/or frequency of severe weather or other climatic events, such as rising sea levels and flooding. The focus on climate risks increased over 2020 primarily as a result of the pace and volume of policy and regulatory changes, which impacts HBME both directly and indirectly through its customers.

HBME currently expects that the following are the most likely ways in which climate risk may materialise for it:

- transition and physical risk may impact HBME's corporate customers, for example, if regulatory, legislative or technological developments impact customers' business models resulting in financial difficulty for customers and/or stranded assets;
- physical risk may impact HBME's operations, for example if flooding or extreme weather events impacted its critical operations;
- regulatory compliance risk may result from the increasing pace, breadth and depth of regulatory expectations requiring implementation in short timeframes across multiple jurisdictions;
- conduct risks could develop associated with the increasing demand for 'green' products where there are differing and developing standards or taxonomies;
- reputational risks may result from HBME's decisions on how it supports its customers in high emitting sectors; and
- residential real estate may be affected by changes to the climate and extreme weather events which could impact both property values and the ability of borrowers to afford their mortgage payments.

These events have potential to cause both idiosyncratic and systemic risks, resulting in potential financial and non-financial impacts for HBME which could, in turn, have a material adverse effect on its business, financial condition, results of operations, prospects and strategy.

Financial impacts could materialise, if, for example, transition and physical risks impact the ability of borrowers to repay their loans. This could in turn, result in higher risk weighted assets, greater impairment losses and/or increased capital requirements over the long term.

Non-financial impacts could materialise, for example, through inability to adhere to emerging regulatory requirements. Additionally, HBME's own assets or operations could be impacted by extreme weather or chronic changes in weather patterns, or as a result of business decisions to achieve its climate ambition.

In October 2020, the HSBC Group announced its ambition to become net zero in all direct and indirect emissions, known as scope 1, 2 and 3 emissions. The HSBC Group aims to deliver this by achieving net zero in its operations and its supply chain by 2030 or sooner. The HSBC Group also plans to align its

Part A – Information Relating to the Programme Generally – Risk Factors

financed emissions – the carbon emissions of its portfolio of customers – to the Paris Agreement goal of net zero by 2050 or sooner. In order to reach these ambitions and targets or any other climate related ambitions or targets the HSBC Group may set, HBME will need to incorporate climate considerations into its business strategy; the products and services it provides to customers; and its financial and non-financial risk management processes (including processes to measure and manage the various financial and non-financial risks HBME faces as a result of climate change). HBME also needs to ensure that its strategy and business model adapt to changing regulatory requirements and market expectations. Achieving these climate-related ambitions and targets will also depend on a number of factors outside of HBME's control, including availability of data to measure and assess the climate impact of its customers; advancements of low carbon technologies; and supportive public policies in the markets where it operates. If these external factors and other changes do not occur, or do not occur on a timely basis, the HSBC Group may fail to achieve its climate related ambitions and targets and this could have an adverse impact on HBME's business, financial condition, results of operations and prospects.

Changes in foreign currency exchange rates may affect HBME's results

HBME prepares its consolidated financial statements in US dollars. However, a substantial portion of its assets, liabilities, revenues and expenses are denominated in other currencies. Changes in foreign exchange rates may have an effect on HBME's reported income, cash flows and shareholders' equity. Unfavourable changes in foreign exchange rates could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

Market fluctuations may reduce HBME's income or the value of its portfolios

HBME's businesses are inherently subject to risks in financial markets and in the wider economy, including changes in, and increased volatility of, interest rates, inflation rates, credit spreads, foreign exchange rates, bond and property prices, and the risk that HBME's customers act in a manner inconsistent with its business, pricing and hedging assumptions.

Since February 2020, market volatility has been high, particularly as a result of the ongoing Covid-19 pandemic, and ongoing market movements could significantly affect HBME in a number of key areas. For example, banking and trading activities are subject to interest rate risk, foreign exchange risk, inflation risk and credit spread risk. Changes in interest rate levels, interbank spreads over official rates and yield curves affect the interest rate spread realised between lending and borrowing costs. A change in the interest rate environment could affect prepayment activity and this could change the weighted average lives of HBME's interest-earning assets, which could in turn have a material adverse effect on HBME. The potential for future volatility and margin changes remains. See "*Risks relating to the impact of Covid-19*" above regarding the impact of Covid-19 on the interest rate environment.

Competitive pressures on fixed rates or product terms in existing customer products sometimes restrict HBME's ability to change interest rates applying to customers in response to changes in official and wholesale market rates.

It is difficult to predict with any degree of accuracy changes in market conditions, and such changes could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

Liquidity, or ready access to funds, is essential to HBME's businesses

HBME's ability to borrow on a secured or unsecured basis, and the cost of doing so, can be affected by increases in interest rates or credit spreads, the availability of credit, regulatory requirements relating to liquidity or the market perceptions of risk relating to HBME or the banking sector, including HBME's perceived or actual creditworthiness.

Current accounts and savings deposits payable on demand or at short notice form part of HBME's funding, and HBME places considerable importance on maintaining their stability. For deposits, stability depends upon preserving investor confidence in HBME's capital strength and liquidity, and on comparable and transparent pricing. Although deposits have been a stable source of funding historically, this may not continue.

HBME also accesses wholesale markets in order to provide funding for entities that do not accept deposits, to align asset and liability maturities and currencies, and to maintain a presence in local markets.

An inability to obtain financing in the unsecured long-term or short-term debt capital markets, or to access the secured lending markets, could have a material adverse effect on HBME's liquidity.

Unfavourable macroeconomic developments, market disruptions or regulatory developments may increase HBME's funding costs or challenge HBME's ability to raise funds to support or expand HBME's businesses.

If HBME is unable to raise funds through deposits and/or in the capital markets, HBME's liquidity position could be adversely affected, and HBME might be unable to meet deposit withdrawals on demand or at their contractual maturity, to repay borrowings as they mature, to meet HBME's obligations under committed financing facilities and insurance contracts or to fund new loans, investments and businesses. HBME may need to liquidate unencumbered assets to meet HBME's liabilities. In a time of reduced liquidity, HBME may be unable to sell some of its assets, or HBME may need to sell assets at reduced prices, which in either case could materially adversely affect HBME's business, financial condition, results of operations and prospects.

Macro-prudential, regulatory and legal risks to HBME's business model

HBME is a highly regulated entity and changes in applicable laws or regulations or the interpretation or enforcement of such laws or regulations could have a material adverse effect on HBME's business, financial condition, results of operations and prospects

HBME's businesses are subject to on-going regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies, voluntary codes of practice and their interpretations in the Dubai International Financial Centre ("**DIFC**"), the UAE and the other markets in which HBME operates ("**Regulations**"). These Regulations include the DIFC Law No. 1 of 2004 as amended and the relevant subsidiary regulations of the Dubai Financial Services Authority (the "**DFSA**"), Federal Law No. 14 of 2018 (the "**2018 Federal Law**") and the banking regulations of the countries in which HBME operates. This is particularly the case given the current post-financial crisis regulatory and economic environment where HBME expects government and regulatory intervention in the banking sector to remain high for the foreseeable future. Such intervention includes government and central bank action in response to the ongoing Covid-19 outbreak, such as the implementation of TESS, which from a commercial, regulatory and risk perspective could be significantly different to past crises and persist for a prolonged period. Additionally, many of these changes have an effect beyond the country in which they are enacted as HBME's operations mean that it is obliged to give effect to local Regulations on a wider basis.

In recent years, regulators and governments have focused on reforming both the prudential regulation of the financial services industry and the ways in which the business of financial services is conducted. Regulators in a number of jurisdictions such as the US, the UK and the EU have introduced measures including enhanced capital, liquidity and funding requirements, the separation or prohibition of certain activities by banks, changes in the operation of capital markets activities, the introduction of tax levies and transaction taxes, changes in compensation practices and more detailed requirements on how business is conducted. There is also an increased focus by governments in the MENAT region, in particular the UAE and Saudi Arabia, on introducing similar measures in line with international standards. Examples of these include the implementation of the 2018 Federal Law on the Central Bank and Organisation of Financial Institutions and Activities which is aimed at the greater regulation of specified financial activities, the introduction of VAT in the GCC and regulations and standards enacted by the UAE Central Bank to give effect to the requirements of Basel III. Governments and regulators in the jurisdictions in which HBME operates may intervene further in relation to areas of industry risk already identified, or in new areas, which could adversely affect HBME.

Additionally, HBME may be indirectly affected by the impact of Regulations to which its counterparties and affiliates are subject in their respective jurisdictions, to the extent that such Regulations adversely affect counterparties' ability to meet their contractual obligations to HBME in transactions entered into with it.

More stringent regulatory requirements, including further capital, liquidity and funding requirements, and adjustments in the use of models for measuring risk, together with expected restrictions on outsourcing and use of data, may adversely affect elements of HBME's business, particularly if capital requirements are increased and/or the operating model for the provision of services is required to change to address such regulatory developments.

Part A – Information Relating to the Programme Generally – Risk Factors

Regulations may come into force in the UAE without being made publicly available until after their implementation date or which may require the passing of further Regulations or the provision of guidance before it is fully clear how such Regulations will impact HBME's business.

There may be changes in Regulations, or in their interpretation or enforcement, or in how new Regulations are implemented. Further, there may be uncertainty and lack of international regulatory coordination as enhanced supervisory standards are developed and implemented. These developments are expected to continue to change the way in which HBME is regulated and supervised and could affect the manner in which HBME conducts its business activities, manages its capital requirements, assesses its risk management practices, or how HBME's group parent company is structured, all of which could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

HBME may not manage risks associated with the replacement of benchmark indices effectively

The Financial Stability Board has observed that the decline in interbank short-term unsecured funding poses structural risks for interest rate benchmarks that reference these markets. In response, regulators and central banks in various jurisdictions have convened industry-led national working groups ("NWGs") to identify alternative replacement rates ("**near risk-free rates**" or "**RFRs**") for these Ibors and, where appropriate, make recommendations that would facilitate an orderly transition to these RFRs.

Following the announcement by the UK's Financial Conduct Authority ("**FCA**") in July 2017 that it will no longer continue to persuade or require panel banks to submit rates for the London Interbank offered rate ("**Libor**") after 2021, the NWGs for the impacted currencies were tasked with providing guidance and support to financial and non-financial firms to help them facilitate an orderly transition of the relevant Ibors to their chosen RFRs. Further, on 5 March 2021, the FCA announced that all Libor settings will either cease to be provided by any administrator or no longer be representative: (i) immediately after 31 December 2021, in the case of all sterling, euro, Swiss franc and Japanese yen settings, and the 1-week and 2-month US dollar settings; and (ii) immediately after 30 June 2023, in the case of the remaining US dollar settings. The administrator of Libor, ICE Benchmark Administration ("**ICE**"), also announced that, absent any intervention by the FCA or support from the panel, and subject to the FCA's powers to require it to publish one or more Libor settings on a "synthetic basis" using a changed methodology, it would not publish Libor tenors and would cease publication of the respective rates on the abovementioned dates announced by the FCA.

The working group on euro risk free rates recommended replacing the euro overnight index average ("**Eonia**") with the euro short-term rate €STR (plus a fixed parameter spread), as changes needed to be made to Eonia's methodology as it was not compliant with 2016 EU Benchmark Regulation. As such Eonia will therefore be discontinued on 3 January 2022.

The expected discontinuation of certain key Ibors, the adoption of replacement RFRs by the market, and the development of RFR products by HBME, introduce a number of risks for HBME, its clients, and the financial services industry more widely. These include, but are not limited to:

- regulatory compliance, legal and conduct risk, arises from both the continued sale of products referencing Ibors and sales of products referencing RFRs and the transition of legacy contracts to alternative rates. There is a risk that HBME is unable to meet regulatory milestones associated with the discontinuance of sale of certain Ibor products, which may result in regulatory investigations or reviews being conducted into its preparation and readiness for the replacement of Ibors with alternative reference rates. Additionally, if HBME's sales processes are not appropriately adapted to account for the additional complexity of new products, or new RFR market conventions, additional conduct risks and regulatory actions may result and there may be a heightened risk of disputes;
- legal risks associated with the enforceability of fallback provisions in Ibor contracts. There is a risk that some contracts will not be transitioned before the relevant Ibor is discontinued and the parties will need to rely on the "fallback" provisions of those contracts. As these fallback provisions do not always contemplate the permanent cessation of the relevant Ibor, there is a risk that the provisions may not work from a contractual, practical or financial perspective, potentially resulting in unintended outcomes for clients. This may lead to complaints, litigation and/or regulatory action. While legislative solutions have been proposed or enacted in the UK, the State of New York and the EU, market participants will need to consider the impact of any proposals ultimately adopted;

Part A – Information Relating to the Programme Generally – Risk Factors

- financial risks resulting from the discontinuation of Ibors and the development of RFR market liquidity will affect HBME throughout the transition. The differences in Ibor and RFR interest rate levels will create a basis risk that HBME will need to actively manage through appropriate financial hedging. Basis risk in the trading book and in the banking book may arise out of the asymmetric adoption of RFRs across assets and liabilities and across currencies and products. In addition, this may limit the ability to hedge effectively; and
- resilience and operational risks are heightened, as HBME's Ibor transition programme progresses to its execution phase, due to an expected increase in the number of new RFR products being rolled out, the short timelines for transitioning legacy Ibor contracts and the continued systems changes required to facilitate both new products and transition. These risks increased due to the impact that the Covid-19 outbreak and interest rate environment have had on client readiness to transition. This has resulted in compressed timelines for completing transition processes.

If any of these risks materialises, this could have a material adverse effect on HBME's business, financial condition, capital position, results of operations, prospects and customers.

HBME is subject to the risk of current and future legal, regulatory or administrative actions and investigations, the outcomes of which are inherently difficult to predict

HBME faces significant risks in its business relating to legal, regulatory or administrative actions and investigations. The volume and amount of damages claimed in litigation, regulatory proceedings, investigations, administrative actions and other adversarial proceedings against financial institutions are increasing for many reasons, including a substantial increase in the number of regulatory changes taking place globally, increasing focus from regulators, investors and other stakeholders on environmental, social and governance disclosures, including in relation to the measurement and reporting of such matters in the absence of local or internationally accepted standards, increased media attention and higher expectations from regulators and the public. In addition, criminal prosecutions of financial institutions for, among other things, alleged conduct breaches, breaches of anti-money laundering ("AML"), anti-bribery/corruption, and sanctions and counter-terrorist financing regulations, antitrust violations, market manipulation, aiding and abetting tax evasion, and providing unlicensed cross-border banking services, have become more commonplace and may increase in frequency due to increased media attention and higher expectations from prosecutors and the public. Any such legal, regulatory or administrative action or investigation against HBME or one or more of its subsidiaries could result in, among other things, substantial fines, civil penalties, criminal penalties, cease and desist orders, forfeitures, the suspension or revocation of key licences, requirements to exit certain businesses, other disciplinary actions and/or withdrawal of funding from depositors and other stakeholders. Any threatened or actual litigation, regulatory proceeding, administrative action, investigation or other adversarial proceeding against HBME or one or more of its subsidiaries could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation. Additionally, HBME's financial statements reflect provisioning for legal proceedings, regulatory and customer remediation matters. Provisions for legal proceedings, regulatory and customer remediation matters typically require a higher degree of judgement than other types of provisions, and the actual costs resulting from such proceedings and matters may exceed existing provisioning.

HBME and its affiliates continue to be subject to a number of material legal proceedings, regulatory actions and investigations, a number of which are described in Note 34 ("*Legal proceedings and regulatory matters*") on pages 70 to 71 of the 2020 HBME Annual Report and Accounts. It is inherently difficult to predict the outcome of many of the legal, regulatory and other adversarial proceedings involving HBME's businesses, particularly those cases in which the matters are brought on behalf of various classes of claimants, seek damages of unspecified or indeterminate amounts or involve novel legal claims. Moreover, HBME may face additional legal proceedings, investigations or regulatory actions in the future, including in other jurisdictions and/or with respect to matters similar to, or broader than, the existing legal proceedings, investigations or regulatory actions, such as disputes resulting from the global market volatility associated with the Covid-19 outbreak. An unfavourable result in one or more of these proceedings could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME is subject to tax-related risks in the countries in which it operates

HBME is subject to the substance and interpretation of tax laws in all countries in which it operates and is subject to routine review and audit by tax authorities in relation thereto. HBME's interpretation or application of these tax laws may differ from those of the relevant tax authorities, and HBME provides for potential tax liabilities that may arise on the basis of the amounts expected to be paid to the tax authorities. The amounts ultimately paid may differ materially from the amounts provided depending on the ultimate resolution of such matters. In general, changes to tax laws and tax rates, including as a result of policy changes by governments and/or regulators, and penalties for failing to comply, could have a material adverse effect on HBME's business, financial condition, results of operations, prospects, capital position and reputation.

HBME may be subject to increased regulation regarding culture and accountability

Financial institutions remain under considerable scrutiny by regulators, international bodies, organisations and unions regarding conduct of business, particularly in relation to fair outcomes for customers, promoting effective competition in the interests of customers, driving higher standards of both personal and corporate conduct and ensuring the orderly and transparent operation of global financial markets, for example the DIFC Law No. 6 of 2018, which is aimed at providing minimum employment standards and promoting the fair treatment of employees. As a result, HBME and its personnel may be subject to increased regulation in connection with institutional culture, employee behaviour and whistleblowing, including measures arising from ongoing thematic reviews into the workings of the SME and wholesale banking sectors and the provision of financial advice to consumers. Regulators, prosecutors, the media and the public all have heightened expectations as to the behaviour and conduct of financial institutions, and any shortcomings or failure to demonstrate adequate controls are in place to mitigate such risks, particularly risks associated with the mis-selling of financial products or the mis-handling of customer complaints, could result in regulatory sanctions, fines or an increase in civil litigation, and could have a material adverse effect on HBME's business, financial condition, results of operations and reputation.

Risks related to HBME's operations

HBME's operations are highly dependent on the HSBC Group's information technology systems

The reliability and security of the HSBC Group's information technology infrastructure is crucial to HBME's provision of banking services and protecting the HSBC brand. The effective functioning of the HSBC Group's payment systems, financial control, risk management, credit analysis and reporting, accounting, customer service and other information technology systems, as well as the communication networks between HBME's branches and main data processing centres, is important to HBME's operations.

Critical system failure, prolonged service unavailability or a material breach of data security, particularly of confidential customer data, could compromise HBME's ability to service its clients, could breach regulations and could cause long term damage to HBME's business and brand that could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME remains susceptible to a wide range of cyber risks that impact and/or are facilitated by technology

The threat of cyber-attacks remains a concern for HBME, as it does across the entire financial sector. Failure to protect HBME's operations from internet crime or cyber-attacks may result in financial loss, disruption for customers or a loss of data. This could undermine HBME's reputation and its ability to attract and keep customers. The most prevalent cybersecurity threats intend to prevent customers from accessing HBME's online services by attempting to identify any vulnerabilities in HBME's systems (through malware or unauthorised access), disrupt its business, and cause data loss.

There have been no material cyber related breaches that impacted HBME's customers or operations in 2020. However the risk remains that future cyber related attacks will have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME could incur losses or be required to hold additional capital as a result of model limitations or failure

HBME uses models for a range of purposes in managing its business, including regulatory capital calculations, stress testing, credit approvals, calculation of ECLs/loan impairment charges on an IFRS 9,

Financial Instruments ("IFRS 9") basis, financial crime and fraud risk management and financial reporting. HBME could face adverse consequences as a result of decisions that may lead to actions by management, based on models that are poorly developed, implemented or used, or as a result of the modelled outcome being misunderstood or the use of such information for purposes for which it was not designed or by inherent limitations arising from the uncertainty inherent in predicting or estimating future outcomes. Regulatory scrutiny and supervisory concerns over banks' use of models is considerable, particularly the internal models and assumptions used by banks in the calculation of regulatory capital. If regulatory approval for key capital models is not achieved in a timely manner or if those models are subject to review and challenge, HBME could be required to hold additional capital. Evolving regulatory requirements have resulted in changes to HBME's approach to model risk management, which poses execution challenges. The adoption of more sophisticated modelling approaches including machine learning and technology by both HBME and the financial services industry could also lead to increased model risk.

The economic consequences of the Covid-19 outbreak on macroeconomic variables that are used in models are outside of the bounds for which IFRS 9 models have been built and calibrated to operate. Moreover, complexities of current governmental support programmes and regulatory guidance on the treatment of customer impacts, such as forbearance and payment holidays, and the unpredictable pathways of the Covid-19 outbreak, cannot realistically be factored into the modelling. Consequently, IFRS 9 models under the current economic conditions are generating outputs that do not accurately assess the actual level of credit quality in all cases. This has required more ongoing monitoring and more frequent testing across HBME, particularly for credit models. It also has resulted in enhanced and more frequent loss model monitoring. In addition, compensating controls, such as post model management adjustments based on expert judgement are required. Such compensating controls require a significant degree of management judgment and assumptions. There is a risk that future actual results/performance may differ from such judgments and assumptions. The effectiveness of the existing models will depend in large part on the depth and length of the economic downturn faced by the world's economies.

Risks arising from the use of models, including reputational, could have a material adverse effect on HBME's business, financial condition, capital position, results of operations and prospects.

HBME's operations utilise third-party suppliers and service providers

HBME relies on third parties to supply goods and services. The use of third-party service providers by financial institutions is of particular focus to global regulators, including with respect to how outsourcing decisions are made and how key relationships are managed. For instance, the UAE regulator is anticipated to introduce regulations on the use of data and outsourcing more generally, which may impact the way certain services are provided by HBME in the MENAT region. As these regulations are not in force yet, it is difficult to quantify what impact they will have on HBME and its business. Risks arising from the use of third-party service providers may be less transparent and therefore more challenging to manage or influence. The inadequate management of third-party risk could impact HBME's ability to meet strategic, regulatory and client expectations. This may lead to a range of effects, including regulatory censure, civil penalties or damage to HBME's reputation, which could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and strategy.

Risks related to HBME's governance and internal controls

HBME's data management and data privacy controls must be sufficiently robust to support the increasing data volumes and evolving regulations

As the HSBC Group becomes more data driven and HBME's business processes become more digital, the volume of data that HBME relies on has grown exponentially. As a result, management of data (including data retention and deletion, data quality, data privacy and data architecture policies and procedures) from creation to destruction must be robust and designed to effectively identify any quality and availability issues. Inadequate data management could result in negative impacts to customer service, business process, or could result in manual intervention and reconciliation to reduce the risk of errors in reporting to senior management, regulators or executives.

In addition, failure to comply with data privacy laws or other legislation in the jurisdictions in which HBME operates may result in regulatory sanctions. Any of these failures could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

Third parties may use HBME as a conduit for illegal activities without HBME's knowledge

HBME is required to comply with applicable AML and sanctions laws and regulations, and has adopted various policies and procedures, including internal control and 'know your customer' procedures, aimed at preventing use of its products and services for the purpose of committing or concealing financial crime. Moreover, in relevant situations, and where permitted by regulation, HBME may rely upon certain counterparties to maintain and properly apply their own appropriate AML procedures. While permitted by regulation, such reliance may not prevent third parties from using HBME (and HBME's relevant counterparties) as a conduit for money laundering, without HBME's knowledge (and that of HBME's relevant counterparties). Further, a major focus of US and UK government policy relating to financial institutions in recent years has been combating money laundering and enforcing compliance with US and EU sanctions. Becoming a party to, associated with, or even accusations of being associated with, money laundering, or violations of sanctions laws or regulations could damage HBME's reputation and could make it subject to fines, sanctions and/or legal enforcement. Any one of these outcomes could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME may suffer losses due to employee misconduct

HBME's businesses are exposed to risk from potential non-compliance with the HSBC Group's policies, including the HSBC Values (the HSBC Values describe how HBME's employees should interact with each other and with customers, regulators and the wider community), and related behaviours and employee misconduct such as fraud, negligence or non-financial misconduct, all of which could result in regulatory sanctions and/or reputational or financial harm. In recent years, a number of multinational financial institutions have suffered material losses due to the actions of 'rogue traders' or other employees. It is not always possible to deter employee misconduct, and the precautions HBME takes to prevent and detect this activity may not always be effective. Misconduct risks could be increased if prevent and detect measures are less effective because of remote and home working. Employee misconduct, or regulatory sanctions if a regulator deems HBME's actions to deter such activity to be insufficient, could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

The delivery of HBME's strategic actions is subject to execution risk and HBME may not achieve the expected benefits of its strategic initiatives

Effective management of transformation projects is required to effectively deliver HBME's strategic priorities, involving delivering both on externally driven programmes for example, Ibor transition, as well as key business initiatives to deliver revenue growth, product enhancement and operational efficiency outcomes. The magnitude, complexity and, at times, concurrent demands of the projects required to meet these can result in heightened execution risk.

HBME's strategy is supported by global trends – the continued economic development in emerging markets, growth of international trade and capital flows, and wealth creation, particularly in faster-growing markets. HBME takes into consideration global trends along with its strategic advantages to help it better deploy capital. The development and implementation of HBME's strategy requires difficult, subjective and complex judgements, including forecasts of economic conditions in various parts of the world. HBME may fail to correctly identify the relevant factors in making decisions as to capital deployment and cost reduction.

HBME's ability to assist in executing its strategy may be limited by its operational capacity, current macroeconomic conditions and the increasing complexity of the regulatory environment in which it operates. HBME continues to pursue cost management initiatives, though they may not be as effective as expected, and it may be unable to meet its cost saving targets.

The global economic outlook is more uncertain, particularly with regard to the effects of the Covid-19 outbreak, the low global interest rate environment, heightened geopolitical tensions (particularly between the US and China) and the future UK relationship with the EU now that the transition period has ended. There remains a risk that, in the absence of an improvement in economic conditions, HBME's cost and investment actions may not be sufficient to achieve the expected benefits.

The failure to successfully deliver or achieve any of the expected benefits of these key strategic initiatives could have a material adverse effect on HBME's business, financial condition, results of operations, prospects and reputation.

HBME's risk management measures may not be successful

The management of risk is an integral part of all HBME's activities. Risk constitutes HBME's exposure to uncertainty and the consequent variability of return. Specifically, risk equates to the adverse effect on profitability or financial condition arising from different sources of uncertainty, including retail and wholesale credit risk, market risk, non-traded market risk, operational risk, insurance risk, concentration risk, liquidity and funding risk, litigation risk, conduct risk, reputational risk, strategic risk, pension risk and regulatory risk.

While HBME employs a broad and diversified set of risk monitoring and mitigation techniques, such methods and the judgements that accompany their application cannot anticipate every unfavourable event or the specifics and timing of every outcome. Failure to manage risks appropriately or regulatory sanctions if a regulator deems HBME's risk management measures to be insufficient could have a material adverse effect on HBME's business, financial condition, results of operations, prospects, strategy and reputation.

Risks related to HBME's business

HBME's business has inherent reputational risk

Reputational risk is the risk of failing to meet stakeholder expectations as a result of any event, behaviour, action or inaction, either by HBME, HBME's employees or those with whom HBME is associated. Any material lapse in standards of integrity, compliance, customer service or operating efficiency may represent a potential reputational risk. Stakeholder expectations constantly evolve, and so reputational risk is dynamic and varies between geographical regions, groups and individuals. In addition, HBME's business faces increasing scrutiny related to environmental, social and governance activities. If HBME fails to act responsibly, or to contribute to the achievement of the HSBC Group's announced targets, in a number of areas, such as diversity and inclusion, climate change, sustainability, workplace conduct, human rights, and support for local communities, HBME's reputation and the value of its brand may be negatively affected.

Modern technologies, in particular online social media channels and other broadcast tools that facilitate communication with large audiences in short time frames and with minimal costs, may significantly enhance and accelerate the distribution and effect of damaging information and allegations. Reputational risk could also arise from negative public opinion about the actual, or perceived, manner in which HBME conducts its business activities, or its financial performance, as well as actual or perceived practices in banking and the financial services industry generally. Negative public opinion may adversely affect HBME's ability to retain and attract customers, in particular, corporate and retail depositors, and to retain and motivate staff, and could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

Non-Financial risks are inherent in HBME's business

HBME is exposed to many types of non-financial risks that are inherent in banking operations. Non-financial risk can be defined as the risk to HBME of achieving its strategy or objectives as a result of inadequate or failed internal processes, people and systems, or from external events. It includes: fraudulent and other criminal activities (both internal and external), breakdowns in processes or procedures, breaches of regulations or law, financial reporting and tax errors, external events and systems failures or non-availability. These risks are also present when HBME relies on outside suppliers or vendors to provide services to HBME and its customers.

For example, fraudsters may target any of HBME's products, services and delivery channels, including lending, internet banking, payments, bank accounts and cards. This may result in financial loss to HBME and/or its customers, an adverse customer experience, reputational damage and potential litigation, regulatory proceeding, administrative action or other adversarial proceeding in any jurisdiction in which HBME operates, depending on the circumstances of the event.

These non-financial risks could have a material adverse effect on HBME's business, financial condition, results of operations, prospects, strategy and reputation. Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that HBME will necessarily be unable to comply with its obligations as a supervised firm regulated by the DFSA, the Central Bank of the UAE or any other regulator where HBME has a branch.

HBME relies on recruiting, retaining and developing appropriate senior management and skilled personnel

Meeting the demand to recruit, retain and develop appropriate senior management and skilled personnel remains subject to a number of challenges. These include rapidly changing skill requirements and ways of working, the evolving regulatory landscape plus increased requirements and expectations regarding diversity. Ongoing talent shortages and capabilities, particularly where those with the scarce capabilities are globally mobile, add to the complexity of HBME's supply challenge.

HBME's continued success depends in part on the retention of key members of its management team and wider employee base, the availability of skilled management in each of its business units, and the ability to continue to attract, train, motivate and retain highly qualified professionals, each of which may depend on factors beyond HBME's control, including economic, market and regulatory conditions, and the impact of the Covid-19 outbreak on health and well-being. In addition, the HSBC Group announced targets in relation to increasing the representation of women and black employees in senior leadership roles by 2025. If the HSBC Group fails to achieve these targets, HBME's ability to attract and retain qualified professionals may be negatively affected.

If one of HBME's business units fails to staff its operations appropriately or loses one or more of their key senior executives and fails to successfully replace them in a satisfactory and timely manner, or fails to implement successfully the organisational changes required to support HBME's business, this could place HBME at a significant competitive disadvantage and prevent it from successfully implementing its strategy, which could have a material adverse effect on HBME's financial condition, results of operations and prospects, including control and operational risks.

Additionally, HBME may be subject to regulatory sanction or financial penalty if it fails to meet the required targets or quotas for employing local nationals in the countries in which it operates.

HBME has significant exposure to counterparty risk

HBME is exposed to counterparties that are involved in virtually all major industries, and HBME routinely executes transactions with counterparties in financial services, including brokers and dealers, central clearing counterparties, commercial banks, investment banks, mutual and hedge funds, and other institutional clients.

Many of these transactions expose HBME to credit risk in the event of default by its counterparty or client. HBME's ability to engage in routine transactions to fund its operations and manage its risks could be materially adversely affected by the actions and commercial soundness of other financial services institutions. Financial institutions are necessarily interdependent because of trading, clearing, counterparty or other relationships. As a consequence, a default by, or decline in market confidence in, individual institutions, or anxiety about the financial services industry generally, can lead to further individual and/or systemic difficulties, defaults and losses.

Where bilateral counterparty risk has been mitigated by taking collateral, HBME's credit risk may remain high if the collateral HBME holds cannot be realised or has to be liquidated at prices that are insufficient to recover the full amount of HBME's loan or derivative exposure. There is a risk that collateral cannot be realised, including situations where this arises by change of law that may influence HBME's ability to foreclose on collateral or otherwise enforce contractual rights.

Any reduction in the credit rating assigned to HBME or any of its debt securities could increase the cost or decrease the availability of HBME's funding and materially adversely affect HBME's liquidity position and/or net interest margin

Credit ratings affect the cost and other terms upon which HBME is able to obtain market funding. Rating agencies regularly evaluate HBME, as well as its debt securities. Their ratings are based on a number of factors, including their assessment of the relative financial strength of HBME, as well as conditions affecting the financial services industry generally. There can be no assurance that the rating agencies will maintain HBME's current ratings or outlook, particularly given the risks relating to the ongoing Covid-19 outbreak (as discussed further under "*Risks relating to the impact of Covid-19*"). For example, in December 2019, Fitch downgraded HBME's long term credit rating from AA- to A+ and, in April 2020, Fitch revised the outlook for HBME's long term credit rating from stable to negative (which was then affirmed in

December 2020) following similar actions on the long term credit rating of HSBC Holdings plc. This reflected Fitch's view that, among other things, the economic and financial market fallout from the Covid-19 outbreak has created material downside risks to the main operating environments in which the HSBC Group is active and to the HSBC Group's ability to execute on its strategy and planned restructuring, as well as risks relating to the likely deterioration of its asset quality, earnings and capital strength.

Any reductions in these ratings and outlook could increase the cost of HBME's funding, limit access to capital markets and require additional collateral to be placed and, consequently, materially adversely affect HBME's interest margins and its liquidity position.

Risks concerning borrower credit quality are inherent in HBME's businesses

Risks arising from changes in credit quality and the recoverability of loans and amounts due from borrowers and counterparties (e.g. reinsurers and counterparties in derivative transactions) are inherent in a wide range of HBME's businesses. Adverse changes in the credit quality of HBME's borrowers and counterparties arising from a general deterioration in economic conditions or systemic risks in the financial systems, including from the impact of the ongoing Covid-19 outbreak (See "*Risks relating to the impact of Covid-19*") could reduce the recoverability and value of HBME's assets and require an increase in HBME's ECLs/loan impairment charges.

HBME estimates and recognises ECLs/loan impairment charges in HBME's credit exposure. This process, which is critical to HBME's results and financial condition, requires difficult, subjective and complex judgements, including forecasts of how the economic conditions might impair the ability of HBME's borrowers to repay their loans and the ability of other counterparties to meet their obligations. This assessment considers multiple alternative forward-looking economic conditions (including GDP estimates) and incorporates this into the ECL estimates to meet the measurement objective of IFRS 9. As is the case with any such assessments, HBME may fail to estimate accurately the effect of factors that it identifies or fail to identify relevant factors. Further, the information HBME uses to assess the creditworthiness of its counterparties may be inaccurate or incorrect. Any failure by HBME to accurately estimate the ability of its counterparties to meet their obligations could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

Risks related to HBME's financial statements and accounts

HBME's financial statements are based in part on judgements, estimates and assumptions that are subject to uncertainty

The preparation of financial information requires management to make judgements and use estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Due to the inherent uncertainty in making estimates, particularly those involving the use of complex models, actual results reported in future periods could differ from those on which management's estimates are based. Estimates, judgements, assumptions and models are continually evaluated, and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the prevailing circumstances. The impacts of revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. Accounting policies deemed critical to HBME's results and financial position are those that involve a high degree of uncertainty and have a material impact on the financial statements. In 2020, 'Critical accounting estimates and judgements' with respect to HBME's financial statements include valuation of financial instruments, expected credit losses, deferred tax assets and provisions.

The assessment of whether non-financial assets are impaired, and the measurement of any impairment, involves the application of judgement in determining key assumptions, including the long-term pattern of sustainable cash flows and discount rates. The valuation of financial instruments measured at fair value can be subjective, in particular where models are used that include unobservable inputs. The measurement of impairment of amortised cost financial assets and financial assets measured at fair value through other comprehensive income requires the selection and calibration of complex models and the use of estimates and assumptions to incorporate relevant information about past events, current conditions and forecasts of economic conditions; additionally, significant judgement is involved in determining what is considered to be significant increases in credit risk. The recognition and measurement of deferred tax assets involves significant judgement regarding the probability and sufficiency of future taxable profits, taking into account the future reversal of existing taxable temporary differences. The recognition and measurement of

provisions involve significant judgements due to the high degree of uncertainty in determining whether a present obligation exists, and in estimating the probability and amount of any outflows that may arise.

Given the uncertainty and subjectivity associated with the above critical accounting judgements and estimates, future outcomes may differ materially from those assumed using information available at the reporting date.

The effect of these changes on the future results of operations and the future financial position of HBME may be material, and could have a material adverse effect on HBME's business, financial condition, results of operations and prospects.

Changes in accounting standards may have a material impact on how HBME reports its financial results and financial condition

HBME prepares its consolidated financial statements in accordance with International Financial Reporting Standards ("IFRSs") as issued by the International Accounting Standards Board ("IASB"), including interpretations issued by the IFRS Interpretations Committee. From time to time, the IASB or the IFRS Interpretations Committee may issue new accounting standards or interpretations that could materially impact how HBME calculates, reports and discloses its financial results and financial condition, and which may affect HBME's capital ratios, including the common equity tier 1 capital ratio. HBME could also be required to apply new or revised standards retrospectively, resulting in HBME restating prior period financial statements in material amounts.

Risks relating to enforcement

Investors may experience some difficulty in enforcing arbitration awards and foreign judgments against HBME in the DIFC.

Payments under the Notes and Warrants are dependent upon HBME making payments to investors in the manner contemplated under the Notes and Warrants. If HBME fails to do so, it may be necessary to bring an action against HBME to enforce its obligations and/or to claim damages, as appropriate, which may be costly and time consuming. HBME's place of incorporation and head office is the DIFC and a substantial portion of the assets of HBME are located in the UAE and across the MENAT region.

Each of the Issuing and Paying Agency Agreement, the HBME Deed of Covenant and the Master Note Issuance Agreement (each as defined in the Terms and Conditions of the Notes), the Warrant Agency Agreement, the HBME Warrant Deed of Covenant and the Master Warrant Issuance Agreement (each as defined in the Terms and Condition of the Warrants) and the Warrants (together the "**English Law Documents**") are governed by English law and (subject to the exercise of an option to litigate given to certain parties (other than HBME)) the parties to the English Law Documents have agreed to refer any dispute in relation to such documents to arbitration under the Arbitration Rules of the LCIA (the "**LCIA Rules**"). The seat of such arbitration shall be London, England. Pursuant to an option to litigate given to certain parties, HBME has agreed to submit to the jurisdiction of the courts of England in respect of any dispute arising out of or in connection with the English Law Documents.

Pursuant to Article 13 of the DIFC Law No. 10 of 2005 (as amended and restated) (*Law Relating to the Application of DIFC Laws*) (the "**Application Law**"), the parties' express submission to both arbitration and to the jurisdiction of the English courts should be effective, subject to the courts of the DIFC's (the "**DIFC Courts**") interpretation of Article 5A(1) and 5A(2) of Dubai Law No. 12 of 2004 (as amended) (Law of the Judicial Authority at the DIFC) (the "**Judicial Authority Law**"). In particular, Article 5A(1)(e) of the Judicial Authority Law provides the DIFC Courts with jurisdiction to ratify foreign arbitral awards. However, notwithstanding Article 13 of the Application Law, it is not free from doubt that the DIFC Courts would not seek to re-examine the merits of a case.

In addition, Article 24 of the DIFC Court Law No. 10 of 2004 (as amended) (the "**DIFC Court Law**") provides that, pursuant to Article 7 of the Judicial Authority Law, the DIFC Court of First Instance has jurisdiction to ratify any judgment, order or award of any recognised: (i) foreign court; (ii) Dubai or UAE court; (iii) DIFC or foreign (including the UAE) arbitral award or any award recognised by the DIFC Court Law; or (iv) orders for the purposes of any subsequent application for enforcement in the Dubai courts in the manner prescribed in DIFC law. Article 42(1) of the DIFC Court Law provides that judgments, orders

or awards issued or ratified by the DIFC Courts may be enforced within the DIFC in the manner prescribed in the DIFC Rules of Court and Article 42(2) of the DIFC Court Law provides that judgments, orders or awards issued or ratified by the DIFC Courts may be enforced outside the DIFC in accordance with the Judicial Authority Law. Although there is no clear guidance on what is a "recognised foreign court", in theory, an English court judgment could be enforced within the DIFC. However, precedent is limited and it remains to be seen in practice whether any additional hurdles will need to be satisfied before the DIFC Courts will ratify and enforce a foreign judgment. In addition, Article 24(2) of the DIFC Court Law provides that where the UAE has entered into an applicable treaty for the mutual enforcement of judgments, orders or awards, the DIFC Court of First Instance will comply with the terms of such a treaty. Although the UAE has not yet entered into such a bilateral enforcement treaty with England, on 23 January 2013, the Chief Justice of the DIFC Courts and the Judge in Charge of the U.K. Commercial Court of the Queen's Bench Division, England and Wales (the "**Commercial Court**") entered into a Memorandum of Guidance (the "**Memorandum of Guidance**") setting out their understanding of the procedures for the enforcement of the DIFC Courts' money judgments in the Commercial Court and vice versa. The Memorandum of Guidance is expressed to have no binding legal effect and does not constitute a bilateral enforcement treaty or legislation (and therefore is not binding on the judges of either party and does not supersede any existing laws, judicial decisions or court rules) but it may provide useful insight into the position that is likely to be adopted by the DIFC Courts when enforcing monetary judgments issued by the Commercial Court. The Memorandum of Guidance includes a list of requirements for enforcing a Commercial Court judgment in the DIFC Courts and a non-exhaustive list of grounds upon which the enforcement of such judgments may be challenged in the DIFC Courts. In theory, therefore, an English Court judgment could be enforced within the DIFC against HBME. However, this is relatively untested and it remains to be seen in practice whether any additional hurdles will need to be satisfied before the DIFC Court will ratify and enforce an English court judgment

However, the UAE is a signatory to the 1958 New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards (the "**New York Convention**") and the DIFC Court of First Instance should therefore, in theory, recognise a foreign arbitral award if it complies with the requirements of the New York Convention without re-examining the merits of the case. The DIFC Law No. 1 of 2008 (as amended) the "**Arbitration Law**") provides that an arbitral award, irrespective of the State or jurisdiction in which it was made, shall be recognised as binding within the DIFC and, upon application in writing to the DIFC Courts, shall be enforced. However, Article 44 of the Arbitration Law provides a number of grounds upon which the recognition or enforcement of an arbitral award may be refused by the DIFC Courts for procedural irregularities and fundamental failings in the arbitral process, including where the DIFC Courts finds that the subject-matter of the dispute would not have been capable of settlement by arbitration under the laws of the DIFC or the enforcement of the award would be contrary to the public policy of the UAE. How the New York Convention provisions would be interpreted and applied by the DIFC Courts in practice remains largely untested and therefore whether the DIFC Courts will enforce a foreign arbitration award in accordance with the New York Convention (or any other multilateral or bilateral enforcement convention), remains unclear.

Accordingly, the grounds upon which the DIFC Courts may decline to enforce any judgment, order or award of the English courts or any awards by the LCIA, as the case may be, against HBME are still unclear. Further, some remedies available under the laws of England and Wales may not be upheld in the DIFC Courts on the basis that such remedies may amount to a penalty.

Risks relating to enforcement proceedings in the United Arab Emirates

Under the terms and conditions of the Notes and Warrants, the courts of England have jurisdiction to settle disputes arising from the Notes and Warrants. Where proceedings to enforce an English judgment in the UAE are contemplated, under current UAE law, the courts of the UAE are unlikely to enforce such a judgment without re-examining the merits of the claim. Investors should be aware that there could be practical difficulties in bringing enforcement proceedings against HBME in the UAE.

(4) Risks relating to Notes and Warrants issued by HBEU only

Applicable Bank Resolution Powers

The EU Bank Recovery and Resolution Directive (Directive 2014/59/EU) (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") provides an EU-wide framework for the recovery and resolution of credit institutions and their parent companies and other group companies. The BRRD is designed to provide

relevant authorities with a set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system. In the United Kingdom the Banking Act 2009 (the "**Banking Act**") has implemented the majority of the provisions of the BRRD, and was recently amended by, amongst other statutory instruments, The Bank Recovery and Resolution (Amendment) (EU Exit) Regulations 2020, which implement into United Kingdom law certain of the recent amendments to BRRD which were required to be implemented prior to IP Completion Day (as defined in the EUWA).

Statutory Intervention Powers

HBEU is subject to the Banking Act which gives wide powers in respect of UK banks and their parent and other group companies to HM Treasury, the Bank of England, the Prudential Regulation Authority and the United Kingdom Financial Conduct Authority (each a "**relevant UKRA**") in circumstances where a UK bank has encountered or is likely to encounter financial difficulties.

These powers include powers to: (a) transfer all or some of the securities issued by a UK bank or its parent, or all or some of the property, rights and liabilities of a UK bank or its parent (which would include the Notes and Warrants issued by HBEU under the Programme), to a commercial purchaser or, in the case of securities, to HM Treasury or an HM Treasury nominee, or, in the case of property, rights or liabilities, to an entity owned by the Bank of England); (b) override any default provisions, contracts or other agreements, including provisions that would otherwise allow a party to terminate a contract or accelerate the payment of an obligation; (c) commence certain insolvency procedures in relation to a UK bank; and (d) override, vary or impose contractual obligations, for reasonable consideration, between a UK bank or its parent and its group undertakings (including undertakings which have ceased to be members of the group), in order to enable any transferee or successor bank of the UK bank to operate effectively.

The Banking Act also gives power to HM Treasury to make further amendments to the law for the purpose of enabling it to use the special resolution regime powers effectively, potentially with retrospective effect.

Power to reduce Noteholders' and Warrantheolders' claims

The powers granted to the relevant UKRA also include powers to vary or extinguish the claims of certain creditors. These powers include a "bail-in" power.

The bail-in power gives the relevant UKRA the power to cancel all or a portion of the principal amount of, or interest on, certain unsecured liabilities (which could include the Notes and/or Warrants) of a failing financial institution or its holding company, to convert certain debt claims (which could be amounts payable under the Notes and/or Warrants) into another security, including ordinary shares of the surviving entity, if any and/or to amend or alter the terms of such claims, including the maturity of the Notes or the expiry of the Warrants or amendment of the amount of interest payable on the Notes, or the date on which interest becomes payable, including by suspending payment for a temporary period. The Banking Act requires the relevant UKRA to apply the bail-in power in accordance with a specified preference order which differs from the ordinary insolvency order. In particular, the relevant UKRA must write-down or convert debts in the following order: (i) additional tier 1, (ii) tier 2, (iii) other subordinated claims and (iv) certain senior claims. The claims of some creditors whose claims would rank equally with those of the Noteholders and/or Warrantheolders may be excluded from bail-in. The impact of bail-in on the Noteholders and/or Warrantheolders will be greater the more of such creditors there are. The bail-in power is subject to the "no creditor worse off" safeguard, under which any shareholder or creditor which receives less favourable treatment than they would have had the institution entered into insolvency may be entitled to compensation.

Although the exercise of the bail-in power under the Banking Act is subject to certain pre-conditions, there remains uncertainty regarding the specific factors (including, but not limited to, factors outside the control of HBEU or not directly related to HBEU) which the relevant UKRA would consider in deciding whether to exercise such power with respect to HBEU and its securities (including the Notes or the Warrants). Moreover, as the relevant UKRA may have considerable discretion in relation to how and when it may exercise such power, holders of HBEU's securities may not be able to refer to publicly available criteria in order to anticipate a potential exercise of power and consequently its potential effect on HBEU and its securities.

Powers to direct restructuring of HBEU and its subsidiaries

As well as a bail-in power, the powers of the relevant UKRA under the Banking Act include the power to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a "**bridge institution**" (an entity created for such purpose that is wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only). In addition, the Banking Act gives the relevant UKRA power to amend the maturity date or expiry date and/or any interest payment date of debt instruments, securities or other eligible liabilities of the relevant financial institution and/or impose a temporary suspension of payments and/or discontinue the listing and admission to trading of debt instruments or securities.

The exercise by the relevant UKRA of any of the above powers under the Banking Act may limit HBEU's capacity to meet its obligations under the Notes or Warrants and the exercise of any such powers (including especially the bail-in power) could lead to the holders of the Notes or Warrants losing some or all of their investment.

Moreover, trading behaviour in relation to the securities of HBEU (including the Notes and Warrants), including market prices and volatility, may be affected by the use of, or any suggestion of the use of, these powers and accordingly, in such circumstances, the Notes and Warrants are not necessarily expected to follow the trading behaviour associated with other types of securities. There can be no assurance that the taking of any actions under the Banking Act by the relevant UKRA or the manner in which its powers under the Banking Act are exercised will not materially adversely affect the rights of holders of the Notes or Warrants, the market value of the Notes or Warrants and/or HBEU's ability to satisfy its obligations under the Notes and Warrants.

Although the Banking Act also makes provision for public financial support to be provided to an institution in resolution subject to certain conditions, it provides that the financial public support should only be used as a last resort after the relevant UKRA has assessed and exploited, to the maximum extent practicable, all the resolution tools, including the bail-in power. Accordingly, it is unlikely that investors in the Notes or Warrants will benefit from such support even if it were provided.

(5) Risks relating to all issues of Notes and Warrants

A wide range of Notes and Warrants may be issued under the Programme. The Issuer may issue Warrants linked to, or Notes with principal and/or interest determined by reference to, one or more variables such as an index, formula, securities, commodities, currency exchange rates, interest rates, inflation indices, the credit of one or more entities or other factors (each underlying, commodity, currency or other asset being a "**Reference Asset**"). A number of these Notes or Warrants may have features which contain particular risks for investors. Set out below is a description of some of the risks that should be taken into consideration by prospective purchasers of Notes or Warrants.

Credit risk

The Notes and Warrants are direct, unsecured and unsubordinated obligations of the Issuer and not of any other person. If the Issuer's financial position were to deteriorate, there could be a risk that the Issuer would not be able to meet its obligations under the Notes and Warrants (the Issuer's credit risk). If the Issuer becomes insolvent or defaults on its obligations under the Notes and Warrants, in the worst case scenario investors in the Notes and Warrants could lose all of their invested amounts. Unlike a savings account or similar investment, an investment in the Notes or Warrants is not covered by the UK Financial Services Compensation Scheme.

Investors should be aware that any rating of the Issuer reflects the independent opinion of the relevant rating agency and is not a guarantee of the Issuer's credit quality. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

The Notes and Warrants are unsecured obligations

It will be particularly important for the investor to evaluate the Issuer's credit risk when considering an investment in the Notes and Warrants as the Notes and Warrants are not secured. If the Issuer became unable to pay amounts owed to the investor under the Notes or Warrants (as applicable), such investor will not have recourse to the Reference Asset(s) or any other security or collateral and, in a worst case scenario, may not receive any payments under the Notes or Warrants (as applicable).

The Notes and Warrants are not ordinary debt securities and investors are exposed to the risks relating to the Reference Asset(s)

An investment in the Notes and Warrants is not an equivalent to an investment in a time deposit. The terms of the Notes and Warrants may differ from those of ordinary debt securities because the Notes may not pay interest, the Warrants do not pay interest and, on redemption or expiry (as applicable), depending on the performance of the Reference Asset(s) the Notes and Warrants may return less than the amount invested or nothing.

The repayment of any amount invested in Notes and Warrants and any return on investment may be variable and is not guaranteed. Unlike a savings account or similar investment with a lower return and little or no capital risk, the Notes and Warrants may potentially have a greater return but there is a greater risk of loss of capital. As a result, the investors' capital can fall below the amount initially invested.

Notes and Warrants are linked to the value or level of the underlying Reference Asset(s) and payment at maturity or expiry (and/or payment on early redemption in certain circumstances) and/or payment of interest amounts depend on the performance of the Reference Asset(s). Investors should therefore be prepared to be exposed to the risks related to the Reference Asset(s). The value or level of the Reference Asset(s) can alter sharply because they reflect the performance of the underlying value or general stock and other market conditions. Therefore, there is a risk that, if the value or level of the Reference Asset(s) does not move in the anticipated direction, the Notes or Warrants may return less than the amount invested and, in a worst case scenario, investors could lose their entire invested amount. In addition, investors should note that there may be a risk that if the issuer of an underlying Reference Asset becomes insolvent, the value of such Reference Asset will become zero. As a result thereof the value of the Notes or Warrants will be adversely affected and in a worst case scenario become zero as well. Investors in the Notes or Warrants would then lose all of their invested amounts.

The Issuer cannot predict the value or level of the Reference Asset(s) on any date during the life of the Notes or Warrants or at maturity or expiry (as applicable). The total return of the Notes or Warrants may be less than other fixed rate instruments, including other securities available directly from the Issuer. Investors should compare the rates of return and other features of the Notes or Warrants to other available investments before deciding to purchase the Notes or Warrants.

Past performance of the Reference Asset(s)

Past performance of the Reference Asset(s), if provided, should not be taken as an indication of future performance of the Reference Asset(s). The Issuer cannot provide any assurance that the performance of the Reference Asset(s) will result in a positive return on any investment.

Capital risks relating to Notes and Warrants which are not principal protected:

Unless the relevant Series of Notes or Warrants is fully principal protected, the repayment of any amount invested in the Notes or Warrants is not guaranteed. As a result the investors' capital can fall below the amount initially invested in such Notes or Warrants and, in the worst case, the investors may lose their entire invested amount.

No ownership rights

An investment in Notes or Warrants relating to Reference Asset(s) is not the same as an investment in the Reference Asset(s). The Notes or Warrants do not (prior to physical settlement of any Notes by delivery of Reference Asset(s), where applicable) confer any legal or beneficial interest in any Reference Asset(s) or securities underlying any Reference Asset(s) (if the Reference Asset is an index) and do not provide a Noteholder or Warrantholder with any of the rights that a holder of such Reference Asset(s) may have (such as voting rights and rights to receive dividends).

There may be no active trading market or secondary market liquidity for Notes or Warrants

Any Series of Notes or Warrants issued will be new securities which may not be widely distributed and for which there is no active trading market (even where, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche which is already issued). If the Notes or Warrants are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar Notes or Warrants (as applicable), general economic conditions, commissions paid by the Issuer and the financial condition of the Issuer and existing liquidity arrangements (if any) might not protect Noteholders from having to sell the Notes at substantial discounts to their principal amount in case of financial distress of the Issuer. Accordingly, the investor is subject to the risk that its investment in the Notes and Warrants may be difficult or impossible to trade. If a market does develop, it may not be very liquid and such liquidity may be sensitive to changes in financial markets.

It is not possible to predict whether any trading market for the Notes and Warrants will develop or, if it does, the price at which Notes and Warrants will trade in the secondary market or whether such market will be liquid or illiquid. If any Notes and Warrants are not listed or traded on any exchange, pricing information for the Notes and Warrants may be more difficult to obtain and the liquidity of the Notes and Warrants may be adversely affected. Also, to the extent that Notes are redeemed or purchased and cancelled or Warrants are exercised or purchased and cancelled, the number of Notes or Warrants outstanding will decrease, resulting in a lessening of the liquidity of the Notes and Warrants. A lessening of the liquidity of the Notes and Warrants may cause, in turn, an increase in the volatility associated with the price of the Notes and Warrants. An investor in the Notes or Warrants is subject to the risk therefore, that to the extent that there is no liquid market in the Notes and Warrants, an investor may have to wait until redemption of such Notes or until it is able to exercise such Warrants in order to realise the value of its investment and, as such, an investor should proceed on the assumption that they may have to bear the economic risk of an investment in the Notes or Warrants until their redemption or exercise date.

Illegality

The Noteholders and Warrantholders are subject to the risk that the Issuer may terminate its obligations under the Notes or Warrants if the Calculation Agent determines acting in good faith and a commercially reasonable manner that the performance of the Issuer's obligations under any Notes or Warrants (or, in the case of Warrants and Notes other than Alternative General Conditions Notes, the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall after the trade date have become unlawful or (in the case of Warrants and Notes other than Alternative General Conditions Notes only) impracticable in whole or in part, unless the relevant Pricing Supplement in respect of a Series of Notes specifies "Early Redemption for Impracticability" as not applicable, in which case the Issuer will not be entitled to terminate its obligations under such Notes or Warrants for the reasons of impracticability only. Following such a determination of illegality or (as the case may be) impracticability, the Issuer may terminate its obligations under the Notes against payment of the Early Redemption Amount specified in the relevant Pricing Supplement or terminate its obligations under the Warrants against payment of the Fair Market Value. In the case of Notes other than Alternative General Conditions Notes, the Pricing Supplement may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such termination. The Fair Market Value of a Note or Warrant will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or Warrants or any related hedging and/or funding arrangements as a result of such events. Noteholders and Warrantholders may suffer a loss of some or all of their investment as a result of such early termination, and will forego any future performance in the relevant Reference Asset and, in the case of Notes only, future interest payments applicable to such Notes (if any).

Early Redemption for Taxation Reasons

The Noteholders are subject to the risk that the Issuer may terminate its obligations under the Notes if the Issuer determines that it would be required to gross-up payments to the holders following a withholding or deduction required by law of taxes, duties, assessments or governmental charges imposed or levied by or on behalf of the Relevant Jurisdiction. Following such a determination, the Issuer may terminate its obligations under the Notes against payment of the Early Redemption Amount specified in the relevant Pricing Supplement. In the case of Notes other than Alternative General Conditions Notes, the Pricing Supplement may specify the Early Redemption Amount as being the Fair Market Value of such Note

immediately prior to such termination. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or any related hedging and/or funding arrangements as a result of such events. Noteholders may suffer a loss of some or all of their investment as a result of such early termination and will forego any future performance in the relevant Reference Asset and future interest payments applicable to such Notes (if any).

Certain factors affecting the value and trading price of Notes and Warrants

The value of Notes and Warrants prior to maturity or expiry (as applicable) is expected to depend on a number of factors including, without limitation: (i) the financial condition and funding costs of the Issuer; (ii) the value and volatility of the Reference Asset(s) and liquidity of the Reference Asset(s); (iii) the time remaining to expiration or maturity; (iv) any change(s) in interest rates, dividend yields and inflation rates; (v) any change(s) in currency exchange rates; (vi) economic and market conditions; and (vii) any related transaction costs. As a result of these factors the price at which a Noteholder or Warrantholder will be able to sell the Notes or Warrants prior to maturity or expiry (as applicable) may be less than the initial amount invested in the Notes or Warrants. Each of these factors interrelate in complex ways (for example, one factor may offset an increase in the value of the Notes or Warrants caused by another factor). Investors are subject to the risk that the value of Notes or Warrants may be adversely affected by one or more of the following factors:

(a) *Fluctuations in the level or value of the Reference Asset(s)*

Fluctuations in the value or level of the Reference Asset(s) may affect the value of the Notes or Warrants, but equally an investor in the Notes or Warrants is subject to the risk that expectations of fluctuation in value or level of the Reference Asset(s) during the remaining period to the maturity of the Notes or expiry of the Warrants (as applicable) or any earlier redemption or exercise date would adversely affect amounts payable in respect of the Notes or Warrants. The level or value of the Reference Asset(s) may vary over time and may increase or decrease by reference to a variety of factors which may include corporate actions, macro-economic factors and speculation.

(b) *Interest rates*

Rising interest rates may lower the value of the Reference Asset(s), and thus, the value of the Notes and Warrants. Changes in interest rates may also affect the economy of a country in which the Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are traded, and which may adversely affect the value of the Notes and Warrants.

(c) *Volatility of the Reference Asset(s)*

If the size and frequency of market fluctuations in value of the Reference Asset(s) increase or decrease, the trading value of the Notes and Warrants may be adversely affected.

(d) *Time remaining to maturity or expiry*

The Notes and Warrants may trade at a value above that which would be expected based on the level of interest rates and the level of the Reference Asset(s). Any such difference will reflect a "time premium" resulting from expectations concerning the Reference Asset(s) during the period prior to the maturity of the Notes or the expiry of the Warrants. An investor in the Notes and Warrants should be aware of the risk that, as the time remaining to the redemption or exercise (as applicable) of the Notes and Warrants decreases, this time premium would likely decrease, which would adversely affect the value of the Notes and Warrants.

(e) *Dividend rates*

An investor in the Notes and Warrants is subject to the risk that changes in dividend or other distribution rates on the Reference Asset(s) may adversely affect the trading value of the Notes and Warrants. If the dividend or other income rates on the Reference Asset(s) increase, the trading value of the Notes and Warrants are likely to decrease as the Notes and Warrants generally do not reflect such distributions by way of increase in amounts payable on redemption or exercise, or pass-through payments of such distributions.

Pricing

As part of the valuation mechanism, Notes and Warrants may specify a time and an exchange or other venue in which the level or value of the Reference Asset(s) are to be observed. Depending on how the level or value of the Reference Asset(s) is calculated, the level or value of such Reference Asset(s) may fluctuate throughout the trading day, and they may change rapidly. As a result, investors should note that return on any Notes and Warrants may be particularly sensitive to the choice of valuation times and valuation methods. The "**price discovery**" mechanism used to ascertain the value of the underlying at any given time on exchanges or other venues may not be uniform throughout the trading day. This may affect the valuation of any issuance of Notes and Warrants. For example, exchanges may conduct auctions to set an opening or closing price, and trading characteristics and participants in after-hours trading sessions may differ from those during regular hour sessions.

Potential conflicts of interest

The Issuer and/or affiliates of the Issuer may from time to time: (i) advise or engage in business with the issuers of or obligors in respect of Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) regarding transactions to be entered into by them; (ii) engage in transactions involving Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) for their proprietary accounts, for other accounts under their management or to facilitate client orders; (iii) carry out hedging activities related to the Notes and Warrants by purchasing or entering into derivatives transactions relating to the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) (but will not be obliged to do so); (iv) publish research reports relating to Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index); or (v) acquire non-public information about Reference Asset(s) and/or any relevant securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index). In undertaking any such activities, neither the Issuer nor any affiliate of the Issuer is under any obligation to consider the interests of the Noteholders, and any such activity by the Issuer or its affiliates (as applicable) may have a negative effect on the value or level of such Reference Asset(s) and therefore on the value of any Notes and Warrants to which they relate.

In addition, the conditions of the Notes or Warrants may provide for (a) the early redemption of the Notes, or an early termination of the Warrants, as the case may be, and/or (b) a lesser amount being payable in respect of the Notes or Warrants, if the value of any Reference Asset exceeds, falls below, is equal to or does not stay within pre-determined reference levels ("**Threshold Events**"). The activities described in the preceding paragraph may cause such Threshold Events to be triggered, which could potentially have a negative impact on the value of any Notes and Warrants to which they relate.

Certain affiliates of the Issuer or the Issuer itself may: (i) be the counterparty to the hedge of the Issuer's obligations under an issue of Notes and Warrants; (ii) be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and Warrants; or (iii) publish research reports which express opinions or provide recommendations that are inconsistent with purchasing or holding the Notes and Warrants referencing the Reference Asset(s). Accordingly, there is a risk that certain conflicts of interest may arise both among the Issuer or these affiliates and between the interests of the Issuer or these affiliates and the interests of Noteholders or Warrantholders (as applicable).

Fees, commission and cost of hedging

The original issue price of the Notes or Warrants may include the distribution commission or fee charged by the Issuer and/or its affiliates and the cost or expected cost of hedging the Issuer's obligations under the Notes or Warrants (if any). Accordingly, there is a risk that, upon issue, the price, if any, of the Notes or Warrants in any secondary market (including the price (if any) at which the Issuer or its affiliates would be willing to purchase Notes or Warrants from the investor) would be lower than the original issue price. Such fee, commission and cost of hedging may also be deducted from the redemption or settlement amount payable in respect of the Notes (in the case of Notes other than Alternative General Conditions Notes) or Warrants. In addition, any such prices may differ from values determined by pricing models used by the Issuer or affiliates as a result of such compensation or other transaction costs.

Effect of general economic conditions on the Notes and Warrants

The market for debt securities is influenced by economic and market conditions, interest rates, currency exchange rates and inflation rates in Europe and other countries and areas. There can be no assurance that events occurring elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or Warrants or that economic and market conditions will not have any other adverse effect.

Hedging activities of the Issuer and affiliates

The Issuer or its affiliates may carry out hedging activities related to the Notes and Warrants, including purchasing Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index), but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) on a regular basis as part of their securities businesses. Any of these activities could potentially affect the value of the reference factor, Reference Asset(s) or securities underlying Reference Assets(s) (where such Reference Asset(s) is an equity index) and, accordingly, the value of the Notes or Warrants.

Calculation Agent's discretion and valuation

Calculation of the interest payments (if applicable) and/or amount payable in respect of redemption or expiry or exercise may be by reference to certain specified screen rate(s), level(s) or value(s) published on an exchange or other quotation system, or if any such rate(s), level(s) or value(s) is not displayed at the relevant time, rate(s), level(s) or value(s) (as applicable) determined by the Calculation Agent acting in good faith and a commercially reasonable manner, or otherwise, an exercise of its discretion in accordance with and pursuant to the terms and conditions of the applicable Notes and Warrants. The Calculation Agent may also have other discretionary powers (including without limitation, powers to (i) adjust terms and conditions of Notes and Warrants; (ii) in certain circumstances, substitute the Reference Asset; (iii) postpone payment; (iv) redeem or terminate the Notes and Warrants prior to their scheduled maturity or expiry, as applicable; or (v) apply any combination of the foregoing). Investors should be aware that, in circumstances where the Issuer has entered into hedging arrangements (or otherwise), the exercise of its discretionary powers as Calculation Agent under the conditions of the Notes and Warrants, or as calculation agent under its related hedge, may have an adverse impact on the performance of the Notes and Warrants, which may result in a lower return, or no return at all. The Notes may be redeemable prior to their scheduled maturity and the Warrants may expire prior to their scheduled expiry in certain circumstances at an amount determined by the Calculation Agent which may be less than their nominal amount. Accordingly, an investor in the Notes and Warrants is subject to the risk that the calculation of payments and other determinations under the Notes and Warrants are conclusively determined by one party which may be the Issuer itself or its affiliates and the investor cannot object to such calculation or determination.

The Calculation Agent may be permitted to use its proprietary models in setting the terms of an adjustment, and it may be difficult for investors to predict the resulting adjustments in advance. In such case, an investor would be subject to the risk that it would be difficult to verify that adjustments made to payments under the Notes and Warrants are legitimate and consistent with the terms of an issue of Notes and Warrants without expertise in applying valuation models.

All calculations and determinations made by the Calculation Agent in relation to the Notes and Warrants shall (save in the case of manifest error at the time the relevant determination is made) be final and binding on the Issuer and all Noteholders and Warrantholders. The Calculation Agent shall have no obligations to the holders of Notes or Warrants, and shall only have the obligations expressed to be binding on it pursuant to the Conditions. The Calculation Agent may delegate to an affiliate some or all of its functions, powers, duties and obligations as it deems appropriate without the prior consent of the holders of the Notes or Warrants.

Exchange rate risks and exchange control risks

The Issuer will generally pay amounts in respect of the Notes and Warrants in the Settlement Currency (as referred to in the relevant Pricing Supplement). As a result there are various potential exchange rate risks that investors in the Notes or Warrants need to consider.

Investor converting amounts paid in the Settlement Currency into the Investor's Currency

If an investor anticipates that it will need to convert payments made under the Notes or Warrants from the Settlement Currency into a currency of its choice (the "**Investor's Currency**") (for instance, if other obligations of the investor are payable in the Investor's Currency), then the investor is subject to the risk that the currency conversion rate which it must pay for exchanging the Settlement Currency into the Investor's Currency becomes less attractive and therefore decreases the realisable value of its investment.

An appreciation in the value of the Investor's Currency relative to the Settlement Currency at any time would decrease (i) the value of any redemption (in the case of Notes) or cash settlement (in the case of Warrants) payable to the investor and (ii) the market value of the Notes or Warrants, in each case where converted into the Investor's Currency at that time. As a result, the amount that the investors receive in respect of the Notes or Warrants, as converted, may be less than expected or zero.

Material risks involved in currency conversion

The material risks involved in the currency conversion include the risk that exchange rates may change significantly (including changes due to performance of the Investor's Currency relative to the Settlement Currency). It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes and Warrants.

Amounts converted from another currency into the Settlement Currency or calculated by reference to an underlying currency pair

The Pricing Supplement in relation to some Notes may specify that Conversion provisions apply in relation to specified payments under the Notes, in which case the amounts of such payments will be converted into the Settlement Currency in accordance with provisions set out in the relevant Pricing Supplement. The relevant Pricing Supplement may also specify in relation to a Series of Notes or Warrants that certain amounts payable in respect of the Notes or Warrants are to be determined by reference to the exchange rate(s) between one or more underlying currencies. In any such case, the exchange rate and exchange control risks set out above in relation to the Settlement Currency and the Investor's Currency may apply to the Settlement Currency and/or a Cross Currency and the underlying currency and/or such underlying currency pair(s).

In addition,

- (a) if "Price Source Disruption" is specified in the relevant Pricing Supplement as being applicable to any Notes or Warrants, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) use alternative sources to determine an exchange rate (such source as may be determined by the Calculation Agent), (ii) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Pricing Supplement) after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the rate and use exchange rates prevailing at later times or (iii) determine the rate of exchange as the arithmetic mean of exchange rates provided by leading dealers in the relevant foreign exchange market.
- (b) if "EM Price Source Disruption" is specified in the relevant Pricing Supplement as being applicable to any Notes, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Pricing Supplement)), (ii) following such postponement cut-off, use alternative sources specified in the relevant Pricing Supplement to determine an exchange rate (the "**alternate rate of exchange**"), and/or (iii) in certain circumstances (including where no rate of exchange or alternate rate of exchange is available following postponement or the Calculation Agent determines that any rate of exchange or alternate rate of exchange (as applicable) determined in accordance with the Conditions is not reflective of the rate that the Issuer could obtain in the general foreign exchange market), determine the rate of exchange in good faith and a commercially reasonable manner.

Additionally, where "EM Price Source Disruption" is specified in the relevant Pricing Supplement as being applicable to any Notes, the relevant Pricing Supplement may also specify "Price Materiality" to be applicable to such Notes. Where Price Materiality is specified as being

Part A – Information Relating to the Programme Generally – Risk Factors

applicable to any Notes, if the Calculation Agent determines that the rate of exchange determined in accordance with the Conditions differs from the fallback rate of exchange determined in accordance with the Conditions by the Price Materiality Threshold Percentage specified in the Pricing Supplement or more (or if no such Price Materiality Threshold Percentage is specified in the Pricing Supplement, by three per cent. or more), the Calculation Agent may determine the relevant rate of exchange in good faith and a commercially reasonable manner.

The exchange rate so determined may differ from the rate which would have prevailed but for the occurrence of the disruption and this may lead to a decrease in the amount payable to the investors. In addition, if the Calculation Agent postpones the determination of the rate of exchange the due dates for any payments in respect of the Notes or Warrants (including, without limitation, the maturity date or cash settlement payment date) and/or the date of delivery, where physical settlement applies, may also be postponed.

If a specified fixing date for the determination of a relevant exchange rate is an Unscheduled Holiday, the fixing date will be postponed to the next relevant currency business day which is not an Unscheduled Holiday (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Pricing Supplement)), after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the relevant rate.

If the Issuer is unable to settle payments in the Settlement Currency, the Issuer may, in certain circumstances, settle any payments due under the Notes or Warrants by payment of the Alternative Payment Currency Equivalent (which will be an amount in USD or such other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement) (see "*Payment of Alternative Payment Currency Equivalent*" below).

Exchange control risks

Investors in Notes and Warrants should also be aware that there is the risk that authorities with jurisdiction over the Investor's Currency or Settlement Currency such as government and monetary authorities may impose or modify (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or transfer of funds in and out of the country. It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes and Warrants. As a result of exchange controls and restrictions the Issuer may not be able to make payments under the Notes and Warrants in the Settlement Currency and will therefore pay the equivalent of the amounts due under the Notes in U.S. dollars or another currency. Investors in the Notes and Warrants will therefore forego any future performance of the Settlement Currency. See for further details "*Risks relating to Emerging Markets*".

Payment of Alternative Payment Currency Equivalent

Notes and Warrants may provide that, if by reason of an FX Disruption Event or the relevant clearing system ceasing to accept payments in the Settlement Currency or the occurrence of an event specified in the Pricing Supplement as an Alternative Payment Currency Event, the Issuer is not able to satisfy its obligations to pay any amounts due under the Notes or Warrants (as applicable) in the Settlement Currency, then the Issuer is entitled to make the payments in USD or any other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement (the "**Alternative Payment Currency**").

Certain considerations regarding hedging

Investors intending to purchase Notes or Warrants to hedge against the market risk associated with investing in a Reference Asset should recognise that there is a risk that the value of the Notes or Warrants may not exactly correlate with the value of the Reference Asset to which they relate. Due to fluctuating supply and demand for the Notes or Warrants, there is no assurance that their value will correlate with movements of the Reference Asset. In addition, the formula for redemption or exercise (as applicable) may be subject to a cap. For these reasons, among others, it may not be possible to purchase or liquidate assets in a portfolio at the prices used to calculate the value of any relevant Reference Asset. Accordingly, investors who invest in Notes or Warrants as a means of hedging may be exposed to risks arising out of such differences in value.

Value of Baskets

The value of a basket of Reference Assets to which any Notes or Warrants relate may be affected by the number of Reference Assets included in such basket. Generally, the value of a basket that includes Reference Assets from a number of companies or obligors or other components or which gives relatively equal weight to each Reference Asset will be less affected by changes in the value of any particular Reference Asset included therein than a basket that includes fewer Reference Assets or that gives greater weight to some Reference Assets.

In particular, if the Reference Assets included in a basket are all in or connected with a particular industry, the value of such basket will be affected to a greater extent by the economic, financial and other factors affecting that industry than if the Reference Assets included in the basket relate to various industries that are affected by different economic, financial or other factors or are affected by such factors in different ways.

Investors in the Notes and Warrants are subject to the risk that other risks relating to the Reference Assets which adversely affect the value of the Notes or Warrants will be exacerbated due to the number of and/or type of Reference Assets.

Change of law

The Conditions of the Notes and the Conditions of the Warrants are based on English law and relevant tax law in effect as at the date of this Offering Memorandum. There is a risk that the interpretation and/or effect of the Conditions may be subject to change in such a manner as to adversely affect the contractual rights of holders of the Notes and Warrants. The value of the Notes and Warrants may also be affected by changes in the laws of the jurisdiction of listing or incorporation of the issuers of or obligors under the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index).

No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Memorandum.

Clearing systems

Because Notes and Warrants may be held by or on behalf of the relevant clearing system as specified in the relevant Pricing Supplement investors will be able to trade their interests only through the relevant clearing system. In addition, Notes and Warrants may be issued as Uncertificated Registered Notes or Uncertificated Registered Warrants. CREST will maintain records of the interests in such Notes and Warrants and investors will be able to trade their interests only through CREST. Investors will have to rely on their procedures for transfer, payment and communication with the Issuer to receive payment under the Notes and Warrants. Investors are therefore subject to the risk of those settlement procedures failing such that payments due under the Notes or Warrants may be delayed and that book entries or entries in the register are entered incorrectly which may lead to difficulties with an investor asserting ownership of its Notes or Warrants.

The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, interests in the global Notes or global Warrants. Holders of interests in the global Notes or global Warrants will not have a direct right to vote in respect of the relevant Notes or Warrants. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system to appoint appropriate proxies.

Modification, waiver and substitution

Investors in the Notes or Warrants are subject to the risk that modifications to the Conditions of the Notes or Warrants may be made without the consent of any Noteholders or Warranholders, as the case may be, where the Issuer determines that:

- the modification is not materially prejudicial to the interests of the Noteholders and the Warranholders as a whole;

- where the modification of the Notes or Warrants is of a formal, minor or technical nature or is made to correct a manifest error or comply with mandatory provisions of the law of the Issuer's jurisdiction of incorporation; or
- where the Conditions are inconsistent with the termsheet relating to the relevant Notes or Warrants.

There is a commercial risk that the obligations of the Warrantholder or the Noteholder will be owed by a principal debtor other than the Issuer. The Notes and Warrants permit the substitution of an affiliate of the Issuer as principal debtor in respect of the Notes and the Warrants, **provided that** the Issuer provides a guarantee.

Risks relating to benchmark reform and transition

Regulation and reform of Benchmarks

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of ongoing national, international and other regulatory guidance and reform. Some of these reforms are already effective whilst others are yet to apply. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a "benchmark". For example, on 5 March 2021 the FCA confirmed that all LIBOR settings will either cease to be provided by any administrator or no longer be representative: (i) immediately after 31 December 2021, in the case of all sterling, euro, Swiss franc and Japanese yen settings, and the 1-week and 2-month U.S. dollar settings; and (ii) immediately after 30 June 2023, in the case of the remaining U.S. dollar settings.

Regulation (EU) 2016/1011, as amended (the "**EU Benchmarks Regulation**"), and Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**UK Benchmarks Regulation**"), apply to the provision of benchmarks and the contribution of input data to a benchmark within the EU or the UK (as applicable) and prevent certain uses by EU or UK supervised entities (as applicable) of "benchmarks" of unauthorised administrators.

The EU Benchmarks Regulation and the UK Benchmarks Regulation, together with other international, national or other reforms or the general increased regulatory scrutiny of "benchmarks" could have a material impact on any Notes or Warrants linked to a "benchmark". Such reforms could result in changes to the manner of administration of "benchmarks", with the result that such "benchmarks" may perform differently than in the past (and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level) or may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the discontinuance or unavailability of quotes for certain benchmarks.

A Benchmark Trigger Event could occur in relation to the Notes or Warrants

A "**Benchmark Trigger Event**" (as defined in the Conditions) may occur in relation to a Series of Notes or Warrants linked to a "benchmark" index in a number of scenarios, including:

- upon the cessation of any benchmark;
- where the administrator of a benchmark does not obtain authorisation/registration or is not able to rely on one of the regimes available to non-EU benchmarks; or
- certain other events (including, without limitation, an announcement by or on behalf of the administrator of a Relevant Benchmark that such Relevant Benchmark will cease to be provided or the imposition of restrictions on the use such Relevant Benchmark) determined to have occurred by the Issuer.

Determination of a Benchmark Trigger Event

The circumstances with respect to a Relevant Benchmark that may lead to the occurrence of a Benchmark Trigger Event are beyond the Issuer's control. However, in all cases, the Issuer will make a determination as to whether the relevant circumstances have arisen.

In making a determination as to whether the occurrence of the relevant circumstances constitute a Benchmark Trigger Event the Issuer may take into consideration any factors the Issuer considers relevant to such determination (including prevailing market practice and the impact of such circumstances on any related hedging arrangement of the Issuer and/or its affiliates). The Issuer is under no obligation to act in the best interests of the holders of the Notes or Warrants in making such determination, and there is no guarantee that the determinations made by the Issuer will lead to the best possible outcome for investors.

Consequences of the occurrence of a Benchmark Trigger Event

The occurrence of a Benchmark Trigger Event in relation to a Relevant Benchmark to which the Notes or Warrants are linked could result in such Relevant Benchmark being deemed replaced (for the purposes of the Notes or Warrants) with an alternative benchmark (a "**Replacement Index**") selected by the Issuer (or any Alternative Pre-nominated Index specified in the Pricing Supplement as applicable), adjustment to the terms and conditions pursuant to Condition 15A (*Consequences of a Benchmark Trigger Event*) or 8A (*Consequences of a Benchmark Trigger Event*) (as applicable), early redemption or termination, discretionary valuation by the Issuer and/or the Calculation Agent, delisting or other consequences in relation to Notes or Warrants linked to such Relevant Benchmark.

There can be no assurance that the amounts payable to investors in relation to any Notes or Warrants following the application of a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 15A (*Consequences of a Benchmark Event*) (in the case of Notes), or a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 8A (*Consequences of a Benchmark Trigger Event*) (in the case of Warrants), and any related adjustments to the terms and conditions of the relevant Notes or Warrants (as applicable), will correspond with the amounts that investors would have received if the original Relevant Benchmark had continued to apply, and investors may accordingly receive less than they would otherwise have received.

The determination and use of a Replacement Index or the Alternative Pre-nominated Index following the occurrence of a Benchmark Trigger Event may result in changes to the Conditions and/or payments that are lower than or that do not otherwise correlate over time with the payments that could have been made on such Notes or Warrants if the Relevant Benchmark remained available in its current form. Any such consequence could have a material adverse effect on the value of and return on any such Notes or Warrants.

Regulatory initiatives may restrict certain investments and have an adverse impact on the regulatory treatment of the Notes and the Warrants

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the derivatives and structured securities industries. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may restrict investment in certain Notes and Warrants, have an adverse impact on the regulatory position for certain investors and/or on the incentives for certain investors to hold Notes and Warrants and may thereby also affect the liquidity of such Notes and Warrants in the secondary market. Investors in the Notes and the Warrants are responsible for analysing their own regulatory position and none of the Issuer or the Dealers makes any representation to any prospective investor or purchaser of the Notes or the Warrants regarding the regulatory treatment of their investment at the time of such investment or at any time in the future. Prospective investors should therefore make themselves aware of the changes and requirements applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes or the Warrants.

Taxation and other charges in relation to the Notes and Warrants

Transactions involving Notes or Warrants may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. Stamp duty, stamp duty reserve tax and/or similar transfer taxes may be payable on any conveyance or transfer (actual or deemed) or agreement to transfer assets in cases where obligations of the Issuer under the Notes are or may be physically settled.

Part A – Information Relating to the Programme Generally – Risk Factors

Transactions involving Notes or Warrants may be subject to United Kingdom stamp duty or stamp duty reserve tax, and are subject to the risk that instruments effecting or evidencing transfers of Notes or Warrants and executed in the United Kingdom may not be admissible in evidence in civil proceedings unless duly stamped. An instrument of transfer executed outside the United Kingdom is also subject to the risk that it may be inadmissible in United Kingdom civil proceedings unless duly stamped after it has been first received in the United Kingdom.

Under the terms and conditions of the Notes all payments and deliveries will be subject to any fiscal or other laws and regulations in the place of payment and Noteholders may be responsible for paying, or suffer a deduction for, any applicable duties, taxes or other charges imposed by such laws and regulations, subject only to the Issuer's obligation to gross-up in relation to certain taxes imposed by the Relevant Jurisdiction under Condition 8A (*Taxation - Gross-up*). This gross-up obligation is applicable provided Condition 8B (*Taxation - No gross-up*) is not specified as applying to a Series of Notes and is subject to a number of exceptions and covers only certain withholdings and deductions on account of taxes imposed by the Relevant Jurisdiction; in particular, it does not cover stamp duty, stamp duty reserve tax and/or similar transfer taxes.

If Condition 8B (*Taxation - No gross-up*) is specified as applying to a Series of Notes in the relevant Pricing Supplement, the Issuer will not be required to gross-up or pay any additional amounts in respect of the Notes in respect of which any withholding or deduction has been required to be made in respect of any tax. Accordingly, investors may receive a lower return than would be received on an investment where no withholding tax is payable or where the relevant issuer has an obligation to gross-up for such withholdings or deductions.

Under the terms and conditions of the Warrants, Warrantholders are responsible for paying all stamp duties, stamp duty reserve tax and/or other taxes or duties, securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of the Warrants. The Issuer will not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants nor shall it be obliged to pay any additional amounts to the Warrantholders in respect of any withholdings or deductions that are made on payments to them on account of any taxes.

Potential purchasers who are in any doubt about the tax consequences of purchasing any Notes should consult and rely on their own tax advisers.

France – French Financial Transactions Tax

Pursuant to Article 235 *ter* ZD of the French tax code, acquisitions for consideration of equity securities (*titre de capital*) within the meaning of Article L 212-1 A of the French Monetary and Financial Code or similar instruments within the meaning of Article L 211-41 of the French Monetary and Financial Code that provide or could provide access to capital or voting rights, resulting in a transfer of ownership within the meaning of Article L 211-17 of the French Monetary and Financial Code (that is resulting from the registration of the acquired securities in the securities accounts of the purchaser), admitted to trading on a French, European or foreign regulated market within the meaning of Articles L 421-4, L 422-1 or L 423-1 of the French Monetary and Financial Code and issued by a company having its head office in France and whose market capitalisation as of 1 December of the year preceding the year in which the acquisition occurs exceeds EUR1 billion ("**French Qualifying Securities**"), are subject to the French financial transactions tax ("**French FTT**"), levied at the rate of 0.3 per cent. The French FTT also applies to an acquisition of securities (irrespective of which entity issued such securities) when these securities represent French Qualifying Securities ("**Synthetic French Qualifying Securities**"). If applicable, the cost of the French FTT may be deducted from the amounts payable to the Warrantholders and/or Noteholders.

The French FTT could also be triggered if the Issuer and/or its affiliates choose to purchase Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) to hedge their exposure under the Warrants and/or the Notes if such Reference Assets(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are French Qualifying Securities or Synthetic French Qualifying Securities and assuming none of the French FTT exemptions provided for by Article 235 *ter* ZD of the French tax code apply to the relevant acquisition. If applicable, the cost of this French FTT may be deducted from the amounts payable to the Warrantholders and/or Noteholders.

If physical settlement of the Notes would give rise to an acquisition of French Qualifying Securities or Synthetic French Qualifying Securities, the French FTT would apply to this acquisition (assuming none of the French FTT exemptions provided for by Article 235 *ter* ZD of the French tax code applies) and the corresponding cost may be charged to the Noteholders or Warrantholders (as applicable).

Italy – Italian Financial Transactions Tax

Italian financial transaction tax may apply to Notes and Warrants linked to Reference Assets that are securities issued by Italian Issuers.

A financial transaction tax has been introduced under Italian law, ("**Italian FTT**"), pursuant to Article 1, paragraphs 491 – 500, of Law 24 December 2012, no. 228, as implemented by Ministerial Decree issued on 21 February 2013 and amended by Ministerial Decree issued on 16 September 2013. The Italian FTT applies, *inter alia*, on cash-settled derivatives ("**Italian FTT on Derivatives**") executed or modified on or after 1 September 2013, both traded or not on Qualifying Markets (as defined below) and unlisted, whose underlying are mainly shares or participating financial instruments issued by Italian resident companies or the value of shares issued by Italian resident companies, including warrants and certificates. The condition is met when more than 50 per cent. of the equity portion of the underlying is represented by the market value of shares or participating financial instruments issued by Italian resident companies.

Accordingly, there is a risk that the Italian FTT on Derivatives could be triggered where the issuer of a Reference Asset relating to the Warrants and, where deemed to represent the underlying equity instruments or characterised as derivative instruments, the Notes (together with the Warrants, the "**Affected Instruments**") is an Italian resident or the issuer of a security underlying a Reference Asset is an Italian resident. The residence and nationality of the Issuer and any holder of the Affected Instrument and the place of execution of the Affected Instrument would be irrelevant as the application of the Italian FTT on Derivatives is exclusively dependent on the residence of the issuer of the underlying Reference Asset or of the securities underlying a Reference Asset (where such Reference Asset is an equity index).

The Italian FTT on Derivatives applies at a fixed amount, due from both parties equally, as follows:

- Index-Linked Affected Instruments where a security that forms part of the Reference Asset is issued by an Italian-resident company: from EUR0.01875 to EUR15, depending on the notional value of the contract;
- Equity-Linked Affected Instruments where an underlying Reference Asset is issued by an Italian-resident company: from EUR0.125 to EUR100, depending on the notional value of the contract; and
- Affected Instruments linked to a basket of Reference Assets or Reference Indices: from EUR0.25 to EUR200 depending on the notional value of the contract.

The above amounts are reduced by 80 per cent. where the transaction is implemented in a regulated market or in a multilateral trading facility. An investor in the Affected Instrument is subject to the risk that payments under the Affected Instruments will be adversely affected by this Italian transaction tax as these charges will be deducted from the Cash Settlement Amount or Final Redemption Amount.

The issuance of financial instruments qualifying as transferable securities ("*valori mobiliari*") according to article (1)(1-bis)(c) of Legislative Decree no. 58 of 24 February 1998, is exempt from Italian FTT on Derivatives. The Italian Ministry of finance clarified that, following the issuance, if a number of intermediate transfers (e.g. intermediate transfers between financial intermediaries) are required before the initial placement of the notes or warrants to the ultimate investors, said intermediate transfers are exempt from Italian FTT. However, Italian FTT will apply to the transactions following the initial placement. In the case of cash-settled transferable securities, the cash settlement of such transferable securities is a transaction outside the scope of Italian FTT on Derivatives.

Besides the Italian FTT on Derivatives, the Italian FTT also applies to transfers of certain shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter ("**Italian FTT on Shares**"), both traded or not on Qualifying Markets (as defined below) and unlisted.

Italian FTT on Shares applies on transactions negotiated and settled as from 1 March 2013. Accordingly, there is a risk that the Italian FTT on Shares could be triggered where the Issuer and/or its affiliates purchase Reference Assets or securities underlying the Reference Assets (where such Reference Asset is an equity index) to hedge their exposure under the Affected Instruments if such securities are shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter and are not exempted from the Italian FTT requirement ("**in-scope securities**"). The residence and nationality of the parties to the transaction and the place of execution of the transaction would be irrelevant as the application of the Italian FTT on Shares is exclusively dependent on the residence of the issuer of the in-scope securities.

The Italian FTT on Shares would be applicable in the case in scope securities are transferred to investors in Affected Instruments upon physical settlement of the relevant Affected Instruments.

The Italian FTT on Shares is levied at the following rates, which would be due from the Issuer and/or its affiliates on acquisition of the shares:

- 0.1 per cent. of the acquisition price on transfers transacted on a Qualifying Market (as defined below); and
- 0.2 per cent. of the acquisition price otherwise.

For the purpose of the application of the lower rate, "**Qualifying Markets**" are deemed to be:

- (i) regulated markets or multilateral trading facilities pursuant to Article 4, paragraph 1, points 21 and 22 of Directive 2014/65/EU, of an EU Member State and of an EEA Member State which allows an adequate exchange of information with Italy; and
- (ii) markets recognised by the Italian regulator Consob, established in an EU Member State or a state which allows for an adequate exchange of information with Italy.

Italian FTT on Derivatives and Italian FTT on Shares are required to be levied and subsequently paid to the Italian tax authority by financial intermediaries (e.g. banks, trusts and investment companies) or other subjects involved in the execution of the transaction. Where more intermediaries are involved in the execution of the transaction, Italian FTT on Derivatives and Italian FTT on Shares is payable by the subject who receives the order of execution directly from the ultimate purchaser or counterparty. Intermediaries and other non-Italian resident subjects having no permanent establishment in Italy which are liable to collect and pay Italian FTT on Derivatives and Italian FTT on Shares to the Italian tax authority may appoint an Italian tax representative for the purposes of collecting and paying Italian FTT on Derivatives and Italian FTT on Shares. If no intermediary or other subjects are involved in the transaction, Italian FTT on Derivatives and Italian FTT on Shares is directly paid by the ultimate purchaser or counterparty.

An investor in the Notes and/or Warrants is subject to the risk that payments under the Affected Instruments will be adversely affected by the Italian FTT as these charges may be deducted from the Cash Settlement Amount or Final Redemption Amount.

Spain – Spanish Financial Transactions Tax

On 16 October 2020, the Spanish Parliament approved the Law 5/2020, of 15 October, on the Tax on Financial Transactions ("**Spanish FTT Law**") introducing the Spanish FTT that has entered into force on 16 January 2021.

The Spanish FTT is aligned with the French and Italian financial transactions tax. Specifically, the Spanish FTT is an indirect tax levied on the acquisitions for consideration of shares issued by Spanish companies regardless of the residency of the parties involved in the transaction, or of the jurisdiction where the shares are traded, provided that they comply with the following conditions: (i) the shares should be admitted to trading on a regulated market under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (or in a foreign market declared equivalent by the European Commission), and (ii) the stock market capitalisation value of the company should exceed €1,000,000,000 (the "**Qualifying Shares**").

The taxable base of the Spanish FTT is the total consideration paid excluding certain items such as transaction costs and intermediary fees. The applicable rate is 0.2 per cent.

Part A – Information Relating to the Programme Generally – Risk Factors

In principle, Spanish FTT does not apply to the acquisition of financial instruments (including derivatives) different from Qualifying Shares or certificates of deposit representing such Qualifying Shares (the "**Qualifying Certificates of Deposit**") such as the Notes or Warrants. However, if the liquidation or settlement of such financial instrument results in the physical delivery of Qualifying Shares or Qualifying Certificates of Deposit, Spanish FTT may be triggered.

Korea

Filing with Korean government in connection with the issuance of Notes and Warrants linked to Korean Won

In order for the Issuer to issue Notes and Warrants linked to the lawful currency of Korea (the "**Korean Won**"), the Issuer is required to file a prior report of the issuance with the Ministry of Economy and Finance (the "**MOEF**"). In addition, the Issuer is also required to submit a report to the MOEF upon receipt of the full proceeds from the offering of such Notes and Warrants promptly after the issuance of such Notes and Warrants. Unless and until the MOEF accepts the prior report, the issuance of such Notes and Warrants is not permitted. If the Issuer issues such Notes and Warrants without such prior report being filed and accepted, it may be subject to criminal penalties and administrative sanctions.

People's Republic of China – China Connect

General

In respect of Notes or Warrants linked to China Connect Underlyings that are eligible securities listed and traded on any stock exchange (each a "**China Connect Market**") in the PRC which are acceptable to SEHK under any securities trading and clearing links programme developed by SEHK, any such China Connect Market, HKSCC and the CSDCC for the establishment of mutual market access between SEHK and any such China Connect Market ("**China Connect**", such securities being "**China Connect Underlying**" and the trading of China Connect Underlying through SEHK being "**Northbound Trading**"), such Notes or Warrants reflect the risks of an investment in such China Connect Underlyings by an investor (a "**China Connect Investor**") purchasing such China Connect Underlyings through Northbound Trading under China Connect.

If the rules and regulations relating to China Connect become subject to change in the future, the Calculation Agent may determine that a Hedging Disruption or Change in Law has occurred and redeem the Notes or terminate the Warrants at Fair Market Value. The China Connect Investor is subject to the risk that such value may be less than what the Noteholders or the Warrantholders expected. Furthermore, if a China Connect Share Disqualification or a China Connect Service Termination occurs, the Issuer may, at its sole and absolute discretion, determine to adjust certain terms of the Notes or Warrants (as applicable) or redeem the Notes or terminate the Warrants early. Noteholders or Warrantholders may suffer a loss of some or of all of their investment as a result of such adjustment or early redemption or termination (as the case may be) and will forego any future performance in the relevant China Connect Underlying that may occur following such redemption or termination.

Regulatory Requirement

Investments by China Connect Investors under Northbound Trading are subject to, amongst other things, restrictions on maximum percentage holding of the shares issued by a PRC listed company (both on a single foreign investor basis and on an aggregate foreign investor basis).

The investor in the Notes and Warrants will be subjected to the effect of equivalent restrictions and controls to those imposed on China Connect Investors. Therefore, if China Connect Investors became unable to invest directly in or alternatively hold China Connect Underlying or China Connect Investors were not allowed to sell or receive proceeds from the sale of such China Connect Underlying, the value of the Notes and Warrants may be adversely affected and, in the worst case, may become worthless.

Trading Quotas under China Connect

Although there is no longer an aggregate quota limitation, trading of China Connect Underlying through China Connect is still subject to a daily quota (the "**Daily Quota**"). The Daily Quota under China Connect is applicable to the whole market and limits the maximum net buy value of cross-boundary trades under China Connect each day. Daily Quota limitations may prevent China Connect Investors from purchasing

China Connect Underlyings when it is otherwise advantageous to do so. In particular, once the remaining balance of the relevant Daily Quota drops to zero or the Daily Quota is exceeded, buy orders will be rejected (although the China Connect Investors will be permitted to sell their China Connect Underlyings regardless of the quota balance).

Under the SEHK rules, it will be possible to sell China Connect Underlyings through China Connect irrespective of whether there is a breach of the Daily Quota. If Northbound Trading is suspended as a result of a breach of the Daily Quota, none of the entities in the HSBC Group will be able to submit any further buy orders and any buy orders received but not yet routed to the market may be rejected or delayed until sufficient quota is available. The regulators may also announce further requirements on China Connect which may vary, amend or supplement the requirements as currently known. Any corporate action adjustment shall be determined by the Calculation Agent in accordance with the terms of the Notes and Warrants, with reference to the then applicable laws, rules, regulations and guidance in relation to China Connect. Therefore, if China Connect Investors became unable to invest directly in or alternatively hold China Connect Underlying or China Connect Investors were not allowed to sell or receive proceeds from the sale of such China Connect Underlying, the value of the Notes and Warrants may be adversely affected and, in the worst case, may become worthless.

Taxation Issues

The amount of a payment to the investor under the Notes and Warrants may be decreased to take into account the effect of taxes (including financial transaction taxes, any PRC taxes, duties and similar charges, including, without limitation, any enterprise income tax, stamp duty or value-added tax) on or in connection with an investment in the Reference Assets. There is a risk that tax law or practice will change in the future resulting in the imposition of or increase in tax on an investment in, or disposition of, Reference Assets. This will result in a decrease of the amounts payable under the Notes or Warrants.

The PRC Ministry of Finance ("MOF"), the State Administration of Taxation ("SAT") and the China Securities Regulatory Commission ("CSRC") jointly released Caishui [2014] No.81 dated 31 October 2014 defining that dividends from A-share investments by investors from the Hong Kong market are not subject to the differentiation tax policies based on the shareholding period for the time being, but subject to a 10 per cent. enterprise income tax ("EIT") withholding by the listed company before Hong Kong Securities Clearing Company Limited is able to provide details on identities and shareholding periods of investors to CSDCC from 17 November 2014. However, investors from the Hong Kong market may apply to the relevant tax authorities for tax relief in respect of dividend payments under any applicable bilateral treaties/arrangements on the avoidance of double taxation signed between the PRC and their resident jurisdictions. The same circular (Caishui [2014] No. 81) grants temporary exemption from EIT and Business Tax ("BT") for the gains arising from the sale of A-shares of a PRC company listed on the Shanghai Stock Exchange and traded through Shanghai-Hong Kong Stock Connect, effective 17 November 2014. It is uncertain whether or when such exemptions may expire. On 23 March 2016 the MOF and SAT jointly issued Caishui [2016] No.36 which provides detailed implementation guidance on the further rollout of the Value-Added Tax ("VAT") reform. From 1 May 2016 VAT replaced BT to cover all sectors that used to fall under the BT. Caishui [2016] No.36 grants VAT exemption on gains arising by Hong Kong market investors from trading A-shares listed on the Shanghai Stock Exchange and traded through the Shanghai-Hong Kong Stock Connect. On 5 November 2016, MOF, SAT and CSRC jointly issued Caishui [2016] No. 127, which provides that since 5 December 2016, Hong Kong market investors are temporarily subject to EIT on dividends from the relevant A-shares of a PRC company listed on the Shenzhen Stock Exchange and traded through the Shenzhen-Hong Kong Stock Connect at a rate of 10 per cent., but are temporarily exempted from EIT and VAT on the gains arising from trading such A-shares. Both circulars (Caishui [2014] No. 81 and Caishui [2016] No. 127) provide that title transfer of shares by Hong Kong market investors under China Connect because of a sale, inheritance or gift is subject to stamp duty in China. Circular Caishui [2016] No. 127 also provides that stamp duty on covered short selling is temporarily exempted, and this is applicable to Hong Kong market investors through both Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect. If any PRC taxes, duties and similar charges (including, without limitation, any EIT, stamp duty or VAT) are applicable to the trading of Reference Assets, it may result in a Hedging Disruption or an Increased Cost of Hedging and the Issuer will determine whether to terminate the Notes or Warrants. If the Issuer determines to terminate the Notes or Warrants, the Calculation Agent may make such adjustments as it determines to be appropriate to the terms of the Notes or Warrants. This may result in a lower payment by the Issuer to the Noteholders or Warrantholders.

Limitations on exercise or trading size

If so indicated in the relevant Pricing Supplement, an investor must tender a specified minimum number of Warrants (and integral multiples of Warrants thereafter) or minimum trading size or total consideration of Notes at any one time in order to exercise or on-sell the Notes or Warrants. Thus, investors with fewer than the specified minimum number of Warrants (or specified multiples thereof) or minimum trading size or total consideration of Notes will either have to sell their Notes or Warrants or purchase additional Notes or Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, investors in such Notes or Warrants incur the risk that there may be differences between the trading price of such Notes or Warrants and the Cash Settlement Amount of such Warrants or the Final Redemption Amount or Early Redemption Amount of such Notes (as applicable).

If specified in the applicable Pricing Supplement, Notes which settle physically in the underlying Reference Asset may only be redeemed in such amounts as will ensure that the number of relevant Reference Assets to be delivered is equal to an integral multiple of the minimum allowed trading amount of the relevant Reference Asset on the relevant stock exchange as from time to time specified by such stock exchange or other market in which the Reference Asset is traded (the "**Minimum Trading Amount**"). Where the exercise of a holding of such physically settled Notes would not result in the purchase of a number of relevant Reference Assets equal to an integral multiple of the relevant Minimum Trading Amount, the Holder will receive the maximum number of relevant Reference Assets equivalent to the maximum integral multiple of the Minimum Trading Amount and may be entitled to a payment in lieu at the option of the Issuer, determined in the sole and absolute discretion of the Issuer, in respect of the remaining Reference Assets unless any such payment is of a *de minimis* amount, in which case, Holders shall not receive anything in respect of the remaining Notes. Holders will, therefore, either have to sell their Notes or purchase additional Notes, incurring transaction costs in each case, in order to realise their investment.

Risk of automatic / mandatory early redemption or termination

In relation to certain types of Notes or Warrants early redemption or termination occurs if certain conditions set out in the relevant Pricing Supplements are met. Investors should therefore be aware that certain types of Notes and Warrants may terminate prior to the stated maturity date or expiry date (as applicable). As a result investors in such Notes or Warrants may forego any future interest or other payments as well as any appreciation or depreciation (as applicable) in the underlying Reference Assets.

(6) Risks relating to the Notes

General

An investment in the Notes is speculative and entails substantial risks. Noteholders should understand that in some instances they could suffer a partial or complete loss of their investment subject, if applicable, to any minimum redemption amount specified in the relevant Pricing Supplement. In the case of Notes linked to a Reference Asset or Reference Assets, any investment return on a Note determined by reference to changes in the level and/or the value of the Reference Asset(s), is subject to fluctuation and may be less than would be received by investing in a conventional debt instrument. Changes in the level and/or the value of the Reference Asset(s) cannot be predicted. If so provided in the relevant Pricing Supplement, the Notes may be subject to early redemption by reference to changes in the level and/or the value of the Reference Asset(s). On redemption, the Notes may be redeemed in such manner as the Pricing Supplement provides or, in certain circumstances, may be exchanged for other securities.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount to or premium above their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility.

Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Tranche of Notes due to any withholding or deduction for or on account of tax imposed by the Relevant Jurisdiction, the Issuer may redeem all outstanding Notes in accordance with the Conditions of the Notes. If specified in the relevant Pricing Supplement, the amount payable by the Issuer in such circumstances may be less

than the amount invested in the Notes or what would have been received under the Notes if the Notes had not been so redeemed and investors will forego any further interest payments (if any) in respect of the Notes. The Noteholders may not benefit from any appreciation in value or level of the Reference Asset(s) that may occur following such redemption.

Notes with multiple denominations

Where the Notes are specified as having a denomination consisting of a minimum denomination plus a higher integral multiple of another smaller amount, it is possible that such Notes may be traded in the clearing systems in amounts in excess of such minimum denomination that are not integral multiples of the minimum denomination. In such a case, should Definitive Notes be required to be issued, Noteholders who, as result of trading such amounts, hold a principal amount that is less than the minimum denomination may not receive a Definitive Note in respect of such holdings and would need to purchase a principal amount of Notes such that their holding amounts to, or is an integral multiple of, the minimum denomination.

Early Redemption upon the occurrence of an Event of Default

If the Calculation Agent determines that the Notes have become immediately due and payable following an Event of Default (as defined in the Conditions) with respect to the Notes such Notes may be redeemed early against payment of the Early Redemption Amount. The Pricing Supplement may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such redemption. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or any related hedging and/or funding arrangements as a result of such events. Noteholders may suffer a loss of some or all of their investment as a result of such early redemption and will forego any future performance in the relevant Reference Asset and future interest payments applicable to such Notes (if any).

Meetings of Noteholders

Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority, so investors in the Notes are subject to the risk that the Conditions may be modified without their consent.

Specific risks relating to Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Investors will not benefit from any increases in market interest rates above the fixed rate payable in respect of the relevant Notes.

Specific risks relating to Floating Rate Notes

Variable Returns

Floating Rate Notes have returns that are variable as a result of the method by which the interest is calculated. The rate of interest is not fixed and is tied to the performance of an underlying benchmark and, if so specified in the relevant Pricing Supplement, may be subject to a maximum rate or minimum rate on the interest payable. The rate of interest can periodically go down and therefore return on the Notes is not guaranteed and may in a worst case become zero (or, if a minimum rate of interest is specified, the minimum rate of interest). Investors should be aware that in respect of Floating Rate Notes which are subject to a maximum interest rate investors will not benefit from any increases of the underlying benchmark above such maximum interest rate.

The market continues to develop in relation to near risk-free rates which may be reference rates for Floating Rate Notes

To avoid the problems associated with the potential manipulation and financial stability risks of interbank offered rates ("**IBORs**"), regulatory authorities in a number of key jurisdictions are requiring financial markets to transition away from IBORs to near risk-free rates which exclude the risk-element of interbank lending. Near risk-free rates may differ from IBORs in a number of material respects. In particular, in the majority of relevant jurisdictions, the chosen near risk-free rate is an overnight rate (for example, the Sterling Overnight Index Average as the Sterling Overnight Index Average ("**SONIA**"), in respect of GBP, the Secured Overnight Financing Rate ("**SOFR**") in respect of USD, and the euro short-term rate ("**€STR**") in respect of EUR), with the interest rate for a relevant period calculated on a backward looking (compounded or simple weighted average) basis, rather than on the basis of a forward-looking term. As such, investors should be aware that near risk-free rates may behave materially differently from LIBOR, EURIBOR and other IBORs as interest reference rates for the Notes.

Investors should also be aware that the market continues to develop in relation to near risk-free rates such as SONIA, SOFR and €STR as reference rates in the capital markets. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, SOFR and €STR which seek to measure the market's forward expectation of such rates over a designated term.

The market or a significant part thereof (including the Issuer) may adopt an application of SONIA, SOFR, €STR and/or any other near risk-free rate that differs significantly from that set out in the Conditions (including in relation to fallbacks in the event that such rates are discontinued or fundamentally altered) and used in relation to Floating Rate Notes referencing near risk-free rates such as SONIA, SOFR and/or €STR issued under this Programme.

Since near risk-free rates are relatively new in the market, Notes linked to such rates may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities linked to SONIA, SOFR, €STR and/or any other near risk-free rate, such as the spread over the rate reflected in interest rate provisions, may evolve over time, and trading prices of the Notes linked to SONIA, SOFR, €STR and/or any other near risk-free rate may be lower than those of later-issued debt securities linked to the same rate as a result.

Historical levels are not an indication of future levels

Hypothetical or historical performance data and trends are not indicative of, and have no bearing on, the potential performance of near risk-free rates and therefore Noteholders should not rely on any such data or trends as an indicator of future performance. Daily changes in near risk-free rates have, on occasion, been more volatile than daily changes in comparable benchmark or market rates. As a result, the return on and value of debt securities linked to near risk-free rates may fluctuate more than floating rate securities that are linked to less volatile rates. The future performance of any near risk-free rate is impossible to predict, and therefore no future performance of any near risk-free rate should be inferred from any hypothetical or historical data or trends.

Calculation of Interest Rates based on near risk-free rates are only capable of being determined at the end of the relevant Interest Period

Interest on Notes which reference near risk-free rates such as SONIA, SOFR or €STR is only capable of being determined at the end of the relevant Interest Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes that reference such rates to reliably estimate the amount of interest that will be payable on such Notes. Further, if the Notes become due and payable under Condition 11 (*Event of Default*), the Rate of Interest applicable to the Notes shall be determined on the date the Notes became due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of SONIA, SOFR, €STR and/or any other near risk-free rate in the structured products markets may differ materially compared with the application and adoption of the such rate in other markets, such as the Eurobond, derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes referencing near risk-free rates. Investors should consider these matters when making their investment decision with respect to any such Notes.

Part A – Information Relating to the Programme Generally – Risk Factors

The Issuer has no control over the determination, calculation or publication of near risk-free rates

The Issuer has no control over the determination, calculation or publication SONIA, SOFR, €STR and/or any other near risk-free rate. There can be no guarantee that such rates will not be fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Notes linked to the relevant rate. If the manner in which the relevant near risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

Near Risk-Free rates may cease to be available

There can be no guarantee that SONIA, SOFR, €STR and/or any other near risk-free rate will not cease to be published, be discontinued, be suspended and/or be otherwise unavailable for use by the Issuer.

In relation to a near risk-free rate other than SOFR, a discontinuation (or certain other events which may affect the Reference Rate) may constitute a Benchmark Trigger Event (as further described above in the risk factor entitled "*A Benchmark Trigger Event could occur in relation to the Notes or Warrants*").

In relation to SOFR, a discontinuation (or certain other events including the prohibition of use of SOFR as a Reference Rate) may result in the rate applicable to the Notes being replaced with a successor or equivalent rate selected or recommended by the relevant governmental body, an overnight funding rate or a rate determined by reference to ISDA provisions relating to SOFR. These alternative rates are uncertain and no market convention currently exists, or may ever exist, for their determination. Further, in such circumstances the Issuer (in consultation with its designee) may, without the consent of Noteholders be entitled to make conforming changes to the Conditions relating to the calculation and determination of interest to give effect to such replacement rate in a manner that may be materially adverse to the interests of investors in Floating Rate Notes linked to SOFR. If it is not possible to determine a successor or equivalent rate, the floating interest rate on the Floating Rate Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the initial Interest Period, the Initial Interest Rate), effectively converting the Floating Rate Notes (during the Interest Period) into fixed rate instruments.

In relation to SONIA, a discontinuation (or certain other events including the prohibition of use of SONIA as a Reference Rate), unless the relevant event constitutes a Benchmark Trigger Event (in which case Condition 15A (*Consequences of a Benchmark Trigger Event*) will apply), may result in the rate applicable to the Notes being replaced with the Bank of England's Bank Rate plus an average spread of SONIA to the Bank Rate over a specified period. If, however, it is not possible to determine the floating rate of interest applicable to any Floating Rate Notes in accordance with such provisions, then the floating interest rate on such Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the initial Interest Period, the Initial Interest Rate), effectively converting such Floating Rate Notes (during the Interest Period) into fixed rate instruments.

Specific risks relating to Zero Coupon Notes

If the Notes are Zero Coupon Notes, the Issuer will not make any interest payments with respect to the Notes.

Notes subject to optional redemption by the Issuer

An optional redemption feature allowing the Issuer to redeem the Notes prior to their maturity is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Investors should consider reinvestment risk in light of other investments available at that time. As a result of the exercise of a call right by the Issuer, investors will forego any further interest payments (if any) in respect of the Notes and, if so specified in the Pricing Supplement, investors may receive less than their invested amount.

Where Notes of any Series qualify in whole or in part towards the Issuer's minimum requirements for own funds and eligible liabilities ("**MREL**"), and if such Notes are redeemable prior to maturity at the Issuer's

option, pursuant to the Statement of Policy of the Bank of England set out in "*The Bank of England's approach to setting a minimum requirement for own funds and eligible liabilities (MREL)*" dated June 2018 HBEU may not, unless the Bank of England has approved such optional early redemption, exercise its option to redeem such Notes prior to maturity if, prior to such optional early redemption, HBEU is, or following such optional early redemption HBEU would be, in breach of its minimum requirements for own funds and eligible liabilities. Further, under Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms and amending regulation (EU) No 648/2012 (as amended, supplemented or replaced from time to time, the "**CRR**"), HBEU will be required to obtain the prior permission of the Prudential Regulatory Authority (for capital instruments) or the Bank of England (for non-capital eligible liabilities) to effect the call, redemption, repayment or repurchase of any Notes which count towards the Issuer's MREL prior to their scheduled maturity.

An investment in the Notes is subject to reinvestment risk

If the Notes are subject to an early redemption prior to their stated maturity date, there is no guarantee that investors will be able to reinvest the proceeds from the Notes at a comparable return for a similar level of risk.

Effect of interest rates on the Notes

Investors in Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of the Notes. Investments in the Notes may involve interest rate risk with respect to the currency of denomination of the Notes. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Notes.

Capped Return

The terms and conditions of Notes and/or Warrants in relation to which the return is determined by reference to one or more Reference Assets may provide that the return payable on the Notes or Warrants is subject to a cap. In these circumstances, the exposure to the performance of the relevant Reference Asset(s) may be limited and accordingly, investors could forgo a return that could have been made had they invested in a product without a similar cap.

Further and other issues of Notes

The Issuer shall be at liberty from time to time without the consent of the Noteholders to create and issue further notes to be consolidated with and form a single series with the outstanding Notes. In addition, the Issuer may issue other notes and/or other instruments, the value of which is linked to one or more of the Reference Assets. Any such issue of further notes may have an adverse effect on the value of Notes.

(7) Risks relating to the Warrants

Certain factors affecting the value and trading price of Warrants

The Cash Settlement Amount at any time prior to expiration is typically expected to be less than the trading price of such Warrants at that time. Any difference between the trading price and the Cash Settlement Amount will reflect, among other things, a "time value" for the Warrants. The "time value" of the Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the value or level of the Reference Asset(s) to which the Warrant relates. Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Warrants varies with the price, value and/or level of the Reference Asset(s) as well as by a number of other interrelated factors, including those specified herein.

Before acquiring, exercising or selling Warrants, investors should carefully consider, among other things, (i) the trading price of the Warrants, (ii) the value and volatility of the Reference Asset(s), (iii) the time remaining to expiration, (iv) any change(s) in interim interest rates and dividend yields, (v) any change(s) in currency exchange rates, (vi) the depth of the market or liquidity of the Reference Asset(s) and (vii) any related transaction costs.

As a result of these factors the price at which a Warrantholder may be able to sell the Warrants prior to expiry may be less than the initial amount invested in the Warrants. Investors should also note that each of

these factors interrelate in complex ways (for example, one factor may offset an increase in the trading value of the Warrants caused by another factor).

Time lag after exercise

Unless otherwise specified in the Pricing Supplement, in the case of any exercise of Warrants, there will be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Pricing Supplement or Conditions of the Warrants. However, such delay could be significantly longer, particularly in the case of a delay in the exercise of Warrants arising from any daily maximum exercise limitation, or following the imposition of any exchange controls, other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) on the Valuation Date. The price of the relevant Reference Asset(s) may change significantly during any such period and such movement or movements could decrease the Cash Settlement Amount in respect of the Warrants being exercised and may result in the Cash Settlement Amount being zero.

The time remaining to the expiration of Warrants

As the time remaining to the expiration of the Warrants decreases, the trading value of a Warrant is expected to decrease.

(8) Risks relating to Emerging Markets

Notes and Warrants issued may relate to Reference Assets which are located in an emerging market and/or may be denominated and/or settled in an emerging market currency. Investors in such Notes or Warrants should be aware that these markets are subject to greater risks than well-developed markets. The value or level of the Reference Asset(s) which are linked to an emerging market country and/or exchange rates in relation to the emerging market currency in which the Notes or Warrants are denominated and/or to be settled may therefore be volatile and investment in such Notes and Warrants will involve additional risks and special considerations not typically associated with investing in Notes or Warrants which are linked to other more established economies.

The Issuer considers the following risks to be material:

(a) *Settlement procedures*

Many emerging market countries have only recently developed organised securities markets, and the institutions on which they depend, with the result that the procedures for settlements, clearing and registration of securities transactions can give rise to technical and practical problems. In addition, since most emerging markets have civil law systems, which do not recognise a distinction between legal and beneficial ownership, it is not usually possible to use nominees (which may affect how interests in the Reference Asset(s) are held) and the provision of custody services is a relatively novel practice in most emerging markets, and the controls put in place in more mature markets may not be available. Inefficient systems may result in delayed payments on the Reference Asset(s), which may in turn delay payments under the Notes or Warrants.

(b) *Exchange controls and repatriation of profits*

Certain emerging market countries may operate exchange controls affecting the transfer of money in and out of the country and the convertibility of the local currency. Some countries also impose restrictions on the ability of foreign investors to repatriate profits or the proceeds of sale of their investments without an official permit. In some cases the currency is non-convertible although many currencies are "semi-convertible". An investor in the Notes or Warrants where the underlying Reference Asset(s) are linked to an emerging market country or in Notes or Warrants which are denominated and/or settling in an emerging market currency are subject to the risk that, if such emerging market currency ceases to be convertible into the Settlement Currency or becomes only semi-convertible, then the Notes or Warrants may return less on exercise or expiry or maturity (respectively) than the amount invested or nothing. This includes circumstances where "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Pricing Supplement and the Issuer elects to settle the Notes or Warrants (as applicable) in the Alternative

Part A – Information Relating to the Programme Generally – Risk Factors

Payment Currency, as the disruption to convertibility may affect the exchange rate at which the Settlement Currency may be converted into the such Alternative Payment Currency.

Moreover the value of investments in the underlying Reference Asset(s) can fluctuate significantly due to volatile exchange rates and high inflation. Emerging markets may experience higher volatility in their foreign exchange rate movements than other countries, and changes in the foreign exchange rates may have a negative impact on issuers of Reference Asset(s) whose businesses are heavily reliant on exports and, as a consequence, the general economic conditions in emerging market countries which are heavily reliant on exports. The risk for an investor in the Notes or Warrants is that the price of the Note or Warrant might be more volatile (as the amounts payable under the Note or Warrant are linked to the value of the Reference Asset) or that issuers of the underlying Reference Assets or constituent securities of a Reference Asset will not perform at an expected level, which may cause payments due under the Notes or Warrants to be lower than expected.

(c) *Disclosure and information*

The level of disclosure of information relating to a company's business and ownership to shareholders, and to the stock exchange on which its shares are listed, is much less extensive in most emerging markets than in more sophisticated markets. Although many emerging markets now have insider dealing laws, it cannot be assumed that the regulatory authorities have both the ability and the will to enforce the legislation rigorously. Similarly, although money laundering regulations have been introduced in some jurisdictions, their practical effect has yet to be assessed.

Accordingly, an investor in Notes or Warrants linked to an emerging market country are subject to the risk that information available on the Reference Assets which might form the basis of its investment decision in respect of the Notes or Warrants may be of poorer quality than that available on Reference Assets linked to well-developed markets and investors may not receive relevant information relating to the Reference Assets at the same time as other market participants, which may cause price volatility and the market price of the Notes or Warrants may drop at a later point in time once all relevant information becomes available.

(d) *Market liquidity and volatility*

The stock exchanges of emerging market countries are generally much smaller (in terms of market capitalisation, turnover, and number of stocks traded) and are still in a premature stage when compared to the well-developed markets. The likelihood of exchange or market disruption e.g. temporary exchange closures, broker defaults, settlement delays and broker strikes and disputes among listed companies, the stock exchanges and other regulatory bodies, could be higher than the well-developed markets. These disruptions could have an adverse effect on the overall market sentiment and on the value of the Reference Asset(s). The capital market of emerging market countries could be heavily influenced by government policies and a limited number of major stakeholders. The governing bodies could from time to time impose restrictions on trading in certain securities, limitations on price movements and margin requirements. Such events in turn may affect overall market sentiment and lead to fluctuations in the market prices of the Reference Asset(s), thus adversely affecting the value of the Notes or Warrants.

Therefore, there is a risk that the trading price of such Notes or Warrants may be more volatile and that the value of the underlying Reference Asset(s) may be adversely affected (following which, amounts payable under the Notes or Warrants would be adversely affected as a consequence).

(e) *Accounting standards*

In some emerging market countries, accounting standards and practices vary significantly from internationally accepted standards. It is therefore difficult in such jurisdictions to obtain reliable historic financial information on Reference Asset(s) which may underlie the Notes or Warrants even where accountancy laws have been reformed to bring them into line with international standards (a problem which hyper-inflation has exacerbated in some markets). Great care must therefore be taken to assess asset and business valuations. Entities in emerging market countries may not generally be subject to uniform accounting, auditing and financial reporting standards and

auditing practices and requirements may not be comparable to those applicable to obligors located in developed countries.

(f) *Political risks*

The pace of political and social change will be more rapid than in well-developed markets. This is a common feature of emerging market countries and is often related to the transition from a centrally planned economy to a modern market economy. Far-reaching legal and political reforms have inevitably resulted in new constitutional and social tensions, and the possibility of continuing instability and even a reaction against market reforms cannot be discounted. Such instability may discourage investors from investing in the particular emerging market, which could reduce the market value of the underlying Reference Asset(s) and/or adversely impact exchange rates in relation to the relevant emerging market currency and therefore reduce the market value of the Notes or Warrants and any amounts payable thereunder.

The unique political and diplomatic status of each emerging market relative to other countries may also make the equities and debt markets in such emerging markets more volatile and more price sensitive to global or regional economic and political developments than other markets. Such increased price volatility could lead to the Notes' or Warrants' trading price (during the life of the Notes or Warrants) or the relevant amount payable thereunder being lower than expected.

There is a particular risk that policies in emerging markets encouraging foreign investment may be abandoned or reversed. Restrictions imposed on foreign investment or restrictions which concern the repatriation of capital invested in emerging markets may increase the transaction costs payable by the Issuer and/or its affiliates which, as such costs are passed to the investor, may thereby decrease the payments due under the Notes or Warrants, or entitle the Issuer to terminate the Notes or Warrants early. On a political level, such restrictions could lead to renationalisation of privatised industries and expropriation of private property without compensation which may have a negative effect on the financial position of the issuers of the Reference Asset(s).

(g) *Economic risks*

The economies of individual emerging market countries may differ favourably or unfavourably from the economies of developed countries in such respects as growth of gross domestic product, rate of inflation, volatility of currency exchange rates, depreciation, capital reinvestment, resource self sufficiency and the balance of payments position. In the past, a number of emerging market countries' markets have experienced significant adverse economic developments, including substantial depreciation in currency exchange rates against major currencies, increased interest rates and inflation, reduced economic growth rates, increases in foreign currency debts, corporate bankruptcies, declines in market values of listed shares and government imposed austerity measures. All of these economic factors may adversely affect the value and performance of Reference Asset(s) and therefore the value of the Notes or Warrants.

(h) *Restrictions and controls*

Notes and Warrants may be subject to risk that restrictions and controls on the Reference Asset(s) are imposed by governments, governmental or regulatory bodies, regulators or exchanges of emerging markets jurisdictions. As a result of such restrictions and controls, potential delays might occur in respect of payments due under the Notes or Warrants linked to such Reference Asset(s) or even that funds may not be payable under the Notes or Warrants on settlement following the exercise, sale, redemption or termination of the Notes or Warrants. Also, taxes and charges levied in respect of buying and selling equity or debt securities relating to such restrictions and controls may be deducted from amounts payable under the Notes or Warrants.

(i) *Legal and Regulatory framework*

The sophisticated legal and regulatory systems necessary for the proper and efficient functioning of modern capital markets may yet to have been developed in some emerging market countries. A high degree of legal uncertainty may therefore exist as to the nature and extent of investors rights and the ability to enforce those rights in the courts. Many advanced legal concepts which now form significant elements of mature legal systems are not yet in place or if they are in place, have

yet to be tested in the courts. It is difficult to predict with any degree of certainty the outcome of judicial proceedings (often because the judges themselves have little or no experience of complex business transactions), or even the quantum of damages which may be awarded following a successful claim. It may also be difficult to obtain and enforce a judgment relating to emerging markets debt in the jurisdiction in which the majority of the assets of an obligor is located.

Specific risks relating to Notes and Warrants settling in emerging markets currencies

Notes and Warrants issued may be denominated and/or settle in an emerging market currency. Investors in such Notes and Warrants should be aware that these markets are subject to greater risks than well developed markets. Investment in the Notes and Warrants will involve additional risks and special considerations not typically associated with investing in Notes and Warrants which are settled in more conventional currencies such as Euro or U.S. dollar.

Currency exchange rate fluctuations

The rapid pace of political and social change in emerging market countries increases the likelihood that currency exchange risks will eventuate where the Settlement Currency is linked to an emerging market country. Currency exchange risks are described in detail above in the section entitled "*Risks relating to all issues of Notes and Warrants – Exchange rate risks and exchange control risks*".

Specific risks relating to Notes and Warrants linked to Reference Asset(s) denominated in Offshore RMB and traded outside the PRC and Notes and Warrants settled in Offshore RMB outside the PRC

Notes and Warrants linked to Reference Asset(s) denominated in Offshore RMB and traded outside the PRC and Notes and Warrants settled in Offshore RMB outside the PRC may be issued under the Programme. For the purpose of those Notes and Warrants and where the context requires, "**Offshore RMB**" shall refer to Chinese RMB that is freely deliverable between accounts in the relevant Offshore RMB Centre as specified in the relevant Pricing Supplement in accordance with the law and applicable regulations and guidelines issued by the relevant authorities in the relevant Offshore RMB Centre as specified in the relevant Pricing Supplement prevailing as of the Trade Date of the Notes and Warrants. Set out below is a description of some of the risks that should be taken into consideration by prospective investors in such Notes and Warrants.

- (a) *RMB is not freely convertible; Restrictions on RMB conversion through relevant Offshore RMB Centres (as specified in the relevant Pricing Supplement) may adversely affect the liquidity of the Notes and Warrants*

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar. However, there has been a significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving the import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the purposes of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are developing gradually.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions were implemented by the People's Bank of China ("**PBoC**") in 2018, there is no assurance that the PRC Government will continue to liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-

term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC, which may negatively impact on the liquidity of the Notes and Warrants and thus the value of the Notes and Warrants. In addition, if Renminbi outside the PRC is unavailable, this will impact on the ability of the Issuer to source Renminbi to perform its obligations under Notes and Warrants denominated in Renminbi.

(b) *RMB interest rate risk*

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility and, as a result, the value of the Notes and Warrants may fluctuate as well. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

Renminbi-denominated Notes may carry a fixed interest rate ("**Fixed Rate Notes**") or have a resettable interest rate ("**Resettable Notes**"). Consequently, the trading price of Renminbi-denominated Notes which are Fixed Rate Notes or Resettable Notes will vary with the fluctuations in the Renminbi interest rates. If holders of such Renminbi-denominated Notes propose to sell their Renminbi-denominated Notes before their maturity, they may receive an offer lower than the amount they have invested.

(c) *RMB exchange rate risk*

Offshore RMB represents a market which is different from that of RMB deliverable in the PRC. The exchange rate of Offshore RMB against the U.S. dollar, Hong Kong dollar or other foreign currencies may be different from the exchange rate of RMB deliverable in the PRC against such currencies. Apart from its own supply and demand, the Offshore RMB exchange rate may be influenced by the onshore exchange rate (which currently trades within a band set by authorities in the onshore interbank market), and the two rates may converge with or diverge from each other.

The value of Renminbi against other foreign currencies is susceptible to PRC internal and external factors. In 2015, the PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments will be made in Renminbi with respect to Renminbi Notes and Warrants unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Offshore RMB depreciates against the U.S. dollar, Hong Kong dollar or other foreign currencies, the value of a Noteholder's or Warrantholder's investment in U.S. dollar, Hong Kong dollar or other applicable foreign currency terms will decline.

(d) *RMB payment risk*

If the Settlement Currency for the Notes or Warrants is Offshore RMB and "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Pricing Supplement, an investor is subject to the risk that payments in respect of such Notes or Warrants will be made in the Alternative Payment Currency specified in the relevant Pricing Supplement instead of Offshore RMB. To the extent the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay the Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due as a result of Offshore RMB Disruption (as defined in the Conditions), the Issuer will be entitled to settle any such payment in the Alternative Payment Currency specified in the relevant Pricing Supplement on the due date at the Alternative Payment Currency Equivalent (as defined in the Conditions) of any such Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due. In this case, the risk factors in the section entitled "(I) Risks relating to all issues of Notes and Warrants - Exchange rate risks and exchange control risks" would apply as if the relevant Alternative Payment Currency were the Settlement Currency.

- (e) *Payments with respect to the Notes and Warrants may be made only in the manner through Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre.*

Investors in the Notes and Warrants should be aware that all Offshore RMB payments under the Notes and Warrants will be made solely by credit to Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre as specified in the relevant Pricing Supplement in accordance with the law and applicable regulations and guidelines issued by the relevant authorities in the relevant Offshore RMB Centre as specified in the relevant Pricing Supplement.

(9) Risks relating to Equity/Index-Linked Notes and Warrants

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s)

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) in connection with the issue of any Equity/Index Linked Notes or Warrants. Investors in the Equity/Index Linked Notes or Warrants should obtain and evaluate the same information concerning the Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) and each such issuer as they would if they were investing directly in the Reference Asset(s) or such securities. In addition, investors should understand that the historical performance of the Reference Asset(s) or such securities should not be viewed as predictive of future results.

Actions or omissions of the issuer of the securities, the sponsor of an index or other

In certain circumstances, the actions or omissions of the issuer of securities to which the Equity/Index-Linked Notes or Warrants relate or for which the Equity/Index-Linked Notes or Warrants are exchangeable, the sponsor of an index to which Equity/Index-Linked Notes or Warrants are linked or others outside the control of the Issuer, may adversely affect the rights of the Noteholders or Warrantheolders (as applicable) and/or the value of the Equity/Index-Linked Notes or Warrants, including actions that may give rise to an adjustment to, or early redemption or termination (as applicable) of, the Equity/Index-Linked Notes or Warrants.

Market Disruption Events

Investors in the Equity/Index-Linked Notes and Warrants are subject to the risk that a Market Disruption Event will occur in relation to a Reference Asset. A Market Disruption Event may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a related stock exchange closes early without notice; limitations are imposed on trading; trading is suspended; or market participants are prevented from obtaining valuations or effecting transactions, and, in relation to a China Connect Underlying, in the case of early closure of the relevant exchange (the "**China Connect Market**"), disruption of such exchange or suspension of trading on such exchange including the early closure or disruption of the securities trading and clearing links programme developed or to be developed by The Stock Exchange of Hong Kong Limited (the "**SEHK**"), the China Connect Market, the Hong Kong Securities Clearing Company Limited and the China Securities Depository and Clearing Corporation for the establishment of mutual market access with SEHK and the China Connect Exchange.

If the Calculation Agent determines that a Market Disruption Event has occurred, then this will result in the occurrence of a Disrupted Day in relation to the relevant Reference Asset, the consequences of which are discussed in the immediately following paragraphs.

Disrupted Day

Investors in the Equity/Index Linked Notes and Warrants are subject to the risk that a Disrupted Day may occur in relation to a Reference Asset. A Disrupted Day may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a stock exchange or related stock exchange fails to open for trading during its regular trading session, or, in relation to China Connect Underlying, on which the China Connect Service fails to open for order routing during its regular order-routing session; or on which a Market Disruption Event has occurred; or if an index sponsor fails to publish the level of an index.

If the Calculation Agent determines that a Disrupted Day has occurred, the Calculation Agent may postpone the Valuation Date to a later date which is not a Disrupted Day, **provided that** the Valuation Date will not

be postponed beyond the eighth consecutive Scheduled Trading Day (or such other number of Scheduled Trading Days as may be specified in the Pricing Supplement) after the Scheduled Valuation Date (the "**Limit Valuation Date**"). If the Calculation Agent postpones the Valuation Date the due dates for any payments or delivery in respect of the Notes or Warrants (including, without limitation, the maturity date, settlement date or cash settlement payment date) may also be postponed. Any such postponement may have an adverse effect on the value of such Notes or Warrants.

Additional Disruption Events

Investors should note that Additional Disruption Events may occur in relation to the relevant Notes and Warrants in certain circumstances described in the Conditions. If any Additional Disruption Event occurs in relation to the relevant Notes and Warrants, the Issuer may (and in the case of Alternative General Conditions Notes, only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date) declare a valuation date and designate an early redemption date in respect of the Notes or an exercise date in respect of the Warrants (as applicable) and the Noteholders or Warrantheolders will receive an early redemption amount or termination amount (as applicable) based on the determinations made by the Calculation Agent.

The following Additional Disruption Events may be specified to be applicable in the relevant Pricing Supplement:

- "**Change in Law**" may occur where the Issuer determines (a)(i) (in the case of Warrants and Notes other than Alternative General Conditions Notes) it will or has become illegal for it to hedge its obligations under the Notes or (as the case may be) Warrants or (ii) it will or has become illegal for the Issuer to issue, have outstanding and perform its obligations with respect to the Notes or (b) where the Issuer (in the case of Alternative General Conditions Notes) or the Issuer or its designated affiliates (in the case of Warrants and Notes other than Alternative General Conditions Notes) would incur materially increased costs in performing its obligations under the Notes or (as the case may be) Warrants, each due to a change in law;
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**Hedging Disruption**" may occur if the Issuer or its affiliates become unable to hedge or would suffer material delay in conducting any hedging transactions relating to the Notes and Warrants;
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**Increased Cost of Hedging**" may occur where the Issuer would incur a materially increased cost, other than as a consequence of deterioration in its own creditworthiness, in hedging its obligations under the Notes and Warrants;
- "**Failure to Deliver**" may occur upon the failure of a party to deliver, when due, the relevant Reference Asset(s) in respect of the Notes, where such failure is due to illiquidity in the market for such Reference Asset(s);
- "**Insolvency Filing**" may occur if the issuer of the Reference Asset(s) institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Reference Asset(s) shall not be deemed an Insolvency Filing;
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**China Connect Share Disqualification**" may occur where the Underlying Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service; and
- in the case of Warrants and Notes other than Alternative General Conditions Notes, "**China Connect Service Termination**" may occur where one or more of the China Connect Market,

Part A – Information Relating to the Programme Generally – Risk Factors

SEHK, the China Securities Depository and Clearing Corporation, Hong Kong Securities Clearing Company Limited or any regulatory authority with competent jurisdiction permanently suspends or terminates the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Underlying Securities through the China Connect Service.

Upon the occurrence of such an early redemption prior to the originally scheduled maturity date of the relevant Notes or of an exercise date prior to the originally scheduled exercise dates or expiry dates of the relevant Warrants, Noteholders may suffer a loss of some or of all of their investment and will forego any future performance in the relevant Reference Asset that may occur following such redemption or termination.

U.S. withholding tax may apply to Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers

Where Notes or Warrants are linked to Reference Asset(s) and some or all of the Reference Asset(s) are securities of U.S. issuers, certain payments on the Notes or Warrants could be subject to U.S. withholding tax (up to 30 per cent., depending on the applicable treaty or other exemption). In addition, U.S. withholding tax could be imposed on holders of the Notes or Warrants to the extent U.S.-source dividends are paid on the Reference Asset(s), even if no corresponding payment is made on the Notes or Warrants to such holders.

If U.S. withholding tax is required on Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers, the Issuer will not be required to pay any additional amounts with respect to the withheld amounts. See "*Taxation— United States Taxation— Withholding on Dividend Equivalent Payments*" below.

Provision of information

None of the Issuer or any of its affiliates is under any obligation to provide information in respect of any Reference Asset or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an equity index) or monitor whether or not any event or circumstance in respect of such Reference Asset(s) has occurred unless it is explicitly and positively stated that such person will do so. The Issuer may have acquired, or during the term of the Notes or Warrants may acquire, non-public information with respect to one or more Reference Assets or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an equity index). The Issuer is not under any obligation to make such information available to holders of such Notes or Warrants. Therefore, an investor in the Notes or Warrants should obtain and evaluate information concerning the relevant Reference Asset(s) or securities as it would if it were investing directly in such Reference Asset or securities.

Specific risk factors relating to Index-Linked Notes and Warrants

Successor Index, Index Modification, Index Cancellation

In certain circumstances, certain adjustments may be made to the index or indices to which Notes or Warrants are linked (each a "**Reference Index**"), which may result in a loss to the Noteholders or Warrantheolders. The Issuer considers the following to be material risks of adjustment:

- (i) the replacement of the relevant Reference Index by a successor index if the relevant Reference Index is not calculated or announced by the relevant Index Sponsor or is replaced by a successor index;
- (ii) the modification of the relevant Reference Index by the relevant Index Sponsor which may have a material effect on the Notes and Warrants; and
- (iii) the cancellation of the relevant Reference Index by the relevant Index Sponsor, which may result in either (A) the redemption or termination of the relevant Notes or Warrants upon payment of the Fair Market Value of the Notes or Warrants immediately prior to such termination (or, in the case of Alternative General Conditions Notes, the Early Redemption Amount, but only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date) or (B) the continuation of the Notes and Warrants, in which case the relevant level of the Reference Index

Part A – Information Relating to the Programme Generally – Risk Factors

will be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

As a result of any such replacement, modification or cancellation, Noteholders or Warrantheolders may suffer a loss of some or of all of their investment and may forego any future performance in the relevant Reference Index.

Calculation and administration of HSBC proprietary Indices / third party index sponsor

With respect to Notes or Warrants which are linked to one or more HSBC proprietary Reference Indices, investors should understand that such Reference Indices are calculated independently by a third party calculation agent (the "**Third Party Calculation Agent**") and administered independently by a third party index administrator (the "**Third Party Administrator**"). As such, HSBC Bank plc is not responsible for the calculation or administration of the HSBC proprietary Reference Indices and is not the index sponsor for the purpose of Notes or Warrants which are linked to such Reference Indices. The Third Party Administrator will act as index sponsor.

The identity of the Third Party Calculation Agent and Third Party Administrator for each HSBC proprietary Reference Index is specified in the index rules thereof and such entities may, respectively, make determinations of the level of the HSBC proprietary Reference Indices, and of any adjustments that need to be made to the HSBC proprietary Reference Indices, without considering the interests of investors in the Notes or Warrants.

The Third Party Administrator, acting as index sponsor, does not act as fiduciary for or an adviser to the Warrantheolder or Noteholder in respect of any determination or judgement or otherwise. The Third Party Administrator may have economic interests adverse to those of the Warrantheolders and Noteholders, including with respect to certain determinations and judgements that the Third Party Administrator may be required to make pursuant to the terms of the HSBC proprietary Reference Index, any of which may affect payments in respect of the Warrants or Notes. The Third Party Administrator may act in its own interests in such capacities and need not have regard to the interests of the Noteholders or Warrantheolders.

HSBC Bank plc has no responsibility for the calculation of the HSBC proprietary Reference Indices, which is performed by the Third Party Calculation Agent, and does not guarantee or represent or warrant the accuracy or completeness of the HSBC proprietary Reference Indices or the data comprised therein. Furthermore, HSBC Bank plc has no responsibility in relation to the administration by the Third Party Administrator of the HSBC proprietary Reference Indices.

Details of where further information regarding HSBC proprietary Reference Indices including the index rules or summaries thereof (if available) will be specified in the relevant Pricing Supplement(s).

Specific risk factors relating to Equity-Linked Notes and Warrants

Extraordinary Events

There is a risk in respect of Equity-Linked Notes or Warrants that certain Extraordinary Events may occur in respect of Reference Asset(s) (such as a merger, a takeover or exchange offer, delisting, nationalisation or transfer to a governmental agency or the insolvency or bankruptcy of the issuer of the Reference Asset(s)). If such event has occurred, the Calculation Agent may take certain actions, such as adjusting certain Conditions or redeeming the Notes or terminating the Warrants.

Upon the occurrence of such an early redemption or termination of the relevant Equity/Index-Linked Notes or Warrants, the holders thereof may suffer a loss of some or all of their investment and will forego any future performance in the relevant Reference Asset(s) that may occur following such redemption or termination.

FX Rates

The value of the relevant Equity-Linked Notes or Warrants may be affected by changes in foreign exchange rates. For example, an appreciating USD relative to local currency may lower the value of the relevant Equity-Linked Notes or Warrants while a depreciating USD may increase the value of the relevant Equity-Linked Notes or Warrants.

Potential Adjustment Events

Investors in Equity-Linked Notes or Warrants are subject to the risk that certain circumstances in respect of Reference Asset(s) occur (such as a subdivision, consolidation or reclassification of securities, a distribution of dividend or extraordinary dividend or any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Reference Asset(s)). If the Calculation Agent determines that such circumstances have occurred, the Calculation Agent may (but is not obliged to) make such corresponding adjustment(s) as it determines to be appropriate, to the number of Reference Asset(s) to which each Equity-Linked Note or Warrant relates and to any other exercise, settlement, payment or other term of the relevant Equity-Linked Notes or Warrants to account for that diluting or concentrative effect, and determine the effective date(s) of such adjustment(s). In the case of Alternative General Conditions Notes only, such adjustment(s) must be made with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event. Such adjustments may adversely affect the value of the relevant Equity-Linked Notes or Warrants and/or any amount payable on redemption or termination of the Notes or Warrants and the holders thereof may suffer a loss of some or all of their investment as a result.

Specific risks relating to Equity-Linked Notes and Warrants where Securities are Units in an exchange-traded fund

In respect of Equity-Linked Notes and Warrants where the Reference Asset(s) are units in an exchange-traded fund, one of the following events may occur:

- (i) the relevant fund is (or is to be) wound-up or similar, or makes a restructuring arrangement with its creditors or certain insolvency proceedings or similar are commenced against the fund;
- (ii) breach by the relevant fund of any applicable leverage restriction or any contractual restriction binding on or affecting the fund or any of its assets;
- (iii) resignation, termination or replacement of the fund adviser;
- (iv) any change or modification of the fund documents that could reasonably be expected to affect the value of the Units or the rights or remedies of any holders thereof from those prevailing on the Issue Date;
- (v) any breach of any strategy or investment guidelines stated in the fund documents that is reasonably likely to affect the value of the Units or the rights or remedies of any holders thereof;
- (vi) in the case of Warrants and Notes other than Alternative General Conditions Notes, it becomes impractical or impossible for the Issuer to hedge its obligations under the Notes or Warrants, as applicable;
- (vii) cancellation, suspension or revocation of the registration or approval of the Units or the fund by any governmental, legal or regulatory entity with authority over the Units or the fund;
- (viii) any change in the legal, tax, accounting or regulatory treatments of the fund or the fund adviser that is reasonably likely to have an adverse impact on the value of the Units or on any investor therein;
- (ix) the relevant fund becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged breach of applicable law for any activities relating to or resulting from the operation of the fund;
- (x) it becomes impractical or impossible for the Calculation Agent to be able to determine the value of the units in the fund and this is likely to continue for the foreseeable future, or if there is an information failure which would make it difficult to monitor the fund;
- (xi) in the case of Warrants and Notes other than Alternative General Conditions Notes, the Calculation Agent has determined that it has become illegal to hold the units in the fund or that the Issuer would incur a materially increased cost in performing its obligations under the Notes or Warrants;

Part A – Information Relating to the Programme Generally – Risk Factors

- (xii) in the case of Warrants and Notes other than Alternative General Conditions Notes, the Issuer would incur a materially increased amount of tax on its hedge of the Notes and Warrants except for where this is solely due to a deterioration in the Issuer's creditworthiness;
- (xiii) the index underlying a fund is cancelled, or there is a material change in the formula or method of calculating the underlying index or other material modification of the relevant index, or the index sponsor fails to calculate and announce the underlying index; or
- (xiv) in the case of Alternative General Conditions Notes, the Calculation Agent determines in good faith that the Issuer will incur a materially increased cost in performing its obligations under the Notes due to any change in any applicable law or regulation (including tax law) or due to the change in the interpretation of any applicable law or regulation by any court or tribunal (including a taxing authority).

Following the occurrence of such event ("**Extraordinary ETF Event**"), the Calculation Agent may make certain adjustments to or substitutions for the Affected Units as the Calculation Agent may determine or the Calculation Agent may determine that the relevant Notes or Warrants shall be terminated upon payment to the holders thereof of the Fair Market Value (or, in the case of Alternative General Conditions Notes, the Early Redemption Amount) of the Notes or Warrants (as applicable), each of which may result in a loss to such holders.

Tax and Currency Risk

The tax status of funds in those jurisdictions in which they conduct their business and/or any change in taxation rules or treatment in such jurisdictions could affect the value of the assets of such funds or the ability of funds to achieve their investment objectives. Consequently this could adversely affect the value of the Notes or Warrants linked to such funds. In addition, remittance of income and capital gains generated by underlying investments of funds in certain countries may be dependent on there being liquidity in the relevant local currency and the absence of foreign exchange controls which inhibit or prevent the repatriation of such gains. In any such circumstances, the value of the notional shares of funds may be adversely affected and as a result the relevant funds and the value of the Notes or Warrants may be adversely affected.

Class of Investments

Prospective purchasers or investors should note that funds may have legal or other discretions in relation to their investments and no assurance can be given that the exercise of such discretions will achieve the investment objectives of such funds. Therefore, there is a risk that return on an investment in funds may not be achieved. This would have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

Investment Risk

There can be no assurance that any fund will achieve its investment objectives. The investment income of each fund is based on the income earned on the securities it holds, less expenses incurred. Therefore, the funds' investment income may be expected to fluctuate in response to changes in such expenses or income and this may have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

High yield

Some reference funds may invest in high yield securities. High yield securities are typically medium or lower rated securities and are sometimes referred to as "**junk bonds**". Such securities are more likely to react to developments affecting market and credit risk than are more highly rated securities, which primarily react to movements in the general level of interest rates. The risk of loss due to default by issuers of high yield securities is significantly greater because lower rated and unrated securities of comparable quality generally are unsecured and frequently are subordinated to the prior payment of senior indebtedness. In addition, funds which invest in such securities may find it more difficult to sell high yield securities or may be able to sell the securities only at prices lower than if such securities were widely traded. Furthermore, such funds may experience difficulty in valuing certain securities at certain times. Prices realised upon the sale of such lower rated (or unrated) securities, under these circumstances, may be less than the prices used

in calculating the value of such funds. All such risks could adversely affect the value of Notes or Warrants linked to funds which invest in high yield securities.

Additional considerations/ risk factors set out in offering documents relating to funds

Investors in the Notes and/or Warrants which are linked to funds (including, but not limited to, exchange-traded funds) should note that there may be particular investment considerations and risk factors set out in the offering documentation relating to such funds and are advised to read and consider such offering documentation in making an investment decision to invest in such Notes and/or Warrants. Such information is not incorporated by reference and does not form part of this Offering Memorandum.

(10) Risks relating to Preference Share-Linked Notes

General

On redemption Preference Share-Linked Notes will be redeemed by payment of an amount determined by reference to the performance of the relevant preference shares, which depends on the performance of the relevant underlying asset(s) or basis of reference to which the preference shares are linked (the "**Preference Share Underlying**" or, if it is comprised in a basket of underlying asset(s), a "**Preference Share Underlying Component**"). If the performance of the Preference Share Underlying or a Preference Share Underlying Component is negative, the performance of the preference shares will or may be negative and, if so, thus the value of the Preference Share-Linked Notes will be adversely affected. Purchasers of Preference Share-Linked Notes risk losing all or a part of their investment if the value of the preference shares does not move in the anticipated direction. **If the value of the Preference Shares becomes zero, the value of the Preference Share-Linked Notes will also become zero.**

Preference Share Underlying

The Preference Share Underlying may be a specified index or basket of indices, a specified share or basket of shares, a specified currency or basket of currencies, a specified debt instrument or basket of debt instruments, a specified commodity or basket of commodities, a specified fund share or unit or basket of fund shares or units or such other underlying instruments, bases of reference or factors as may be determined by the Preference Share Issuer and specified in the terms and conditions of the relevant series of Preference Shares.

Credit Risk of Preference Share Issuer

Preference Share-Linked Notes are linked to the performance of the relevant preference shares issued by the Preference Share Issuer. Investors bear the Preference Share Issuer risk. The value of the Preference Share-Linked Notes is dependent not only on the value of the preference share, but also on the creditworthiness of the Preference Share Issuer, which may vary over the term of the Preference Share-Linked Notes. The Preference Share Issuer is not an operating company. Its sole business activity is the issue of redeemable preference shares. The Preference Share Issuer does not have any trading assets and does not generate any significant net income. As its funds are limited any misappropriation of funds or other fraudulent action by the Preference Share Issuer or person acting on its behalf would have a significant effect on the value of the preference shares and will affect the value of the Preference Share-Linked Notes. If the Preference Share Issuer becomes insolvent there could be a risk that the Preference Shares are redeemed worthless and therefore the value of the Notes would become zero as well. In such worst case scenario investors would lose all of their invested amount.

Potential conflicts of interest

The Issuer and/or affiliates of the Issuer (including HSBC Continental Europe), the calculation agent in respect of the Preference Shares) may from time to time: (i) advise or engage in business with the issuers of or obligors in respect of a Preference Share Underlying, Preference Share Underlying Components or the component shares of any Preference Share Underlying or Preference Share Underlying Component which is an equity index regarding transactions to be entered into by them; (ii) engage in transactions involving a Preference Share Underlying, Preference Share Underlying Components or the component shares of any Preference Share Underlying or Preference Share Underlying Component which is an equity index for their proprietary accounts, for other accounts under their management or to facilitate client orders; (iii) carry out hedging activities related to the Preference Share-Linked Notes by purchasing or entering into derivative transactions relating to the Preference Share Underlying, Preference Share Underlying

Part A – Information Relating to the Programme Generally – Risk Factors

Components or the component shares of any Preference Share Underlying or Preference Share Underlying Component which is an equity index; (iv) publish research reports relating to a Preference Share Underlying, certain Preference Share Underlying Components or the component shares of any Preference Share Underlying or Preference Share Underlying Component which is an equity index; or (v) acquire non-public information about a Preference Share Underlying, Preference Share Underlying Component or the component shares of any Preference Share Underlying or Preference Share Underlying Component which is an equity index. Any such activity by the Issuer or its affiliates (as applicable) may have a negative effect on the value of such Preference Share Underlying, Preference Share Underlying Components and therefore on the value of any Preference Share-Linked Notes to which they relate.

In addition, the conditions of the Preference Shares may provide for (a) the early redemption of the Preference Shares, and/or (b) a lesser amount being payable in respect of the Preference Shares, if the value of the Preference Share Underlying or a Preference Share Underlying Component exceeds, falls below, is equal to or does not stay within pre-determined reference levels ("**Threshold Events**") resulting in the Preference Share-Linked Notes also being redeemed early or a lesser amount being payable in respect of the Preference Share-Linked Notes, as the case may be. The activities described in the preceding paragraph may cause such Threshold Events to be triggered, which could potentially have a negative impact on the value of any Preference Share-Linked Notes to which they relate and Noteholders may suffer a loss of some or all of their investment and will forego any future appreciation in the relevant Preference Share Underlying or Preference Share Underlying Component that may occur following such redemption.

Certain affiliates of the Issuer or the Issuer itself may: (i) be the counterparty to the hedge of the Issuer's obligations under an issue of the Preference Share-Linked Notes; (ii) be the Calculation Agent responsible for making determinations and calculations in connection with the Preference Share-Linked Notes; or (iii) publish research reports which express opinions or provide recommendations that are inconsistent with purchasing or holding the Preference Share-Linked Notes referencing the Preference Share Underlying or Preference Share Underlying Components. Accordingly, there is a risk that certain conflicts of interest may arise both among the Issuer or these affiliates and between the interests of the Issuer or these affiliates and the interests of Noteholders.

Furthermore, HSBC Bank plc is the Issuer and HSBC Bank plc or HSBC Continental Europe is the Calculation Agent in respect of Preference Share Linked Notes and HSBC Continental Europe also acts as calculation agent in respect of the Preference Shares (the "**Preference Share Calculation Agent**"). HSBC Bank plc and HSBC Continental Europe are both members of the HSBC group of companies. As a result of this relationship, potential conflicts of interest may arise for HSBC Bank plc and HSBC Continental Europe in acting in their respective capacities. Subject to any relevant regulatory obligations, the Issuer and the Preference Share Calculation Agent owe no duty or responsibility to any Noteholder to avoid any conflict or to act in the interests of any Noteholder.

The Preference Share Issuer may also rely on other HSBC entities (including the Preference Share Calculation Agent) or other service providers to perform its operational requirements. In the event any relevant HSBC entities or other service providers fail to perform any obligations, this may adversely affect the value of the Preference Shares and potentially the amounts payable under the Notes.

In addition to providing calculation agency services to the Preference Share Issuer, HSBC Continental Europe or any of its affiliates may perform further or alternative roles relating to the Preference Share Issuer and any series of Preference Shares including, but not limited to, being involved in arrangements relating to any Preference Share Underlying or Preference Share Underlying Component (for example as a calculation agent). Further, HSBC Continental Europe or any of its affiliates (including HSBC Bank plc) may contract with the Preference Share Issuer and/or enter into transactions, including hedging transactions, which relate to the Preference Share Issuer, the Preference Shares or any Preference Share Underlying or Preference Share Underlying Component or component share of any Preference Share Underlying or Preference Share Underlying Component which is an equity index and, as a result, HSBC Continental Europe may face a conflict between its obligations as Preference Share Calculation Agent and its and/or its affiliates' interests in other capacities.

(11) Risks relating to Commodity/Commodity Index-Linked Notes and Warrants

Factors affecting the performance of both Commodities and Commodity Indices

Commodities comprise physical commodities, which need to be stored and transported, and commodity contracts, which are agreements either to buy or sell a set amount of a physical commodity at a predetermined price and delivery period (which is generally referred to as a delivery month), or to make and receive a cash payment based on changes in the price of the physical commodity.

Commodity contracts may be traded on regulated specialised futures exchanges (such as futures contracts) or may be traded directly between market participants "over-the-counter" (such as swaps and forward contracts) on trading facilities that are subject to lesser degrees of regulation or, in some cases, no substantive regulation.

The performance of commodity contracts are correlated with, but may be different to, the performance of physical commodities. Commodity contracts are normally traded at a discount or a premium to the spot prices of the physical commodity. The difference between the spot prices of the physical commodities and the futures prices of the commodity contracts, is, on one hand, due to adjusting the spot price by related expenses (warehousing, transport, insurance, etc.) and, on the other hand, due to different methods used to evaluate general factors affecting the spot and the futures markets. In addition, and depending on the commodity, there can be significant differences in the liquidity of the spot and the futures markets.

The performance of a commodity, and consequently the corresponding commodity contract, is dependent upon various factors, including supply and demand, liquidity, weather conditions and natural disasters, direct investment costs, location and changes in tax rates as set out in more detail below. Commodity prices are more volatile than other asset categories, making investments in commodities riskier and more complex than other investments.

- (i) *Supply and demand* - The planning and management of commodities supplies is very time consuming. This means that the scope for action on the supply side is limited and it is not always possible to adjust production swiftly to take account of demand. Demand can also vary on a regional basis. Transport costs for commodities in regions where these are needed also affect their prices. The fact that some commodities take a cyclical pattern, such as agricultural products which are only produced at certain times of the year, can also result in major price fluctuations.
- (ii) *Liquidity* - Not all commodities markets are liquid and able to quickly and adequately react to changes in supply and demand. The fact that there are only a few market participants in the commodities markets means that speculative investments can have negative consequences and may distort prices.
- (iii) *Weather conditions and natural disasters* - Unfavourable weather conditions can influence the supply of certain commodities for the entire year. This kind of supply crisis can lead to severe and unpredictable price fluctuations. Diseases and epidemics can also influence the prices of agricultural commodities.
- (iv) *Direct investment costs* - Direct investments in commodities involve storage, insurance and tax costs. Moreover, no interest or dividends are paid on commodities. The total returns from investments in commodities are therefore influenced by these factors.
- (v) *Governmental programmes and policies, national and international political, military and economic events and trading activities in commodities and related contracts* - Commodities are often produced in emerging market countries, with demand coming principally from industrialised nations. The political and economic situation is however far less stable in many emerging market countries than in the developed world. They are generally much more susceptible to the risks of rapid political change and economic setbacks. Political crises can affect purchaser confidence, which can as a consequence affect commodity prices. Armed conflicts can also impact on the supply and demand for certain commodities. It is also possible for industrialised nations to impose embargos on imports and exports of goods and services. This can directly and indirectly impact commodity prices. Furthermore, numerous commodity producers have joined forces to establish organisations or cartels in order to regulate supply and influence prices.

- (vi) *Changes in tax rates* - Changes in tax rates and customs duties may have a positive or a negative impact on the profitability margins of commodities producers. When these costs are passed on to purchasers, these changes will affect prices.

These factors may affect in varying ways the value of a Note or Warrant linked to a Commodity or a Commodity Index.

Factors affecting the performance of Commodity Indices

Commodity Indices track the performance of a synthetic production-weighted basket of commodity contracts on certain physical commodities. The level of a Commodity Index replicates an actual investment in commodity contracts, and therefore goes up or down depending on the overall performance of this weighted basket of commodity contracts. Although Commodity Indices track the performance of the commodity markets, in a manner generally similar to the way in which an index of equity securities tracks the performance of the share market, there are important differences between a commodity index and an equity index. First, an equity index typically weights the shares in the index based on market capitalisation, while the commodities included in a Commodity Index are typically, though not always, weighted based on their world production levels and the dollar value of those levels with the exception of any sub-index of a Commodity Index based upon such sub-index. Second, unlike shares, commodity contracts expire periodically and, in order to maintain an investment in commodity contracts, it is necessary to liquidate such commodity contracts before they expire and establish positions in longer-dated commodity contracts. This feature of a Commodity Index, which is discussed below – see the risk factor "*Exposure to "Rolling" and its impact on the performance of a Commodity Index*", has important implications for changes in the value of a Commodity Index. Finally, the performance of a Commodity Index is dependent upon the macroeconomic factors relating to the commodities that underpin the commodities contracts included in such Commodity Index, such as supply and demand, liquidity, weather conditions and natural disasters, direct investment costs, location and changes in tax rates – see the risk factor, "*Factors affecting the performance of both Commodities and Commodity Indices*". The performance of commodity contracts in one sector may offset the performance of commodity contracts in another sector.

While holding an inventory of physical commodities may have certain economic benefits (for example, a refinery could use a reserve of crude oil for the continuation of its operations), it also poses administrative burdens and costs, including those arising from the need to store or transport physical commodities. These requirements and costs may prove unattractive to investors who are interested solely in the price movement of commodities. Commodity contracts permit an investor to obtain exposure to the prices of commodities without directly incurring these requirements and costs. However, an investor in commodity contracts, or in an index of commodity contracts, can be indirectly exposed to these costs, which may be reflected in the prices of the commodity contracts and therefore in the level of a Commodity Index. In addition, the fact that commodity contracts have publicly available prices allows calculation of an index based on these prices. The use of commodity contracts, therefore, allows the index sponsor, to separate the exposure to price changes from the ownership of the underlying physical commodity, and thus allow participation in the upside and downside movement of commodity prices independently of the physical commodity itself.

Exposure to risk that if the price of the underlying physical commodities increases, the level of the Commodity Index will not necessarily also increase

If the price of the underlying physical commodities increases, the level of the Commodity Index will not necessarily also increase, for two reasons. The redemption amount payable on Notes or the settlement amount of the Warrants that reference a Commodity Index is linked to the performance of such Commodity Index, which in turn tracks the performance of the basket of commodity contracts included in such Commodity Index, rather than individual physical commodities themselves. Changes in the prices of commodity contracts should generally track changes in the prices of the underlying physical commodities, but, as described above, the prices of commodity contracts might from time to time move in ways or to an extent that differ from movements in physical commodity prices. Therefore, the prices of a particular commodity may go up but the level of the Commodity Index may not change in the same way. Second, because commodity contracts have expiration dates – i.e. dates upon which trading of the commodity contract ceases, there are certain adjustments that need to be made to the Commodity Index, in order to retain an investment position in the commodity contracts. These adjustments, which are described below and primarily include the mechanic of "rolling" may have a positive or negative effect on the level of the Commodity Index. This feature of a Commodity Index is discussed below – see the risk factor "*Exposure to "Rolling" and its impact on the performance of a Commodity Index*". As a result, these adjustments may,

in certain instances, cause a discrepancy between the performance of the Commodity Index, and the performance of the commodity contracts underlying such Commodity Index. Accordingly, purchasers of Notes or Warrants that reference Commodity Indices may receive a lower payment upon redemption of such Notes or settlement of such Warrants than such purchaser would have received if he or she had invested directly in commodities underlying such Commodity Indices, or a Note whose redemption amount or Warrants whose settlement amount was based upon the spot price of physical commodities or commodity contracts that were scheduled to expire on the maturity date of the Notes or the expiry date of the Warrants.

Exposure to "Rolling" and its impact on the performance of a Commodity Index

(i) *"Rolling"*

Since any commodity contract has a predetermined expiration date on which trading of the commodity contract ceases, holding a commodity contract until expiration will result in delivery of the underlying physical commodity or the requirement to make or receive a cash settlement. **"Rolling"** the commodity contracts means that the commodity contracts that are nearing expiration (the **"near-dated commodity contracts"**) are sold before they expire and commodity contracts that have an expiration date further in the future (the **"longer-dated commodity contracts"**) are bought. This would allow an actual investor to maintain an investment position without receiving delivery of physical commodities or making or receiving a cash settlement. As Commodity Indices replicate an actual investment in commodity contracts, it takes into account the need to roll the commodity contracts included in such Commodity Index. Specifically, as a near-dated commodity contract approaches expiration, the Commodity Index is calculated as if the near-dated commodity contract is sold and the proceeds of that sale are used to purchase a longer-dated commodity contract of equivalent value in the delivery month applicable for such commodity contract included in such Commodity Index.

(ii) *"Backwardation"*

When the price of the near-dated commodity contract is greater than the price of the longer-dated commodity contract, the market for such contracts is referred to as in *"backwardation"*. If the rolling process occurs when the price of a commodity contract is in backwardation, this results in a greater quantity of the longer-dated commodity contract being acquired for the same value. Rolling contracts in a backwardated market can (putting aside other considerations) create a "roll yield".

(iii) *"Contango"*

When the price of the near-dated commodity contract is lower than the price of the longer-dated commodity contract, the market for such contracts is referred to as in *"contango"*. If the rolling process occurs when the price of a commodity contract is in contango, this results in a smaller quantity of the longer-dated commodity contract being acquired for the same value. Rolling contracts in a contango market can (putting aside other considerations) result in negative "roll yields" which could adversely affect the level of a Commodity Index tied to that contract.

(iv) *"Rolling" can affect a Commodity Index in two ways.*

Firstly, if the Commodity Index, synthetically owns more commodity contracts as a result of the rolling process, albeit at a lower price (backwardation), the gain or loss on the new positions for a given movement in the prices of the commodity contracts will be greater than if the Commodity Index, had owned the same number of commodity contracts as before the rolling process. Conversely, if the Commodity Index, synthetically owns fewer commodity contracts as a result of the rolling process, albeit at a higher price (contango), the gain or loss on the new positions for a given movement in the prices of the commodity contracts will be less than if the Commodity Index, had owned the same number of commodity contracts as before the rolling process. These differentials in the quantities of contracts sold and purchased may have a positive or negative effect on the level of the Commodity Index (measured on the basis of its dollar value).

Secondly, in a contango market, and in the absence of significant market changes, the prices of the longer-dated commodity contracts which the Commodity Index, synthetically buys and holds are expected to, but may not, decrease over time as they near expiry. The expected decrease in price

of these longer-dated commodity contracts as they near expiry can potentially cause the level of the Commodity Index, to decrease. Conversely, in a backwardated market, and in the absence of significant market changes, the prices of the longer-dated commodity contracts are expected to, but may not, increase over time as they near expiry. The expected increase in price of these longer-dated commodity contracts as they near expiry can potentially cause the level of the Commodity Index to increase.

- (v) *The effects of "Rolling" may be mitigated.*

The trend in prices of the commodity contracts may mitigate the effects of rolling. Also, as the Commodity Index includes many different types of commodity contracts, each of those commodity contracts may be in a different type of market, either backwardation or contango, and therefore may offset any losses and gains attributable to rolling.

Market Disruption Events relating to Commodity/Commodity Index-Linked Notes and Warrants

If a Market Disruption Event occurs then:

- (i) the Calculation Agent will determine if such event has a material effect on the Notes and Warrants and, if so, will calculate the relevant Interest Amount and/or make another relevant calculation using, in lieu of a published price for the relevant Commodity or Commodity Index, the price for that Commodity or Commodity Index as at the time specified on the relevant Pricing Date, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity or Commodity Index and any other information that in good faith it deems relevant; or
- (ii) unless Delayed Redemption on the Occurrence of a Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, on giving notice to holders, the Issuer will redeem, the Notes or terminate the Warrants, and pay in respect of each Note or Warrant an amount equal to the fair market value of such Notes or Warrants less any Associated Hedging Costs, all as determined by the Calculation Agent; or
- (iii) where Delayed Redemption on the Occurrence of a Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, the Calculation Agent will calculate the fair market value of each Note or Warrant, taking into account the Market Disruption Event less any Associated Hedging Costs (the "**Calculated Market Disruption Amount**") as soon as practicable following the occurrence of the Market Disruption Event (the "**Calculated Market Disruption Amount Determination Date**") and, on the Maturity Date or Expiry Date (as applicable), shall redeem each Note or terminate the Warrants at an amount calculated by the Calculation Agent equal to the Calculated Market Disruption Amount plus interest accrued (if any) from and including the Calculated Additional Market Disruption Amount Determination Date to but excluding the Maturity Date or Expiry Date (as applicable) at a rate equal to Issuer's funding cost at such time. Consequently the occurrence of a Market Disruption Event in relation to a Commodity or Commodity Index may have an adverse effect on the value or liquidity of the Notes and Warrants.

Additional Factors Relating to Market Disruption Events

If an issue of Notes and Warrants includes provisions dealing with the occurrence of a Market Disruption Event on a Pricing Date or any other relevant date and the Calculation Agent determines that a Market Disruption Event has occurred or exists on such Pricing Date or any other relevant date, any consequential postponement of the Pricing Date or any other relevant date or any alternative provisions for valuation provided in any Notes and Warrants may have an adverse effect on the value and liquidity of such Notes and Warrants. The occurrence of such a Market Disruption Event to any Commodity or Commodity Index comprising a basket may also have such an adverse effect on Notes and Warrants related to such basket.

(12) Risks relating to Interest Rate-Linked Notes and Warrants and Inflation Rate-Linked Notes and Warrants

Volatility

Interest rates and inflation rates may be volatile and unpredictable. Investors should be aware of the possibility of significant changes in interest rates and inflation rates resulting in a decrease in the value of

interest payments and/or the principal payable on the Notes at redemption or Warrants at expiry or exercise. As a consequence the market value of the Notes or Warrants may also fall.

Interest income risk

In relation to certain types of Interest Rate-Linked Notes and Warrants and Inflation Rate-Linked Notes and Warrants, interest only accrues on days on which the interest related Reference Asset fixes within a predetermined range set out in the Pricing Supplement. If the interest-related Reference Asset does not fix within such range on one or more days during the term of the Notes or Warrants, then the return on the Notes or Warrants may be lower than traditional fixed rate securities, or even zero. Holders should note that no interest accrues on days when the interest-related Reference Asset fixes outside of the range.

Specific risks relating to Inflation Rate-Linked Notes and Warrants

Where Notes or Warrants reference an inflation index, the Notes or Warrants will be exposed to the performance of such inflation index which may be subject to fluctuations that may not correlate with changes in interest rates, currencies or other indices and may not correlate with the rate of inflation experienced in the jurisdiction of the Noteholders or Warrantholders. Any payments made under the Notes or Warrants may be based on a calculation made by reference to an inflation index for a month which is several months prior to the date of payment and therefore could be substantially different from the level of inflation at the time of payment on the Notes or Warrants.

Broadly speaking, in an inflationary environment amounts payable will be adjusted up and in a deflationary environment amounts payable will be adjusted down. In a deflationary environment, the amount of interest payable (if applicable) might be lower than the fixed rate that would have been applicable before such adjustment and the redemption amount or the amount payable in respect of expiry or exercise may be reduced.

Alternative valuation following disruption events in respect of inflation indices

Upon the occurrence of certain events in relation to an inflation index, for example the level of the inflation index has not been published or the inflation index is discontinued or is rebased or materially modified – then, depending on the particular event, the Issuer or Calculation Agent may:

- determine the level of the inflation index;
- determine a successor to the original inflation index;
- make changes to the level of the rebased index; or
- make adjustments to the inflation index and/or the terms of the Notes or Warrants by reference to equivalent adjustments made in respect of the Related Bond specified in the terms and conditions of the Notes or Warrants or the Fallback Bond selected by the Calculation Agent.

Any such event or determination may have an adverse effect on the value of the Notes or Warrants.

If the inflation index is rebased or materially modified, and no action is taken in respect of the Related Bond or Fallback Bond, the Calculation Agent may make changes to the level of the rebased index or make adjustments to the inflation index and/or the terms of the Notes or Warrants. Such consequential action by the Calculation Agent may have a negative effect on the value of the Notes or Warrants.

If, on any day on which a valuation is to be made, the level of the inflation index has not been published, and no action to determine a substitute level of the inflation index has been taken in respect of the Related Bond or Fallback Bond, the Calculation Agent shall determine a substitute level of the inflation index calculated by reference to the latest published level of the inflation index, and such level may differ from the index level (if any) published or announced after the relevant valuation date. Such event may have an effect on the valuation of the Notes or Warrants and on the interest (if applicable) and/or the amounts payable in respect of redemption, expiry or exercise. If an inflation index has been discontinued and no successor index has been determined in respect of the Related Bond or Fallback Bond, but the sponsor of the inflation index has specified a replacement inflation index, the Calculation Agent may specify such replacement inflation index to be the Successor Index in respect of the Notes or Warrants. Failing that, the Calculation Agent will determine an appropriate alternative index, and such index will be deemed a

"Successor Index". Such events may have an effect on the valuation of the Notes or Warrants and on the interest (if applicable) and/or the amounts payable in respect of redemption, expiry or exercise.

Early redemption or termination of the Notes or Warrants and reinvestment risk following such early redemption or termination

If the Calculation Agent determines that an inflation index has been discontinued and there is no appropriate alternative successor index, the Calculation Agent may redeem the Notes or terminate the Warrants prior to their scheduled redemption date or expiry date (as applicable) in accordance with the terms and conditions of the Notes or Warrants.

(13) Risks relating to Currency-Linked Notes and Warrants

Volatility of exchange rates

Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between the Specified Currency and Reference Currencies, the Denomination Currency and the Settlement Currency and the Settlement Currency and Alternative Payment Currency (as applicable) may result in a decrease in the value of interest payments and/or the principal payable on the Notes at maturity or early redemption or the payments on Warrants at expiry or exercise. As a consequence, the market value of the Notes or Warrants may also fall.

FX Disruption Event

Investors in the Notes or Warrants should be aware that, following the occurrence of a FX Disruption Event (as defined in the Conditions) the Issuer may elect (a) to redeem the Notes or terminate the Warrants (as applicable) against payment of the Early Redemption Amount, which (in the case of Warrants and Notes other than Alternative General Conditions Notes) may be an amount determined by the Calculation Agent to be the fair market value of the Notes or Warrants less the cost to the Issuer of unwinding any underlying and/or related hedging and/or funding arrangements and in any case, such amount may be less than any amount received at maturity or expiry or exercise and may result in a loss to the investors or (b) (i) (in the case of Warrants and Notes other than Alternative General Conditions Notes) instruct the Calculation Agent to make such adjustments to the Conditions of the Notes or Warrants as it determines to be necessary or desirable to reflect any market practice which develops in respect of the FX Disruption Event or (ii) (in the case of Alternative General Conditions Notes) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event.

If, by reason of an FX Disruption Event, the Issuer is unable to settle payments under the Notes or Warrants in the Settlement Currency the Issuer may settle payments by payment of the Alternative Payment Currency Equivalent (which will be an amount in USD or such other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement). Also, if the Notes are redeemed early or the Warrants are terminated early, investors will forego any future performance in the underlying currency.

Notes linked to an index, formula or other underlying and multi-currency and Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). Prospective investors should be aware that:

- (i) the market price of such Notes may be very volatile;
- (ii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iii) they may lose all or a substantial portion of their principal and/or interest payments;
- (iv) the relevant currencies may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices; and

- (v) the timing of changes in a relevant currency may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the relevant currency, the greater the effect on yield.

(14) Risks relating to Credit-Linked Warrants to which Part F – Product Supplement for Credit-Linked Warrants applies

General

The Issuer may issue Warrants where the amount (if any) payable on exercise is dependent upon whether certain events ("**Credit Events**") are determined (by an ISDA Credit Derivatives Determinations Committee or the Calculation Agent) to have occurred in respect of one or more entities (together "**Reference Entities**" and each a "**Reference Entity**") and, if so, on the value of certain specified assets of such Reference Entity(ies). In this respect the Warrants provide investors with a return linked to the credit of the Reference Entity or Reference Entities, as well as the credit risk of the Issuer in performing its obligations under the Warrants.

An investor's exposure to the credit of the Reference Entity(ies) shall be, unless otherwise stated in the relevant Pricing Supplement, to the full extent of their investment in the Warrants and will not provide protection of investment. *The terms of the Warrants are designed to reflect the credit exposure of a buyer of credit protection in respect of each Reference Entity and accordingly in certain circumstances (including if during the life of the Warrants no Credit Event occurs or if the Cash Settlement Amount in respect of any Credit Event is zero) the Warrants may expire worthless.*

Prospective investors in any Warrants should be aware that (i) they will receive no return by way of interest or other periodic payments, (ii) payment of any cash amount due on exercise of their Warrants may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. It is the responsibility of investors to ensure that their accounting, regulatory and all other treatments of the Warrants are consistent with the conditional nature of their entitlement to receive payments under the Warrants.

The market price of the Warrants may be volatile and will be affected by factors that interrelate in complex ways, including amongst other things, the Issuer's creditworthiness, the time remaining to final expiration of the Warrants and the creditworthiness of the Reference Entity, which in turn may be affected by the economic, financial and political events in one or more jurisdictions. It is important for investors to understand that the effect of one factor may offset the increase in the market price of the Warrants caused by another factor, and that the effect of one factor may exacerbate the decrease in the market price of the Warrants caused by another factor. For example, an increase in the creditworthiness of a Reference Entity may more than offset any increase in the Issuer's creditworthiness. The market price of the Warrants may be zero.

The Additional Terms and Conditions relating to Credit-Linked Warrants in Part F of this Offering Memorandum contains Additional Terms and Conditions for Credit Linked Warrants with terms based on the 2014 ISDA Credit Derivatives Definitions (the "**2014 ISDA Definitions**"). The 2014 ISDA Definitions are different from the 2003 ISDA Credit Derivatives Definitions (as supplemented) (the "**2003 ISDA Definitions**") (see further "*Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions*" below).

Any references in this sub-section (10) to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto. The Calculation Agent may make such adjustments to the Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for any other entity so succeeding to or performing functions previously undertaken by ISDA.

The Calculation Agent may exercise its right to deliver a Credit Event Notice even if the relevant Credit Event is no longer continuing and Warrantholders will have no right to compel the exercise of this right or to control the timing of a Credit Event Determination Date. Notwithstanding this, in most cases a Credit Event can only be triggered (whether by a Credit Derivatives Determinations Committee determination or the Calculation Agent) if the relevant event occurred within a 60 calendar day look-back period. These provisions mean that there is a time limit on the ability to act on a Credit Event.

In the event that a Credit Event occurs but the Calculation Agent does not exercise its discretion to deliver the notices which result in a Credit Event Determination Date and a Credit Event Determination Date does not otherwise arise as a result of a Credit Derivatives Determinations Committee determination, no amounts will be payable under the Warrants in respect of that Credit Event. In such circumstances investors in Warrants linked to a basket of Reference Entities will lose that portion of their investment exposed to the relevant Reference Entity and investors in Warrants linked to a single Reference Entity will lose their entire investment and their Warrants will expire worthless.

The Calculation Agent is the Issuer and accordingly conflicts of interest arise with respect to the exercise of such discretion – see also "Conflicts of Interest" below.

Not all Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. Under the terms of the Warrants, subject to certain Credit Derivatives Determinations Committee determinations, the Calculation Agent's determination will be binding on the Issuer and Warrantheolders and may be different from the view of Warrantheolders, other financial institutions and/or commentators.

The Issuer may determine that certain terms of the Warrants (for example the applicable Credit Events, Deliverable Obligations and Obligations) be those set in the Credit Derivatives Physical Settlement Matrix for the Transaction Type(s) specified in the Pricing Supplement for the Reference Entity(ies), rather than being specified in the Pricing Supplement. The Physical Settlement Matrix sets out a number of terms which, depending on the Transaction Type specified, will apply to standard credit derivatives transactions if incorporated into the documentation for those transactions and is published by ISDA on its website at www.isda.org (or any successor website thereto). If applicable to the Warrants, the version of the Physical Settlement Matrix which will apply will be that dated the date specified in the relevant Pricing Supplement.

Settlement on a Credit Event and Credit Event Determination Date

If a Credit Event occurs the value of obligations of the relevant Reference Entity, which will affect the Cash Settlement Amount (if any) due on the related exercise of the Warrants if a Credit Event Determination Date occurs, may fluctuate during the period between the Credit Event Determination Date and settlement of the Warrants.

Any Cash Settlement Amount will be calculated by reference to (amongst other things) the "Auction Final Price" determined pursuant to an ISDA auction relating to obligations of the relevant Reference Entity of appropriate seniority (see further "*Risks relating to Auction Settlement of Credit Linked Warrants*" below) or, depending upon the circumstances, the value (described as the "**Final Price**") of one or more Valuation Obligations of the relevant Reference Entity. In such circumstances the Issuer will select the Valuation Obligations in its sole and absolute discretion irrespective of their market value or liquidity and will not be obliged to consider the interests of Warrantheolders or any recovery of their investment and/or increase of their return.

If a Credit Event and Credit Event Determination Date occur but the Cash Settlement Amount is zero, no payment will be due from the Issuer to Warrantheolders on the related exercise of the Warrants. In such circumstances investors in Warrants linked to a basket of Reference Entities will lose that portion of their investment exposed to the relevant Reference Entity and investors in Warrants linked to a single Reference Entity will lose their entire investment and their Warrants will expire worthless.

Investors in the Warrants are accordingly exposed to the credit risk of the Reference Entity(ies). If a Credit Event Determination Date occurs, investors' exposure to the credit performance of the Reference Entity(ies) may not correspond to actual market losses on any such Reference Entity. The maximum loss to an investor in the Warrants is 100 per cent. of their initial investment.

Credit Deterioration Requirement

Investors should note that a deterioration in the creditworthiness or financial condition of a Reference Entity will be required for the purposes of determining a Failure to Pay Credit Event if "2019 Narrowly Tailored Credit Event Provisions" and "Credit Deterioration Requirement" are each specified as applicable in respect of such Reference Entity in the relevant Pricing Supplement.

Additional risks associated with Basket Credit Linked Warrants

If a Credit Event Determination Date occurs in respect of a Reference Entity for Warrants for which "Unwind Costs" are specified as applicable in the relevant Pricing Supplement and the hedging costs arising in relation to the Issuer's and/or any of its affiliates' hedging arrangements in connection with the related exercise and settlement of the Warrants exceed the losses in connection with such Credit Event (being the Reference Entity Notional Amount, reflecting the Warrants' exposure to the relevant Reference Entity, multiplied by one minus the Auction Final Price or the Final Price, as applicable), such shortfall (and any such shortfalls in respect of any other Credit Event Determination Dates) will be deducted in the calculation of any Cash Settlement Amounts in respect of any future Credit Event Determination Dates until met. Therefore investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire amount invested.

Successors

A Reference Entity may be replaced as Reference Entity by one or more Successor(s). For these purposes the relevant Succession Date must occur within a 90 calendar day look-back period, other than in the case of a universal succession, where the Succession Date must have occurred on or after 1 January 2014. These provisions mean that there is a time limit on the ability to act on a succession and that it is possible that the Warrants could be affected by a succession that took place prior to the Trade Date.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment.

In addition, where more than one Successor to a Reference Entity has been identified the Calculation Agent shall adjust such of Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the relevant Reference Entity Notional Amount and (if applicable) the relevant Transaction Type) to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment.

Index Basket Credit Linked Warrants

For Index Basket Credit Linked Warrants, the Reference Obligations as of the issue date of the Warrants will be those set out in each relevant Index Annex, being the list for each relevant iTraxx® Index (in the case of Warrants linked to one or more iTraxx Indices) and/or each relevant Markit CDX™ Index (in the case of Warrants linked to one or more CDX Indices) with the relevant Annex Date specified in the relevant Pricing Supplement, as published by the relevant Index Publisher, being Markit Group Limited as of the date of this Offering Memorandum. Notwithstanding "Successors" above, determinations by each relevant Index Sponsor (being Markit Indices Limited in the case of Warrants linked to one or more iTraxx Indices and Markit North America, Inc. in the case of Warrants linked to one or more CDX Indices, in each case as of the date of this Offering Memorandum) with respect to replacement Reference Obligations and/or Successors, will apply for the purposes of the Warrants. In addition, if a Credit Derivatives Determinations Committee Successor determination is publicly announced prior to the Trade Date but following the relevant "Roll Date" (in the case of Warrants linked to one or more iTraxx Indices) or "Effective Date" (in the case of Warrants linked to one or more CDX Indices) specified in an Index Annex, such Successor will apply for the purposes of the Warrants, notwithstanding such announcement occurring prior to the Trade Date.

Settlement suspension

The Credit Linked Conditions also provide that if, following the determination of a Credit Event Determination Date but prior to a cut-off date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may at its option determine that the applicable timing requirements of the Credit Linked Conditions and the definitions of Cash Settlement Payment Date and Valuation Date and any other Credit Linked Condition as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a "Suspension Period") until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal (with no action being taken in connection with the settlement of the Notes during such Suspension Period). At that point, the relevant timing

requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable from the perspective of the Issuer, the Calculation Agent or a hedging party (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by or on behalf of ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors and/or (ii) to reflect or account for market practice for credit derivative transactions and/or reflect hedging arrangements of the Issuer.

ISDA Credit Derivatives Definitions

Whilst there are many similarities between the terms used in this Offering Memorandum (in particular, in Part F in the Additional Terms and Conditions relating to Credit-Linked Warrants) and the terms used in the 2014 ISDA Definitions, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Warrants are as set out in the relevant sections of the Offering Memorandum and the relevant Pricing Supplement and that the 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit Linked Warrants is not necessarily equivalent to investing a credit default swap that incorporates the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit Linked Warrants are subject to further evolution. Past events have shown that the view of market participants may differ as to how sets of ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Warrants may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Warrants and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Warrant holders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior

Part A – Information Relating to the Programme Generally – Risk Factors

Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;

- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in the Additional Terms and Conditions relating to Credit-Linked Warrants in Part F of this Offering Memorandum, but in each case subject to important differences, including to reflect the nature of the Warrants as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Warrants and may mean the value of the Credit Linked Warrants and the return (if any) to investors is significantly different from credit-linked Warrants whose terms reflect the 2003 ISDA Definitions. Some changes may be disadvantageous to Warrantheolders and prospective investors should review carefully the terms of any issue of Warrants and, where in any doubt, take advice from suitably qualified professional advisers.

Risks relating to Auction Settlement of Credit Linked Warrants

Where an Auction Final Price Determination Date occurs in respect of Credit Linked Warrants, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published on <https://www.cdsdeterminationscommittees.org/> (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may vary from the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Warrantheolders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their affiliates) shall be under any obligation to consider the interests of any Warrantheolder.

No representation by Issuer, Calculation Agent and affiliates

None of the Issuer, the Calculation Agent nor any of their respective affiliates makes any representation whatsoever with respect to any Reference Entity, Reference Obligation(s) or other underlying obligation(s).

Dealings by Issuer, Calculation Agent and affiliates

The Issuer, the Calculation Agent and any of their respective affiliates may deal in Reference Obligation(s) or other underlying obligation(s) of any Reference Entity and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, any Reference Entity, any affiliate of any Reference Entity, and/or any other person or entity having obligations relating to any Reference Entity and may act with respect to such business in the same manner as each of them would if the Warrants had not been issued, regardless of the effect any such action might have on any Reference Entity, Reference Obligation(s) or other underlying obligation(s) or the Warrantheolders or otherwise (including, without limitation, any action which might reduce the likelihood of a Credit Event occurring).

No disclosure of information

The Issuer, the Calculation Agent and any of their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the issue date of any Warrants or at any time thereafter, be in possession of information in relation to any Reference Entity, Reference Obligation(s) or other underlying obligation(s) thereof that is or may be material in the context of the issue of Warrants and that may or may not be publicly available or known to Warrantheolders. There is no obligation on the part of the Issuer, the Calculation Agent or any such affiliates to disclose to the Warrantheolders any such relationship or information (whether or not confidential).

Conflicts of interest

HSBC Bank plc as Calculation Agent or Issuer will be entitled to make certain determinations and actions and exercise certain discretions under the Credit Linked Conditions including (*inter alia*) as to whether an event constituting a Credit Event has occurred and, in connection with certain types of Restructuring Credit Event, whether to partially exercise the Warrants and in certain circumstances as to the exercise of the Movement Option (which will determine whether an Auction Final Price determined according to an auction procedure set out in Transaction Auction Settlement Terms for which the permitted obligations differ from those otherwise contemplated under the Warrants (and if applicable the relevant Transaction Auction Settlement Terms), or a Final Price, is used in the calculation of the Cash Settlement Amount), any of which may affect whether there are any payment(s) under the Warrants and the level of any such payment. A number of these determinations, discretions and actions are those which would typically be exercisable under market standard credit default swap transactions by the buyer of credit protection, which in the case of the Warrants, is the position of the Warrantheolders. HSBC Bank plc may also be a Quotation Dealer from which the Calculation Agent may request quotations for the purposes of determining a Final Price, which may affect the level of any Cash Settlement Amount payable under the Warrants. As a result, conflicts of interest exist between HSBC Bank plc and the Warrantheolders. In its capacity as Calculation Agent or Issuer, HSBC Bank plc does not act as fiduciary for or as an adviser to any of the Warrantheolders in respect of any such or otherwise.

No post-issuance information

The Issuer will not provide investors with any post-issuance information regarding any Reference Entity, Reference Obligation(s) or other underlying obligation(s). In addition, prospective investors should understand that historical performance of a Reference Entity, Reference Obligation or other underlying obligation should not be viewed as predictive of future results.

Currency risk

Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between (i) the Settlement Currency, (ii) the currency of any relevant underlying obligation(s) of a Reference Entity and (iii) the relevant local currency of the investor's domicile.

Loss of Issue Price

The issue price of the Warrants will reflect the present value of the cost of purchasing credit protection on the relevant Reference Entity(ies) for a term up to the Scheduled Cut-off Date. If the Warrants are terminated early (for example for an illegality or, in the case of Reference Obligation Only Warrants, following a Substitution Event) or a Credit Event Determination Date occurs in respect of a Reference

Entity prior to the Scheduled Cut-off Date, no amounts will be payable to investors in respect of such issue price on such termination or on settlement following the relevant Credit Event Determination Date.

(15) **Risks relating to Credit-Linked Notes to which Part G – Product Supplement Credit-Linked Notes applies**

General

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more entities (together "**Reference Entities**" and each, a "**Reference Entity**") and, if so, unless the Notes are "zero recovery" or "fixed recovery" Notes on the value of certain specified assets of such Reference Entity(ies) or, where, if such events have occurred, the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes. In this respect, the Notes provide investors with a return linked to the credit of the Reference Entity or Reference Entities, as well as the credit risk of the Issuer in performing its obligations under the Notes, and will not provide protection of principal or a guarantee of interest.

Prospective investors in any such Notes should be aware that depending on the terms of the Credit-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, and (iii) they may lose all or a substantial portion of their investment. It is the responsibility of investors to ensure that their accounting, regulatory and all other treatments of the Notes are consistent with the conditional nature of their entitlement to receive payments under the Notes.

The market price of such Notes may be volatile and will be affected by factors that interrelate in complex ways, including amongst other things, the Issuer's creditworthiness, the time remaining to the redemption date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions. It is important for investors to understand that the effect of one factor may offset the increase in the market price of the Notes caused by another factor, and that the effect of one factor may exacerbate the decrease in the market price of the Notes caused by another factor. For example, a drop in the creditworthiness of a Reference Entity may more than offset any increase in the Issuer's creditworthiness. The market price of the Notes may be zero.

The Additional Terms and Conditions relating to Credit Linked Notes in Part G of this Offering Memorandum contains Additional Terms and Conditions for Credit-Linked Notes with terms based on the 2014 ISDA Credit Derivatives Definitions (the "**2014 ISDA Definitions**"). The 2014 ISDA Definitions are different from the 2003 ISDA Credit Derivatives Definitions (as supplemented) (the "**2003 ISDA Definitions**") (see further "*Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions*" below).

Any references in this sub-section (11) to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto. The Calculation Agent may make such adjustments to the Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for any other entity so succeeding to or performing functions previously undertaken by ISDA.

The Issuer's obligations in respect of Credit-Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of Credit-Linked Notes will be exposed to the credit of one or more Reference Entities, which exposure shall be, unless otherwise stated in the relevant Pricing Supplement or the Notes are "fixed recovery" Notes, to the full extent of their investment in such Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for reasons unrelated to such Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations

of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

The Calculation Agent may exercise its right to deliver a Credit Event Notice even if the relevant Credit Event is no longer continuing and Noteholders will have no right to compel the exercise of this right or to control the timing of a Credit Event Determination Date. Notwithstanding this, in most cases a Credit Event can only be triggered (whether by a Credit Derivatives Determinations Committee determination or the Calculation Agent) if the relevant event occurred within a 60 calendar day look-back period. These provisions mean that there is a time limit on the ability to act on a Credit Event and that it is possible that the Notes could be affected by a Credit Event that took place prior to the Trade Date.

Not all of the Credit Events require an actual default with respect to the Reference Entity's obligations. Thus Noteholders may bear losses based on a deterioration in the credit of a Reference Entity short of default. Also, not all Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event. Under the terms of the Notes, subject to certain Credit Derivatives Determinations Committee determinations, the Calculation Agent's determination will be binding on the Issuer and Noteholders and may be different from the view of Noteholders, other financial institutions and/or commentators.

The Issuer may determine that certain terms of the Notes (for example the applicable Credit Events, Deliverable Obligations and Obligations) be those set in the Credit Derivatives Physical Settlement Matrix ("**Physical Settlement Matrix**") for the Transaction Type(s) specified in the Pricing Supplement for the Reference Entity(ies), rather than being specified in the Pricing Supplement. The Physical Settlement Matrix sets out a number of terms which, depending on the Transaction Type specified, will apply to standard credit derivatives transactions if incorporated into the documentation for those transactions and is published by ISDA on its website at www.isda.org (or any successor website thereto). If applicable to the Notes, the version of the Physical Settlement Matrix which will apply will be that dated the date specified in the relevant Pricing Supplement.

Redemption following a Credit Event

Where cash settlement (other than for "fixed recovery" Notes) or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero, and interest-bearing Credit-Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. The value of obligations of the relevant Reference Entity which will affect the amount (if any) due on such redemption may substantially decrease in value during the period between the Credit Event and settlement of the Notes.

In such circumstances, where cash settlement applies and the amount (if any) due on redemption of the Notes is to be calculated by reference to the value of one or more Valuation Obligations of the relevant Reference Entity, the Issuer will select the relevant Valuation Obligations in its sole and absolute discretion irrespective of their market value or liquidity and will not be obliged to consider the interests of Noteholders or mitigate their losses.

Where physical settlement is intended to apply, unless the Issuer does not deliver a Notice of Physical Settlement following the occurrence of a Credit Event because it determines that it would not have any relevant assets to deliver or that all of the relevant assets would be impossible, illegal or impractical to deliver (in which case auction or cash settlement will apply as above), the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in the redemption of the Notes by delivery of certain direct or indirect obligations of the affected Reference Entity and/or obligations received under certain transactions which may be entered into by the Issuer and/or its affiliates in connection with the Issuer's obligations under the Notes, which obligations are likely to have a market value which is substantially less than their par amount (and may substantially decrease in value during the period between the Credit Event and settlement of the Notes), and interest-bearing Credit-Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. Where the Notes provide for physical settlement and the Issuer delivers a Notice of Physical Settlement, the Calculation Agent may nonetheless determine that the specified assets to be delivered are either (a) assets which, for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans), are impossible, illegal or impractical to deliver on the specified settlement date, or (b) assets which the Issuer and/or any affiliate has not received under the terms of any transaction entered into by the

Issuer and/or such affiliate in connection with the Issuer's obligations under the Notes. Any such determination may delay settlement in respect of the Notes (in the case of paragraph (b)) and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount (if any) which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. In this respect investors should note that neither the Issuer nor its affiliates are under any obligation to acquire any assets for delivery under the Notes and if no such assets are held for these purposes the Notes will be redeemed by payment of a cash amount (if any). Prospective investors should review the "*Additional Terms and Conditions relating to Credit-Linked Notes*" and the relevant Pricing Supplement to ascertain whether and how such provisions should apply to the Notes.

Where cash settlement applies and the Notes are "fixed recovery" Notes, the occurrence of a Credit Event in relation to any Reference Entity from time to time will result in a redemption of the Notes at an amount less than the nominal amount or at zero, and interest-bearing Credit-Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance. The amount payable on redemption will be dependent upon the fixed Final Price specified in the relevant Pricing Supplement. In such circumstances, if that fixed Final Price is lower than the price that could have been determined pursuant to the auction (as described under "*Risks relating to Auction Settlement of Credit-Linked Notes*" below) or on valuation of the Valuation Obligation(s), as applicable, had auction settlement or cash settlement as described above have applied to the Notes, the redemption amount will be lower than would otherwise have been the case.

Where the Notes are "zero recovery" Notes, the occurrence of a Credit Event in relation to any Reference Entity from time to time will result in cancellation of the Notes at zero, with no amounts being payable under the Notes in this respect and interest-bearing Credit-Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance.

Investors in the Notes are accordingly exposed, as to both principal and (if applicable) interest, to the credit risk of the Reference Entity. The maximum loss to an investor in the Notes is 100 per cent. of their initial principal investment, together with (if applicable) any accrued interest amounts.

Credit Event Maturity Settlement Notes

Credit-Linked Notes in relation to which Credit Event Maturity Settlement is applicable will not as a result of the occurrence of a Credit Event redeem earlier than the Scheduled Maturity Date, notwithstanding that this may occur a significant time following the occurrence of the relevant Credit Event. Following the occurrence of a Credit Event investors may therefore not receive any interest on their investment for a substantial period of time (unless interest is specified to accrue up to the Scheduled Maturity Date for the Credit Linked Notes notwithstanding the occurrence of a Credit Event) and may miss the opportunity to invest the amount payable on redemption, that would otherwise have been received earlier, in other assets or investments.

A Credit Event may occur prior to the Trade Date

As mentioned above, holders of the Notes may suffer a loss of some or all principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their respective affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Credit Deterioration Requirement

Investors should note that a deterioration in the creditworthiness or financial condition of a Reference Entity will not be required for the purposes of determining a Failure to Pay Credit Event unless "2019 Narrowly Tailored Credit Event Provisions" and "Credit Deterioration Requirement" are each specified as applicable in respect of such Reference Entity in the relevant Pricing Supplement.

Increased credit risk is associated with Basket Credit-Linked Notes

Where the Notes are Basket Credit-Linked Notes, the Notes may be subject to redemption in part as described above upon the occurrence of a Credit Event in relation to each Reference Entity in respect of which a Credit Event occurs, on the basis of the proportional weighting of each such Reference Entity in the basket. The credit risk to Noteholders may further be increased as a result of the concentration of

Part A – Information Relating to the Programme Generally – Risk Factors

Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities.

Principal repayments on the Notes will and interest on the Notes may be calculated by reference to the Adjusted Credit Outstanding Nominal Amount. As at the Issue Date the Adjusted Credit Outstanding Nominal Amount is an amount equal to the Aggregate Principal Amount. If a Credit Event occurs in respect of a Reference Entity, then the Adjusted Credit Outstanding Nominal Amount will be reduced by (i) an amount equal to a predefined portion of the Aggregate Principal Amount (reflecting the Notes' exposure to such Reference Entity) and, if "Unwind Costs" are specified as applicable in the relevant Pricing Supplement, (ii) if the Notes are "zero recovery" Notes, the hedging costs arising in relation to the Issuer's and/or any of its affiliates' hedging arrangements in connection with the partial redemption of the Notes or, for any other types of Note, if such hedging costs exceed the relevant Recovery Value (if auction settlement or cash settlement applies) or the market value of the relevant Initial Deliverable Obligations (if physical settlement applies), such excess. Therefore, investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire principal amount invested.

Index Basket Credit Linked Notes

For Index Basket Credit Linked Notes, the Reference Obligations as of the issue date of the Notes will be those set out in each relevant Index Annex, being the list for the relevant Markit iTraxx® Index (in the case of Notes linked to one or more iTraxx Indices) or Markit CDX™ Index (in the case of Notes linked to one or more CDX Indices) with the relevant Annex Date specified in the relevant Pricing Supplement, as published by the relevant Index Publisher, being Markit Group Limited as of the date of this Offering Memorandum). Notwithstanding "*Successors*" below, determinations by each relevant Index Sponsor (being Markit Indices Limited in the case of Notes linked to one or more iTraxx Indices and Markit North America, Inc. in the case of linked to one or more CDX Indices, in each case as of the date of this Offering Memorandum) with respect to replacement Reference Obligations and/or Successors, will apply for the purposes of the Notes. In addition, if a Credit Derivatives Determinations Committee Successor determination is publicly announced prior to the Trade Date but following the relevant "Roll Date" (in the case of Notes linked to one or more iTraxx Indices) or "Effective Date" (in the case of linked to one or more CDX Indices) specified in an Index Annex, such Successor will apply for the purposes of the Notes, notwithstanding such announcement occurring prior to the Trade Date.

Successors

A Reference Entity may be replaced as Reference Entity by one or more Successor(s). For these purposes the relevant Succession Date must occur within a 90 calendar day look-back period, other than in the case of a universal succession, where the Succession Date must have occurred on or after 1 January 2014. These provisions mean that there is a time limit on the ability to act on a succession and that it is possible that the Notes could be affected by a succession that took place prior to the Trade Date.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment.

In addition, where more than one Successor to a Reference Entity has been identified the Calculation Agent shall adjust such of Conditions, the Credit Linked Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the relevant Reference Entity Notional Amount and (if applicable) the relevant Transaction Type) to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment.

Maturity Date extension, interest postponement and settlement suspension

Investors should note that the maturity of the Notes may be extended beyond the Scheduled Maturity Date in circumstances where a Credit Event may have occurred in relation to a Reference Entity or a Potential

Part A – Information Relating to the Programme Generally – Risk Factors

Credit Event has or may have occurred in relation to a Reference Entity. As a result, repayment to the Noteholders may be delayed for a significant period of time even in circumstances where it transpires no Credit Event has occurred. In addition, the maturity of the Notes may be extended and ongoing interest payments may be delayed if there is a pending Credit Derivatives Determinations Committee decision at the relevant time and ongoing interest payments may also be delayed in circumstances where a Potential Credit Event has occurred in relation to a Reference Entity at the relevant time.

The Credit Linked Conditions also provide that (other than in respect of "zero recovery" Notes) if, following the determination of a Credit Event Determination Date but prior to a cut-off date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may at its option determine that the applicable timing requirements of the Credit Linked Conditions and the definitions of Credit Event Redemption Date, Credit Event Payment Date, Valuation Date, Maturity Date, Physical Settlement Period and PSN Cut-off Date and any other Credit Linked Condition as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a "**Suspension Period**") until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal (with no action being taken in connection with the settlement of the Notes during such Suspension Period). At that point, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension, and (ii) determine the effective date of such adjustment(s) or determination(s).

Amendment of Credit Linked Conditions in accordance with market convention

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable from the perspective of the Issuer, the Calculation Agent or a hedging party (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by or on behalf of ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors, and/or (ii) to reflect or account for market practice for credit derivative transactions and/or reflect hedging arrangements of the Issuer.

ISDA Credit Derivatives Definitions

Whilst there are many similarities between the terms used in this Offering Memorandum (in particular, in Part G in the Additional Terms and Conditions relating to Credit-Linked Notes) and the terms used in the 2014 ISDA Definitions, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in the relevant sections of this Offering Memorandum and the relevant Pricing Supplement and that the 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit-Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit-Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how sets of ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit-Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit-Linked Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular, the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;
- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, i.e. a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in the Additional Terms and Conditions relating to Credit-Linked Notes in Part G of this Offering Memorandum, but in each case subject to important differences, including to reflect the nature of the Notes as compared to "over-the-counter" transactions and to reflect any hedging arrangements the Issuer may put in place. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit-Linked Notes and may mean the value of the Credit-Linked Notes and the return (if any) to investors is significantly different from credit-linked Notes whose terms reflect the 2003 ISDA Definitions. Some changes may be disadvantageous to Noteholders and prospective investors should review carefully the terms of any issue of Notes and, where in any doubt, take advice from suitably qualified professional advisers.

Risks relating to Auction Settlement of Credit-Linked Notes

Where an Auction Final Price Determination Date occurs in respect of Credit-Linked Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published on <https://www.cdsdeterminationscommittees.org> (or any successor website thereto) from time to time and may be amended from time-to-time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Noteholders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their affiliates) shall be under any obligation to consider the interests of any Noteholder.

No representation by Issuer, Calculation Agent and affiliates

None of the Issuer, the Calculation Agent nor any of their respective affiliates makes any representation whatsoever with respect to any Reference Entity, Reference Obligation(s) or other underlying obligation(s).

Dealings by Issuer, Calculation Agent and affiliates

The Issuer, the Calculation Agent and any of their respective affiliates may deal in Reference Obligation(s) or other underlying obligation(s) of any Reference Entity and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, any Reference Entity, any affiliate of any Reference Entity, and/or any other person or entity having obligations relating to any Reference Entity and may act with respect to such business in the same manner as each of them would if the Notes had not been issued, regardless of whether any such action might have an adverse effect on any Reference Entity, Reference Obligation(s) or other underlying obligation(s) or the Noteholders or otherwise (including, without limitation, any action which might constitute or give rise to a Credit Event).

No disclosure of information

The Issuer, the Calculation Agent and any of their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the issue date of any Notes or at any time thereafter, be in possession of information in relation to any Reference Entity, Reference Obligation(s) or other underlying obligation(s) thereof that is or may be material in the context of the issue of Notes and that may or may not be publicly available or known to Noteholders. There is no obligation on the part of the Issuer, the Calculation Agent or any such affiliates to disclose to the Noteholders any such relationship or information (whether or not confidential).

Potential conflicts of interest

HBEU as Calculation Agent or HBEU or HBME (as applicable) as Issuer will be entitled to make certain determinations and actions and exercise certain discretions under the Credit Linked Conditions including (*inter alia*) as to whether an event constituting a Credit Event has occurred. HBEU or HBME may also be a Quotation Dealer from which the Calculation Agent may request quotations for the purposes of determining the price of the Valuation Obligation(s) of a Reference Entity following the occurrence of a Credit Event, which may affect the level of any cash amount payable under the Notes in relation to such Credit Event. As a result, potential conflicts of interest may exist between HBEU or HBME and the Noteholders. Neither HBEU, in its capacity as Calculation Agent or Issuer nor HBME, in its capacity as Issuer acts as fiduciary for or as an adviser to any of the Noteholders in respect of any such or otherwise.

No post-issuance information

The Issuer will not provide investors with any post-issuance information regarding any Reference Entity, Reference Obligation(s) or other underlying obligation(s). In addition, prospective investors should understand that historical performance of a Reference Entity, Reference Obligation or other underlying obligation should not be viewed as predictive of future results.

Currency risk

Exchange rates can be volatile and unpredictable. Investors should be aware of the possibility of significant changes in rates of exchange between (i) the Settlement Currency, (ii) the currency of any relevant underlying obligation(s) of a Reference Entity, and (iii) the relevant local currency of the investor's domicile.

(16) Risks relating to Fund-Linked Notes and Warrants to which Part H – Product Supplement for Fund-Linked Notes and Warrants applies

No ownership rights

The Fund-Linked Notes or Warrants do not represent any actual holdings in the Reference Fund that the Issuer or any of its affiliates may have. The Noteholders and Warranholders will have no direct interest or right in the shares or other units comprised in any of the Reference Fund. The Issuer shall be under no obligation to make or hold, directly or indirectly, investments in the Reference Fund. The Noteholder or Warranholder will not hold any direct or indirect interest in the Reference Fund and prospective investors should be aware that an investment in the Fund-Linked Notes or Warrants is not the same as an investment in the Reference Fund and does not confer any legal or beneficial interest in the Reference Fund or any voting rights, rights to receive dividends or other rights that a holder of the shares or other units comprised in any such Reference Fund would have.

Information

No investigation has been made of the financial condition or creditworthiness of any Reference Fund in connection with the issue of any Fund-Linked Notes or Warrants. Investors in the Fund-Linked Notes or Warrants should obtain and evaluate the same information concerning each Reference Fund as they would if they were investing directly in such Reference Fund. In addition, investors should understand that the historical performance of the Reference Fund should not be viewed as predictive of future results.

Actions or omissions of the Reference Fund or others

The Issuer may, from time to time, be affiliated with, or act as a service provider to the Reference Fund(s), or their respective investment managers, investment advisers or trustees. However, the Issuer has no ability to control or predict the actions of the Reference Fund(s). In certain circumstances, the actions or omissions of the relevant Reference Fund or others outside the control of the Issuer, may adversely affect the rights of the Noteholders and Warranholders and/or the value of the Fund-Linked Notes and Warrants, including actions that may give rise to an adjustment to, or early redemption of, the Fund-Linked Notes or Warrants.

Performance of Reference Fund

No representation or warranty, whether implied or otherwise, is given by the Issuer as to the past, present or future performance of the Reference Fund(s). The Issuer does not provide any advice, information or credit analysis with respect to the Reference Fund(s) or any underlying assets of the Reference Fund(s). In particular, this Offering Memorandum does not constitute investment advice. The Issuer does not assume any obligation to or relationship of agency or trust with any investor, purchaser or prospective investor or purchaser of the Notes. The past performance of assets, investment funds or other investment companies managed by the investment manager or the investment adviser of the Reference Fund(s) is not necessarily a guide to the future performance of the Reference Fund(s).

The Fund Manager is Not Involved in the Notes

The fund manager of the Reference Fund is not involved in the issuance or offering of the Notes or Warrants and has no obligation with respect to the Notes or Warrants, including any obligation to consider the interest of any investor in the Notes or Warrants for any reason. The fund manager of the Reference Fund is not

involved with the administration, marketing or trading of the Notes or Warrants and has no obligation with respect to any amount to be paid to the investors for or in respect of the Notes or Warrants.

Reference Fund Disruption Event

Investors in the Fund-Linked Notes or Warrants are subject to the risk that a Reference Fund Disruption Event may occur in relation to a Reference Fund. A Reference Fund Disruption Event may occur in respect of Notes or Warrants if, as determined by the Calculation Agent: the date on which a Reference Fund is scheduled to determine the net asset value of such Reference Fund is postponed; the reporting of such net asset value is postponed; or payment in respect of any redemption is postponed.

If the Calculation Agent determines that a Reference Fund Disruption Event has occurred, the Calculation Agent may postpone the Valuation Date to a later date which is not a Disrupted Day, **provided that** the Valuation Date will not be postponed beyond the date specified in the relevant Pricing Supplement as the "**Cut-off Valuation Date**". If the Calculation Agent postpones the Valuation Date, the due dates for any payments or delivery in respect of the Notes or Warrants (including, without limitation, the maturity date or cash settlement date) may also be postponed.

Additional Disruption Events

Investors should note that Additional Disruption Events may occur in relation to the relevant Notes or Warrants in certain circumstances described in the Conditions. If any Additional Disruption Event occurs in relation to the relevant Notes or Warrants, the Issuer may declare a valuation date and designate an early redemption date in respect of the Notes or a termination date in respect of the Warrants (as applicable) and the Noteholders or Warrantheolders will receive an early redemption amount or termination amount (as applicable) based on the determinations made by the Calculation Agent.

The following Additional Disruption Events may be specified to be applicable in the relevant Pricing Supplement:

- "**Change in Law**" may occur where the Issuer determines (i) it is or will become unlawful, illegal or otherwise prohibited for it to hedge its obligations under the Notes and Warrants or such hedging arrangements may be materially adversely affected, or (ii) it has become illegal or inadvisable to, or there has been a material increase to the Issuer in the cost of holding such assets, each due to a change in law;
- "**Hedging Disruption**" may occur if it is or has become not reasonably practicable, or it has otherwise become undesirable for the Issuer (having used commercially reasonable efforts to do so) to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Notes and Warrants or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s)
- "**Increased Cost of Hedging**" may occur where the Issuer would incur a materially increased cost, other than as a consequence of deterioration in its own creditworthiness, in hedging its obligations under the Notes and Warrants;

Upon the occurrence of such an early redemption prior to the originally scheduled maturity date of the relevant Notes or of a termination date prior to the originally scheduled exercise dates or expiry dates of the relevant Warrants, Noteholders or Warrantheolders may suffer a loss of some or of all of their investment and will forego any future performance in the relevant Reference Fund that may occur following such redemption or termination.

Extraordinary Fund Events

In respect of Fund-Linked Notes and Warrants, one of the following events may occur in relation to one or more Reference Funds to which the Note or Warrant is linked:

- (i) any breach or violation of the provisions of the Reference Fund prospectus or any other documents in relation to the Reference Fund;

Part A – Information Relating to the Programme Generally – Risk Factors

- (ii) (i) the non-execution or partial execution by the Reference Fund for any reason of a subscription or redemption order in respect of any units in the Reference Fund given by a Hypothetical Investor (as defined in the Terms and Conditions of the Fund Linked Notes and the Terms and Conditions of Fund Linked Warrants) (whether or not in accordance with the relevant fund prospectus), (ii) the Reference Fund suspends or refuses transfers of any of its units, (iii) the Reference Fund imposes in whole or in part any restriction, charge or fee in respect of a redemption or subscription of its units by the Issuer or exercises its right to claw back the proceeds already paid on redeemed units if in any case it could, in the determination of the Calculation Agent, have an adverse impact on the Issuer's or any of its designated affiliates', as applicable, rights or obligations in relation to its hedging activities in relation to the Notes or Warrants, or (iv) a mandatory redemption, in whole or in part, of the units is imposed by the Reference Fund on any one or more holders of units at any time for any reason;
- (iii) such Reference Fund or any Reference Fund Service Provider (i) ceases trading and/or, in the case of a Reference Fund Service Provider, ceases administration, portfolio management, investment services, custodian, prime brokerage, or any other relevant business (as applicable); (ii) is dissolved or has a resolution passed for its dissolution, winding-up, official liquidation (other than pursuant to a consolidation, amalgamation or merger); (iii) makes a general assignment or arrangement with or for the benefit of its creditors; (iv) (A) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in sub-clause (A) above and either (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained in each case within fifteen days of the institution or presentation thereof; (v) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (vi) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen days thereafter; or (vii) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (i) through (v) above;
- (iv) there exists any litigation against the Reference Fund or any service provider in respect thereof which could materially affect the value of the units in the Reference Fund or the rights or remedies of any investor in such units, as determined by the Calculation Agent;
- (v) (i) a service provider in respect of the Reference Fund ceases to act in such capacity in relation to the Reference Fund and is not immediately replaced in such capacity by a successor acceptable to the Calculation Agent and/or (ii) any event occurs which causes, or will with the passage of time (in the opinion of the Calculation Agent) cause, the failure of the Reference Fund and/or any service provider in respect of the Reference Fund to meet or maintain any obligation or undertaking under the fund prospectus or any other relevant fund document which failure is reasonably likely to have an adverse impact on the value of the units in the Reference Fund or on the rights or remedies of any investor in such units;
- (vi) a material modification, or any announcement regarding a potential future material modification, of the investment programme, investment objectives, investment policies, investment strategy, investment process or investment guidelines of the Reference Fund;
- (vii) the failure by the Reference Fund to comply with its reporting obligations in accordance with its agreements with the Issuer or any of its designated affiliates (as applicable);

Part A – Information Relating to the Programme Generally – Risk Factors

- (viii) a material modification (other than any modifications referred to in (v) above) of the Reference Fund or the occurrence of a change or any event materially affecting the Reference Fund;
- (ix) a material modification of the type of assets in which the Reference Fund invests or the trading practices of the relevant fund which, in the determination of the Calculation Agent, has or is likely to have a material effect on any hedging arrangements entered into by the Issuer or any of its designated affiliates (as applicable) in respect of these Notes or Warrants;
- (x) the Reference Fund or service provider in respect thereof has its authorisation or registration cancelled by any applicable regulatory authority;
- (xi) (i) an allegation of criminal or fraudulent activity is made in respect of the Reference Fund, or any service provider in respect thereof, or any employee of any such entity, or the Calculation Agent reasonably determines that any such criminal or fraudulent activity has occurred or (ii) the Reference Fund or a service provider in respect thereof (A) becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged violation of applicable law for any activities relating to or resulting from the operation of the Reference Fund, investment adviser, manager or administration agent; (B) commits an act which constitutes fraud or criminal activity in the performance of its obligations in respect of the Reference Fund; (C) makes any material misrepresentation under any document in respect of the relevant fund or (D) announces its intention to cease the business of investment management;
- (xii) any relevant activities of or in relation to the Reference Fund or a service provider in respect thereof are or become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any present or future law, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, in any applicable jurisdiction, (ii) a relevant authorisation or licence is revoked, lapses or is under review by a competent authority in respect of the Reference Fund or a service provider in respect thereof or new conditions are imposed, or existing conditions varied, with respect to any such authorisation or licence, (iii) the Reference Fund is required by a competent authority to redeem any units, (iv) the Issuer or any of its designated affiliates (as applicable) is required by a competent authority or any other relevant entity to dispose of or compulsorily redeem any units in the Reference Fund held in connection with any hedging arrangements relating to the Notes and Warrants and/or (v) any change in the legal, tax, accounting or regulatory treatment of the Reference Fund or any service provider in respect thereof that is reasonably likely to have an adverse impact on the value of the units in the Reference Fund or other activities or undertakings of the Reference Fund or on the rights or remedies of any investor in such units, including the Issuer;
- (xiii) the creation by the Reference Fund of any illiquid share class or unit howsoever described;

- (xvi) if the Reference Fund comprises multiple classes or series (howsoever described in the fund prospectus or any other relevant fund document) of shares or units, and the Calculation Agent determines (in good faith and a commercially reasonable manner) at any time, taking into consideration the potential cross-liability between classes of shares or units (howsoever described in the fund prospectus or any other relevant fund document), that such other class or series has or may have an adverse effect on the hedging activities of the Issuer or any of its designated affiliates (as applicable) in relation to the Notes and Warrants;
- (xvii) (i) the Calculation Agent determines, at any time, that the NAV per unit is inaccurate, or (ii) the reported net asset value of the units in the Reference Fund misrepresents the net asset value of such units;
- (xviii) any material modification of the method of calculating the NAV per unit;
- (xix) any change in the periodicity of the calculation or the publication of the NAV per unit;

Part A – Information Relating to the Programme Generally – Risk Factors

- (xx) any change in the length of notice periods for redemptions or transfers in relation to the Reference Fund;
- (xxi) a Reference Fund Disruption Event (as defined in the Terms and Conditions of the Fund-Linked Notes and the Terms and Conditions of the Fund-Linked Warrants) has occurred and is continuing for at least three consecutive Reference Fund Valuation Days (as defined in the Terms and Conditions of the Fund Linked Notes and the Terms and Conditions of the Fund-Linked Warrants);
- (xxii) the exposure (expressed as percentage) of the Reference Fund to securities with a credit quality (based upon the lowest credit ratings from S&P, Moody's and Fitch when available) below B, B2 or B for S&P, Moody's and Fitch respectively exceeds 35 per cent.; the aggregated level of leverage (expressed as percentage) of the Reference Fund exceeds 20 per cent.;
- (xxiii) the Calculation Agent determines that, over any period not exceeding twelve months, the total net value of the assets of the Reference Fund has decreased by 30 per cent. (either due to redemptions, a decrease in value of such assets or otherwise); or
- (xxiv) the Calculation Agent determines that, over any period not exceeding twelve months (ending on the immediately preceding date on which the Reference Fund Adviser published the total value of the assets it managed), the total value of the assets managed by the Reference Fund Adviser (including the Reference Fund) has decreased by 50 per cent. (either due to redemptions, a decrease in value of such assets or otherwise).

Following the occurrence of such event ("**Extraordinary Fund Event**"), the Calculation Agent may make certain adjustments to or substitutions for the affected Reference Fund, Reference Fund unit and/or any other terms and conditions of the Notes and other terms and conditions of the Warrants as the Calculation Agent may determine in good faith and in a commercially reasonable manner, or the Calculation Agent may determine in good faith and in a commercially reasonable manner that the relevant Notes and Warrants shall be terminated upon payment to the holders thereof of the Fair Market Value of such Notes and Warrants (taking into account the redemption proceeds (if any) which a Hypothetical Investor would have received in relation to the relevant fund (in accordance with the Conditions)), each of which may result in a loss to such holders.

Tax and Currency Risk

The tax status of Reference Funds in those jurisdictions in which they conduct their business and/or any change in taxation rules or treatment in such jurisdictions could affect the value of the assets of such Reference Funds or the ability of Reference Funds to achieve their investment objectives. Consequently this could adversely affect the value of the Notes and Warrants linked to such Reference Funds. In addition, remittance of income and capital gains generated by underlying investments of Reference Funds in certain countries may be dependent on there being liquidity in the relevant local currency and the absence of foreign exchange controls which inhibit or prevent the repatriation of such gains. In any such circumstances, the value of the notional shares of Reference Funds may be adversely affected and as a result the relevant Reference Funds and the value of the Notes and Warrants may be adversely affected.

Class of Investments

Prospective purchasers or investors should note that Reference Funds may have legal or other discretions in relation to their investments and no assurance can be given that the exercise of such discretions will achieve the investment objectives of such Reference Funds. Therefore, there is a risk that return on an investment in Reference Funds may not be achieved. This would have an adverse effect on the value of the Notes and Warrants and any amounts payable thereunder. The Reference Fund(s) may make investments which are subject to legal or other restrictions on transfer or for which no liquid market exists, in which case market prices will tend to be more volatile.

Investment Risk

There can be no assurance that any Reference Fund will achieve its investment objectives. The investment income of each Reference Fund is based on the income earned on the securities it holds, less expenses incurred. Therefore, the Reference Funds' investment income may be expected to fluctuate in response to changes in such expenses or income and this may have an adverse effect on the value of the Notes and Warrants and any amounts payable thereunder.

High yield

Some Reference Funds may invest in high yield securities. High yield securities are typically medium or lower rated securities and are sometimes referred to as "**junk bonds**". Such securities are more likely to react to developments affecting market and credit risk than are more highly rated securities, which primarily react to movements in the general level of interest rates. The risk of loss due to default by issuers of high yield securities is significantly greater because lower rated and unrated securities of comparable quality generally are unsecured and frequently are subordinated to the prior payment of senior indebtedness. In addition, Reference Funds which invest in such securities may find it more difficult to sell high yield securities or may be able to sell the securities only at prices lower than if such securities were widely traded. Furthermore, such Reference Funds may experience difficulty in valuing certain securities at certain times. Prices realised upon the sale of such lower rated (or unrated) securities, under these circumstances, may be less than the prices used in calculating the value of such Reference Funds. All such risks could adversely affect the value of Notes and Warrants linked to Reference Funds which invest in high yield securities.

Reference Funds with One or More Currency Hedged Share Classes

Certain share classes in a Reference Fund may hedge their currency exposure using forward FX contracts and spot FX contracts. All gains, losses and expenses arising from hedging transactions for a particular share class are attributed only to that share class and should generally be borne only by the investors in that share class. However, in respect of certain Reference Funds there is no legal segregation of share class such that there is a risk that, if the assets notionally allocated to a currency hedged share class are insufficient to meet the losses arising from its hedging transactions (in addition to other fees and expenses attributable to such share class), the losses arising from such the hedging transactions could affect the net asset value per share of one or more other share classes of the same Reference Fund.

Provision of information

None of the Issuer or any of its affiliates is under any obligation to provide information in respect of any Reference Fund underlying the Notes or Warrants (including any information relating to the creditworthiness of such Reference Funds) or monitor whether or not any event or circumstance in respect of any Reference Funds underlying the Notes and Warrants has occurred. The Issuer may have acquired, or during the term of the Notes or Warrants may acquire, non public information with respect to one or more Reference Funds. The Issuer is not under any obligation to make such information available to holders of such Notes and Warrants. Therefore, an investor in the Notes or Warrants should obtain and evaluate information concerning the relevant Reference Funds as it would if it were investing directly in such Reference Funds.

Additional considerations/ risk factors set out in offering documents relating to Reference Funds

Investors in Fund-Linked Notes and Warrants should note that there may be particular investment considerations and risk factors set out in the offering documentation relating to the Reference Funds and are advised to read and consider such offering documentation in making an investment decision to invest in such Notes or Warrants. Such information is not incorporated by reference and does not form part of this Offering Memorandum.

(17) Risks relating to Pass-through Notes to which Part I – Product Supplement for Emerging Market Pass-through Notes applies

Credit Risk

The Pass-through Notes are credit linked securities and will provide investors with a return linked to the credit of the Issuer and the Reference Entity(ies) and will not provide protection of principal or a guarantee of interest. The investors are exposed to the credit risk of the Issuer and the Reference Entity(ies).

In relation to the Reference Entity(ies), payments of interest and principal under the Pass-through Notes will only be made to the extent a corresponding payment of interest or principal would have actually been received by the Notional Holder of the Reference Obligation Principal Amount of the Reference Obligation(s). To the extent that there is any shortfall in any such payment, investors will receive a correspondingly smaller amount and could receive zero.

In addition, if a Credit Event occurs, then the Pass-through Notes may be redeemed early by Physical Settlement or Cash Settlement under the Additional Terms and Conditions relating to Emerging Market Pass-through Notes, as described below (in the risk factor titled "*The Pass-through Notes can be redeemed by physical delivery of the Reference Obligation(s) or payment of a Cash Settlement Amount*").

General Emerging Markets Risk

The Pass-through Notes are linked to securities issued by the government of an emerging market. Investors in emerging markets or securities linked to emerging markets should be aware that these markets are subject to greater risks than well developed western markets, including in some cases significant legal and political risks. Accordingly, investors should exercise particular care in evaluating the risks involved and must decide for themselves whether, in the light of those risks, their investment is appropriate. As a rule, investment in emerging markets is only suitable for sophisticated investors who fully appreciate the significance of the risks involved.

Possible Negative Effects on the Pass-through Notes

There may be a high degree of uncertainty and volatility associated with obligors from emerging market countries (including the Reference Entity(ies)) and the performance and payment under the Pass-through Notes may be directly impacted by certain political, economic and legal events and conditions. The price of the Reference Obligation(s) (which are linked to an emerging market country) may therefore be volatile and investment in the Pass-through Notes (which are credit-linked and market-linked to such Reference Obligation(s)) will involve additional risks and special considerations not typically associated with investing in Pass-through Notes which are linked to other more established economies. Such risks may include:

- (a) restrictions on foreign investment and on repatriation of capital invested in emerging markets;
- (b) currency exchange rate fluctuations;
- (c) potential price volatility and lesser liquidity of securities traded in emerging markets;
- (d) social, economic and political risks, including the risk of nationalisation or expropriation of assets, diplomatic developments, war, revolution, confiscatory taxation, taxation of income earned in foreign nations or other taxes or restrictions imposed with respect to investment in foreign nations;
- (e) lower levels of disclosure and regulation in foreign securities markets than in similar markets in developed countries;
- (f) risks related to custodial arrangements and delays or other factors in the settlement of securities transactions; and
- (g) accounting, auditing, financial and other reporting standards in emerging markets are not equivalent to those in more developed markets.

There may be a high degree of government regulation in such markets. Action by governments may directly affect foreign investment in companies in those countries and may also have a significant indirect effect on the price which may be achieved on the realisation of investments, all of which may affect the value of the Pass-through Notes.

The value of Pass-through Notes which are linked to such Reference Entity(ies) which is an emerging market country (or incorporated in an emerging market country) may be directly affected by changes in government policies, taxation, restrictions on foreign investment and on foreign currency convertibility and repatriation, and other developments in the legal, regulatory and political climate which may occur without advance notice or retrospectively. Governments of some emerging market countries have exercised and continue to exercise substantial influence over many aspects of the private sector. In some cases, the government owns or controls many companies, including some of the largest in the country. Accordingly, government actions in the future could have a significant effect on economic conditions in such countries, which could affect private sector companies and the prices and yields of securities linked to such emerging market countries.

Early Redemption Events and Credit Events

If an Early Redemption Event or Credit Event has occurred in respect of the Reference Entity(ies), the Issuer may elect to redeem the Pass-through Notes by way of either Physical Settlement or Cash Settlement on the Physical Settlement Date or the Cash Settlement Date, as applicable. In particular, Noteholders should note that the Issuer's obligations to pay amounts in respect of interest on the Pass-through Notes and to redeem the Pass-through Notes at their principal amount are subject to the condition precedent that the Issuer has not elected to redeem the Pass-through Notes and, if the Issuer has elected to redeem the Pass-through Notes, then (1) no further amounts in respect of interest will be payable in respect of the Pass-through Notes and (2) the Issuer will not redeem the Pass-through Notes at their principal amount and the sole obligation of the Issuer with regard to redemption of the Pass-through Notes will be as set out in the Conditions and the Additional Terms and Conditions relating to Emerging Market Pass-through Notes.

The Issuer shall be under no obligation to elect to redeem the Pass-through Notes and no delay in giving, or omission to make, such election shall prejudice the Issuer's right make such election.

The Pass-through Notes can be redeemed by physical delivery of the Reference Obligation(s) or payment of a Cash Settlement Amount

If an Early Redemption Event or Credit Event occurs, the Pass-through Notes may, at the option of the Issuer, be redeemed by delivery of the Reference Obligation(s) to the Noteholders, which may have a value at such date substantially less than the par value of the Pass-through Notes and could be zero. The Cash Settlement Amount will be an amount equal to a Noteholder's *pro rata* share of an amount equal to the product of (i) the Reference Obligation Principal Amount and (ii) the Final Price, less certain taxes, costs and expenses, converted into the Settlement Currency(ies) in accordance with the Additional Terms and Conditions relating to Emerging Market Pass-through Notes. Such amount could be significantly less than the par value of the Pass-through Notes and could be zero.

Risks relating to Pass-through Notes generally

Prospective investors in the Pass-through Notes should be aware that (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of the Reference Obligation(s) may occur at a different time than expected, and (iii) they may lose all or a substantial portion of their investment. It is the responsibility of investors to ensure that their accounting, regulatory and all other treatments of the Pass-through Notes are consistent with the conditional nature of their entitlement to receive payments under the Pass-through Notes.

The Additional Terms and Conditions relating to Emerging Market Pass-through Notes contain terms based on the 2014 ISDA Credit Derivatives Definitions. Investors should not assume that because these terms are similar to the 2014 ISDA Credit Derivatives Definitions that they are the same. Investors should therefore take appropriate care when reading the Additional Terms and Conditions relating to Emerging Market Pass-through Notes.

The Issuer's obligations in respect of Pass-through Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to the Reference Entity(ies) and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of the Pass-through Notes will be exposed to the credit of the Reference Entity(ies), which exposure shall to the full extent of their investment in such Pass-through Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to the Reference Entity(ies), the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity(ies). However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of the Reference Entity(ies), and losses could be considerably greater than would be suffered by a direct investor in the obligations of such Reference Entity(ies) and/or could arise for reasons unrelated to such Reference Entity(ies). Noteholders should also note that a Credit Event may occur even if the obligations of such Reference Entity(ies) are unenforceable or their performance is prohibited by any applicable law or exchange controls.

Not all of the Credit Events require an actual default with respect to the Reference Entity(ies)'s obligations. Thus Noteholders may bear losses based on a deterioration in the credit of such Reference Entity(ies) short

of default. Also, not all Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event did or did not constitute a Credit Event.

Payments on the Pass-through Notes calculated by reference to a Notional Holder

Prospective purchasers of the Pass-through Notes should be aware that payments of interest (if applicable) and principal in relation to the Pass-through Notes are calculated on the basis of the amounts received in the Reference Obligation Currency(ies) by a Notional Holder of the Reference Obligation Principal Amount of the Reference Obligation(s). Amounts received by Noteholders are therefore dependent on where the Notional Holder is (notionally) domiciled and may be less than the Noteholder would receive if it were to hold the Reference Obligation(s) directly.

No representation by Issuer, Calculation Agent and affiliates

None of the Issuer, the Calculation Agent nor any of their respective affiliates makes any representation whatsoever with respect to any Reference Entity(ies) and/or any Reference Obligation(s).

No disclosure of information

The Issuer, the Calculation Agent and any of their respective affiliates may, whether by virtue of the types of relationships described herein or otherwise, on the Issue Date of the Pass-through Notes or at any time thereafter, be in possession of information in relation to the Reference Entity(ies) or the Reference Obligation(s) that is or may be material in the context of the issue of Pass-through Notes and that may or may not be publicly available or known to Noteholders. There is no obligation on the part of the Issuer, the Calculation Agent or any such affiliates to disclose to the Noteholders any such relationship or information (whether or not confidential).

No post-issuance information

The Issuer will not provide investors with any post-issuance information regarding the Reference Entity(ies) or the Reference Obligation(s). In addition, prospective investors should understand that historical performance of such Reference Entity(ies) or the Reference Obligation(s) should not be viewed as predictive of future results.

(18) Additional risks relating to Alternative General Conditions Notes

The Issuer may redeem the Notes if the economic balance is significantly altered

The Issuer may redeem the Notes upon the occurrence of events that are not attributable to the Issuer, but that have as a consequence that the economic balance between the Issuer and the Noteholders as at the Issue Date is significantly altered. This would include, without limitation, circumstances where such economic balance is altered as a consequence of actions being taken by a regulator, additional or increased solvency or regulatory capital requirements being imposed on the Issuer, nationalisation and similar circumstances. The Early Redemption Amount payable by the Issuer in such circumstances may be less than the amount invested in the Notes or what would have been received under the Notes if the Notes had not been so redeemed and investors will forego any further interest payments (if any) in respect of the Notes.

Noteholders may receive a Monetisation Amount if they do not elect to receive the applicable Early Redemption Amount

The applicable Pricing Supplement may specify that, in the event of an early redemption of the Notes, the Monetisation Option will apply. In that case, the notice of early redemption will specify the applicable Early Redemption Amount as well as the Monetisation Amount. Noteholders that do not elect to receive the Early Redemption Amount in accordance with the procedure set out in the notice of early redemption will not receive the Early Redemption Amount on the date fixed for redemption, but will receive the Monetisation Amount (on the original Maturity Date of the relevant Notes) and will not receive any interest or other amounts between the date fixed for redemption and the payment of the Monetisation Amount on the original Maturity Date.

(19) **Risks relating to ESG Bonds**

The use of proceeds of the Notes may not meet investor expectations or requirements.

In relation to Tranches of Notes which are specified in the relevant Pricing Supplement as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", (together, "ESG Bonds"), the Issuer will exercise its judgement and sole discretion in determining the businesses and projects that satisfy certain eligibility requirements that purport to promote green, social and/or sustainable initiatives, as applicable ("ESG Assets") and will be financed by an amount equivalent to the net proceeds of the Notes (the "Proceeds"). If the use of the proceeds of the Notes is a factor in an investor's decision to invest in the Notes, they should consider the disclosure in "Green Bonds, Social Bonds and Sustainable Bonds" below and/or and in the relevant Pricing Supplement relating to any specific Tranche of Notes and consult with their legal or other advisers before making an investment in the Notes. There is no contractual obligation to allocate such funding to finance eligible businesses and projects or to provide annual progress reports, as described in "Green Bonds, Social Bonds and Sustainable Bonds" below and/or and in the relevant Pricing Supplement. The Issuer's failure to so allocate or report, the failure of any of the businesses and projects funded with the Proceeds to meet a specific framework or the failure of external assurance providers to opine on the ESG Assets conformity with a specific framework, will not constitute an Event of Default (as defined in the Offering Memorandum) with respect to the Notes and may affect the value of the Notes and/or have adverse consequences for certain investors with portfolio mandates to invest in ESG Assets, which may in turn affect the liquidity of the Notes. Furthermore, any such failure will not lead to an obligation of the Issuer to redeem such Notes.

No assurance can be given that ESG Assets will meet investor expectations or requirements regarding "green", "social", "sustainable" or similar labels (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the EU Taxonomy) or Regulation (EU) 2020/852 as it forms part of the domestic law of the UK by virtue of the EUWA), or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds, which may affect the value of the Notes. Legal or regulatory definitions or market views as to what constitutes a "green", "social" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green", "social" or "sustainable" or any such other equivalent label may vary. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds will meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Notes and in particular with any of the businesses and projects funded with the Proceeds to fulfil any environmental, social, sustainable and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall it be deemed to be, incorporated in and/or form part of this Offering Memorandum. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold the Notes. Any such opinion or certification is only current as at the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Notes. The providers of such opinions and certifications are not currently subject to any specific regulatory or other regime or oversight.

If a Tranche of Notes is at any time listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the Proceeds. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of a Tranche of Notes or, if obtained, that

any such listing or admission to trading will be maintained during the life of the Notes, and any failure to obtain or maintain such listing may affect the value of the Notes.

The Issuer gives no representation or assurance as to the environmental, social or sustainable impact of any Reference Asset

No representation or assurance is given by the Issuer or any other person that the Reference Asset(s) or securities underlying any Reference Asset(s) (if the Reference Asset is an equity index), satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any direct or indirect environmental, social or sustainable impact of the businesses or products of the Reference Asset(s) or issuers of such Reference Asset(s) or securities underlying such Reference Asset(s). If such environmental, social or sustainable impact is a factor in an investor's decision to invest in Notes, investors should consult with their legal or other advisers before making an investment in such Notes.

Transfers within Euroclear, Clearstream, Luxembourg, DTC and CREST will be in accordance with the usual rules and operating procedures of the relevant system.

CREST

Please refer to Condition 2(d) of the Notes and Condition 2(d) of the Warrants for information regarding clearing and settlement through CREST.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for participating organisations and facilitates the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in accounts of such participants. Euroclear and Clearstream, Luxembourg provide to their respective participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg participants are financial institutions throughout the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to Euroclear or Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies which clear through or maintain a custodial relationship with a Euroclear or Clearstream, Luxembourg participant, either directly or indirectly.

Distributions of principal and interest (if any) with respect to book-entry interests in the Notes and Warrants held through Euroclear and Clearstream, Luxembourg will be credited, to the extent received by the Principal Paying Agent, in the case of Notes, or the Principal Warrant Agent, in the case of Warrants, to the cash accounts of Euroclear or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures.

DTC

DTC is a limited-purpose trust company organised under the laws of the State of New York and a "banking organisation" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities for DTC participants and facilitates the clearance and settlement of securities transactions between DTC participants through electronic book-entry changes in accounts of DTC participants. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations and certain other organisations. Indirect access to DTC is also available to others, such as banks, brokers, dealers and trust companies which clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly.

Interests in Global Registered Notes and Warrants held through DTC, Euroclear and Clearstream, Luxembourg

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Notes or Warrants. Consequently, the ability to transfer interests in a Global Registered Note or Warrant to such persons may be limited. Because DTC, Euroclear and Clearstream, Luxembourg can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Registered Note or Warrant to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Part A – Information Relating to the Programme Generally – Clearing and Settlement

Beneficial ownership in Notes or Warrants (as applicable) will be held through financial institutions as direct and indirect participants in Euroclear, Clearstream, Luxembourg and DTC. Euroclear, Clearstream, Luxembourg or DTC, as the case may be, and every other intermediate holder in the chain to the beneficial owner of book-entry interests in the Notes and Warrants, will be responsible for establishing and maintaining accounts for their participants and customers having interests in the book-entry interests in the Notes and Warrants. The Registrar will be responsible for maintaining a record of the aggregate holdings of Notes and Warrants registered in the name of the common depository (or its nominee) or the Common Safekeeper (or its nominee) for Euroclear and Clearstream, Luxembourg, a nominee for DTC and/or Holders of Notes or Warrants represented by Definitive Registered Notes or Holders of Warrants represented by Definitive Registered Warrants. The Principal Paying Agent, in the case of Notes, or the Principal Warrant Agent, in the case of Warrants, will be responsible for ensuring that payments received by it from the Issuer for Holders of interests in the Notes or Warrants holding through Euroclear and Clearstream, Luxembourg are credited to Euroclear and Clearstream, Luxembourg, as the case may be. The Principal Paying Agent and the Principal Warrant Agent, as the case may be, will also be responsible for ensuring that payments received by it from the Issuer for Holders of interests in the Notes or Warrants holding through DTC are credited to DTC.

The Issuer will not impose any fees in respect of the book-entry interests in the Notes and Warrants; however, Holders of book-entry interests in the Notes or Warrants may incur fees normally payable in respect of the maintenance and operation of accounts in Euroclear, Clearstream, Luxembourg or DTC.

Interests in Unrestricted Global Registered Notes and Warrants and Restricted Global Registered Notes and Warrants will be in uncertificated book-entry form. Purchasers electing to hold book-entry interests in the Notes or Warrants through Euroclear and Clearstream, Luxembourg accounts will follow the settlement procedures applicable to conventional eurobonds. Trading between DTC participants: Secondary market sales of book-entry interests in the Notes and Warrants between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled using the procedures applicable to United States corporate debt obligations in DTC's SDFS system in same-day funds, if payment is effected in US dollars, or free of payment, if payment is not effected in US dollars. Where payment is not effected in US dollars, separate payment arrangements outside DTC are required to be made with the DTC participants.

Trading between DTC seller and Euroclear/Clearstream, Luxembourg purchaser: When book-entry interests in Notes and Warrants initially settled in DTC and/or Euroclear/Clearstream, Luxembourg are to

be transferred from the account of a DTC participant holding a beneficial interest in a Restricted Global Registered Note or Warrant to the account of a Euroclear or Clearstream, Luxembourg accountholder wishing to purchase a beneficial interest in an Unrestricted Global Registered Note or Warrant (subject to the certification procedures provided in the Issuing and Paying Agency Agreement), the DTC participant will deliver instructions for delivery to the relevant Euroclear or Clearstream, Luxembourg accountholder to DTC by 12 noon, New York time, on the settlement date. Separate payment arrangements are required to be made between the DTC participant and the relevant Euroclear or Clearstream, Luxembourg participant. On the settlement date, the Custodian will instruct the Registrar to (i) reduce the amount of Notes and Warrants registered in the name of Cede & Co. and evidenced by the Restricted Global Registered Note and (ii) increase the amount of Notes and Warrants registered in the name of the common depositary (or its nominee) or the Common Safekeeper (or its nominee) for Euroclear and Clearstream, Luxembourg, as evidenced by the Unrestricted Global Registered Note and Warrant. Book-entry interests will be delivered free of payment to Euroclear or Clearstream, Luxembourg, as the case may be, for credit to the relevant accountholder on the first business day following the settlement date.

Trading between Euroclear/Clearstream, Luxembourg seller and DTC purchaser: When book-entry interests in the Notes and Warrants initially settled in DTC and/or Euroclear/Clearstream, Luxembourg are to be transferred from the account of a Euroclear or Clearstream, Luxembourg accountholder to the account of a DTC participant wishing to purchase a beneficial interest in a Restricted Global Registered Note or Warrant (subject to the certification procedures provided in the Issuing and Paying Agency Agreement), the Euroclear or Clearstream, Luxembourg participant must send to Euroclear or Clearstream, Luxembourg delivery free of payment instructions by 7.45 p m., Brussels or Luxembourg time, one business day prior to the settlement date. Euroclear or Clearstream, Luxembourg, as the case may be, will in turn transmit appropriate instructions to the common depositary for Euroclear and Clearstream, Luxembourg or the Common Safekeeper (as the case may be) and the Registrar to arrange delivery to the DTC participant on the settlement date. Separate payment arrangements are required to be made between the DTC participant and the relevant Euroclear or Clearstream, Luxembourg accountholder, as the case may be. On the settlement date, the common depositary for Euroclear and Clearstream, Luxembourg or the Common Safekeeper (as the case may be) will (a) transmit appropriate instructions to the Custodian who will in turn deliver such book-entry interests in the Notes and Warrants free of payment to the relevant account of the DTC participant and (b) instruct the Registrar to (i) decrease the amount of Notes and Warrants registered in the name of the common depositary (or its nominee) or the Common Safekeeper (or its nominee) for Euroclear and Clearstream, Luxembourg as evidenced by the Unrestricted Global Registered Note or Warrant and (ii) increase the amount of Notes and Warrants registered in the name of Cede & Co. as evidenced by the Restricted Global Registered Note or Warrant.

Although the foregoing sets out the procedures of Euroclear, Clearstream, Luxembourg and DTC in order to facilitate the transfers of interests in the Notes and Warrants among participants of Euroclear, Clearstream, Luxembourg and DTC, none of Euroclear, Clearstream, Luxembourg or DTC is under any obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Principal Paying Agent, the Registrar, any Paying Agent, any Transfer Agent, any Dealer or any affiliate of any of the above, or any person by whom any of the above is controlled for the purposes of the Securities Act, will have any responsibility for the performance by Euroclear, Clearstream, Luxembourg and DTC or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations or for the sufficiency for any purpose of the arrangements described above.

TAXATION

Transactions involving the Notes and Warrants may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and laws relating to transfer and registration taxes. Potential purchasers who are in any doubt about the tax position of any aspect of transactions involving the Notes and Warrants should consult their own tax advisers.

The following sections entitled "United Kingdom Taxation – Notes" and "United Kingdom Taxation – Warrants" provide information only on Notes and Warrants issued by HBEU.

United Kingdom Taxation - Notes

*The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest and certain other payments in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("**HMRC**"), which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect. The comments do not deal with any other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Noteholders should be aware that the particular terms of issue of any Series of Notes as specified in the relevant Pricing Supplement may affect the tax treatment of that and other Series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.*

(A) United Kingdom Withholding Tax

1. Interest on Notes issued for a term of less than one year (and which are not issued under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax.
2. Notes issued by the Issuer which carry a right to interest will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**") for the purposes of Section 987 of the Act) or admitted to trading on a "multilateral trading facility" operated by a regulated recognised stock exchange (within the meaning of Section 987 of the Act). Whilst the Notes are and continue to be quoted Eurobonds, payments of interest on such Notes may be made without withholding or deduction for or on account of United Kingdom income tax. Securities will be regarded as "listed on a recognised stock exchange" for this purpose if (and only if) they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part VI of the FSMA) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange. Euronext Dublin is a recognised stock exchange for these purposes, and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be listed on Euronext Dublin and admitted to trading on its Global Exchange Market.
3. In addition to the exemptions set out in paragraphs 1 and 2 above, interest on the Notes may be paid without withholding or deduction for or on account of United Kingdom income tax so long as the Issuer is a "bank" for the purposes of section 878 of the Income Tax Act 2007 and so long as such payments are made by the Issuer in the ordinary course of its business.

Part A – Information Relating to the Programme Generally – Taxation

4. In all other cases, falling outside the exemptions described in paragraphs 1, 2 and 3 above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or to any other exemption which may apply.
5. Any payments made by the Issuer under the Deed of Covenant may not qualify for the exemptions from United Kingdom withholding tax described above.

(B) United Kingdom Withholding Tax - Other Payments

Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment, a manufactured payment, rent or similar income or royalties for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Pricing Supplement of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to any exemption from withholding which may apply and to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double tax treaty.

(C) Other Rules Relating to United Kingdom Withholding Tax

1. Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above.
2. Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined above.
3. Where interest or any other payment has been paid under deduction of United Kingdom income tax, Noteholders or Couponholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.
4. The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "**interest**" or "**principal**" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Noteholders or Couponholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.
5. The above summary under the heading of "*United Kingdom Taxation – Notes*" assumes that there will be no substitution of the Issuer pursuant to Condition 16 (*Meetings of Noteholders, Modifications and Substitution*) of the Notes and does not consider the tax consequences of any such substitution.

United Kingdom Taxation - Warrants

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments in respect of the Warrants and of the treatment of Warrants for the purposes of United Kingdom stamp duty and stamp duty reserve tax. It is based on current law and the practice of HMRC, which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Warrants. The comments in relation to United Kingdom withholding tax relate only to the position of persons who are absolute beneficial owners of the Warrants. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all tax considerations that may be relevant to a prospective purchaser. Warrant holders who are in any doubt as to their tax position should consult their professional advisers. Warrant holders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal

of the Warrants are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Warrants. In particular, Warrant holders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Warrants even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) United Kingdom Withholding Tax

Warrants that are not derivatives

Payments under the Warrants which do not amount to interest, rent or annual payments (and are not treated as, or as if they were, interest, rent or annual payments for United Kingdom tax purposes) may be made without any withholding or deduction for or on account of United Kingdom tax.

Payments where the Warrants constitute derivative contracts

The Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments under Warrants that are treated as derivative contracts for the purposes of Part 7 of the Corporation Taxes Act 2009.

(B) United Kingdom Stamp Duty and Stamp Duty Reserve Tax

United Kingdom stamp duty or stamp duty reserve tax may be payable on any issue, transfer or agreement to transfer the Warrants or any interest in the Warrants.

The following sections entitled "United Arab Emirates Taxation" and "Dubai International Financial Centre" provide information only on Notes and Warrants issued by HBME.

United Arab Emirates (excluding the Dubai International Financial Centre)

The following summary of the anticipated tax treatment in the UAE in relation to the payments on the Notes and Warrants is based on the taxation law and practice in force at the date of this Offering Memorandum and does not constitute legal or tax advice and prospective investors should be aware that the relevant fiscal rules and practice and their interpretation may change. Prospective investors should consult their own professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of Notes and Warrants and the receipt of any payments with respect to such Notes and Warrants under the laws of the jurisdictions in which they may be liable to taxation.

There is currently in force in the Emirates of Abu Dhabi and Dubai legislation establishing a general corporate taxation regime (the Abu Dhabi Income Tax Decree 1965 (as amended) and the Dubai Income Tax Decree 1969 (as amended)). The regime is, however, not enforced save in respect of companies active in the hydrocarbon industry, some related service industries and branches of foreign banks operating in the UAE. It is not known whether the legislation will or will not be enforced more generally or within other industry sectors in the future. Under current legislation, there is no requirement for withholding or deduction for or on account of UAE, Abu Dhabi or Dubai taxation in respect of payments of interest and principal to any holder of the Notes and Warrants. In the event of such imposition of any such withholding, the Issuer has undertaken to gross-up any payments subject to certain limited exceptions.

With effect from 1 January 2018, the federal government implemented a value-added tax ("VAT") regime in the UAE at a rate of 5 per cent as part of a GCC wide agreement. VAT applies on financial and banking services where they are remunerated by way of explicit fees, explicit premiums, late payment fees and commission charges. Certain financial charges are exempt from VAT – however, the exemption is very narrow and limited to spread and margin-based revenues. Under the UAE VAT regime, services provided to clients resident outside the GCC are generally subject to 0 per cent. VAT.

All amounts and payments to HBME in relation to Notes and Warrants issued by it are exclusive of any VAT which may be applicable, and accordingly, if VAT is or becomes chargeable on any supply of services or premiums in relation to such Notes or Warrants and the Issuer is required to account to the relevant tax authority for the VAT, the person(s) receiving such supply (which may include the Noteholders or

Couponholders) must pay to the Issuer (in addition to and at the same time as paying any other consideration for such supply) an amount equal to the amount of the VAT.

The Constitution of the UAE specifically reserves to the UAE government the right to raise taxes on a federal basis for the purposes of funding its budget. It is not known whether this right will be exercised in the future.

The UAE has entered into double taxation arrangements with certain other countries.

Dubai International Financial Centre

Pursuant to Article 24 of Law No. 5 of 2021 (as amended) (concerning Dubai International Financial Centre) (the "**DIFC Law**"), entities licensed, registered or otherwise authorised to carry on financial services in the Dubai International Financial Centre and their employees shall be subject to a zero rate of tax for a period of 50 years from 27 April 2021. This zero rate of tax applies to income, corporation and capital gains tax. In addition, this zero rate of tax will also extend to repatriation of capital and to transfers of assets or profits or salaries to any party outside the Dubai International Financial Centre. Article 24 of the DIFC Law also provides that it is possible to renew the 50 year period to a similar period upon issuance of a resolution by the Ruler of Dubai. As a result no payments by the Issuer under the Notes or Warrants are subject to any tax in the Dubai International Financial Centre, whether by withholding or otherwise.

The following sections provide information on Notes and Warrants issued by either HBEU or HBME.

Other Taxation Matters – Notes and Warrants

United States Taxation

The following summary describes certain of the principal U.S. federal income tax consequences resulting from the purchase, ownership and disposition of Notes that are principal protected and Warrants that require the payment of a substantial exercise price. Investors are directed to review any discussion of Notes that are not principal protected and Warrants that do not require the payment of a substantial exercise price in a relevant supplement to this Offering Memorandum or relevant Pricing Supplement. This summary does not purport to consider all the possible U.S. federal income tax consequences of the purchase, ownership and disposition of the Notes and the Warrants and is not intended to reflect the individual tax position of any beneficial owner of Notes. The summary also does not address any aspect of U.S. federal taxation other than U.S. federal income taxation (such as the estate and gift tax (except to the extent explicitly addressed below) or the Medicare tax on net investment income). The summary is based upon the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), its legislative history, existing and proposed U.S. Treasury regulations promulgated thereunder, published rulings by the U.S. Internal Revenue Service ("**IRS**") and court decisions, all as of the date hereof, all of which authorities are subject to change or differing interpretations, which changes or differing interpretations could apply retroactively. This summary is limited to investors who purchase the Notes or the Warrants at initial issuance and hold the Notes or the Warrants as "capital assets" within the meaning of section 1221 of the Code (i.e., generally, property held for investment) and does not purport to deal with investors in special tax situations, such as financial institutions, tax exempt organisations, insurance companies, regulated investment companies, dealers in securities or currencies, persons purchasing Notes or Warrants other than at original issuance, persons holding notes as a hedge against currency risks or as a position in a "straddle," "conversion transaction," or "constructive sale" transaction for tax purposes, persons required to accelerate the recognition of any item of gross income with respect to the Notes or Warrants as a result of such income being recognised on an applicable financial statement, or persons whose functional currency (as defined in section 985 of the Code) is not the U.S. dollar. The summary does not include any description of the tax laws of any state, local or foreign governments that may be applicable to the Notes or the Warrants or the holders thereof.

Prospective purchasers of the Notes or the Warrants should consult their own tax advisers concerning the application of U.S. federal income tax laws to their particular situations as well as any consequences of the purchase, ownership and disposition of the Notes and the Warrants arising under the laws of any other taxing jurisdiction.

As used herein, the term "**U.S. Holder**" means a beneficial owner of a Note or a Warrant who or which is for U.S. federal income tax purposes (i) an individual who is a citizen or resident of the United States, (ii)

a corporation created or organised in or under the laws of the United States or of any state thereof (including the District of Columbia), or (iii) any other person who is subject to U.S. federal income taxation on a net income basis with respect to the Notes or the Warrants. As used herein, the term "**Non-U.S. Holder**" means a beneficial owner of a Note or a Warrant that is not a U.S. Holder. In the case of a holder of Notes or Warrants that is a partnership for U.S. federal income tax purposes, each partner will take into account its allocable share of income or loss from the Notes or Warrants, and will take such income or loss into account under the rules of taxation applicable to such partner, taking into account the activities of the partnership and the partner.

Treatment of Notes

Except as otherwise provided in a supplement to this Offering Memorandum or the Pricing Supplement, the Issuer intends to treat Notes that are principal protected as indebtedness for U.S. federal income tax purposes; however, the IRS is not bound by this determination and the Notes could be recharacterised. Any such recharacterisation could materially affect the timing or character of the income required to be recognised by a U.S. Holder for U.S. federal income tax purposes. Prospective investors are urged to consult with their tax advisers as to the likelihood and likely effect of any such recharacterisation. The remainder of this summary assumes the Notes discussed herein are properly characterised as indebtedness for U.S. federal income tax purposes.

U.S. Holders of Notes

Payments of Interest

Except as described below, payments of interest on a Note will be taxable to a U.S. Holder as ordinary interest income at the time such payments are accrued or are received, in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Original Issue Discount

General

The following summary is a general discussion of the U.S. federal income tax consequences to U.S. Holders of the purchase, ownership and disposition of a Note issued with original issue discount ("**OID**") (a "**Discount Note**"). Special rules apply to OID on a Discount Note that is denominated in a Foreign Currency. See "*— Foreign Currency Notes — OID*".

For U.S. federal income tax purposes, OID is the excess of the stated redemption price at maturity of a Note over its issue price, if such excess equals or exceeds a *de minimis* amount (generally defined as 1/4 of 1-per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to its maturity from its issue date). The issue price of each Note in an issue of Notes is the first price at which a substantial amount of such issue of Notes has been sold to the public (ignoring sales to bond houses, broker-dealers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers). The stated redemption price at maturity of a Note generally is the sum of all payments provided for by the Note other than qualified stated interest payments. The term "**qualified stated interest**" generally means stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate.

Payments of qualified stated interest on a Note are taxable to a U.S. Holder as ordinary interest income at the time such payments are accrued or are received, in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. A U.S. Holder of a Discount Note having a maturity of more than one year from the date of issue must include OID in income as ordinary interest income for U.S. federal income tax purposes as it accrues under a constant yield method in advance of receipt of the cash payments attributable to such income, regardless of such U.S. Holder's regular method of tax accounting. In general, the amount of OID included in income by the initial U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to such Discount Note for each day during the taxable year on which such U.S. Holder held such Discount Note. The "daily portions" of OID on any Discount Note are determined by allocating to each day in an accrual period a rateable portion of the OID allocable to that accrual period. An "accrual period" may be of any length and the accrual periods may vary in length over the term of the Discount Note as long as (i) each accrual period is no longer than one year, and (ii) each scheduled payment of principal and interest occurs either on the final day of an accrual

period or on the first day of an accrual period. The amount of OID allocable to each accrual period is generally equal to the excess of (i) the product of the Discount Note's adjusted issue price at the beginning of such accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and appropriately adjusted to take into account the length of the particular accrual period) over (ii) the amount of any qualified stated interest payments allocable to such accrual period. The "adjusted issue price" of a Discount Note at the beginning of the first accrual period is its issue price of the Discount Note. Thereafter, the "adjusted issue price" of a Discount Note is the sum of the issue price of the Discount Note plus the amount of OID previously includible in the gross income of the holder reduced by the amount of any payments previously made on the Discount Note other than payments of qualified stated interest. Under these rules, U.S. Holders generally will have to include in income increasingly greater amounts of OID in successive accrual periods.

Election to Treat all Interest as OID

A U.S. Holder of a Note may elect to include in gross income all interest that accrues on the Note by using the constant yield method described in "*Original Issue Discount – General*" with certain modifications. The election must be made for the taxable year in which the U.S. Holder acquires the Note and will generally apply only to the Note (or Notes) identified by the U.S. Holder in a statement attached to the U.S. Holder's timely filed U.S. federal income tax return. The election may not be revoked without the consent of the IRS. If a U.S. Holder makes the election with respect to a Note with "amortisable bond premium" (as described in "*Amortisable Bond Premium*"), then the electing U.S. Holder is deemed to have elected to apply amortisable bond premium against interest with respect to all debt instruments with amortisable bond premium (other than debt instruments the interest on which is excludible from gross income) held by the electing U.S. Holder as of the beginning of the taxable year in which any Note (with respect to which the election is made) is acquired and any such debt instrument thereafter acquired. The deemed election with respect to amortisable bond premium may not be revoked without the consent of the IRS.

Variable Rate Debt Instruments

Generally, Notes that are issued with a variable rate of interest (a "**Floating Rate Note**") are subject to special rules whereby a Floating Rate Note will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total non-contingent principal payments due under the Floating Rate Notes by more than an amount equal to the lesser of (i) 0.015 multiplied by the product of the total non-contingent principal payments and the number of complete years to maturity from the issue date or (ii) 15 per cent. of the total non-contingent principal payments, (b) it does not provide for any stated interest other than stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it provides that a qualified floating rate or objective rate in effect at any time during the term of the Note is set at a current value of that rate (i.e., the value of the rate on any day that is no earlier than three months prior to the first rate day on which the value is in effect and no later than one year following that first day).

A "**qualified floating rate**" is any variable rate where variations in the value of such rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Floating Rate Notes are denominated. Although a multiple of a qualified floating rate will generally not itself constitute a qualified floating rate, a variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35 will constitute a qualified floating rate. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Floating Rate Notes together will constitute a single qualified floating rate. Two or more qualified floating rates will be conclusively presumed to meet the requirements of the previous sentence if the values of all rates on the issue date are within 25 basis points of each other. A variable rate is not a qualified floating rate if it is subject to certain restrictions (including caps floors, governors, or other similar restrictions) unless such restrictions are fixed throughout the term of the Floating Rate Note or are not reasonably expected to significantly affect the yield on the Floating Rate Note.

An "**objective rate**" is a rate other than a qualified floating rate that is determined using a single fixed formula and that is based upon objective financial or economic information, other than information that is within the control of the issuer or a related party, or that is unique to the circumstances of the issuer or a

related party such as dividends, profits or the value of the issuer's (or related party's) stock (but not the issuer's credit quality). Despite the foregoing, a variable rate of interest on Floating Rate Notes will not constitute an objective rate if it is reasonably expected that the average value of such rate during the first half of the Floating Rate Notes term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Floating Rate Notes' term. A "**qualified inverse floating rate**" is any objective rate where such rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to reflect inversely contemporaneous variations in the qualified floating rate (disregarding any caps, floors, governors or other restrictions that are fixed throughout the term of the Floating Rate Notes or are not reasonably expected to significantly affect the yield on the Floating Rate Notes).

Generally, if a Floating Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period, and the value of the variable rate on the Floating Rate Note's issue date is intended to approximate the fixed rate, then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be. A fixed rate and a variable rate will be conclusively presumed to meet the previous requirements if the value of the variable rate on the issue date of the Floating Rate Notes does not differ from the value of the fixed rate by more than 25 basis points.

If a Floating Rate Note provides for stated interest at a single qualified floating rate or objective rate that is unconditionally payable in cash or in property (other than debt instruments of the issuer) or that will be constructively received by the U.S. Holder at least annually, then (a) all stated interest with respect to the Note is qualified stated interest, (b) the amount of qualified stated interest and the amount of OID, if any, is determined by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Note, and (c) the qualified stated interest allocable to an accrual period is increased (or decreased) if the interest actually paid during an accrual period exceeds (or is less than) the interest assumed to be paid during the accrual period under the foregoing rules.

If a Floating Rate Note does not provide for stated interest at a single qualified floating rate or objective rate, or at a single fixed rate (other than at a single fixed rate for an initial period of one year or less), the amount of qualified stated interest and OID on the Note are generally determined by (i) determining a fixed-rate substitute for each variable rate provided under the Floating Rate Note (generally, the value of each variable rate as of the issue date or, in the case of an objective rate that is not a qualified inverse floating rate, a rate that reflects the yield that is reasonably expected for the Note), (ii) constructing the equivalent fixed rate debt instrument (using the fixed-rate substitutes described above), (iii) determining the amount of qualified stated interest and OID with respect to the equivalent fixed-rate debt instrument (by applying the general OID rules as described in "*— Original Issue Discount — General*"), and (iv) making the appropriate adjustments for actual variable rates during the applicable accrual period.

If a Floating Rate Note provides for stated interest either at one or more qualified floating rates or at a qualified inverse floating rate and in addition provides for stated interest at a single fixed rate (other than a single fixed rate for an initial period), the amount of interest and OID is determined as in the immediately preceding paragraph with the modification that the Floating Rate Note is treated, for purposes of the first three steps of the determination, as if it provided for a qualified floating rate (or qualified inverse floating rate, if the Note provides for a qualified inverse floating rate) rather than the fixed rate. The qualified floating rate (or qualified inverse floating rate) replacing the fixed rate must be such that the fair market value of the Note as of the issue date would be approximately the same as the fair market value of an otherwise identical debt instrument that provides for a qualified floating rate (or qualified inverse floating rate) rather than a fixed rate.

Notes that are Contingent Payment Debt Instruments

Interest Accruals on the Notes

For U.S. federal income tax purposes certain of the Notes may be contingent payment debt instruments ("**CPDIs**"). A CPDI is any class of Notes which provide for one or more payments, either of interest or principal, that are contingent (usually as to timing of payment or amount of payment). If the Issuer intends

to treat a Note as a CPDI, this will be specified in the applicable Pricing Supplement with respect to such Note.

Under Treasury Regulations governing the treatment of CPDIs (the "**CPDI Regulations**"), regardless of a U.S. Holder's regular method of accounting, accruals of income, gain, loss and deduction with respect to a CPDI are determined under the "non-contingent bond method." Under the non-contingent bond method, a U.S. Holder of a CPDI will accrue OID over the term of such Note based on the Note's comparable yield. In general, the comparable yield of a CPDI is equal to the yield at which the Issuer would issue a fixed rate, non-contingent debt instrument with terms and conditions otherwise similar to those of the CPDI, including level of subordination, term, timing of payments, and general market conditions. The applicable Pricing Supplement for any Note that is a CPDI will specify its comparable yield. A U.S. Holder will accrue OID at the comparable yield even if the comparable yield differs from the stated Interest Rate on the CPDI (if any).

The amount of OID allocable to each accrual period will be the product of the "adjusted issue price" of the CPDI at the beginning of each such accrual period and the comparable yield. The "adjusted issue price" of a CPDI at the beginning of an accrual period will equal the issue price *plus* the amount of OID previously includible in the gross income of U.S. Holder *minus* the amount of any Projected Payments (as defined below) with respect to such Note. The amount of OID includible in the income of each U.S. Holder will generally equal the sum of the "daily portions" of the total OID on the CPDI allocable to each day on which a U.S. Holder held such Note. Generally, the daily portion of the OID is determined by allocating to each day in any accrual period a rateable portion of the OID allocable to such accrual period. Such OID is included in income and taxed at ordinary income rates.

The Issuer also is required by the CPDI Regulations to determine, solely for U.S. federal income tax purposes, a projected payment schedule of the projected amounts of payments (the "**Projected Payments**") on any Note that is a CPDI. The schedule must produce the comparable yield. The applicable Pricing Supplement for any Note that is a CPDI will specify the Projected Payments for such Note. Under the non-contingent bond method, the Projected Payments are not revised to account for changes in circumstances that occur while the Notes are outstanding. See "*Adjustments to Interest Accruals*" below.

For U.S. federal income tax purposes, the Issuer's reasonable determination of the comparable yield and schedule of Projected Payments is generally respected and will be binding on the holders of the Notes, unless such holder timely discloses and justifies the use of other estimates to the IRS.

THE COMPARABLE YIELD AND THE SCHEDULE OF PROJECTED PAYMENTS ARE NOT PROVIDED FOR ANY PURPOSE OTHER THAN THE DETERMINATION OF U.S. HOLDERS' INTEREST ACCRUALS AND ADJUSTMENTS THEREOF AND DO NOT CONSTITUTE AN ASSURANCE BY THE ISSUER AS TO THE ACTUAL YIELD OF THE NOTES. THE ISSUER MAKES NO REPRESENTATION AS TO WHAT SUCH ACTUAL YIELD WILL BE, AND THE COMPARABLE YIELD DOES NOT NECESSARILY REFLECT THE EXPECTATIONS OF THE ISSUER REGARDING THE ACTUAL YIELD.

Adjustments to Interest Accruals

If, during any taxable year, the sum of any actual payments with respect to a CPDI for that taxable year (including, in the case of the taxable year which includes the maturity date, the amount of cash received at maturity) exceeds the total amount of Projected Payments for that taxable year, the difference will produce a "Net Positive Adjustment" under the CPDI Regulations, which will be treated as additional interest for the taxable year. If the actual amount received in a taxable year is less than the amount of Projected Payments for that taxable year, the difference will produce a "Net Negative Adjustment" under the CPDI Regulations, which will (i) reduce the U.S. Holder's interest income for that taxable year and (ii) to the extent of any excess after the application of (i), give rise to an ordinary loss to the extent of the U.S. Holder's interest income on the Notes during prior taxable years (reduced to the extent such interest was offset by prior Net Negative Adjustments).

Short-Term Notes

Generally, an individual or other-cash basis U.S. Holder of Notes having a fixed maturity date not more than 1 year from the date of issue ("**Short-Term Notes**") is not required to accrue OID for U.S. federal income tax purposes unless it elects to do so. An election by a cash basis U.S. Holder applies to all

short-term obligations acquired on or after the beginning of the first taxable year to which the election applies, and for all subsequent taxable years unless the consent is secured from the IRS to revoke the election. Accrual-basis U.S. Holders and certain other U.S. Holders, including banks, regulated investment companies, dealers in securities, common trust funds, U.S. Holders who hold Short-Term Notes as part of certain identified hedging transactions, certain pass-through entities and cash-basis U.S. Holders who so elect, are required to accrue OID on Short-Term Notes on either a straight-line basis or, at the election of the U.S. Holder, under the constant yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Notes will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

Amortisable Bond Premium

Generally, a U.S. Holder that purchases a Note for an amount that is in excess of the sum of all amounts payable on the Note after its acquisition date (other than payments of qualified stated interest) will be considered to have purchased the Note with "amortisable bond premium" equal to such excess. A U.S. Holder of such a Note will not be subject to OID and may elect to amortise such premium using a constant yield method over the remaining term of the Note and may offset qualified stated interest otherwise required to be included in respect of the Note with respect to an accrual period by the bond premium allocable to the accrual period. If the bond premium allocable to the accrual period exceeds the qualified stated interest allocable to the accrual period, the excess is treated as a bond premium deduction for the accrual period. However, the amount treated as a bond premium deduction is limited to the amount by which the U.S. Holder's total interest inclusions on the Note in prior accrual periods exceed the total amount treated by the U.S. Holder as a bond premium deduction on the Note in prior accrual periods. If the bond premium allocable to an accrual period exceeds the sum of the qualified stated interest allocable to the accrual period and the amount treated as a bond premium deduction for the accrual period as described above, the excess is carried forward to the next accrual period and is treated as bond premium allocable to that period. Special rules apply for determining the amortisation of bond premium on Notes that are classified as "variable rate debt instruments", Notes that provide for certain alternative payment schedules, and Notes that provide for certain contingencies. Any election to amortise bond premium with respect to any Note (or other general debt obligations) applies to all taxable debt obligations held by the U.S. Holder at the beginning of the first taxable year to which the election applies and to all debt obligations thereafter acquired in such taxable year and all subsequent tax years. The election may not be revoked without the consent of the IRS.

Sale, Exchange or Retirement of a Note

Except as discussed above, upon the sale, exchange or retirement of a Note, a U.S. Holder generally will recognise a taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement (other than amounts representing accrued and unpaid interest, which amounts will be taxable as ordinary income) and such U.S. Holder's adjusted tax basis in the Note. A U.S. Holder's adjusted tax basis in a Note generally will equal such U.S. Holder's initial investment in the Note increased by any OID included in income, decreased by the amount of any payments that are not qualified stated interest payments and any amortisable bond premium applied to reduce interest income with respect to such Note. Such gain or loss generally will be a long-term capital gain or loss if the Note has been held by such U.S. Holder for more than one year at the time of such sale, exchange or retirement.

Certain of the Notes may be redeemable at the option of the Issuer prior to their stated maturity and/or may be repayable at the option of the holder prior to their stated maturity. Notes containing such features may be subject to the rules that differ from the general rules discussed above. U.S. Holders intending to purchase Notes with such features should consult their own tax advisers regarding the U.S. federal income tax consequences to them of the purchase, holding and disposition of such Notes, since the OID consequences will depend, in part, on the particular terms and features of such Notes.

Foreign Currency Notes

The following summary relates to Notes that are denominated in a currency or basket of currencies other than the U.S. dollar ("**Foreign Currency Notes**" and "**Foreign Currency**", respectively). It does not apply to U.S. Holders whose functional currency is not the U.S. dollar.

Payments of Interest In a Foreign Currency

Cash Method

A U.S. Holder who uses the cash method of accounting for U.S. federal income tax purposes and who receives a payment of interest on a Note (other than OID) will be required to include as income the U.S. dollar value of the Foreign Currency payment (determined on the date such payment is actually or constructively received) regardless of whether the payment is in fact converted to U.S. dollars at that time, and such U.S. dollar value will be the U.S. Holder's tax basis in such Foreign Currency.

Accrual Method

A U.S. Holder who uses the accrual method of accounting for U.S. federal income tax purposes, or who otherwise is required to accrue interest prior to receipt, will be required to include as income the U.S. dollar value of the amount of interest income (including OID and reduced by amortisable bond premium to the extent applicable) that has accrued and is otherwise required to be taken into account with respect to a Note during an accrual period. The U.S. dollar value of such accrued income will be determined by translating such income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within each taxable year. A U.S. Holder may elect, however, to translate such accrued interest income using the rate of exchange on the last day of the accrual period or, with respect to an accrual period that spans two taxable years, using the rate of exchange on the last day of the first taxable year. If the last day of an accrual period is within five business days of the date of receipt of the accrued interest, a U.S. Holder may translate such interest using the rate of exchange on the date of receipt. The above election will apply to other obligations held by the U.S. Holder and may not be revoked without the consent of the IRS. Prior to making such an election, a U.S. Holder of Notes should consult his own tax adviser as to the consequences resulting from such an election with respect to his own particular situation.

A U.S. Holder will recognise exchange gain or loss (which will be treated as ordinary income or loss) with respect to accrued interest income on the date such income is received. The amount of ordinary income or loss recognised will equal the difference, if any, between the U.S. dollar value of the Foreign Currency payment received (determined on the date such payment is received) in respect of such accrual period and the U.S. dollar value of interest income that has accrued during such accrual period (as determined above).

Purchase, Sale, Exchange and Retirement of Notes

A U.S. Holder who purchases a Note with previously owned Foreign Currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the Foreign Currency and the U.S. dollar fair market value of the Foreign Currency used to purchase the Note, determined on the date of purchase.

Generally, upon the sale, exchange or retirement of a Note, a U.S. Holder will recognise a taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and such U.S. Holder's adjusted tax basis in the Note. Such gain or loss generally will be a capital gain or loss and will be a long-term capital gain or loss if at the time of sale, exchange or retirement the Note has been held by such U.S. Holder for more than one year. To the extent the amount realised represents accrued but unpaid interest, however, such amounts must be taken into account as ordinary interest income, with the exchange gain or loss computed as described in "*Payments of Interest In a Foreign Currency*" above. If a U.S. Holder receives Foreign Currency on such a sale, exchange or retirement the amount realised will be based on the U.S. dollar value of the Foreign Currency on the date the payment is received or the instrument is disposed of (or deemed disposed of). A U.S. Holder's adjusted tax basis in a Note will equal the cost of the Note to such U.S. Holder, increased by the amounts of any OID previously included in income by the U.S. Holder with respect to such Note and reduced by any amortised acquisition or other premium and any principal payments received by the U.S. Holder. A U.S. Holder's tax basis in a Note, and the amount of any subsequent adjustments to such holder's tax basis, will be the U.S. dollar value of the Foreign Currency amount paid for such Note, or of the Foreign Currency amount of the adjustment, determined on the date of such purchase or adjustment.

Gain or loss realised upon the sale, exchange or retirement of a Note that is attributable to fluctuations in currency exchange rates will be U.S. source ordinary income or a loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference

between the U.S. dollar value of the Foreign Currency principal amount of the Note, determined on the date such payment is received or the Note is disposed of, and the U.S. dollar value of the Foreign Currency principal amount of the Note, determined on the date the U.S. Holder acquired the Note. Such Foreign Currency gain or loss will be recognised only to the extent of the total gain or loss realised by the U.S. Holder on the sale, exchange or retirement of the Note.

OID

In the case of a Discount Note, CPDI or Short-Term Note, (i) OID is determined in units of the Foreign Currency, (ii) accrued OID is translated into U.S. dollars as described in "*— Payments of Interest In a Foreign Currency — Accrual Method*" above and (iii) the amount of Foreign Currency gain or loss on the accrued OID is determined by comparing the amount of income received attributable to the discount (either upon payment, maturity or an earlier disposition), as translated into U.S. dollars at the rate of exchange on the date of such receipt, with the amount of OID accrued, as translated above.

Amortisable Bond Premium

Amortisable bond premium on a Note will be computed in the units of the Foreign Currency in which the Note is denominated (or in which the payments are determined). Amortisable bond premium properly taken into account will reduce the interest income in units of the Foreign Currency. Exchange gain or loss is realised with respect to the bond premium with respect to a Note issued with amortisable bond premium by treating the portion of premium amortised with respect to any period as a return of principal. With respect to any U.S. Holder that does not elect to amortise bond premium, the amount of bond premium will constitute a market loss when the bond matures.

Exchange of Foreign Currencies

A U.S. Holder will have a tax basis in any Foreign Currency received as interest or on the sale, exchange or retirement of a Note equal to the U.S. dollar value of such Foreign Currency, determined at the time the interest is received or at the time of the sale, exchange or retirement. Any gain or loss realised by a U.S. Holder on a sale or other disposition of Foreign Currency (including its exchange for U.S. dollars or other use) will be U.S. source ordinary income or loss.

Taxation of U.S. Holders of Warrants

The discussion below addresses only Warrants requiring the payment of a substantial exercise price that are cash-settled.

Characterisation

Currently, there are no statutory provisions, regulations, published rulings or judicial decisions addressing or involving the characterisation and treatment, for U.S. federal income tax purposes, of securities with terms substantially the same as the terms of the Warrants. Accordingly, the proper U.S. federal income tax characterisation and treatment of a Warrant is at present uncertain. Prospective investors are urged to consult their tax advisers regarding the U.S. federal income tax consequences of an investment in a Warrant (including alternative characterisations of a Warrant) and with respect to any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction. The Issuer intends to treat the Warrants as cash-settled options for U.S. federal income tax purposes. Alternatively, a Warrant may be classified as a financial contract such as a prepaid forward contract or an equity swap, or as ownership of the Reference Assets. The timing of recognition of income and the amount and character of income recognised by a U.S. Holder that owns a Warrant may vary significantly depending on the tax characterisation of the Warrant.

On 7 December 2007, the IRS released a notice that may affect the taxation of holders of Warrants. According to the notice, the IRS and the U.S. Treasury Department are actively considering whether the holder of instruments such as Warrants should be required to accrue ordinary income on a current basis, and they are seeking taxpayer comments on the subject. It is not possible to determine what guidance they will ultimately issue, if any. It is possible, however, that under such guidance, holders of Warrants will ultimately be required to accrue income currently and this could be applied on a retroactive basis. The IRS and the U.S. Treasury Department are also considering other relevant issues, including whether additional gain or loss from such instruments should be treated as ordinary or capital, whether foreign holders of such instruments should be subject to withholding tax on any deemed income accruals, and whether the special "constructive ownership rules" of Section 1260 of the Code might be applied to such instruments. The

Issuer intends to continue treating Warrants for U.S. federal income tax purposes in accordance with the treatment described in this Offering Memorandum unless and until such time as the IRS and the U.S. Treasury Department determine that some alternative treatment is more appropriate. **Prospective investors are urged to consult their own tax advisers concerning the significance, and the potential impact, of the above considerations.**

Sale, Exchange or Exercise of a Warrant

Upon the sale or exchange of a Warrant to a person other than the Issuer, or upon an exercise of a Warrant, a U.S. Holder will be required to recognise a taxable gain or loss in an amount equal to the difference between the amount realised upon the sale, exchange or exercise and the U.S. Holder's adjusted tax basis in the Warrant and the exercise price, in the case of an exercise of a Warrant. In general, a U.S. Holder's tax basis for a Warrant is the U.S. dollar value of the amount paid for the Warrant. Such gain or loss would generally be treated as short-term or long-term capital gain or loss, depending on the U.S. Holder's holding period for the Warrant.

Foreign Tax Credit with Respect to Notes

The total gross amount of interest, OID, plus any additional amounts (pursuant to Condition 8 (*Taxation*) of the Conditions) with respect thereto, will constitute interest income subject to U.S. federal income tax. This amount will be considered income from sources outside the United States.

The amount of foreign tax, if any, withheld on this gross amount will be considered to be a foreign income tax that may either be deducted when computing U.S. federal taxable income, subject to substantial limitations on the deductibility of taxes for non-corporate U.S. Holders, or, subject to limitations personal to the U.S. Holder, claimed as a credit against U.S. federal income tax liability. A U.S. Holder may be required to provide the IRS with a certified copy of the receipt evidencing payment of withholding tax imposed in respect of payments on a Note in order to claim a foreign tax credit in respect of such foreign withholding tax.

Potential purchasers of Notes should carefully consider the applicable Pricing Supplement for information regarding the U.S. federal income tax consequences of payments by the Issuer of other taxes and of additional amounts.

Potential Consequences of a Deemed Exchange

Under certain circumstances, the modification or application of certain terms of the Notes or Warrants including, in certain circumstances, a substitution of the Issuer or a Benchmark Trigger Event, may result in a deemed exchange of "old" Notes or Warrants for "new" Notes or Warrants for U.S. federal income tax purposes. As a result of the occurrence of such a deemed exchange, a U.S. Holder may recognise gain or loss, treated in the manner described above, under "*Sale, Exchange, or Exercise of a Note*" and "*Sale, Exchange or Exercise of a Warrant*," and "new" Notes or Warrants deemed received in a deemed exchange may be treated as issued with, or with different amount of, OID. The IRS and the U.S. Treasury have proposed regulations, upon which taxpayers generally may rely until the promulgation of final regulations, that, in certain circumstances, could reduce the likelihood that a Benchmark Trigger Event would result in a "deemed exchange" of the affected Notes or Warrants. Moreover, the Internal Revenue Service has issued guidance that sets forth certain safe harbours pursuant to which replacing a rate based on LIBOR with an alternative method or index would not result in a deemed exchange. However, there can be no assurance that these regulations, in either their current form or as finalised, or this guidance, will provide any relief from the tax consequences described above if a Benchmark Trigger Event occurs. Prospective U.S. Holders should consult their own tax advisers regarding the application of these rules in their particular circumstances.

Taxation of Non-U.S. Holders

With respect to the Notes, subject to the discussion below on dividend equivalent payments, FATCA and backup withholding, (a) payment of principal, premium, redemption amount and interest by the Issuer or any paying agent to a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, **provided that** such Non-U.S. Holder provides the Issuer, when necessary, with appropriate documentation evidencing its status as a Non-U.S. Holder, (b) a gain realised by a Non-U.S. Holder on the sale or redemption of the Notes is not subject to U.S. federal income tax or withholding tax and (c) the Notes are

not subject to U.S. federal estate tax if held by an individual who was a Non-U.S. Holder at the time of his death. Special rules may apply in the case of Non-U.S. Holders (i) that are engaged in a U.S. trade or business, (ii) that are former citizens or long-term residents of the United States, "controlled foreign corporations", "passive foreign investment companies", corporations which accumulate earnings to avoid U.S. federal income tax, and certain foreign charitable organisations, each within the meaning of the Code, or (iii) certain non-resident alien individuals who are present in the United States for one hundred and eighty-three days or more during a taxable year. Such persons are urged to consult their U.S. tax advisers before purchasing Notes.

A Non-U.S. Holder generally will not be subject to U.S. federal withholding tax with respect to amounts received, if any, with respect to a Warrant, subject to the discussion below of dividend equivalent payments, FATCA and backup withholding, assuming that: (i) the Warrant is not held in connection with a U.S. trade or business or, in the case of a resident of a country that has an income tax treaty with the United States, such Warrant is not attributable to a permanent establishment (or, in the case of an individual, a fixed place of business) in the United States; (ii) in the case of an individual, the Non-U.S. Holder is not present in the United States for one hundred and eighty-three days or more during a taxable year and certain other conditions are met; and (iii) such Non-U.S. Holder is not subject to the rules applicable to certain former citizens and long-term residents of the United States.

Withholding on Dividend Equivalent Payments

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30 per cent. withholding tax on "dividend equivalents" paid or deemed paid to certain persons with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (such equities and indices, "**U.S. Underlying Equities**"). A "**dividend equivalent**" is any payment that references a dividend on any U.S. Underlying Equity. Section 871(m) generally applies to instruments that substantially replicate the economic performance of one or more U.S. Underlying Equities, as determined upon issuance, based on tests set forth in the applicable Treasury regulations (such an instrument, a "**Specified Security**").

If a Note or a Warrant is a Specified Security, the relevant Pricing Supplement will specify that the Note is a "Section 871(m) Note" or the Warrant is a "Section 871(m) Warrant" for the purposes of Section 871(m) and also specify the method of Section 871(m) withholding that will be applied to the Note or Warrant.

If "Dividend Withholding" is specified in the relevant Pricing Supplement as being applicable, the Issuer will report the appropriate amount of each payment under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant) that are attributable to dividends on U.S. Underlying Equities, and the applicable withholding agent is expected to withhold 30 per cent. from such payment unless the payee establishes an exemption from or reduction in the withholding tax. In addition, non-U.S. investors may be subject to U.S. withholding tax on proceeds from the sale of a Note or Warrant, to the extent those proceeds reflect dividends on U.S. Underlying Equities.

If "Issuer Withholding" is specified in the relevant Pricing Supplement as being applicable, the Issuer will withhold 30 per cent. of any dividend equivalent payments payable under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant). If the terms of the Note or Warrant provide that all or a portion of the dividends on U.S. Underlying Equities are reinvested in the Underlyings during the term of the Note or Warrant, the terms of the Note or Warrant will also provide that only 70 per cent. of a deemed dividend equivalent will be reinvested. The remaining 30 per cent. of such deemed dividend equivalent will be treated, solely for U.S. federal income tax purposes, as having been withheld from a gross dividend equivalent payment due to the investor and remitted to the IRS on behalf of the investor. The Issuer will withhold such amounts without regard to either any applicable treaty rate or the classification of an investor as a U.S. or non-U.S. investor for U.S. federal income tax purposes.

If payments to an investor are subject to withholding tax and the investor believes it is eligible for an exemption from, or reduced rate of, withholding tax, the investor may be able to claim a refund of the amounts over-withheld. The Issuer makes no representation regarding investors' eligibility to claim such a refund, and investors may not be able to obtain an IRS Form 1042 from the Issuer or any custodian that would assist investors in obtaining the refund. Furthermore, the Issuer will not be required to pay any additional amounts as a result of this withholding tax, regardless of which withholding method is applicable to the Notes or Warrants, and regardless of whether the investor may have been eligible for an exemption or reduction in the withholding tax on payments from the applicable withholding agent.

The Section 871(m) regulations require complex calculations to be made with respect to Notes or Warrants linked to U.S. securities and their application to a specific issue of Section 871(m) Notes or Section 871(m) Warrants may be uncertain. Prospective investors should consult their tax advisers on the potential application of Section 871(m) to the Notes or Warrants, including, if applicable, the availability of, and process for, claiming a refund of such withholding tax.

Information Reporting and Backup Withholding

Payments of interest on a Note made within the United States or through certain U.S.-related financial intermediaries, and the proceeds of a taxable exercise or a sale or other disposition of Warrants payable to a U.S. Holder or through certain U.S.-related financial intermediaries, generally are subject to information reporting and to backup withholding, unless, the holder of the Note or Warrant, as applicable, (i) is a corporation or comes within certain other exempt categories listed below, and if required, demonstrates this fact, or (ii) in the case of backup withholding, provides certain information discussed below. For each calendar year in which the Notes or Warrants are outstanding, each DTC participant or indirect participant holding an interest in a Note or a Warrant on behalf of a beneficial owner of a Note or a Warrant, as applicable, and each paying agent making payments in respect of a Registered Note or a Warrant will generally be required to provide the IRS with certain information, including such beneficial owner's name, address, taxpayer identification number (either such beneficial owner's Social Security number, its employer identification number or its IRS individual taxpayer identification number, as the case may be), and the aggregate amount of payments made to such beneficial owner during the calendar year. These reporting requirements, however, do not apply with respect to certain beneficial owners, including corporations, securities broker-dealers, other financial institutions, tax-exempt organisations, qualified pension and profit sharing trusts and individual retirement accounts. In the event that a U.S. beneficial owner of a Note or a Warrant fails to establish its exemption from such information reporting requirements or is subject to the reporting requirements described above and fails to supply its correct taxpayer identification number in the manner required by applicable law, or underreports its tax liability, as the case may be, the DTC participant or indirect participant holding such interest on behalf of such beneficial owner or paying agent making payments in respect of a Note or a Warrant, as applicable, may be required to "backup" withhold a tax on each payment with respect to Notes or Warrants. This backup withholding tax is not an additional tax and may be credited against the beneficial owner's U.S. federal income tax liability if the required information is furnished to the IRS in a timely manner. Compliance with the certification procedures contained in IRS Forms W-8BEN, W-8BEN-E, W-8ECI or W-8EXP as appropriate will establish an exemption from information reporting and backup withholding for those Non-U.S. Holders who are not otherwise exempt recipients.

U.S. Holders should consult their own tax advisers regarding any reporting obligations they may have as a result of their acquisition, ownership or disposition of Notes or Warrants.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Notes or the Warrants as a reportable transaction if the loss exceeds US\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders. In the event the acquisition, holding or disposition of Notes or Warrants constitutes participation in a reportable transaction for the purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. A penalty in the amount of US\$10,000 in the case of a natural person and US\$50,000 in all other cases is generally imposed on any taxpayer that fails to timely file an information return with the IRS with respect to a transaction resulting in a loss that is treated as a reportable transaction. Accordingly, if a U.S. Holder realises a loss on any Note or Warrant (or, possibly, aggregate losses from the Notes or Warrants) satisfying the monetary thresholds discussed above, the U.S. Holder could be required to file an information return with the IRS, and failure to do so may subject the U.S. Holder to the penalties described above. In addition, the Issuer and its advisers may also be required to disclose the transaction to the IRS, and to maintain a list of U.S. Holders, and to furnish this list and certain other information to the IRS upon written request. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules to the acquisition, holding or disposition of Notes and the Warrants.

Additional Reporting Requirements

Certain U.S. Holders that hold an interest in a "specified foreign financial asset" will be required to attach certain information regarding such assets to their income tax return for any year in which the aggregate value of all such assets exceeds a specified threshold amount. A "specified foreign financial asset" includes any depository or custodial accounts at foreign financial institutions, non-publicly traded debt or equity interest in a foreign financial institution, and to the extent not held in an account at a financial institution, (i) stocks or securities issued by non-U.S. persons; (ii) any financial instrument or contract held for investment that has an issuer or counterparty which is not a U.S. person; and (iii) any interest in a non-U.S. entity. Penalties may be imposed for the failure to disclose such information regarding specified foreign financial assets. U.S. Holders are advised to consult their tax advisers regarding the potential reporting requirements that may be imposed on them with respect to their ownership of the Notes and the Warrants.

Withholding of U.S. tax on account of FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements (each an "IGA") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes and Warrants, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, such withholding would not apply prior to the second anniversary of the date on which final regulations defining the term "foreign passthru payments" are published in the U.S. Federal Register, and Notes or Warrants treated as debt for U.S. federal income tax purposes issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under "*Terms and Conditions of the Notes — Further Issues*") or Warrants (as described under "*Terms and Conditions of the Warrants — Further Issues*") that are not distinguishable from previously issued Notes or Warrants are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes or Warrants, including the Notes or Warrants offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes or Warrants. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes or Warrants, no person will be required to pay additional amounts as a result of the withholding.

CERTAIN ERISA CONSIDERATIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain restrictions on employee benefit plans that are subject to Title I of ERISA ("**ERISA Plans**") and on persons who are fiduciaries with respect to such ERISA Plans. In accordance with ERISA's general fiduciary requirements, a fiduciary with respect to any such ERISA Plan who is considering the purchase of Notes or Warrants on behalf of such ERISA Plan should determine, to the extent applicable, whether such purchase is permitted under the governing ERISA Plan documents and is prudent and appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio. Other provisions of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), prohibit certain transactions between an ERISA Plan or other plan subject to Section 4975 of the Code (such plans and ERISA Plans, together "**Plans**") and persons who have certain specified relationships to the Plan (parties in interest within the meaning of Section 3(14) of ERISA or disqualified persons within the meaning of Section 4975 of the Code and collectively, "**Parties in Interest**"). Thus, a Plan fiduciary, to the extent permitted, considering the purchase of Notes or Warrants should consider whether such a purchase might constitute or result in a prohibited transaction under ERISA or Section 4975 of the Code.

The Issuer or dealers selling Notes or Warrants may each be considered a Party in Interest with respect to many Plans. The purchase of Notes or Warrants by a Plan with respect to which any of the Issuer or the dealers selling Notes or Warrants is a Party in Interest may constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code. The types of transactions between the Plans and Parties in Interest that are prohibited include: (a) sales, exchanges or leases of property, (b) loans or other extensions of credit and (c) the furnishing of goods and services. Certain Parties in Interest that participate in a non-exempt prohibited transaction may be subject to an excise tax under ERISA or the Code. In addition, the persons involved in the prohibited transaction may have to rescind the transaction and pay an amount to the Plan for any losses realised by the Plan or profits realised by such persons and certain other liabilities could result that have a significant adverse effect on such persons. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, depending in part on the type of Plan fiduciary making the decision to acquire Notes or Warrants and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 95-60 (relating to investments by insurance company general accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a "**qualified professional asset manager**"), PTCE 90-1 (relating to investments by insurance company pooled separate accounts) and PTCE 96-23 (relating to transactions determined by an in-house asset manager) issued by the U.S. Department of Labor or Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (relating to purchase and sale of securities and related lending transactions, provided that neither the issuer of the securities nor its affiliate has or exercises any discretionary authority or control or renders any investment advice with respect to the assets of any Plan involved in the transaction (in other words, not a fiduciary) and provided further that the Plan pays no more than, and receives no less than, adequate consideration in connection with the transaction). There can be no assurance that any exception or exemption from the prohibited transaction rules will be available with respect to any particular transaction involving Notes or Warrants, or that, if an exemption is available, it will cover all aspects of any particular transaction. Any purchaser that is a Plan should consult with counsel regarding the application of the exemption or any other statutory or administrative exemption.

Governmental plans (as defined in Section 3(32) of ERISA), church plans (as defined in Section 3(33) of ERISA) if no election has been made under Section 410(d) of the Code and non-U.S. plans (as described in Section 4(b)(4) of ERISA), while not subject to Section 406 of ERISA or Section 4975 of the Code, may be subject to the provisions of applicable federal, state or local or other laws, rules or regulations ("**Similar Law**") similar to the foregoing provisions of ERISA or the Code. Fiduciaries of such plans ("**Similar Law Plans**") should consider applicable Similar Law when investing in Notes or Warrants.

The Issuer and its directors, officers, employees, agents or affiliates (collectively, the "**Transaction Parties**") have their own interests in the offering and sale of the Notes and Warrants and related transactions, which differ from the interests of any Benefit Plan Investor as defined in Section 3(42) of ERISA who considers acquiring or holding the Notes or Warrants. The existence and nature of such interests have been disclosed. Any person that, for any direct or indirect compensation, makes a suggestion, directly or indirectly, to engage in or refrain from a particular action in connection with the acquisition or holding of a Note or Warrant by any Benefit Plan Investor might be giving "investment advice" so as to become a fiduciary to the Benefit Plan Investor. The Transaction Parties are not authorised to, have not

provided and do not undertake to provide any impartial investment advice or to give advice in any fiduciary capacity to any Benefit Plan Investor or any fiduciary, representative or any of their agents.

Each purchaser or transferee and each person causing such purchaser or transferee (as applicable) to purchase or hold any interest in the Note or Warrant (such as an investment manager), by such purchase or holding of any offered Note or Warrant (or any interest therein) will be deemed to represent (the latter, in its fiduciary and individual capacity), on each day from the date on which the purchaser or transferee (or any party on whose behalf it is acting) acquires any interest in any offered Note or Warrant through and including the date on which the purchaser or transferee (or any party on whose behalf it is acting) disposes of its interest in such offered Note or Warrant, either that (A) such purchaser or transferee is not (and for so long as it holds the Note or Warrant or an interest therein will not be), and is not (and for so long as it holds the Note or Warrant or an interest therein will not be) acting on behalf of, a Benefit Plan Investor or a Similar Law Plan which is subject to any Similar Law, including any entity whose underlying assets include the assets of any Benefit Plan Investor or Similar Law Plan, the inclusion of which for purposes of ERISA or any Similar Law, as the case may be, would result in such entity being deemed a Benefit Plan Investor or Similar Law Plan, or (B) such purchaser or transferee's acquisition, holding and disposition of the Note or Warrant or an interest therein does not and will not constitute a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code as a result of satisfying all of the applicable conditions of one or more of the following: PTCE 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60 or PTCE 96-23 issued by the U.S. Department of Labor or Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, or such other prohibited transaction exemption for which the purchaser or transferee (and, if applicable, any person or entity acting on behalf of such purchaser or transferee) demonstrates to the satisfaction of the Issuer that all applicable conditions are satisfied (or, in the case of a Similar Law Plan, will not result in a violation of any Similar Law). Each purchaser and transferee of any Note or Warrant or interest therein that is a Benefit Plan Investor shall be required or deemed to represent and warrant that (x) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or any fiduciary or other person investing on behalf of the Benefit Plan Investor or who otherwise has discretion or control over the investment and management of "plan assets" (a "**Plan Fiduciary**"), on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to invest in the Note or Warrant, (y) the Transaction Parties are not otherwise acting as a "fiduciary", as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's investment in the Note or Warrant and (z) the Plan Fiduciary is exercising its own independent judgment in evaluating the transaction.

The sale of Notes or Warrants to a Plan or a Similar Law Plan is in no respect a representation by the Issuer or any of its affiliates that such an investment meets all relevant legal requirements with respect to investments by Plans or Similar Law Plans generally or any particular Plan or Similar Law Plan, or that such an investment is appropriate for a Plan or a Similar Law Plan generally or any particular Plan or Similar Law Plan.

In addition, the purchaser or transferee of a Note or Warrant may be required to deliver to the Issuer and the relevant dealers a letter, in the form available from the Issuer and dealers, containing certain representations, including those contained in the preceding paragraphs.

GREEN BONDS, SOCIAL BONDS AND SUSTAINABLE BONDS

If the relevant Pricing Supplement specifies that a Series of Notes are "Green Bonds", "Social Bonds" or "Sustainable Bonds" (together, "**ESG Bonds**") then, unless otherwise specified in the relevant Pricing Supplement, the Issuer will use an amount equivalent to the net proceeds of the issuance of such Series of Notes to fund eligible businesses and projects in eligible green, social or sustainable sectors, respectively (as further described within the applicable framework specified in the relevant Pricing Supplement (the "**Applicable Framework**"), being either the HSBC Green Bond Framework dated 6 November 2015 (the "**HSBC Green Bond Framework**"), the HSBC Sustainable Development Goal (SDG) Bond Framework (the "**SDG Bond Framework**") or, if and when adopted, the HSBC Sustainable Finance Framework (the "**Sustainable Finance Framework**")). The HSBC Green Bond Framework and the SDG Bond Framework is available and, if and when adopted, the Sustainable Finance Framework will be available on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

The Issuer will track the use of such amount via its internal information systems, and provide a progress report (a "**Progress Report**") on an annual basis (as further described in the Applicable Framework). In addition, a second party opinion will be obtained from an appropriate provider to confirm the validity of the Applicable Framework. The second party opinion will be published on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>. For each issuance of Notes that are specified in the relevant Pricing Supplement as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", the Issuer will engage an appropriate external assurance provider to independently assure the relevant Progress Report, on an annual basis and opine on its conformity with the Applicable Framework. The Progress Report and related assurance report will be made available to the public on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

**PART B1 -
INFORMATION RELATING TO THE NOTES GENERALLY**

TERMS AND CONDITIONS OF THE NOTES

*The following is the text of the terms and conditions applicable to the Notes (the "**Conditions**") of each Series, which are completed by the Pricing Supplement and will be incorporated by reference into each Note in global form (subject to the section entitled "Summary of provisions relating to the Notes while in global form") and which will be endorsed on the Definitive Notes (if any) issued in exchange for Notes in global form representing each Tranche, details of the relevant Tranche being as set out in the relevant Pricing Supplement. The Pricing Supplement in relation to any Tranche may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following terms and conditions, replace or modify the following terms and conditions for the purpose of such Tranche. and, in each case, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Pricing Supplement without any further rounding). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

5. Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions

(a) ***Application***

This Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) ***Accrual of interest***

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA***

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Pricing Supplement as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis, subject always to the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*):

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, and unless otherwise specified in the relevant Pricing Supplement, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided, however, that if the Calculation Agent or the Issuer (in consultation with the Calculation Agent) determines that in its opinion (x) there is no realistic prospect of the Reference Banks providing the quotations specified in (iii)(A) above or (y) any such quotations are unlikely to be representative of an underlying market:

- (A) the Calculation Agent shall not be required to request the quotations specified in (iii)(A) above or to make the determination specified in (iv) above; and
- (B) the Calculation Agent may (in consultation with the Issuer) determine a rate by reference to such other sources and/or methodology as directed by the Issuer acting in good faith and a commercially reasonable manner.

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to (or where the above proviso applies, elects not to) determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions or the relevant Pricing Supplement in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if the relevant Pricing Supplement specifies fall-back provisions that refer to "ISDA Determination" or the ISDA Definitions, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) such fallback provisions specify a Floating Rate Option which

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

refers expressly to "Reference Banks" in its title or (b) the primary method for determining the relevant rate in accordance with the ISDA Definitions fails for any reason (unless the Pricing Supplement specifies that the fallback in respect of such rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(d) **ISDA Determination**

If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the "Floating Rate Option" (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
- (ii) the "Designated Maturity" (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement;
- (iii) the relevant "Reset Date" (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Pricing Supplement as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Pricing Supplement,

provided, however, that if in relation to any Interest Period:

- (A) the application of the above provisions does not result in the determination of an ISDA Rate and the Issuer (in consultation with the Calculation Agent) has not determined a Benchmark Trigger Event to have occurred, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) the Issuer (in consultation with the Calculation Agent) determines a Benchmark Trigger Event to have occurred, the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply,

and in either case, the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Pricing Supplement refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Pricing Supplement specifies that the fallback in respect of such ISDA Rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

(e) ***Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA***

- (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA is specified in the relevant Pricing Supplement as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
- (ii) If the Notes become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Pricing Supplement, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
- (iii) If "Payment Delay" is specified as the Observation Method in the relevant Pricing Supplement, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

- (B) If the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).
- (vi) Additional Provisions applicable where "SOFR" is specified as the Reference Rate in the relevant Pricing Supplement:

provided in the relevant definition thereof for the related Reference Rate Determination Date; and

- (II) the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) determines that a SOFR Transition Event and the related SOFR Replacement Date have occurred in relation to the Reference Rate (or any SOFR Replacement Rate previously determined in accordance with this Condition 5(e)(vi) on the Reference Rate Business Day on which a determination of Reference Rate is due to be made,

the SOFR Replacement Rate will replace the then-current Reference Rate for all purposes and in respect of all determinations on such Reference Rate Business Day and (without prejudice to the further operation of this Condition 5(e)(vi) all subsequent determinations; provided that, if the Issuer (in consultation, to the extent practicable, with the calculation agent) or our designee (in consultation with the Issuer) is unable to or do not determine a SOFR Replacement Rate in accordance with the provisions below prior to 5:00 p.m. (New York time) on the relevant Interest Determination Date, the interest rate for the related Interest Period will be equal to (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (C) If "ARRC Fallbacks" are not specified as applicable in the relevant Pricing Supplement, if:

- (I) in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as provided in the relevant definition thereof for the related Reference Rate Determination Date; and

- (II) the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) determines that a SOFR Index Cessation Event and SOFR Index Cessation Effective Date have occurred (the first date on which (I) and (II) occur, being the "**Rate Switch Date**"),

Reference Rate(i) in respect of such Reference Rate Business Day(i) shall be the rate that was recommended as the replacement for the daily Secured Overnight Financing Rate by the Federal Reserve Board and/or the Federal Reserve Bank of New York or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York for the purpose of recommending a replacement for the daily Secured Overnight Financing Rate (which rate may be produced by the Federal Reserve Bank of New York or other designated administrator, and which rate may include any adjustments or spreads) as determined in relation to related Reference Rate Determination Date for such Reference Rate Business Day(i); **provided, however, that**, if no such rate has been recommended within one Reference Rate Business Day of the Rate Switch Date, then:

- (1) subject to (2) below, Reference Rate(i) in relation to each Reference Rate Business Day(i) falling on or after the Rate Switch Date shall be equal to the rate determined in accordance with the definition of Reference Rate(i) or Condition 5(e)(vi)(A) (as applicable), but as if:
- (aa) references in Condition 5(e)(i) -(iv) to "Reference Rate Business Day" were to "New York City Banking Day", but so that in the case of the Applicable Period in which the SOFR Index Cessation Effective Date occurred, "d₀" shall be construed so that it means the aggregate of (x) the number of Reference Rate Business Days in the Applicable Period up to (but excluding) the Rate Switch Date and (y) the number of New York City Banking Days in the Applicable Period relating to such Interest Period from (and including) the Rate Switch Date (and "i" shall be construed accordingly);
 - (bb) references to "daily Secured Overnight Financing Rate" were to the "daily Overnight Bank Funding Rate";
 - (cc) references to "SOFR Index Cessation Event" were references to "OBFR Index Cessation Event"; and
 - (dd) references to "SOFR Index Cessation Effective Date" were references to "OBFR Index Cessation Effective Date"; and
- (2) if, (A) in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as provided in (1) above for the related Reference Rate Determination Date and (B) an OBFR Index Cessation Event and an OBFR Index Cessation Effective Date have both occurred (the first date on which (A) and (B) occur, being the "**OBFR Switch Date**"), then, in relation to each Reference Rate Business Day(i) falling on or after the later of the Rate Switch Date and the OBFR Switch Date, Reference Rate(i) shall be equal to the rate determined in accordance with the definition of Reference Rate(i) or Condition 5(e)(v)(A) (as applicable), but as if:
- (aa) references in Condition 5(e)(i) -(iv) to "Reference Rate Business Day" were to "New York City Banking Day", but so that in the case of the Applicable Period in which the OBFR Switch Date occurred, "d₀" shall be construed so that it means the aggregate of (x) the number of Reference Rate Business Days in the Applicable Period up to (but excluding) the OBFR Switch Date and (y) the number of New York City Banking Days in the Applicable Period relating to such Interest Period from (and including) the OBFR Switch Date (and "i" shall be construed accordingly); and

If the Index-Linked Interest Note provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

(g) ***Maximum or Minimum Interest Rate***

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(h) ***Calculation of Interest Amount***

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the Notes for such Interest Period. Unless otherwise provided in the relevant Pricing Supplement, the Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Pricing Supplement as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes notwithstanding that the formula specified in the relevant Pricing Supplement may provide for calculation in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Pricing Supplement as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*))), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Pricing Supplement without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

If the relevant Pricing Supplement specifies an alternative method of calculation of interest amount and "Aggregate Outstanding Nominal Amount Rounding" is specified in such Pricing Supplement as being applicable in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, then such interest shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes and rounded to the nearest currency sub-unit notwithstanding that the formula specified in such Pricing Supplement may provide for the interest amount to be calculated in relation to the Calculation Amount.

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

(i) ***Calculation of other amounts***

If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.

(j) ***Dividend Equivalent Payments***

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Pricing Supplement in respect of such Notes states the Notes are "Section 871(m) Notes", the Pricing Supplement shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Pricing Supplement, the Pricing Supplement shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders.

(k) ***Publication***

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period as a result of the early redemption or the termination of the Notes pursuant to:

(i) Condition 7(b) (*Redemption for Taxation Reasons*), Condition 7(c) (*Redemption at the Option of the Issuer (Call Option)*), Condition 7(d) (*Redemption at the Option of the Noteholder (Put Option)*), Condition 7(f) (*Early Redemption for Illegality*) or Condition 11 (*Events of Default*) or as a result of the provisions of Condition 9(f) (*Price Source Disruption and FX Disruption*), Condition 10 (*Redenomination*), or

- (v) any other provisions set out in the relevant Pricing Supplement or otherwise.

If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(l) *Linear interpolation*

Where "**Linear Interpolation**" is specified as applicable in respect of an Interest Period in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(m) *Notifications etc.*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders **and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.**

6. **Zero Coupon Notes**

- (i) This Condition 6 (*Zero Coupon Notes*) is applicable to the Notes only if the Zero Coupon Note provisions are specified in the relevant Pricing Supplement as being applicable.
- (ii) If any amount payable in respect of a Zero Coupon Note is improperly withheld or refused, such an amount shall thereafter be an amount equal to the sum of:
 - (A) the Zero Coupon Note Reference Price; and

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

7. Redemption and Purchase

(a) *At Maturity*

Unless previously redeemed or purchased and cancelled, and subject as otherwise set out in the relevant Pricing Supplement, each Note will be redeemed by the Issuer at an amount (the "**Final Redemption Amount**") as determined by the Calculation Agent and as calculated in accordance with Condition 7(j) (*Redemption and Purchase - Calculation and Rounding*) and the formula or other means specified in the relevant Pricing Supplement, where applicable, in the relevant Settlement Currency on the date specified in the relevant Pricing Supplement as the scheduled date on which such Note is to be redeemed (the "**Maturity Date**") (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement), in accordance with the provisions set out in the relevant Pricing Supplement.

- (ii) if the Issuer were to seek to redeem such Notes (for which purpose no regard shall be had to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation - Gross-up*);

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of such Notes, at their Early Redemption Amount determined by the Issuer in accordance with the Conditions and calculated in accordance with the formula or other means specified in the relevant Pricing Supplement together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes a number of days which is equal to the lesser of the aggregate of the number of days in the then current Interest Period plus 60 days and 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof or the Issuer of their respective options to require the redemption of such Note under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) respectively, below, if the due date for redemption under this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) would occur prior to that under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively, but not otherwise and, in such circumstances, the exercise of the option under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively shall be rendered ineffective.

independent legal adviser or accountant to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws of the United Kingdom (including any regulations pursuant thereto), or in the interpretation or administration thereof, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist, and any such certificate shall be sufficient to establish the circumstances required by this Condition 7(b).

(c) ***Redemption at the Option of the Issuer (Call Option)***

Where the Notes are specified in the relevant Pricing Supplement as being redeemable at the option of the Issuer, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes) or otherwise as set out in the relevant Pricing Supplement, having given not less than 5 nor more than 30 days' notice (or such other notice period as may be specified in the relevant Pricing Supplement) to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem on the Optional Redemption Date (Call Option) all or some only of the Notes then outstanding on the Optional Redemption Date (Call Option) and at the Redemption Amount (Call Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Pricing Supplement, together with interest accrued but unpaid thereon to the date fixed for redemption.

subject always to compliance with all applicable laws and the requirements of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation.

Condition 14 (*Notices*), (which notices shall be irrevocable), the Issuer shall, following receipt of such notice from the Noteholder and confirmation from the Issue Agent that it has been duly notified, redeem on the Optional Redemption Date (Put Option), so many of the Notes in respect of which such Noteholder has exercised such option as are outstanding on the Optional Redemption Date (Put Option) and at the Redemption Amount (Put Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Pricing Supplement, together with interest accrued but unpaid thereon to the date fixed for redemption.

Where a Minimum Redemption Amount (Put Option) and/or a Maximum Redemption Amount (Put Option) is specified in the relevant Pricing Supplement, the Redemption Amount (Put Option) shall not be less than the Minimum Redemption Amount (Put Option) and shall not be more than the Maximum Redemption Amount (Put Option).

In order for any such notice given by a Noteholder to be effective, the Noteholder shall, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents or, as the case may be, the Registrar. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 7(b) (*Redemption and Purchase - Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase - Redemption at the Option of the Issuer*) or Condition 7(f) (*Redemption and Purchase - Illegality*).

(A) the Zero Coupon Note Reference Price; and

(B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

(ii) Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Pricing Supplement for the purposes of Condition 6 (*Zero Coupon Notes*) and this Condition 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) (or, if no such relevant Day Count Fraction is specified, a Day Count Fraction of 30E/360 shall apply).

(f) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes (or the Issuer's or the Issuer's designated affiliates' obligations under any hedging arrangements established in connection therewith) shall after the Trade Date:

(i) have become unlawful, or

(ii) unless "Early Redemption for Impracticability" is specified as not applicable in the relevant Pricing Supplement, have become impracticable,

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 7(f). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

(g) ***Purchases***

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be held, reissued, resold or, provided such Notes are held by the Issuer, at the option of the Issuer deissued or cancelled.

(h) ***Cancellation***

All Notes which are redeemed pursuant to Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) and 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) shall, and all Notes purchased pursuant to Condition 7(g) (*Redemption and Purchase – Purchases*) may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Notes, all unmaturing Coupons and unexchanged Talons attached thereto or surrendered therewith). All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(i) ***No Other Redemption Provisions***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) and 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(j) ***Calculation and Rounding***

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 7 (*Redemption and Purchase*) and in rounding any values determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Pricing Supplement as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes, rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Pricing Supplement may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Pricing Supplement as being

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

8. **Taxation**

8A. ***Taxation - Gross-up***

This Condition 8A will be applicable to all Series of Notes unless it is specified in the relevant Pricing Supplement that Condition 8B (*Taxation - No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the Relevant Jurisdiction unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes and/or, as the case may be, Coupons, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with the Relevant Jurisdiction or any other relevant jurisdiction, other than the mere holding of such Note or Coupon;
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent;
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days;
- (d) in the case of Registered Notes, unless it is proved to the satisfaction of the Registrar that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

tax treaty with the Relevant Jurisdiction or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or

- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 14 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the Relevant Jurisdiction, references in this Condition 8 (*Taxation*) to the Relevant Jurisdiction shall be construed as references to the Relevant Jurisdiction and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 8 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m), or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). Neither the Issuer nor any Paying Agent will have any obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

8B. *Taxation - No gross-up*

This Condition 8B will only be applicable to a Series of Notes where it is specified in the relevant Pricing Supplement that Condition 8B (*Taxation - No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the Relevant Jurisdiction unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges. **In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.**

9. **Payments**

(a) ***Bearer Notes***

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation and (save in the case of partial payment or payment of an Instalment Amount (other than the final Instalment Amount)) surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph). No payments on Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States or its possessions (as defined in the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")) and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Note or if the Pricing Supplement so specifies, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they appertain will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relative Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

Upon the due date for redemption of any Definitive Note other than a Fixed Rate Note, all unmatured Coupons and Talons (if any) relating to such Definitive Note (whether or not attached) shall become void and no payment shall be made in respect of them.

Definitive Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 8 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 12 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall, in its sole and absolute discretion, determine which unmatured Coupons are to become void, and shall select, in its sole and absolute discretion, for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

Upon any Definitive Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 (*Prescription*) below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from and including the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) ***Registered Notes***

Payment of the amount due on final redemption in respect of Registered Notes will be made against presentation and, save in the case of partial payment of any such amount, surrender of the relevant certificate at the specified office of the Registrar or of the Transfer Agent. If the due date for payment of the Final Redemption Amount or any other redemption amount, as the case may be, of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Pricing Supplement so specifies, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), Condition 5 (*Floating Rate Note, Index-Linked Interest Note Provisions*) or Condition 6 (*Zero Coupon Notes*), as appropriate.

Payment of amounts (whether principal, interest or otherwise) due (other than on final redemption) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (local time in the place of the specified office of the Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar or to the Transfer Agent and the Registrar or, as the case may be, the Transfer Agent has acknowledged such application for payment to be made to a designated account denominated in the relevant Settlement Currency (as defined in Condition 1 (*Definitions*)), in each case as specified in Condition 9(c) (*Payments – Uncertificated Registered Notes*) below.

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

(c) ***Uncertificated Registered Notes***

The Issuer shall pay or cause to be paid when due payments of principal and interest (if any) in respect of Uncertificated Registered Notes to the relevant Noteholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Notes must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(d) ***General Provisions***

The following provisions apply to both Bearer Notes and Registered Notes (and do not apply to Uncertificated Registered Notes). Subject to Condition 9(e) (*Payments – Payment of Alternative Payment Currency Equivalent*), payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the relevant Settlement Currency either by cheque or, at the option of the payee, by transfer to an account in the relevant Settlement Currency specified by the payee other than, for payments in respect of Bearer Notes, any such account in the United States.

Payments and deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the US Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(e) ***Payment of Alternative Payment Currency Equivalent***

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Pricing Supplement, then if by reason of a FX Disruption Event, a Clearing System Currency Eligibility Event or any other event specified in the relevant Pricing Supplement as an Additional Alternative Payment Currency Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement on (i) the due date at the Alternative Payment Currency Equivalent of any such amount due or (ii) if in the applicable Pricing Supplement "Condition 1" is specified as applicable to the Alternative Payment Currency Fixing Date, the date falling the Alternative Payment Settlement Days after the due date at the Alternative Payment Currency Equivalent of any such amount due and, in each case, no further payment on account of interest or otherwise shall be due in respect of such postponed payment.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 9(e) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(f) ***Price Source Disruption and FX Disruption***

(X) If "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then, if on any Scheduled FX Fixing Date:

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions, Underlying Currency Pair Exchange Rate Fall-Back provisions and/or Conversion Rate Fall-Back provisions (as applicable) are specified in the relevant Pricing Supplement, then the Calculation Agent shall:

(1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or

(2) unless the Pricing Supplement specifies Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and

(3) if (i) the Pricing Supplement specifies Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or

(B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

Unscheduled Holiday (a "**Postponed FX Fixing Date**"), and if the Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.

- (Y) Except to the extent that (i) "EM Price Source Disruption" is specified as being applicable, and (ii) "FX Disruption Event" is specified as being not applicable in the relevant Pricing Supplement, if at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
- (A) having given not less than five days' notice to the Noteholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Early Redemption Amount the Calculation Agent shall first determine any Relevant Rate (if required) (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 9(f) (*Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Noteholders); or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however, that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 9(e) (*Payment of Alternative Payment Currency Equivalent*).

(g) ***EM Price Source Disruption***

If "EM Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then:

- (i) subject to sub-paragraph (iii) below and **provided that** no Conversion Rate Fall-Back provisions are specified in the relevant Pricing Supplement, if on any Scheduled FX Fixing Date:
 - (A) Price Materiality is specified as applicable and a Price Materiality occurs, the Relevant Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. For the avoidance of doubt, any rate achieved by the Issuer pursuant to a relevant hedging agreement shall be deemed to be a commercially reasonable rate;
 - (B) a Price Source Disruption occurs or is continuing, the relevant Conversion Rate Fixing Date shall be postponed until the first Conversion Rate Business Day after such Scheduled FX Fixing Date on which no Price Source Disruption exists (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

within the EM Deferral Period, the Conversion Rate will be determined in accordance with sub-paragraph (ii) below; or

- (C) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the relevant Conversion Rate Fixing Date shall be postponed to the first succeeding Conversion Rate Business Day (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period the Conversion Rate will be determined in accordance with paragraph sub-paragraph (ii) below;
 - (ii) subject to sub-paragraph (iii) below, notwithstanding the provisions of sub-paragraphs (i)(B) and (i)(C) above, in no event shall the total number of consecutive calendar days for which a fixing date is deferred due to (i) an Unscheduled Holiday, or (ii) a Price Source Disruption (or any combination of (i) and (ii)), exceed the EM Deferral Period. Accordingly, if on the first Conversion Rate Business Day (or date which would have been a Conversion Rate Business Day but for the occurrence of an Unscheduled Holiday) after such period has lapsed (the "**Cut-off Fixing Date**") (X) an Unscheduled Holiday occurs or is continuing (but no Price Source Disruption occurs or is continuing on such day), then the Conversion Rate shall be a rate determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, or (Y) a Price Source Disruption occurs or is continuing on such day, then the Conversion Rate shall be the Fallback Conversion Rate determined on the Cut-off Fixing Date; and
 - (iii) notwithstanding any other provision of this Condition 9(g), if the Fallback Conversion Rate is not available or, at any time following the determination of the Conversion Rate or Fallback Conversion Rate, the Calculation Agent determines that such rate does not accurately represent the rate which the Calculation Agent determines that the Issuer could have achieved in the general foreign exchange market at the time such Conversion Rate or Fallback Conversion Rate was determined, the applicable Conversion Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. For the avoidance of doubt, any rate achieved by the Issuer pursuant to a relevant hedging agreement shall be deemed to be a commercially reasonable rate.
- (h) ***Postponement of Payments***
- (i) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(f) (*Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.
 - (ii) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(g) (*EM Price Source Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Conversion Rate Fixing Date or, if later, the Cut-off Fixing Date or Postponed FX Fixing Date, as applicable.
 - (iii) Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 9(h) (*Postponement of Payments*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Related Payment Date which is so postponed shall be calculated as if such Related Payment Date had not been postponed pursuant to this Condition 9(h) (*Postponement of Payments*)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(i) ***LBMA Physical Settlement***

The following provisions apply where LBMA Physical Settlement is specified as being applicable in the relevant Pricing Supplement.

A. *LBMA Transfer Notice*

(i) Each Noteholder shall, on or before 4:00 pm (London time) on the date falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, an irrevocable notice (an "**LBMA Transfer Notice**") in the form from time to time approved by the Issuer, which must:

- (A) specify the name and address of the Noteholder;
- (B) specify the number of Notes in respect of which he is the Noteholder;
- (C) specify the number of the Noteholder's account at the relevant Clearing System, to be debited with such Notes;
- (D) irrevocably instruct and authorise the relevant Clearing System, (1) to debit the Noteholder's account with such Notes on the relevant Interest Payment Date, the Maturity Date or the relevant early redemption date of the Notes (as applicable) and (2) that no further transfers of the Notes specified in the LBMA Transfer Notice may be made;
- (E) contain a representation and warranty from the Noteholder to the effect that the Notes to which the LBMA Transfer Notice relates are free from all liens, charges, encumbrances and other third party rights;
- (F) specify the number and account name of the account in London with a member of the LBMA where the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes shall be credited;
- (G) contain an irrevocable undertaking to pay the Transfer Expenses (if any) and an irrevocable instruction to the relevant Clearing System, to debit on or after the relevant Interest Payment Date, the Maturity Date or the relevant early redemption date of the Notes (as applicable) the cash or other account of the Noteholder with the relevant Clearing System, specified in the LBMA Transfer Notice with such Transfer Expenses; and
- (H) authorise the production of the LBMA Transfer Notice in any applicable administrative or legal proceedings.

(ii) An LBMA Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of an LBMA Transfer Notice following delivery of such LBMA Transfer Notice to the relevant Clearing System. A LBMA Transfer Notice shall only be valid to the extent that

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the LBMA Transfer Notice.

- (iii) Failure properly to complete and deliver a LBMA Transfer Notice may result in such notice being treated as null and void with the consequence set out in subparagraph (C). Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the relevant Clearing System, after consultation with the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
- (iv) The Principal Paying Agent shall promptly on the local banking day following receipt of a LBMA Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.

B. *Delivery obligation*

Subject to the other provisions of this Condition 9(i), if the LBMA Physical Settlement provisions are specified in the relevant Pricing Supplement as being applicable, the Issuer shall discharge its obligation to deliver the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes by crediting, or procuring the credit of, the same on the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) to the account in London with a member of the LBMA specified in the LBMA Transfer Notice of the relevant Noteholder.

C. *LBMA Physical Settlement Fallback Redemption Amount*

In the event that any Noteholder fails to deliver a valid LBMA Transfer Notice by 4:00 pm on the day falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly), the Calculation Agent shall determine the LBMA Physical Settlement Fallback Redemption Amount and the Issuer shall pay the LBMA Physical Settlement Fallback Redemption Amount in respect of each Note held by such Noteholder on the Maturity Date, the relevant Interest Payment Date or date of early redemption of the Notes.

D. *Disruption*

(i) *LBMA Physical Settlement Market Disruption Event*

If a LBMA Physical Settlement Market Disruption Event occurs or exists on any date on which the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) is to be determined, the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) shall be the rate determined by the Calculation Agent taking into consideration the latest available Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) as of a date on which no LBMA Physical Settlement Market Disruption Event occurred or existed and any other information which the Calculation Agent considers relevant.

(ii) *Settlement Disruption of LBMA Physical Settlement*

The Calculation Agent shall determine whether or not at any time a LBMA Physical Settlement Disruption Event has occurred and where it determines such an event has occurred and has prevented any delivery on the original day that but for such LBMA Physical Settlement Disruption Event would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable), then such date will be the first succeeding day on which the relevant delivery can take place unless a LBMA Physical Settlement

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

Disruption Event prevents settlement on each of the ten (10) Business Days immediately following the original date that, but for the LBMA Physical Settlement Disruption Event, would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable). In that case, (a) if the relevant delivery can be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be that tenth (10th) Business Day with delivery being effected in such manner, and (b) if such delivery cannot be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be postponed until delivery can be effected in another commercially reasonable manner.

(j) **Conversion**

If Conversion provisions are specified as being applicable in the relevant Pricing Supplement in relation to any specified amount payable in respect of the Notes, the relevant amount payable in respect of the Notes will be determined in accordance with the relevant Conversion provisions specified in the relevant Pricing Supplement. Notwithstanding anything contained in these Conditions or the relevant Pricing Supplement, the currency of payment in respect of such amount shall be as determined in accordance with such Conversion provisions, such currency shall be deemed to be the Settlement Currency in respect of such payment and the "Settlement Currency Jurisdiction" specified in the relevant Pricing Supplement shall be deemed to be modified accordingly in relation to such amount.

10. **Redenomination**

(a) **General**

Where redenomination is specified in the relevant Pricing Supplement as being applicable, and in respect of Notes denominated in a National Currency Unit (as defined in Condition 1 (*Definitions*)), the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 14 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the relevant Settlement Currency (whether or not attached to the Notes) will become void with effect from the date (the "**Euro Exchange Date**") on which the Issuer gives notice (the "**Euro Exchange Notice**") to the Noteholders that replacement

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

Notes and Coupons denominated in euro are available for exchange (**provided that** such Notes and Coupons are available) and no payments will be made in respect thereof;

- (B) the payment obligations contained in all Notes denominated in the Settlement Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 10(a)(ii) (*Redenomination – General*)) shall remain in full force and effect; and
 - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the relevant Settlement Currency in such manner as the Issuer may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
 - (iv) such other changes will be made to the terms and conditions of the Notes as the Issuer may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 14 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) ***Interest***

Following redenomination of the Notes pursuant to 10(a) (*Redenomination – General*):

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflect the market practice in respect of internationally offered euro denominated securities.

11. Events of Default

If any one or more of the following events (each an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) there is a default for more than 14 days in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or
- (b) an order is made or an effective resolution is passed for the winding up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof by the Issuer (such date the "**Early Redemption Date**"), declare the Note held by the Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Pricing Supplement, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

12. Prescription

Notes and Coupons will become void unless presented for payment within a period of 10 years and five years, respectively, from the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent for the payment of the

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 (*Prescription*) or Condition 9 (*Payments*).

13. Replacement, Exchange and Transfer

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Issue Agent or (in the case of Registered Notes) of the Registrar or of the Transfer Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement and the relevant Pricing Supplement, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the Registrar or of the Transfer Agent, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement, a Registered Note, in definitive form, may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Pricing Supplement) by the Holder or Holders surrendering the Registered Note for registration of transfer at the specified office of the Registrar or the Transfer Agent, duly endorsed by, or accompanied by a written instrument to transfer in form satisfactory to the Issuer and the Registrar or the Transfer Agent, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Pricing Supplement, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issuing and Paying Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of the Principal Paying Agent or of the Registrar or the Transfer Agent, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined below) where the exchange date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 9(b) (*Payments - Registered Notes*)) for such payment of interest and the date on which such payment of interest falls due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for delivery at the specified office of the Registrar or the Transfer Agent, or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation hereto, shall be borne by the Issuer.

The Registrar or the Transfer Agent, as the case may be, shall not be required to register the transfer or exchange of Registered Notes for a period of 15 days preceding the due date for any payment of principal or interest in respect of such Notes.

14. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid: (i) if published, in the case of Bearer Notes and Coupons, in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); (ii) in the case of Registered Notes, if mailed to their registered addresses (as advised by the Registrar) or to that of the first named of them in the case of joint Holders; **provided that**, in each case, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with; and (iii) in the case of Uncertificated Registered Notes, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

(b) ***Notices from Noteholders***

Notices given by any Noteholder shall be in writing and given by lodging the same, together with the relevant Note or Notes (if applicable), with the Principal Paying Agent or other Paying Agent or with the Registrar (as the case may be) at its specified office.

15. **Paying Agents, Calculation Agents, Issue Agents, Transfer Agents and Registrars**

- (a) The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Calculation Agents, the initial Issue Agent, the initial Transfer Agent, the initial Registrar and their respective initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar and/or approve any change in the specified office through which any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar acts, **provided that**:

- (i) so long as any Bearer Notes are outstanding, there will at all times be a Principal Paying Agent; and
 - (ii) so long as any Registered Notes are outstanding, there will at all times be a Registrar and a Transfer Agent.
- (b) In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 9(a) (*Payments - Bearer Notes*). Any variation, termination, appointment or change shall only take effect (other than in the case of an insolvency, when it shall be of immediate effect) after notice has been given to the Noteholders in accordance with Condition 14 (*Notices*).
- (c) Except as otherwise provided in these Conditions or in a relevant Pricing Supplement, all calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Notes (including any determinations by the Calculation Agent as

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and in a commercially reasonable manner.

- (d) The Agents and the Calculation Agent shall not act as agents for the Noteholders but shall be agents of the Issuer. All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its absolute discretion, may decide.

15A. Consequences of a Benchmark Trigger Event

- (a) This Condition 15A shall apply except that where Condition 5(e) (*Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Pricing Supplement, this Condition 15A shall not apply in relation to SOFR as the Reference Rate.
- (b) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
 - (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement:
 - (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

(2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or

(B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or

(C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Pricing Supplement on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (c) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 15A on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Relevant Benchmark Determination Date.
- (d) Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 15A (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 15A) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.
- (e) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 14 (*Notices*)).
- (f) Without prejudice, in the case of any Index-Linked Notes, to Condition 22(f)(ii) (*Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.
- (g) In making any determination under this Condition 15A, the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Notes (including, without limitation, in respect of any termination or re-establishment of hedging arrangements), and the Issuer's funding

costs. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination made by the Issuer pursuant to this Clause 15A.

16. Meetings of Noteholders, Modification and Substitution

(a) *Meetings of Noteholders*

The Master Note Issuance Agreement contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Note Issuance Agreement) of a modification of the Notes or any of the provisions of the Master Note Issuance Agreement. Such a meeting may be convened by the Issuer or by Holders of the Notes of any Series holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Holders of the Notes of any Series whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes (including modifying the date of maturity of the Notes, reducing or cancelling the amount of principal payable in respect of the Notes or altering the currency of payment of the Notes), the quorum shall be one or more persons holding or representing not less than 75 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series shall be binding on all the Noteholders, whether or not they are present at the meeting. Any modification of the Notes shall be notified to the Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.

(b) *Modification*

Subject in case of the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement (as applicable) to the agreement of the other parties thereto, the Issuer may agree, without the consent of the Noteholders, to:

- (i) any modification (except as mentioned above) of the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement or the Conditions which is not materially prejudicial to the interests of the Noteholders as a whole;
- (ii) any modification of the Conditions or the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (iii) any modification of the Notes which is made to correct an inconsistency between the Pricing Supplement and conditions of the Note issue (comprising these Conditions as completed by the relevant Pricing Supplement) and the relevant termsheet relating to the Notes.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.

(c) *Substitution*

The Issuer may also agree, without the consent of the Noteholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Notes of any Series and the Coupons appertaining thereto (if any), **provided that** such Notes and the Coupons appertaining thereto (if any) are irrevocably guaranteed by the Issuer. In the

Part B1 - Information Relating to the Notes Generally – Terms and Conditions of the Notes

event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Noteholders in accordance with Condition 14 (*Notices*). In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

17. **Provision of Information**

The Issuer shall, during any period in which it is not subject to and in compliance with the periodic reporting requirements of Section 13 or 15(d) of the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, duly provide to any Holder of a Note which is a "**restricted security**" within the meaning of Rule 144(a)(3) under the Securities Act or to any prospective purchaser of such securities designated by such Holder, upon the written request of such Holder or (as the case may be) prospective Holder addressed to the Issuer and delivered to the Issuer or to the specified office of the Registrar, the information specified in Rule 144A(d)(4) under the Securities Act.

18. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any) to create and issue further notes ranking equally in all respects with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

19. **Effects of European Economic and Monetary Union**

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine the effective date of such adjustment) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount, Early Redemption Amount or any amount of interest set out in the relevant Pricing Supplement and/or any other adjustment and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to make such conversions between amounts denominated in the National Currency Units and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules in Regulation (EC) No. 1103/97 as it determines to be appropriate.

21B. **Governing Law and Jurisdiction in relation to Notes issued by HBME**

This Condition 21B only applies to Notes issued by HBME.

(a) The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by and shall be construed in accordance with English law.

If any notice to terminate is given after service of any Request for Arbitration in respect of any Dispute, the relevant Noteholder must also promptly give notice to the LCIA Court and to any Tribunal (each as defined in the Rules) already appointed in relation to the Dispute that such Dispute will be settled by the courts. Upon receipt of such notice by the LCIA Court, the arbitration and any appointment of any arbitrator in relation to such Dispute will immediately terminate. Any such arbitrator will be deemed to be *functus officio*. The termination is without prejudice to:

- (i) the validity of any act done or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (ii) his entitlement to be paid his proper fees and disbursements; and
- (iii) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

(e) ***Consent***

The Issuer irrevocably and generally consents in respect of any Proceedings anywhere to the giving of any relief or the issue of any process in connection with those Proceedings including, without limitation, the making, enforcement or execution against any assets whatsoever (irrespective of their use or intended use) of any order or judgment which may be made or given in those Proceedings.

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Pricing Supplement without any further rounding). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

5. **Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions**

(a) ***Application***

This Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note provisions, the Index-Linked Interest Note provisions or other variable-linked interest Note provisions are specified in the relevant Pricing Supplement as being applicable.

(b) ***Accrual of interest***

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA***

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Pricing Supplement as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis, subject always to the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) (as applicable):

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, and unless otherwise specified in the relevant Pricing Supplement, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions or the relevant Pricing Supplement in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if the relevant Pricing Supplement specifies fall-back provisions that refer to "ISDA Determination" or the ISDA Definitions, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) such fallback provisions specify a Floating Rate Option which refers expressly to "Reference Banks" in its title or (b) the primary method for determining the relevant rate in accordance with the ISDA Definitions fails for any reason (unless the Pricing Supplement specifies that the fallback in respect of such rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(d) **ISDA Determination**

If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the "Floating Rate Option" (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
- (ii) the "Designated Maturity" (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement;
- (iii) the relevant "Reset Date" (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Pricing Supplement as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Pricing Supplement,

provided, however, that if in relation to any Interest Period:

- (A) the application of the above provisions does not result in the determination of an ISDA Rate and the Issuer (in consultation with the Calculation Agent) has not determined a Benchmark Trigger Event to have occurred, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) the Issuer (in consultation with the Calculation Agent) determines a Benchmark Trigger Event to have occurred, the provisions of Condition 15A (*Consequences of a Benchmark Trigger Event*) shall apply,

and in either case, the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, then the Calculation Agent may be required to determine the relevant Rate of Interest by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Pricing Supplement refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Pricing Supplement specifies that the fallback in respect of such ISDA Rate shall not be determined by reference to any 'Reference Banks' (as defined in the ISDA Definitions)).

(e) **Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA**

- (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA is specified in the relevant Pricing Supplement as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

- (ii) If the Notes become due and payable in accordance with Condition 11 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Pricing Supplement, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
- (iii) If "Payment Delay" is specified as the Observation Method in the relevant Pricing Supplement, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

- (f) ***Index-Linked Interest***

If the Index-Linked Interest Note provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.

- (g) ***Maximum or Minimum Interest Rate***

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (h) ***Calculation of Interest Amount***

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the Notes for such Interest Period. Unless otherwise provided in the relevant Pricing Supplement, the Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Pricing Supplement as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes notwithstanding that the formula specified in the relevant Pricing Supplement may provide for calculation in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Pricing Supplement as being applicable, the Calculation Amount,

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of the relevant Pricing Supplement without any further rounding). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

If the relevant Pricing Supplement specifies an alternative method of calculation of interest amount and "Aggregate Outstanding Nominal Amount Rounding" is specified in such Pricing Supplement as being applicable in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, then such interest shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes and rounded to the nearest currency sub-unit notwithstanding that the formula specified in such Pricing Supplement may provide for the interest amount to be calculated in relation to the Calculation Amount.

(i) ***Calculation of other amounts***

If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.

(j) ***Dividend Equivalent Payments***

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "Reference Asset" or, if it is comprised in a basket of variables, a "Reference Asset Component"), if the Pricing Supplement in respect of such Notes states the Notes are "Section 871(m) Notes", the Pricing Supplement shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Pricing Supplement, the Pricing Supplement shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders.

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

(k) **Publication**

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period as a result of the early redemption or the termination of the Notes pursuant to:

- (i) Condition 7(b) (*Redemption for Taxation Reasons*), Condition 7(c) (*Redemption at the Option of the Issuer (Call Option)*), Condition 7(d) (*Redemption at the Option of the Noteholder (Put Option)*), Condition 7(f) (*Early Redemption for Illegality*) or Condition 11 (*Events of Default*) or as a result of the provisions of Condition 9(f) (*Price Source Disruption and FX Disruption*), Condition 10 (*Redenomination*), or

- (iv) where "*Part H - Product Supplement for Fund-Linked Notes*" applies to any Notes, Condition 22(b) (*Occurrence of a Reference Fund Disruption Event*), Condition 22(e) (*Effects of Reference Fund Events*), or
- (v) any other provisions set out in the relevant Pricing Supplement or otherwise.

(l) **Linear interpolation**

Where "**Linear Interpolation**" is specified as applicable in respect of an Interest Period in the relevant Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the Relevant Screen Page, one of which shall be determined as if the Interest Period were the period for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Interest Period were the period for which rates are available next longer than the length of the relevant Interest Period; **provided, however, that** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate in accordance with the provisions of paragraphs (iii)(A) and (B), (iv) and the final proviso of Condition 5(c).

(m) **Notifications etc.**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders **and (subject as aforesaid) no liability to any such person**

will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

 - (A) the Zero Coupon Note Reference Price; and
 - (B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price on the basis of the relevant Day Count Fraction as may be specified in the relevant Pricing Supplements for the purposes of this Condition 6 (*Zero Coupon Notes*) and Condition 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) (or, if no such relevant Day Count Fraction is specified, a Day Count Fraction of 30E/360 shall apply) from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

7. **Redemption and Purchase**

(a) ***At Maturity***

Unless previously redeemed or purchased and cancelled, and subject as otherwise set out in the relevant Pricing Supplement, each Note will be redeemed by the Issuer at an amount (the "**Final Redemption Amount**") as determined by the Calculation Agent and as calculated in accordance with Condition 7(k) (*Redemption and Purchase - Calculation and Rounding*) and the formula or other means specified in the relevant Pricing Supplement, where applicable, in the relevant Settlement Currency on the date specified in the relevant Pricing Supplement as the scheduled date on which such Note is to be redeemed (the "**Maturity Date**") (or, in the case of Instalment Notes, in such number of instalments and in such amounts ("**Instalment Amounts**") as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement), in accordance with the provisions set out in the relevant Pricing Supplement.

If in respect of a Series of Notes Condition 8B (*Taxation - No gross-up*) is not specified as applicable in the relevant Pricing Supplement, and:

- (i) on a subsequent date for the payment of interest on such Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation - Gross-up*); or
- (ii) if the Issuer were to seek to redeem such Notes (for which purpose no regard shall be had to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 8A (*Taxation - Gross-up*);

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of such Notes, at their Early Redemption Amount determined by the Issuer in accordance with the Conditions and calculated in accordance with the formula or other means specified in the relevant Pricing Supplement together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes a number of days which is equal to the

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

lesser of the aggregate of the number of days in the then current Interest Period plus 60 days and 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may exercise such option in respect of any Note notwithstanding the prior exercise by the Holder thereof or the Issuer of their respective options to require the redemption of such Note under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) respectively, below, if the due date for redemption under this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) would occur prior to that under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively, but not otherwise and, in such circumstances, the exercise of the option under Condition 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*) and 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), respectively shall be rendered ineffective.

Prior to giving any notice of redemption pursuant to this Condition 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) the Issuer may obtain a certificate of an independent legal adviser or accountant to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws of the United Kingdom (including any regulations pursuant thereto), or in the interpretation or administration thereof, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist, and any such certificate shall be sufficient to establish the circumstances required by this Condition 7(b).

(c) *Redemption at the Option of the Issuer (Call Option)*

Where the Notes are specified in the relevant Pricing Supplement as being redeemable at the option of the Issuer, the Issuer may at any time (in the case of Fixed Rate Notes or Zero Coupon Notes), on any Interest Payment Date (in the case of Floating Rate Notes) or otherwise as set out in the relevant Pricing Supplement, having given not less than 5 nor more than 30 days' notice (or such other notice period as may be specified in the relevant Pricing Supplement) to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem on the Optional Redemption Date (Call Option) all or some only of the Notes then outstanding on the Optional Redemption Date (Call Option) and at the Redemption Amount (Call Option) as determined by the Issuer in accordance with the Conditions and as calculated in accordance with the formula or other means specified in the relevant Pricing Supplement, together with interest accrued but unpaid thereon to the date fixed for redemption.

If the Notes of a Series are to be redeemed in part only on any date in accordance with this paragraph (c):

- (ii) in the case of Registered Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, **provided always that** the amount redeemed in respect of each Note shall be equal to the minimum denomination thereof or an appropriate multiple thereof,

- (A) the Zero Coupon Note Reference Price; and
- (B) the product of the Accrual Yield (compounded annually) being applied to the Zero Coupon Note Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable ((A) and (B) together the "**Accreted Principal Amount**").

(ii) Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Pricing Supplement for the purposes of Condition 6 (*Zero Coupon Notes*) and this Condition 7(e) (*Redemption*

(f) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes shall after the Trade Date have become unlawful in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 7(f). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

(g) ***Early Redemption for Significant Change Event***

In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 14 (*Notices*).

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be held, reissued, resold or, provided such Notes are held by the Issuer, at the option of the Issuer deissued or cancelled.

(i) ***Cancellation***

All Notes which are redeemed pursuant to Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*) and 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) shall, and all Notes purchased, pursuant to Condition 7(h) (*Redemption and Purchase – Purchases*) may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Notes, all unexpired Coupons and unexchanged Talons attached thereto or surrendered therewith). All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(j) ***No Other Redemption Provisions***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 7(a) (*Redemption and Purchase – At Maturity*), 7(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 7(c) (*Redemption and Purchase – Redemption at the Option of the Issuer (Call Option)*), 7(d) (*Redemption and Purchase – Redemption at the Option of the Noteholder (Put Option)*), 7(e) (*Redemption and Purchase – Early Redemption of Zero Coupon Notes*) and 7(f) (*Redemption and Purchase – Early Redemption for Illegality*).

(k) ***Calculation and Rounding***

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 7 (*Redemption and Purchase*) and in rounding any values

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Pricing Supplement as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes, rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Pricing Supplement may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Pricing Supplement as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount (or, in the case of Instalment Notes (as defined in Condition 2(b)(ii) (*Form, Denomination and Title – Bearer Notes – General; Title*)), the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount as reduced in proportion with any reduction of the outstanding nominal amount as may be specified in, or determined in accordance with the provisions of, the relevant Pricing Supplement without any further rounding). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(1) ***Monetisation option***

If "Monetisation Option" is specified in the relevant Pricing Supplement as being applicable, and an event occurs as a consequence of which the Issuer exercises its right to redeem the Notes at the applicable Early Redemption Amount:

- (a) the Noteholder shall receive, on the Maturity Date (and notwithstanding the early redemption notice) the Monetisation Amount, unless the Noteholder elects, in accordance with this Condition 7(1), to receive the Early Redemption Amount on the date fixed for early redemption of the Notes; and
- (b) the Issuer's notice of early redemption must include the following:
 - (i) the cut-off date and time for each Noteholder to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes;
 - (ii) the instructions to allow such Noteholder to make such election, substantially in accordance with the paragraph below; and
 - (iii) the Early Redemption Amount Valuation Date;
 - (iv) the Early Redemption Amount;
 - (v) the amount calculated by the Calculation Agent as the Monetisation Amount; and
 - (vi) a confirmation that, in the absence of making an election to receive the Early Redemption Amount, such Noteholder will receive the Monetisation Amount on the Maturity Date.

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

In order to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes, a Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the Issuer with a copy to the Principal Paying Agent in accordance with Condition 14 (*Notices*), and, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar.

8. **Taxation**

8A. *Taxation - Gross-up*

This Condition 8A will be applicable to all Series of Notes unless it is specified in the relevant Pricing Supplement that Condition 8B (*Taxation - No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes and/or, as the case may be, Coupons, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with the United Kingdom or any other relevant jurisdiction, other than the mere holding of such Note or Coupon;
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent;
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days;
- (d) in the case of Registered Notes, unless it is proved to the satisfaction of the Registrar that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a tax treaty with the United Kingdom or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 14 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 8 (*Taxation*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 8 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m), or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). Neither the Issuer nor any Paying Agent will have any obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

8B. *Taxation - No gross-up*

This Condition 8B will only be applicable to a Series of Notes where it is specified in the relevant Pricing Supplement that Condition 8B (*Taxation - No gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges. **In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.**

9. **Payments**

(a) ***Bearer Notes***

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation and (save in the case of partial payment or payment of an Instalment Amount (other than the final Instalment Amount)) surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph). No payments on Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States or its possessions (as defined in the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")) and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Note or if the Pricing Supplement so specifies, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they appertain will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relative Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

Upon the due date for redemption of any Definitive Note other than a Fixed Rate Note, all unmaturing Coupons and Talons (if any) relating to such Definitive Note (whether or not attached) shall become void and no payment shall be made in respect of them.

Definitive Notes which are Fixed Rate Notes should be presented for payment with all unmaturing Coupons appertaining thereto, failing which the face value of any missing unmaturing Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmaturing Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 8 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 12 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Note without any unmaturing Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmaturing Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmaturing Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall, in its sole and absolute discretion, determine which unmaturing Coupons are to become void, and shall select, in its sole and absolute discretion, for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

Upon any Definitive Notes becoming due and repayable prior to their Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 (*Prescription*) below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from and including the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) **Registered Notes**

Payment of the amount due on final redemption in respect of Registered Notes will be made against presentation and, save in the case of partial payment of any such amount, surrender of the relevant certificate at the specified office of the Registrar or of the Transfer Agent. If the due date for payment of the Final Redemption Amount or any other redemption amount, as the case may be, of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Pricing Supplement so specifies, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), Condition 5 (*Floating Rate Note, Index-Linked Interest Note Provisions*) or Condition 6 (*Zero Coupon Notes*), as appropriate.

Payment of amounts (whether principal, interest or otherwise) due (other than on final redemption) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (local time in the place of the specified office of the Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar or to the Transfer Agent and the Registrar or, as the case may be, the Transfer Agent has acknowledged such application for payment to be made to a designated account denominated in the relevant Settlement Currency (as defined in Condition 1 (*Definitions*)), in each case as specified in Condition 9(c) (*Payments – Uncertificated Registered Notes*) below.

(c) **Uncertificated Registered Notes**

The Issuer shall pay or cause to be paid when due payments of principal and interest (if any) in respect of Uncertificated Registered Notes to the relevant Noteholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Notes must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(d) **General Provisions**

The following provisions apply to both Bearer Notes and Registered Notes (and do not apply to Uncertificated Registered Notes). Subject to Condition 9(e) (*Payments – Payment of Alternative Payment Currency Equivalent*), payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the relevant Settlement Currency either by cheque or, at the option of the payee, by transfer to an account in the relevant Settlement Currency specified by the payee other than, for payments in respect of Bearer Notes, any such account in the United States.

Payments and deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*).

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the US Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(e) ***Payment of Alternative Payment Currency Equivalent***

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Pricing Supplement, then if by reason of a FX Disruption Event, a Clearing System Currency Eligibility Event or any other event specified in the relevant Pricing Supplement as an Additional Alternative Payment Currency Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement on (i) the due date at the Alternative Payment Currency Equivalent of any such amount due or (ii) if in the applicable Pricing Supplement "Condition 1" is specified as applicable to the Alternative Payment Currency Fixing Date, the date falling the Alternative Payment Settlement Days after the due date at the Alternative Payment Currency Equivalent of any such amount due and, in each case, no further payment on account of interest or otherwise shall be due in respect of such postponed payment.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 9(e) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(f) ***Price Source Disruption and FX Disruption***

(X) If "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then, if on any Scheduled FX Fixing Date:

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions, Underlying Currency Pair Exchange Rate Fall-Back provisions and/or Conversion Rate Fall-Back provisions (as applicable) are specified in the relevant Pricing Supplement, then the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
- (2) unless the Pricing Supplement specifies Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

- (3) if (i) the Pricing Supplement specifies Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Date**"), and if the Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.
- (Y) Except to the extent that (i) "EM Price Source Disruption" is specified as being applicable, and (ii) "FX Disruption Event" is specified as being not applicable in the relevant Pricing Supplement, if at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
- (A) having given not less than five days' notice to the Noteholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Early Redemption Amount the Calculation Agent shall first determine any Relevant Rate (if required) (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 9(f) (*Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Noteholders); or
- (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event,

provided, however, that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

pursuant to the provisions of Condition 9(e) (*Payment of Alternative Payment Currency Equivalent*).

(g) ***EM Price Source Disruption***

If "EM Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then:

- (i) subject to sub-paragraph (iii) below and **provided that** no Conversion Rate Fall-Back provisions are specified in the relevant Pricing Supplement, if on any Scheduled FX Fixing Date:
 - (A) Price Materiality is specified as applicable and a Price Materiality occurs, the Relevant Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;
 - (B) a Price Source Disruption occurs or is continuing, the relevant Conversion Rate Fixing Date shall be postponed until the first Conversion Rate Business Day after such Scheduled FX Fixing Date on which no Price Source Disruption exists (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period, the Conversion Rate will be determined in accordance with sub-paragraph (ii) below; or
 - (C) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the relevant Conversion Rate Fixing Date shall be postponed to the first succeeding Conversion Rate Business Day (the "**Postponed FX Fixing Date**"), **provided that** if the Postponed FX Fixing Date has not occurred within the EM Deferral Period the Conversion Rate will be determined in accordance with paragraph sub-paragraph (ii) below;
- (ii) subject to sub-paragraph (iii) below, notwithstanding the provisions of sub-paragraphs (i)(B) and (i)(C) above, in no event shall the total number of consecutive calendar days for which a fixing date is deferred due to (i) an Unscheduled Holiday, or (ii) a Price Source Disruption (or any combination of (i) and (ii)), exceed the EM Deferral Period. Accordingly, if on the first Conversion Rate Business Day (or date which would have been a Conversion Rate Business Day but for the occurrence of an Unscheduled Holiday) after such period has lapsed (the "**Cut-off Fixing Date**") (X) an Unscheduled Holiday occurs or is continuing (but no Price Source Disruption occurs or is continuing on such day), then the Conversion Rate shall be a rate determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, or (Y) a Price Source Disruption occurs or is continuing on such day, then the Conversion Rate shall be the Fallback Conversion Rate determined on the Cut-off Fixing Date; and
- (iii) notwithstanding any other provision of this Condition 9(g), if the Fallback Conversion Rate is not available or, at any time following the determination of the Conversion Rate or Fallback Conversion Rate, the Calculation Agent determines that such rate does not accurately represent the rate which the Calculation Agent determines that the Issuer could have achieved in the general foreign exchange market at the time such Conversion Rate or Fallback Conversion Rate was determined, the applicable Conversion Rate shall be a rate determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

(h) ***Postponement of Payments***

- (i) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(f) (*Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

- (ii) If a Scheduled FX Fixing Date is postponed in accordance with Condition 9(g) (*EM Price Source Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Conversion Rate Fixing Date or, if later, the Cut-off Fixing Date or Postponed FX Fixing Date, as applicable.
- (iii) Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 9(h) (*Postponement of Payments*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Related Payment Date which is so postponed shall be calculated as if such Related Payment Date had not been postponed pursuant to this Condition 9(h) (*Postponement of Payments*)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(i) ***LBMA Physical Settlement***

The following provisions apply where LBMA Physical Settlement is specified as being applicable in the relevant Pricing Supplement.

A. *LBMA Transfer Notice*

- (i) Each Noteholder shall, on or before 4:00 pm (London time) on the date falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, an irrevocable notice (an "**LBMA Transfer Notice**") in the form from time to time approved by the Issuer, which must:
 - (A) specify the name and address of the Noteholder;
 - (B) specify the number of Notes in respect of which he is the Noteholder;
 - (C) specify the number of the Noteholder's account at the relevant Clearing System, to be debited with such Notes;
 - (D) irrevocably instruct and authorise the relevant Clearing System, (1) to debit the Noteholder's account with such Notes on the relevant Interest Payment Date, the Maturity Date or the relevant early redemption date of the Notes (as applicable) and (2) that no further transfers of the Notes specified in the LBMA Transfer Notice may be made;
 - (E) contain a representation and warranty from the Noteholder to the effect that the Notes to which the LBMA Transfer Notice relates are free from all liens, charges, encumbrances and other third party rights;
 - (F) specify the number and account name of the account in London with a member of the LBMA where the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes shall be credited;
 - (G) contain an irrevocable undertaking to pay the Transfer Expenses (if any) and an irrevocable instruction to the relevant Clearing System, to debit on or after the relevant Interest Payment Date, the Maturity Date or the relevant early

redemption date of the Notes (as applicable) the cash or other account of the Noteholder with the relevant Clearing System, specified in the LBMA Transfer Notice with such Transfer Expenses; and

- (H) authorise the production of the LBMA Transfer Notice in any applicable administrative or legal proceedings.
- (ii) An LBMA Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of an LBMA Transfer Notice following delivery of such LBMA Transfer Notice to the relevant Clearing System. A LBMA Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the LBMA Transfer Notice.
- (iii) Failure properly to complete and deliver a LBMA Transfer Notice may result in such notice being treated as null and void with the consequence set out in subparagraph (C). Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the relevant Clearing System, after consultation with the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
- (iv) The Principal Paying Agent shall promptly on the local banking day following receipt of a LBMA Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.

B. *Delivery obligation*

Subject to the other provisions of this Condition 9(g), if the LBMA Physical Settlement provisions are specified in the relevant Pricing Supplement as being applicable, the Issuer shall discharge its obligation to deliver the relevant amount of interest, Final Redemption Amount, Early Redemption Amount and/or any other amount in respect of the Notes by crediting, or procuring the credit of, the same on the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) to the account in London with a member of the LBMA specified in the LBMA Transfer Notice of the relevant Noteholder.

C. *LBMA Physical Settlement Fallback Redemption Amount*

In the event that any Noteholder fails to deliver a valid LBMA Transfer Notice by 4:00 pm on the day falling 5 Conversion Rate Business Days or Underlying Currency Pair Business Days (as applicable) before the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations hereunder and notify to the Paying Agents and the Noteholders accordingly), the Calculation Agent shall determine the LBMA Physical Settlement Fallback Redemption Amount and the Issuer shall pay the LBMA Physical Settlement Fallback Redemption Amount in respect of each Note held by such Noteholder on the Maturity Date, the relevant Interest Payment Date or date of early redemption of the Notes.

D. *Disruption*

(i) *LBMA Physical Settlement Market Disruption Event*

If a LBMA Physical Settlement Market Disruption Event occurs or exists on any date on which the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) is to be determined, the Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) shall be the rate determined by the Calculation Agent taking into consideration the latest available Conversion Rate or Underlying Currency Pair Exchange Rate (as applicable) as of a date on which no LBMA Physical Settlement Market Disruption Event

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

occurred or existed and any other information which the Calculation Agent considers relevant.

(ii) *Settlement Disruption of LBMA Physical Settlement*

The Calculation Agent shall determine whether or not at any time a LBMA Physical Settlement Disruption Event has occurred and where it determines such an event has occurred and has prevented any delivery on the original day that but for such LBMA Physical Settlement Disruption Event would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable), then such date will be the first succeeding day on which the relevant delivery can take place unless a LBMA Physical Settlement Disruption Event prevents settlement on each of the ten (10) Business Days immediately following the original date that, but for the LBMA Physical Settlement Disruption Event, would have been the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable). In that case, (a) if the relevant delivery can be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be that tenth (10th) Business Day with delivery being effected in such manner, and (b) if such delivery cannot be effected in any other commercially reasonable manner, then the relevant Interest Payment Date, the Maturity Date or the date of early redemption of the Notes (as applicable) will be postponed until delivery can be effected in another commercially reasonable manner.

(j) *Conversion*

If Conversion provisions are specified as being applicable in the relevant Pricing Supplement in relation to any specified amount payable in respect of the Notes, the relevant amount payable in respect of the Notes will be determined in accordance with the relevant Conversion provisions specified in the relevant Pricing Supplement. Notwithstanding anything contained in these Conditions or the relevant Pricing Supplement, the currency of payment in respect of such amount shall be as determined in accordance with such Conversion provisions, such currency shall be deemed to be the Settlement Currency in respect of such payment and the "Settlement Currency Jurisdiction" specified in the relevant Pricing Supplement shall be deemed to be modified accordingly in relation to such amount.

10. **Redenomination**

(a) *General*

Where redenomination is specified in the relevant Pricing Supplement as being applicable, and in respect of Notes denominated in a National Currency Unit (as defined in Condition 1 (*Definitions*)), the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 14 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the relevant Settlement Currency (whether or not attached to the Notes) will become void with effect from the date (the "**Euro Exchange Date**") on which the Issuer gives notice (the "**Euro Exchange Notice**") to the Noteholders that replacement Notes and Coupons denominated in euro are available for exchange (**provided that** such Notes and Coupons are available) and no payments will be made in respect thereof;
 - (B) the payment obligations contained in all Notes denominated in the Settlement Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 10(a)(ii) (*Redenomination – General*)) shall remain in full force and effect; and
 - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the relevant Settlement Currency in such manner as the Issuer may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
- (iv) such other changes will be made to the terms and conditions of the Notes as the Issuer may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 14 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) ***Interest***

Following redenomination of the Notes pursuant to 10(a) (*Redenomination – General*):

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflect the market practice in respect of internationally offered euro denominated securities.

11. Events of Default

If any one or more of the following events (each an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) there is a default for more than 14 days in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or
- (b) an order is made or an effective resolution is passed for the winding up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof by the Issuer (such date the "**Early Redemption Date**"), declare the Note held by the Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Pricing Supplement, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

12. Prescription

Notes and Coupons will become void unless presented for payment within a period of 10 years and five years, respectively, from the Relevant Date (as defined in Condition 8 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent for the payment of the principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 (*Prescription*) or Condition 9 (*Payments*).

13. Replacement, Exchange and Transfer

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Issue Agent or (in the case of Registered Notes) of the Registrar or of the Transfer Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement and the relevant Pricing Supplement, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the Registrar or of the Transfer Agent, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement, a Registered Note, in definitive form, may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Pricing Supplement) by the Holder or Holders surrendering the Registered Note for registration of transfer at the specified office of the Registrar or the Transfer Agent, duly endorsed by, or accompanied by a written instrument to transfer in form satisfactory to the Issuer and the Registrar or the Transfer Agent, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Pricing Supplement, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issuing and Paying Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of the Principal Paying Agent or of the Registrar or the Transfer Agent, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined below) where the exchange date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 9(b) (*Payments - Registered Notes*)) for such payment of interest and the date on which such payment of interest falls due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for delivery at the specified office of the Registrar or the Transfer Agent, or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation hereto, shall be borne by the Issuer.

The Registrar or the Transfer Agent, as the case may be, shall not be required to register the transfer or exchange of Registered Notes for a period of 15 days preceding the due date for any payment of principal or interest in respect of such Notes.

14. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid: (i) if published, in the case of Bearer Notes and Coupons, in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); (ii) in the case of Registered Notes, if mailed to their registered addresses (as advised by the Registrar) or to that of the first named of them in the case of joint Holders; **provided that**, in each case, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with; and (iii) in the case of Uncertificated Registered Notes, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

(b) ***Notices from Noteholders***

Notices given by any Noteholder shall be in writing and given by lodging the same, together with the relevant Note or Notes (if applicable), with the Principal Paying Agent or other Paying Agent or with the Registrar (as the case may be) at its specified office.

15. **Paying Agents, Calculation Agents, Issue Agents, Transfer Agents and Registrars**

- (a) The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Calculation Agents, the initial Issue Agent, the initial Transfer Agent, the initial Registrar and their respective initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar and/or approve any change in the specified office through which any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar acts, **provided that:**

- (i) so long as any Bearer Notes are outstanding, there will at all times be a Principal Paying Agent; and
 - (ii) so long as any Registered Notes are outstanding, there will at all times be a Registrar and a Transfer Agent.
- (b) In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 9(a) (*Payments - Bearer Notes*). Any variation, termination, appointment or change shall only take effect (other than in the case of an insolvency, when it shall be of immediate effect) after notice has been given to the Noteholders in accordance with Condition 14 (*Notices*).
- (c) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Notes (including any determinations by the Calculation Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and in a commercially reasonable manner, and in exercising any discretion to amend or adjust the Conditions, the Calculation Agent will exercise such discretion with a view to replicating as

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

closely as possible the economic position that existed prior to the occurrence of the event giving rise to the exercise of such discretion.

- (d) The Agents and the Calculation Agent shall not act as agents for the Noteholders but shall be agents of the Issuer. All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its absolute discretion, may decide.

15A. Consequences of a Benchmark Trigger Event

- (a) This Condition 15A shall apply except that where Condition 5(e) (*Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Pricing Supplement, this Condition 15A shall not apply in relation to SOFR as the Reference Rate.
- (b) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
- (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement:
- (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
- (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
- (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
- (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
- (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

(2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or

(B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or

(C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Pricing Supplement on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);

provided, however, that if (A)(1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements and (B) the Issuer will, notwithstanding any other provision of this Condition, make any determination and exercise any discretion as to whether the Alternative Pre-Nominated Index is to be used following such Benchmark Trigger Event or which Replacement Index is to be used, and which adjustments are to be made to the Conditions following such replacement, in such manner as to put the Issuer and the Noteholder in substantially the same economic position as prior to the occurrence of the Benchmark Trigger Event, in each case without prejudice to the right of the Issuer to redeem the Notes in accordance with this Condition.

- (c) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 15A on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Relevant Benchmark Determination Date.
- (d) Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 15A (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 15A) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.
- (e) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 14 (*Notices*)).
- (f) Without prejudice, in the case of any Index-Linked Notes, to Condition 22(f)(ii) (*Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in

Part B2 - Information Relating to the Notes Generally – Alternative Note General Conditions

respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.

- (g) In making any determination under this Condition 15A, the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination made by the Issuer pursuant to this Clause 15A.

16. Meetings of Noteholders, Modification and Substitution

(a) *Meetings of Noteholders*

The Master Note Issuance Agreement contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Note Issuance Agreement) of a modification of the Notes or any of the provisions of the Master Note Issuance Agreement. Such a meeting may be convened by the Issuer or by Holders of the Notes of any Series holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Holders of the Notes of any Series whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes (including modifying the date of maturity of the Notes, reducing or cancelling the amount of principal payable in respect of the Notes or altering the currency of payment of the Notes), the quorum shall be one or more persons holding or representing not less than 75 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series shall be binding on all the Noteholders, whether or not they are present at the meeting. Any modification of the Notes shall be notified to the Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.

(b) *Modification*

Subject in case of the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement (as applicable) to the agreement of the other parties thereto, the Issuer may agree, without the consent of the Noteholders, to:

- (i) any modification (except as mentioned above) of the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement or the Conditions which is not materially prejudicial to the interests of the Noteholders as a whole;
- (ii) any modification of the Conditions or the Master Note Issuance Agreement or the Issuing and Paying Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (iii) any modification of the Notes which is made to correct an inconsistency between the Pricing Supplement and conditions of the Note issue (comprising these Conditions as completed by the relevant Pricing Supplement) and the relevant termsheet relating to the Notes.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.

(c) **Substitution**

The Issuer may also agree, without the consent of the Noteholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "New Issuer") in place of the Issuer as principal debtor under the Notes of any Series and the Coupons appertaining thereto (if any), **provided that** such Notes and the Coupons appertaining thereto (if any) are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Noteholders in accordance with Condition 14 (*Notices*). In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

17. **Provision of Information**

The Issuer shall, during any period in which it is not subject to and in compliance with the periodic reporting requirements of Section 13 or 15(d) of the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, duly provide to any Holder of a Note which is a "**restricted security**" within the meaning of Rule 144(a)(3) under the Securities Act or to any prospective purchaser of such securities designated by such Holder, upon the written request of such Holder or (as the case may be) prospective Holder addressed to the Issuer and delivered to the Issuer or to the specified office of the Registrar, the information specified in Rule 144A(d)(4) under the Securities Act.

18. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any) to create and issue further notes ranking equally in all respects with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

19. **Effects of European Economic and Monetary Union**

Accordingly, choose "No" if the Notes are not denominated in Euro or not listed on regulated market or any of the relevant non-regulated market as specified in Chapter 6 of the ECB's February 2011 "The Implementation of Monetary Policy in the Euro Area - General Documentation on Eurosystem monetary policy instruments and procedures" brochure.

**PART B3 -
SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM**

Notes may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series comprising either Bearer Notes, Registered Notes or Uncertificated Registered Notes as specified in the relevant Pricing Supplement. No single Tranche or Series of Notes offered in reliance on Rule 144A may include Bearer Notes.

All Bearer Notes will be issued in either (i) new global note form (a "**New Global Note**" or "**NGN**"), as set out in Part A and Part B of Schedule 1 to the Issuing and Paying Agency Agreement or, (ii) if not intended to be issued in NGN form, will be issued in classic global note form (a "**Classic Global Note**" or "**CGN**"), as set out in Part A and Part B of Schedule 2 to the Issuing and Paying Agency Agreement, as specified in the relevant Pricing Supplement or in such other form as the relevant parties may agree.

The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "**Eurosystem**") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the Eurosystem, **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form were to be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 would only be eligible as collateral for Eurosystem operations if the NGN form was used.

Registered Notes may be issued under the new safekeeping structure (the "**New Safekeeping Structure**" or "**NSS**") or, if not intended to be issued under the NSS, will be issued under the classic safekeeping structure or such other structure as the relevant parties may agree.

Following the introduction of the NGN form in June 2006, the Eurosystem required the ICSDs to review the custody arrangements for international debt securities in global registered form. Further to this review, the NSS was introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Each time that Bearer Notes are issued in NGN form or Registered Notes are issued under the NSS, the relevant Pricing Supplements shall specify whether or not such Notes are to be held in a manner which will permit them to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations of the Eurosystem.

Registered Notes

In the case of Registered Notes, the relevant Pricing Supplement may specify that the Notes will be issued in global form ("**Global Registered Notes**") held in specified clearing systems, as described below, or in definitive form ("**Definitive Registered Notes**").

Global Registered Notes

If Notes are to be issued in the form of Global Registered Notes, the Issuer will deliver:

- (a) a Regulation S Global Registered Note;
- (b) a Rule 144A Global Registered Note;
- (c) an Unrestricted Global Registered Note and a Restricted Global Registered Note; or
- (d) a Combined Global Registered Note,

Regulation S Global Registered Notes

In the case of a Series or Tranche of Registered Notes offered and sold solely outside the United States (as defined in Regulation S) in reliance on Regulation S to non-U.S. persons, such Series or Tranche of Registered Notes may be represented by a Global Registered Note without interest coupons (a "**Regulation S Global Registered Note**"), which will be deposited on or about the closing date (the "**Closing Date**") for the relevant Series or Tranche with the common depositary for Euroclear and/or Clearstream, Luxembourg and registered in the name of a nominee for such common depositary. Interests in any Regulation S Global Registered Note will be exchangeable (in circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes without any Rule 144A legend ("**Regulation S Definitive Registered Notes**").

Each Regulation S Global Registered Note will have an ISIN number and a CUSIP number.

Unrestricted and Restricted Global Registered Notes, Rule 144A Global Registered Notes and Combined Global Registered Notes

In the case of a Tranche of Registered Notes offered and sold both pursuant to Regulation S and in reliance on Rule 144A such Tranche of Registered Notes will be represented either by (i) two Global Registered Notes, each without interest coupons (in the case of Registered Notes forming part of such Tranche which are sold pursuant to Regulation S, an "**Unrestricted Global Registered Note**" and, in the case of Registered Notes forming part of such Tranche which are sold in reliance on Rule 144A, a "**Restricted Global Registered Note**"), or (ii) a Rule 144A Global Registered Note without interest coupons (a "**Rule 144A Global Registered Note**"), or (iii) a combined Global Registered Note without interest coupons (a "**Combined Global Registered Note**").

The Unrestricted Global Registered Note will be deposited on or about the issue date for the relevant Tranche with, and registered either in the name of the common depositary for Euroclear and Clearstream, Luxembourg, or, in relation to Notes issued under the NSS, in the name of the common safekeeper (the "**Common Safekeeper**") (or its nominee). A beneficial interest in the Unrestricted Global Registered Note may at all times be held only through Euroclear and Clearstream, Luxembourg. The Restricted Global Registered Note will either be deposited on or about the issue date for the relevant Tranche with HSBC Bank USA, National Association as custodian for, and registered in the name of Cede & Co. as nominee for, DTC or will be deposited on or about such Closing Date with, and be registered in the name of a nominee for the common depositary for Euroclear and Clearstream, Luxembourg. In the circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*", interests in any Unrestricted Global Registered Note will be exchangeable for Regulation S Definitive Registered Notes and interests in any Restricted Global Registered Note will be exchangeable for US Definitive Registered Notes and Regulation S Definitive Registered Notes. Restricted Global Registered Notes (and any US Definitive Registered Notes issued in exchange therefor) will be subject to certain restrictions on transfer contained in a legend appearing on the face of such Notes as set out below under "*Transfer Restrictions*".

Each Unrestricted Global Registered Note and each Restricted Global Registered Note will have an ISIN number and a CUSIP number.

Each Rule 144A Global Registered Note will either be deposited on or about the Closing Date for the relevant Tranche with HSBC Bank USA, National Association as custodian (the "**Custodian**") for, and registered in the name of Cede & Co. as nominee for, DTC or will be deposited on or about such Closing Date with, and be registered in the name of a nominee for the common depositary for Euroclear and Clearstream, Luxembourg. Interests in any Rule 144A Global Registered Note will be exchangeable (in the circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes bearing a Rule 144A legend ("**US Definitive Registered Notes**"). Rule 144A Global Registered Notes (and any US Definitive Registered Notes issued in exchange therefor) will be subject to certain restrictions on transfer contained in such Rule 144A legend appearing on the face of such Note as set out below under "*Transfer Restrictions*".

Each Rule 144A Global Registered Note will have an ISIN number and a CUSIP number.

Each Combined Global Registered Note will either be deposited on or about the Closing Date for the relevant Tranche with the Custodian for, and registered in the name of Cede & Co. as nominee for, DTC or

will be deposited on or about such Closing Date with, and be registered in the name of a nominee for the common depository for Euroclear and Clearstream, Luxembourg. Interests in any Combined Global Registered Note will be exchangeable (in the circumstances described below under "*Exchange and Transfer of Global Registered Notes for Definitive Registered Notes*") for Definitive Registered Notes bearing a Rule 144A legend ("**Combined Definitive Registered Notes**"). Combined Global Registered Notes (and any Combined Definitive Registered Notes issued in exchange therefor) will be subject to certain restrictions on transfer contained in such Rule 144A legend appearing on the face of such Note as set out below under "*Transfer Restrictions*".

Each Combined Registered Note will have an ISIN number and a CUSIP number.

Exchange of Interests in Unrestricted and Restricted Global Registered Notes, Transfers within and between DTC, Euroclear and Clearstream, Luxembourg

On or prior to the 40th day after the later of the commencement of the offering of the relevant Tranche and the issue date for that Tranche, a beneficial interest in the relevant Unrestricted Global Registered Note may be transferred to a person who wishes to take delivery of such beneficial interest through the relevant Restricted Global Registered Note only upon receipt by the Registrar (as defined in the Issuing and Paying Agency Agreement) of a written certification from the transferor (in the applicable form provided in the Issuing and Paying Agency Agreement) to the effect that such transfer is being made to a person who the transferor reasonably believes is a qualified institutional buyer within the meaning of Rule 144A, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other relevant jurisdiction. After such 40th day, such certification requirements will no longer apply to such transfers, but such transfers will continue to be subject to the transfer restrictions contained in the legend appearing on the face of such Restricted Global Registered Note, as set out below under "*Transfer Restrictions*".

Beneficial interests in a Restricted Global Registered Note may be transferred to a person who wishes to take delivery of such beneficial interest through the relevant Unrestricted Global Registered Note, whether before, on or after such 40th day, only upon receipt by the Registrar of a written certification from the transferor (in the applicable form provided in the Issuing and Paying Agency Agreement) to the effect that such transfer is being made in accordance with Regulation S or Rule 144A under the Securities Act (if available) or to the Issuer or its affiliates.

Any beneficial interest in either the Restricted Global Registered Note or the Unrestricted Global Registered Note relating to any Series that is transferred to a person who takes delivery in the form of a beneficial interest in the other Global Registered Note relating to such Series will, upon transfer, cease to be a beneficial interest in such Global Registered Note and become a beneficial interest in the other Global Registered Note and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to a beneficial interest in such other Global Registered Note for as long as it remains such an interest.

Owner of Global Registered Notes and Payments

Subject to certain provisions of the Issuing and Paying Agency Agreement relating to directions, sanctions and consents of Holders of Registered Notes and to meetings of Holders of Notes, so long as DTC or its nominee or Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the Common Safekeeper, as the case may be, is the registered owner or holder of a Global Registered Note, DTC, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Global Registered Note for all purposes under the Issuing and Paying Agency Agreement and the Notes. Payments of principal, interest and additional amounts, if any, pursuant to Condition 9 (*Payments*), on Global Registered Notes will be made to DTC, Euroclear, Clearstream, Luxembourg or such nominee thereof, or common service provider acting as agent for Euroclear and Clearstream, Luxembourg, as the case may be, or the registered holder thereof. None of the Issuer, the Registrar, or any Paying Agent or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Global Registered Note will be made to the person shown as the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (in the relevant clearing system) on the business day on which each clearing system

for which the Global Registered Note is being held is open for business which is the business day of each such clearing system before the due date for such payment.

Exchange and Transfer of Global Registered Notes for Definitive Registered Notes

In the case of Rule 144A Global Registered Notes or Restricted Global Registered Notes held through DTC, beneficial interests in a Rule 144A Global Registered Note or a Restricted Global Registered Note will be exchangeable for US Definitive Registered Notes: (i) if DTC notifies the Issuer that it is no longer willing or able to properly discharge its responsibilities as depository with respect to the relevant Restricted Global Registered Note or ceases to be a clearing agency registered under the Exchange Act, or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of such depository; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through DTC; or (iii) if an Event of Default occurs as set out in Condition 11 (*Events of Default*); or (iv) unless otherwise provided in the Pricing Supplement, at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (v) if the Issuer so elects, where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

Beneficial interests in a Regulation S Global Registered Note or an Unrestricted Global Registered Note will be exchangeable, in whole but not in part, for Regulation S Definitive Registered Notes and, if held through Euroclear or Clearstream, Luxembourg, pursuant to the relevant Pricing Supplement, beneficial interests in a Rule 144A Global Registered Note or a Restricted Global Registered Note will be exchangeable for US Definitive Registered Notes: (i) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through Euroclear and Clearstream, Luxembourg; or (iii) if the Notes become immediately repayable in accordance with Condition 11 (*Events of Default*); or (iv) unless otherwise provided in the Pricing Supplement, at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (v) if the Issuer so elects, where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

Beneficial interests in a Combined Global Registered Note will be exchangeable, in whole but not in part, for Combined Definitive Registered Notes: (i) if Euroclear or Clearstream, Luxembourg or any other clearing system by which the Notes have been accepted for clearing is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book entry system through Euroclear and/or Clearstream, Luxembourg; or (iii) the Notes become immediately repayable in accordance with Condition 11 (*Events of Default*); or (iv) unless otherwise provided in the Pricing Supplement, at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (v) if the Issuer so elects, where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if such Notes were in definitive form.

In such circumstances, (a) the Registrar will be required to notify all Holders of interests in the relevant Global Registered Notes registered in the name of DTC or its nominee or Euroclear, Clearstream, Luxembourg or the nominee of their common depository or the Common Safekeeper, as the case may be, of the availability of Definitive Registered Notes and (b) the Issuer will, at the cost of the Issuer, cause sufficient Regulation S Definitive Registered Notes and/or US Definitive Registered Notes or Combined Definitive Registered Notes, as the case may be, to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Global Registered Note must provide the Registrar with a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver the relevant Definitive Registered Note and:

US Definitive Registered Notes issued in exchange for a beneficial interest in a Rule 144A Global Registered Note or a Restricted Global Registered Note will bear the legends applicable to transfers pursuant to Rule 144A (as set out below under "*Transfer Restrictions*"); or
- (b) in the case of a Combined Global Registered Note only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A or Regulation S, a certification that the transfer is being made in compliance with the provisions of Rule 144A or Regulation S, as applicable. Combined Definitive Registered Notes issued in exchange for a beneficial interest in a Combined Global Registered Note will bear the legends applicable to transfers pursuant to Rule 144A and Regulation S (as set out below under "*Transfer Restrictions*").

If an Unrestricted Global Registered Note relating to a Series or (if issued in Tranches) Tranche of Notes of which the Restricted Global Registered Note forms a part has, pursuant to its terms, been exchanged in whole, but not in part, for Regulation S Definitive Registered Notes, beneficial interests in the Restricted Global Registered Note may be transferred to a person who wishes to take delivery thereof in the form of a Regulation S Definitive Registered Note. Such Regulation S Definitive Registered Notes shall be registered in such name(s) as DTC, Euroclear or Clearstream, Luxembourg, as applicable, shall direct in writing.

Upon (i) notification to the Registrar by the Custodian (in the case of a Restricted Global Registered Note held in DTC) or the common depository or Common Safekeeper for Euroclear and Clearstream, Luxembourg (in the case of a Restricted Global Registered Note held in Euroclear and Clearstream Luxembourg) that the appropriate debit entry has been made in the account of the relevant participant of DTC and (ii) receipt by the Registrar of a certificate, in the form scheduled to the Issuing and Paying Agency Agreement, given by the transferee of the beneficial interest in the Restricted Global Registered Note and stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Notes, and pursuant to and in accordance with Regulation S under the Securities Act, the Issuer shall procure that the Registrar will (against presentation by DTC or HSBC Bank USA, National Association, as Custodian, or, (as the case may be) the common depository (or HSBC Issuer Services Common Depository Nominee (UK) Limited as its nominee) or the Common Safekeeper (or its nominee) of the Restricted Global Registered Note at the specified office of the Registrar or the Transfer Agent, all in accordance with the provisions of the Issuing and Paying Agency Agreement), decrease the aggregate principal amount of Notes registered in the name of the holder of, and represented by, the Restricted Global Registered Note and shall, without charge, procure, in exchange therefor, the delivery, within five Relevant Banking Days of the receipt by the Registrar of the Restricted Global Registered Note of the notification and certification referred to in paragraphs (i) and (ii) above, and registration information required to authenticate and deliver such Regulation S Definitive Registered Notes, of an equal aggregate principal amount of duly authenticated and completed Regulation S Definitive Registered Notes.

The holder of a Registered Note may transfer such Registered Note in accordance with the provisions of Condition 2 (*Form, Denomination and Title*).

The holder of a Definitive Registered Note may transfer such Note by surrendering it at the specified office of the Registrar or any Transfer Agent, together with the completed form of transfer thereon. Upon the transfer, exchange or replacement of US Definitive Registered Notes issued in exchange for beneficial interests in a Rule 144A Global Registered Note or a Restricted Global Registered Note bearing the legend as set out below under "*Transfer Restrictions*", or upon specific request for removal of the legend on a US Definitive Registered Note, the Issuer will only deliver US Definitive Registered Notes that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer, that neither the legend nor the restriction on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

The Registrar will not register the transfer of or exchange of interests in a Global Registered Note for Definitive Registered Notes for a period of 15 calendar days preceding the due date for any payment in respect of the Notes.

**Part B3 - Information Relating to the Notes Generally – Summary of Provisions Relating to the Notes
While in Global Form**

With respect to the registration of transfer of any US Definitive Registered Notes, the Registrar will register the transfer of any such US Definitive Registered Notes if the transferor, in the form of transfer on such US Definitive Registered Notes, has certified to the effect that such transfer is (i) to persons who the transferor reasonably believes to be qualified institutional buyers within the meaning of Rule 144A, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other jurisdiction, (ii) in accordance with Regulation S, (iii) pursuant to an exemption from Rule 144 under the Securities Act (if available) or (iv) to the Issuer or its affiliates.

Regulation S Definitive Registered Notes may be exchangeable for or transferable to a person wanting to take delivery thereof in the form of interests in a Restricted Global Registered Note, and US Definitive Registered Notes may be transferable to a person wanting to take delivery thereof in the form of interests in an Unrestricted Global Registered Note, in each case, upon receipt by the Registrar of a duly completed certificate in the form of Schedule 7 to the Issuing and Paying Agency Agreement and in accordance with the requirements of the Issuing and Paying Agency Agreement.

- (b) such 144A Offeree agrees to make no photocopies of the Pricing Supplement and this Offering Memorandum or any documents referred to herein.

Each purchaser of Notes in reliance on Rule 144A ("**Restricted Notes**"), and (where applicable) each person causing such purchaser to purchase or hold any interest in the Notes (such as the investment manager), will be deemed to have represented and agreed as follows (terms used in this paragraph that are defined in Rule 144A are used herein as defined therein):

- (i) The purchaser (A) is a qualified institutional buyer within the meaning of Rule 144A, (B) is acquiring the Notes for its own account or for the account of such a qualified institutional buyer, and (C) such person is aware that the sale of the Notes to it is being made in reliance on Rule 144A.
- (ii) The purchaser understands that the Rule 144A Notes are being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, and the Notes offered hereby have not been and will not be registered under the Securities Act and may not be reoffered, resold, pledged or otherwise transferred except in accordance with the legend set forth below.
- (iii) The purchaser, and each person causing such purchaser to purchase or hold any interest in the Notes (such as an investment manager), understands that the Rule 144A Global Registered Notes, the Restricted Global Registered Notes, Combined Global Registered Notes and any US Definitive Registered Notes or Combined Definitive Registered Notes (as defined in "*Summary of Provisions relating to the Notes while in Global Form*" in the accompanying Offering Memorandum) issued

**Part B3 - Information Relating to the Notes Generally – Summary of Provisions Relating to the Notes
While in Global Form**

If the Pricing Supplement in relation to a Tranche of Notes specifies "ERISA prohibited", then each purchaser or transferee, and each person causing such purchaser or transferee (as applicable) to purchase or hold any interest in the Notes (such as an investment manager), by such purchase or holding of any Note (or any interest therein) will be deemed to represent (the latter in its fiduciary and individual capacity), on each day from the date on which the purchaser or transferee (or any party on whose behalf it is acting) acquires any interest in any offered Note through and including the date on which the purchaser or transferee (or any party on whose behalf it is acting) disposes of its interest in such offered Note, that such purchaser or transferee shall not acquire, hold or subsequently dispose of such Note for, or on behalf of, or with the assets of: (x) any Benefit Plan Investor (as defined in Section 3(42) of ERISA), or (y) any governmental, church or non-U.S. plan which is subject to Similar Law whose acquisition, holding or disposition of such Note or an interest therein would result in a violation of any Similar Law. The capitalised terms in this paragraph are as defined in section headed "*Certain ERISA Considerations*" in this Offering Memorandum.

If the Pricing Supplement in relation to a Tranche of Notes specifies "ERISA terms apply", then each purchaser or transferee, and each person causing such purchaser or transferee (as applicable) to purchase or hold any interest in the Notes (such as an investment manager), by such purchase or holding of any Note (or any interest therein) will be deemed to represent (the latter, in its fiduciary and individual capacity), on each day from the date on which the purchaser or transferee (or any party on whose behalf it is acting) acquires any interest in any offered Note through and including the date on which the purchaser or transferee (or any party on whose behalf it is acting) disposes of its interest in such offered Note, either that (a) such purchaser or transferee is not (and for so long as it holds such Notes or any interests therein will not be), and is not (and for so long as it holds such Notes or interests therein will not be) acting on behalf of a Benefit Plan Investor as defined in Section 3(42) of ERISA or a Similar Law Plan which is subject to any Similar Law, including any entity whose underlying assets include the assets of any Benefit Plan Investor or Similar Law Plan, the inclusion of which for purposes of ERISA or any Similar Law, as the case may be, would result in such entity being deemed a Benefit Plan Investor or Similar Law Plan, or (b)(i) such purchaser or transferee's acquisition, holding and disposition of the Note or an interest therein does not and will not constitute a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code as a result of satisfying all of the applicable conditions of one or more of the following PTCE 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60 or PTCE 96-23 issued by the U.S. Department of Labor or Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, or such other prohibited transaction exemption for which the purchaser or transferee (and, if applicable, any person or entity acting on behalf of such purchaser or transferee) demonstrates to the satisfaction of the Issuer that all applicable conditions are satisfied (or, in the case of a Similar Law Plan, will not result in a violation of any Similar Law) and (ii) if it is a Benefit Plan Investor, (X) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or Plan Fiduciary, on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to invest in the Note or an interest therein, (Y) the Transaction Parties are not otherwise acting as a "fiduciary", as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's investment in the Note or an interest therein and (Z) the Plan Fiduciary is exercising its own independent judgement in evaluating the transaction.

Before any interest in a Note represented by a Restricted Global Registered Note may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in an Unrestricted Global Registered Note, the transferor will be required to provide the Registrar with written certification as to compliance with the transfer restrictions referred to in items (B) or (C) of the second paragraph of the legend set forth above.

Bearer Notes

Bearer Notes treated as issued in bearer form for U.S. federal income tax purposes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**", which definition shall include any successor rules in substantially the same form as TEFRA D for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")), unless the relevant Pricing Supplement provides that such Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**", which definition shall include any successor rules in substantially the same form as TEFRA C for the purposes of Section 4701 of the Code). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a temporary global note in bearer form without interest coupons (a "**Temporary Global Note**"). Bearer Notes issued in accordance with TEFRA C will be represented upon issue by a permanent global note in bearer form without interest coupons (a "**Permanent**

Global Note") or by a Temporary Global Note. Each Temporary Global Note or, as the case may be, Permanent Global Note which is not intended to be issued in NGN form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. as operator of the Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system. Each Temporary Global Note or, as the case may be, Permanent Global Note which is intended to be issued in NGN form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. Beneficial interests in a Temporary Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Bearer Notes in definitive form ("**Definitive Bearer Notes**"), in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement. Interests in a Temporary Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Global Note, on or after the date which is forty days after the date on which such Temporary Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note and as specified in the relevant Pricing Supplement.

For the purposes of complying with TEFRA D, Bearer Notes may not be offered or sold to a United States person. "**United States person**" means any person who is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organised under the laws of the United States or any political subdivision thereof or therein or (iii) an estate or trust the income of which is subject to United States taxation regardless of its source.

The forms of Temporary Global Note and Permanent Global Note (each, a "**Global Note**") will contain provisions applicable to the Notes represented thereby, some of which may modify the effect of the Conditions of the Notes. Certain of these are summarised in this section.

All payments, if any, in respect of Bearer Notes when represented by a Temporary Global Note or Permanent Global Note in CGN form or in NGN form, will be made against presentation and surrender or, as the case may be, presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents. On each occasion on which a payment is so made, the Issuer shall procure that, in respect of a CGN, record of such payment is noted on a schedule to the relevant Global Note and, in respect of an NGN, the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

In respect of Bearer Notes represented by Global Notes, each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes.

The records of the relevant clearing systems which reflect the amount of Noteholders' interests in the Notes shall be conclusive evidence of the nominal amount of Notes represented by the Global Notes.

An exchange of a Temporary Global Note for Definitive Notes or, as the case may be, a Permanent Global Note will be made only on or after the Exchange Date (as set out in the relevant Pricing Supplement) and provided certification as to the beneficial ownership thereof as required by the US Treasury regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depositary) has been received.

The bearer of any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange (in whole or in part) for a Permanent Global Note or for delivery of Definitive Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment in respect of the Notes

**Part B3 - Information Relating to the Notes Generally – Summary of Provisions Relating to the Notes
While in Global Form**

represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

If any date on which a payment of principal or interest is due on the Notes of a Tranche occurs whilst any of the Notes of that Tranche are represented by a Temporary Global Note, the related principal or interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by the US Treasury regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depository) has been received by Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository. Payments of amounts due in respect of a Permanent Global Note will be made through any of Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository without any requirement for certification.

Interests in a Permanent Global Note will be exchanged, at the cost and expense of the Issuer, by the Issuer in whole, for Definitive Notes (a) at the option of the holder of such Permanent Global Note, for Definitive Notes, if the Notes of the relevant Series become immediately repayable in accordance with Condition 11 (*Events of Default*), or (b) if any of Euroclear or Clearstream, Luxembourg or any other relevant clearing system or depository is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so, or (c) at the option of the Issuer, (i) unless otherwise provided in the Pricing Supplement, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form; or (ii) where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes, which would not be required if the Notes were in definitive form.

Where a Permanent Global Note is exchangeable for Definitive Notes, then such Notes shall be tradable only in principal amounts of at least the Denomination (or if there is more than one Denomination, the lowest Denomination).

The Issuer may, at any time in writing, waive or limit its right to exchange a Permanent Global Note for Definitive Notes in the circumstances described above, where the Issuer at its sole discretion considers such limitation or waiver to be desirable in respect of a particular Series of Notes.

Definitive Bearer Notes will, if interest-bearing and if so specified in the relevant Pricing Supplement, have Coupons and, if applicable, a talon for further Coupons attached. All Definitive Bearer Notes will, if the principal thereof is repayable by instalments, have endorsed thereon a grid for recording the payment of principal.

Following redenomination of the Notes pursuant to Condition 10 (*Redenomination*):

- (i) if Notes are required to be issued in definitive form, they shall be issued at the expense of the Issuer in the denominations of euro 0.01, euro 1,000, euro 10,000, euro 100,000 and such other denominations as the Principal Paying Agent shall determine and notify to the Noteholders; and
- (ii) the amount of interest due in respect of Notes represented by the Temporary Global Note and the Permanent Global Note will be calculated by reference to the aggregate principal amount of such Notes and the amount of such payment shall be rounded down to the nearest euro 0.01.

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid, in the case of Notes in global form, if delivered to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, depository or common safekeeper (as may be agreed between the Issuer and the Dealer) for communication by them to the persons shown in their respective records as having interests therein; **provided that**, in each case, in the case of Notes that have been admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, the rules of such listing authority, stock exchange and/or quotation system have been complied with. Any such notice shall be deemed to have been given on the date of such delivery or, if the Notes are admitted to listing, trading and/or quotation and publication is required under the applicable rules of the relevant listing authority, stock exchange and/or quotation system, on the date of publication or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

**Part B3 - Information Relating to the Notes Generally – Summary of Provisions Relating to the Notes
While in Global Form**

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

SUBSCRIPTION AND SALE OF NOTES

General

- (1) Each Dealer has, in a Master Note Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Notes. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Notes, the Issuer and the relevant Dealer(s) will agree details relating to the form of such Notes and the Conditions relating to such Notes, the price at which such Notes will be purchased by the relevant Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Note Issuance Agreement contains provisions for the Issuer to appoint other Dealers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Notes.
- (2) Other than with respect to the admission to listing, trading and/or quotation by one or more listing authorities, stock exchanges and/or quotation systems as may be specified in the Pricing Supplement, no action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Dealer(s) that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Offering Memorandum or any Pricing Supplement comes are required by the Issuer and the relevant Dealer(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute this Offering Memorandum or any Pricing Supplements or related offering material, in all cases at their own expense.

Australia

This Offering Memorandum is not a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth) and has not been, and will not be, lodged with the Australian Securities and Investments Commission ("ASIC"). This Offering Memorandum does not purport to include the information required of a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth). The offer of Notes referred to in this Offering Memorandum is made only to persons to whom it is lawful to offer securities in Australia without a disclosure document lodged with ASIC and complies with the terms of any authority granted under the *Banking Act 1959* (Cth) of Australia. This means the offer is directed only to investors who come within one of the categories set out in section 708(8) or 708(11) of the *Corporations Act 2001* (Cth) ("**Sophisticated Investors**" and "**Professional Investors**", respectively).

As no formal disclosure document (such as an offering memorandum) will be lodged with ASIC, the Notes may only be offered and issued to one of the categories of Sophisticated or Professional Investors. If any recipient of this Offering Memorandum is not a Sophisticated Investor or a Professional Investor, no offer of, or invitation to apply for, the Notes shall be deemed to be made to such recipient and no applications for the Notes will be accepted from such recipient. Any offer to a recipient in Australia, and any agreement arising from acceptance of such offer, is personal and may only be accepted by the recipient.

If a person to whom Notes are issued (an "**Investor**") on-sells the Notes within 12 months from their issue, the Investor will be required to lodge a prospectus with ASIC unless either:

- (a) that sale is to another Sophisticated Investor or Professional Investor; or
- (b) the sale offer is received outside Australia.

Each Investor acknowledges the above and, by applying for Notes under this Offering Memorandum, gives an undertaking not to sell those Notes in any circumstances other than those described in paragraphs (a) and (b) above for 12 months after the date of issue of such Notes.

In addition, each Dealer and Investor has represented and agreed that it will comply with Banking exemption No. 1 of 2018 dated 21 March 2018 promulgated by the Australian Prudential Regulation Authority and which requires all offers and transfers to be in parcels of not less than A\$500,000 in aggregate principal amount. Banking exemption No. 1 does not apply to transfers which occur outside Australia.

Part B3 - Information Relating to the Notes Generally – Subscription and Sale of Notes

This Offering Memorandum is not, and under no circumstances is to be construed as, an advertisement or public offering of the Notes in Australia.

This Offering Memorandum is distributed to investors in Australia and any offer of Notes is made to investors in Australia, in each case subject to the conditions set out above, on behalf of each of the institutional managers by their respective licensed affiliates, each of which holds an Australian Financial Services License which permits such licence holder to distribute this Offering Memorandum and offer the Notes to investors in Australia.

The Issuer is not licensed to provide financial product advice in Australia and nothing in this Offering Memorandum takes into account the investment objectives, financial situation and particular needs of any individual investors. The Issuer and Dealers recommend that investors read this Offering Memorandum before making a decision to acquire Notes.

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended).

Notwithstanding the fact that such offering may not trigger the requirement to prepare a prospectus under FinSA, in the case of offerings of Notes that constitute debt instruments with a "derivative character" that will be made to private (retail) clients in, into or from Switzerland (as such expressions are understood under FinSA and FinSO), a key information document (KID) prepared in accordance with FinSA and FinSO or in accordance with Regulation (EU) No 1286/2014 of the European Parliament and of the Council of November 26, 2014 on key information documents for packaged retail and insurance-based investment products (PRIIPs) must be made available. (ii) *Transfer of Registered Warrants*

(iii) *Regulations concerning transfer and registration of Registered Warrants*

All transfers of Registered Warrants and entries on the Register will be made subject to the detailed regulations (the "**Regulations**") concerning exchange and transfer of Registered Warrants scheduled to the Warrant Agency Agreement. (c) **Uncertificated Registered Warrants**

Title to Uncertificated Registered Warrants will pass upon registration of the transfer in the Operator register of corporate securities. All transactions in relation to Uncertificated Registered Warrants (including transfers of Uncertificated Registered Warrants) in the open market or otherwise must be effected through an account at the Operator subject to and in accordance with the rules and procedures for the time being of the Operator.

Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in these Conditions or the applicable Pricing Supplement, so long as the Uncertificated Registered Warrants are participating securities, (A) the Operator register of corporate securities relating to the Uncertificated Registered Warrants shall be maintained at all times in the United Kingdom, (B) the Uncertificated Registered Warrants may be issued in uncertificated form in accordance with and subject as provided in the Regulations, and (C) for the avoidance of doubt, the Conditions and the applicable Pricing Supplement in relation to any Uncertificated Registered Warrant shall remain applicable notwithstanding that they are not endorsed on any certificate for such Uncertificated Registered Warrant.

Any reference herein to the "**Operator**" shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator from time to time and notified to the holders of the Uncertificated Registered Warrants in accordance with Condition 11 (*Notices*).

If at any time:

- (i) a Warrantholder ceases for any reason to be a member of CREST; or
- (ii) the Uncertificated Registered Warrants cease for any reason to be participating securities capable of being held in CREST,

then the Issuer shall, in accordance with the rules and procedures governing CREST, ensure that Registered Warrants are issued in exchange for the Uncertificated Registered Warrants and that such Registered Warrants are registered in such names as the Operator shall notify to the Issuer.

(b) *Verification of Warrantholder*

To exercise Warrants, the Holder must duly complete an Exercise Notice and must have Warrants in the amount being exercised in its securities account with the relevant Clearing System on the Exercise Date. The Issuer will transfer to the Principal Warrant Agent the Cash Settlement Amount in respect of the Warrants being exercised, less any amount in respect of Taxes which the Issuer is authorised to deduct therefrom, for value on the Cash Settlement Payment Date, and the Principal Warrant Agent will cause the Warrantholder's account with the relevant Clearing System to be credited with such amount for value on the Cash Settlement Payment Date.

The Issuer shall pay or cause to be paid when due payments in respect of Uncertificated Registered Warrants to the relevant Warrantholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Warrants must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(f) ***Payment of Alternative Payment Currency Equivalent***

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Pricing Supplement, then if by reason of a FX Disruption Event, a Clearing System Currency Eligibility Event or any other event specified in the relevant Pricing Supplement as an Additional Alternative Payment Currency Event, the Issuer is not able to satisfy any payment in respect of the Warrants when due in the Settlement Currency, the Issuer may settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Pricing Supplement on (i) the due date at the Alternative Payment Currency Equivalent of any such amount due or (ii) if in the applicable Pricing Supplement "Condition 1" is specified as applicable to the Alternative Payment Currency Fixing Date, the date falling the Alternative Payment Settlement Days after the due date at the Alternative Payment Currency Equivalent of any such amount due and, in each case, no further payment on account of interest or otherwise shall be due in respect of such postponed payment.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(f) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Warrant Agents and all Warrantholders. By acceptance thereof, purchasers of the Warrants will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(g) ***Price Source Disruption and FX Disruption***

(X) If "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday) and no Alternative Payment Currency Exchange Rate Fall-Back provisions or Underlying Currency Pair Exchange Rate Fall-Back provisions, as applicable, are specified in the relevant Pricing Supplement, then the Calculation Agent shall:

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent acting in good faith and in a commercially reasonable manner) on the Scheduled FX Fixing Date (the "**Fall-Back Reference Price**"); or
 - (2) unless the Pricing Supplement specifies Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will on the Scheduled FX Fixing Date request four Reference Dealers to provide a quotation of their rate for the Relevant Rate on such day. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
 - (3) if (i) the Pricing Supplement specifies Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however, that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Date**"), and if the Postponed FX Fixing Date has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Pricing Supplement) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Date.

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

- (Y) If at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
- (A) having given not less than five days' notice to the Warrantholders in accordance with Condition 11 (*Notices*), terminate all, but not some only, of the Warrants at their Fair Market Value (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, for the purposes of determining such Fair Market Value the Calculation Agent shall first determine any Relevant Rate (a) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 5(g) (*Price Source Disruption and FX Disruption*)) if "Price Source Disruption" is specified as being applicable in the relevant Pricing Supplement or, alternatively (b) in good faith and in a commercially reasonable manner, on the date notified to the Warrantholders; or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it, acting in good faith and in a commercially reasonable manner, determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,
- provided, however, that** in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Warrants when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 5(f) (*Payment of Alternative Payment Currency Equivalent*);
- (Z) If the Warrants are specified in the relevant Pricing Supplement as being "American Style" Warrants and if a Scheduled FX Fixing Date is postponed in accordance with this Condition 5(g) (*Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Pricing Supplement) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.

(h) ***Exercise Risk***

Exercise of the Warrants and payment by the Issuer and the Principal Warrant Agent will be subject in all cases to all applicable fiscal and other laws, regulations and practices in force at the relevant time (including, without limitation, any relevant exchange control laws or regulations and the rules and procedures of the relevant Clearing System) and neither the Issuer nor the Principal Warrant Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. Neither the Issuer nor the Principal Warrant Agent shall under any circumstances be liable for any acts or defaults of any Clearing System in the performance of its duties in relation to the Warrants.

(i) ***Determinations***

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the relevant Clearing System, and shall be conclusive and binding on the Issuer, the Warrant Agents and the relevant Warrantholder. Any Exercise Notice so determined to be incomplete or not in proper form or which is not copied to the Principal Warrant Agent immediately after being sent to the relevant Clearing System, shall be null and void. If such Exercise Notice is subsequently corrected to the satisfaction of the relevant Clearing System, it shall be deemed to be a new Exercise Notice submitted at the time such correction is delivered to the relevant Clearing System.

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

(j) *Effect of Exercise Notice*

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the Warrantholder to exercise the Warrants specified therein, **provided that** the person exercising and delivering such Exercise Notice is the person then appearing in the books of the relevant Clearing System as the Holder of the relevant Warrants. If the person exercising and delivering the Exercise Notice is not the person so appearing, such Exercise Notice shall for all purposes become null and void and shall be deemed not to have been so delivered.

After the delivery of an Exercise Notice (other than an Exercise Notice which shall become void pursuant to Condition 5(a) (*Exercise Notice*)), the Warrantholder specified in such Exercise Notice may not otherwise transfer such Warrants. Notwithstanding this, if any Warrantholder does so transfer or attempt to transfer such Warrants, the Warrantholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently (i) entering into replacement hedging operations in respect of such Warrants or (ii) paying any amount on the subsequent exercise of such Warrants without having entered into any replacement hedging operations.

If a LBMA Physical Settlement Market Disruption Event occurs or exists on any date on which the Underlying Currency Pair Exchange Rate is to be determined, the Underlying Currency Pair Exchange Rate shall be the rate determined by the Calculation Agent taking into consideration the latest available Underlying Currency Pair Exchange Rate as of a date on which no LBMA Physical Settlement Market Disruption Event occurred or existed and any other information which the Calculation Agent considers relevant.

(ii) *Settlement Disruption of LBMA Physical Settlement*

The Calculation Agent shall determine whether or not at any time a LBMA Physical Settlement Disruption Event has occurred and where it determines such an event has occurred and has prevented any delivery on the original day that but for such LBMA Physical Settlement Disruption Event would have been the relevant Cash Settlement Payment Date of the Warrants then such date will be the first succeeding day on which the relevant delivery can take place unless a LBMA Physical Settlement Disruption Event prevents settlement on each of the ten (10) Business Days immediately following the original date that, but for the LBMA Physical Settlement Disruption Event, would have been the relevant Cash Settlement Payment Date. In that case, (a) if the relevant delivery can be effected in any other commercially reasonable manner, then the relevant Cash Settlement Payment Date will be that tenth (10th) Business Day with delivery being effected in such manner, and (b) if such delivery cannot be effected in any other commercially reasonable manner, then the relevant Cash Settlement Payment Date will be postponed until delivery can be effected in another commercially reasonable manner.

(l) *Dividend Equivalent Payments*

In respect of any Series of Warrants where the payments in respect of such Warrants are determined by reference to one or more variables such as an index, formula, security, commodity, currency exchange rate, interest rate, inflation index, the credit of one or more entities or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Pricing Supplement in respect of such Warrants states the Warrants are "Section 871(m) Warrants", the Pricing Supplement shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Warrants.

If "Dividend Withholding" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall provide for the Issuer to make payments to Warrantheolders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Pricing Supplement, the Pricing Supplement shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Warrants and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Warrantheolders.

6. **Minimum Number of Warrants Exercisable**

The Warrants are exercisable in the minimum number (the "**Minimum Exercise Number**") specified in the relevant Pricing Supplement and integral multiples thereof (or, if a "**Permitted**

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

Multiple" is specified in the relevant Pricing Supplement, integral multiples of the Permitted Multiple) on any particular occasion or such lesser Minimum Exercise Number or other Permitted Multiple as the Issuer may from time to time notify to the Warrantholders in accordance with Condition 11 (*Notices*).

7. Effects of European Economic and Monetary Union

- (a) Following the occurrence of an EMU Event (as defined below), the Calculation Agent may make such adjustment (and determine the effective date of such adjustment) as it determines appropriate, if any, to the Strike Price (if any), the formula for the Cash Settlement Amount, the Final Price, the number of Securities to which each Warrant relates, the number of securities comprised in a Security Basket Warrant, the amount, the number of or type of shares, bonds, other securities or other property which may be delivered in respect of such Warrants and/or any other adjustment and, in any case, any other variable relevant to the exercise, settlement or payment terms of the relevant Warrants which have been or may be affected by such EMU Event.
- (b) Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to: (i) make such conversions between amounts denominated in the National Currency Units of the member states of the European Union that have adopted the single currency in accordance with the Treaty and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversation rates and rounding rules established by the council of the European Union pursuant to the Treaty as it considers appropriate; (ii) make all payments in respect of the Warrants solely in euro as though references in the Warrants to the relevant National Currency Units were to euro and (iii) make such adjustments as it considers necessary to the Strike Price (if any), the formula for the Cash Settlement Amount, Final Price and any other amount as it determines to be appropriate.
- (c) None of the Issuer, a Warrant Agent or the Calculation Agent will be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.
- (d) For the purposes hereof, "**EMU Event**" means the occurrence of any of the following, as determined by the Calculation Agent, acting in a commercially reasonable manner:
 - (i) the withdrawal from legal tender of any currency that, before the introduction of the euro, was lawful currency in one of the member states;
 - (ii) the redenomination of any Security into euro;

Neither the Issuer nor the Calculation Agent shall have any responsibility for any errors or omissions in the calculation and dissemination of any variables used in any calculation made pursuant to these Conditions or in the calculation or determination of any Cash Settlement Amount.

Except as otherwise provided in these Conditions or in a relevant Pricing Supplement, all calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Warrants (including any determinations by the Calculation Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and in a commercially reasonable manner.

(c) *Notifications*

- (d) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Warrants shall be made in good faith.

8A. **Consequences of a Benchmark Trigger Event**

- (a) If the Issuer determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Warrants, then:
- (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement:
- (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

- (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; and
- (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Pricing Supplement or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; or
 - (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
 - (C) determine that the Warrants shall be terminated, in which case the Issuer's obligations under the Warrants shall be satisfied in full upon payment in respect of each Warrant of an amount equal to its Fair Market Value on the date selected by the Issuer and give notice of such termination to the Warrantholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Warrants, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (b) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 8A on any Relevant Benchmark Determination Date, then the

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Pricing Supplement) following the postponed Relevant Benchmark Determination Date.

- (c) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (a)(i)(A) or (a)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (a)(i)(B) or (a)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Warrantholders (in accordance with Condition 11 (*Notices*)).
- (d) Without prejudice, in the case of any Index-Linked Warrants, to Condition 18(c)(ii) (*Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Warrants, or other means of calculating the Relevant Benchmark in respect of a Series of Warrants, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.
- (e) In making any determination under this Condition 8A, the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Warrants (including, without limitation, in respect of any termination or re-establishment of hedging arrangements, and the Issuer's funding costs. Except to the extent the such exclusion is prohibited by law, in the absence of fraud or gross negligence on the part of the Issuer, no liability will attach to the Issuer in connection with any determination made by the Issuer pursuant to this Clause 8A.

9. Taxes

All payments by the Issuer in respect of the Warrants will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the Relevant Jurisdiction unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it shall not be obliged to pay any additional amounts to the Warrantholders.

A Warrantholder subscribing for, purchasing or exercising Warrants shall be responsible for paying all Taxes and securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of such Warrants and the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants.

In any case where the Issuer is obliged to pay any such tax, duty or charge, the relevant Warrantholder shall promptly reimburse the Issuer therefor.

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the Relevant Jurisdiction, references in this Condition 9 (*Taxes*) to the Relevant Jurisdiction shall be construed as references to the Relevant Jurisdiction and/or such other jurisdiction.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m), or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). Neither the Issuer nor any Paying Agent will have any obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

10. Illegality

The Issuer shall have the right to terminate its obligations under the Warrants, if the Calculation Agent shall have determined acting in good faith and a commercially reasonable manner, that the performance of such obligations under the Warrants (or the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall have become unlawful or impracticable in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power; **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Warrants, and any such opinion shall be sufficient to establish the circumstances required by this Condition 10. In such circumstances the Issuer will, however, pay to each Warrantholder in respect of each Warrant held by it an amount determined by the Calculation Agent representing the Fair Market Value of such Warrant immediately prior to such termination. Payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11 (*Notices*).

11. Notices

All notices to Warrantholders will be deemed to have been duly given (a) in the case of Registered Warrants if notified to the relevant Clearing System or (b) in the case of Uncertificated Registered Warrants, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Warrants are listed by or on a competent authority or stock exchange and, if the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange and, in the case of Warrants admitted to the Official List of Euronext Dublin and admitted to trading on its Global Exchange Market (or which have been admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system), if copies of such notifications are forwarded in final form to Euronext Dublin no later than the date of dispatch (or, in the case of Warrants admitted to listing, trading and/or quotation by any other listing authority, stock exchange, and/or quotation system published in any publication required by such other listing authority, stock exchange and/or quotation system). Any such notice shall be deemed to have been given on the date of such notification or, in the case of any of Warrants listed on any other listing authority, stock exchange and/or quotation system, the date of such publication or, if notified or published more than once or on different dates, on the date of the first such notification or publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all required newspapers).

12. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Warrantholders to create and issue further warrants of any particular Series so as to form a single Series with the Warrants.

13. Purchase by the Issuer

The Issuer may at any time purchase Warrants at any price in the open market or by tender or private treaty. Any Warrants so purchased may, at the discretion of the Issuer, be held, resold, reissued or surrendered for cancellation, and Warrants so reissued or resold shall for all purposes be deemed to form part of the original Series of the Warrants.

Part C – Information Relating to the Warrants Generally – Terms and Conditions of the Warrants

14. **Modification**

Subject in case of the Master Warrant Issuance Agreement or the Warrant Agency Agreement (as applicable) to the agreement of the other parties thereto, the Issuer may agree, without consent of the Warranholders, to:

- (a) any modification (except as mentioned above) of the Master Warrant Issuance Agreement, the Warrant Agency Agreement or the Conditions which is not materially prejudicial to the interests of the Warranholders as a whole;
- (b) any modification of the Conditions, the Master Warrant Issuance Agreement or the Warrant Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (c) any modification of the Warrants which is made to correct an inconsistency between the pricing supplement and the conditions of the Warrant issue (comprising these Conditions as completed by the relevant Pricing Supplement) and the relevant termsheet relating to the Warrants.

Any such modification shall be binding on the Warranholders and any such modification shall be notified to the Warranholders in accordance with Condition 11 (*Notices*) as soon as practicable thereafter.

15. **Substitution**

The Issuer shall be entitled at any time and from time to time, without the consent of the Warranholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Warrants of any Series, **provided that** such Warrants are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Warranholders in accordance with Condition 11 (*Notices*). In connection with such right of substitution the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warranholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warranholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Warranholder.

- (6) If the Pricing Supplement in relation to a Tranche of Warrants specifies "ERISA terms apply", then each purchaser or transferee, and each person causing such purchaser or transferee (as applicable) to purchase or hold any interest in the Warrants (such as an investment manager), by such purchase or holding of any Warrant (or any interest therein) will be deemed to represent (the latter in its fiduciary and individual capacity), on each day from the date on which the purchaser or transferee (or any party on whose behalf it is acting) acquires any interest in any offered Warrant through and including the date on which the purchaser or transferee (or any party on whose behalf it is acting) disposes of its interest in such offered Warrant, either that (a) such purchaser or transferee is not (and for so long as it holds such Warrant or an interest therein will not be), and is not (and for so long as it holds such Warrant or an interest therein will not be) acting on behalf of a Benefit Plan Investor as defined in Section 3(42) of ERISA or a Similar Law Plan which is subject to any Similar Law, including any entity whose underlying assets include the assets of any Benefit Plan Investor or Similar Law Plan, the inclusion of which for purposes of ERISA or any Similar Law, as the case may be, would result in such entity being deemed a Benefit Plan Investor or Similar Law Plan, or (b)(i) such purchaser or transferee's acquisition, holding and disposition of the Warrant or an interest therein does not and will not constitute a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code as a result of satisfying all of the applicable conditions of one or more of the following PTCE 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60 or PTCE 96-23 issued by the U.S. Department of Labor or Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, or such other prohibited transaction exemption for which the purchaser or transferee (and, if applicable, any person or entity acting on behalf of such purchaser or transferee) demonstrates to the satisfaction of the Issuer that all applicable conditions are satisfied (or, in the case of a Similar Law Plan, will not result in a violation of any Similar Law) and (ii) if it is a Benefit Plan Investor, (X) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or Plan Fiduciary, on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to invest in the Warrant or an interest therein, (Y) the Transaction Parties are not otherwise acting as a "fiduciary", as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's investment in the Warrant or an interest therein and (Z) the Plan Fiduciary is exercising its own independent judgement in evaluating the transaction disclosed in the Offering Memorandum and any related materials. The capitalised terms in this paragraph are as defined in section headed "*Certain ERISA Considerations*" in the Offering Memorandum.
- (7) Before any interest in a Warrant represented by a Restricted Global Registered Warrant may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in an Unrestricted Global Registered Warrant, the transferor will be required to provide the Registrar with written certification as to compliance with the transfer restrictions referred to in items (B) or (C) of the second paragraph of the legend set forth above. Exchange of Interests in Unrestricted and Restricted Global Registered Warrants; Transfers within and between DTC, Euroclear and Clearstream, Luxembourg

On or prior to the 40th day after the later of the commencement of the offering of the relevant Tranche and the issue date for that Tranche, a beneficial interest in the relevant Unrestricted Global Registered Warrant may be transferred to a person who wishes to take delivery of such beneficial interest through the relevant Restricted Global Registered Warrant only upon receipt by the Warrant Registrar (as defined in the Master Warrant Issuance Agreement) of a written certification from the transferor (in the applicable form provided

in the Master Warrant Issuance Agreement) to the effect that such transfer is being made to a person who the transferor reasonably believes is a qualified institutional buyer within the meaning of Rule 144A, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other relevant jurisdiction. After such 40th day, such certification requirements will no longer apply to such transfers, but such transfers will continue to be subject to the transfer restrictions contained in the legend appearing on the face of such Restricted Global Registered Warrant, as set out below under "*Transfer Restrictions*".

Beneficial interests in a Restricted Global Registered Warrant may be transferred to a person who wishes to take delivery of such beneficial interest through the relevant Unrestricted Global Registered Warrant, whether before, on or after such 40th day, only upon receipt by the Warrant Registrar of a written certification from the transferor (in the applicable form provided in the Master Warrant Issuance Agreement) to the effect that such transfer is being made in accordance with Regulation S or Rule 144A under the Securities Act (if available) or to the Issuer or its affiliates.

Owner of Global Registered Warrants and Payments

Subject to certain provisions of the Master Warrant Issuance Agreement relating to directions, sanctions and consents of Holders of Registered Warrants and to meetings of Holders of Warrants, so long as DTC or its nominee or Euroclear, Clearstream, Luxembourg or the nominee of their common depository, as the case may be, is the registered owner or holder of a Global Registered Warrant, DTC, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Warrants represented by such Global Registered Warrant for all purposes under the Master Warrant Issuance Agreement and the Warrants. Payments on Global Registered Warrants will be made to DTC, Euroclear, Clearstream, Luxembourg or such nominee thereof or, as the case may be, the registered holder thereof. None of the Issuer, the Warrant Registrar, or any Warrant Agent or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Registered Warrants or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Global Registered Warrant will be made to the person shown as the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (in the relevant clearing system) on the business day on which each clearing system for which the Global Registered Warrant is being held is open for business which is the business day of each such clearing system before the due date for such payment.

Exchange and Transfer of Global Registered Warrants for Definitive Registered Warrants

In the case of Restricted Global Registered Warrants held through DTC, beneficial interests in such Restricted Global Registered Warrant will be exchangeable for US Definitive Registered Warrants: (i) if DTC notifies the Issuer that it is no longer willing or able to properly discharge its responsibilities as depository with respect to the relevant Restricted Global Registered Warrant or ceases to be a clearing agency registered under the Exchange Act, or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of such depository; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through DTC; or (iii) at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Warrants as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdictions which would not be suffered were the Warrants in definitive form; or (iv) if the Issuer so elects, where the Issuer, any Warrant Agent or the Warrant Registrar, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Warrants which would not be required if such Warrants were in definitive form.

Beneficial interests in a Regulation S Global Registered Warrant or an Unrestricted Global Registered Warrant will be exchangeable, in whole but not in part, for Regulation S Definitive Registered Warrants

Part C – Information Relating to the Warrants Generally – Summary of Provisions Relating to the Warrants While in Global Form

and, if held through Euroclear or Clearstream, Luxembourg, pursuant to the relevant Pricing Supplement, beneficial interests in a Rule 144A Global Registered Warrant or a Restricted Global Registered Warrant will be exchangeable for US Definitive Registered Warrants: (i) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through Euroclear and Clearstream, Luxembourg; or (iii) at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Warrants as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Warrants in definitive form; or (iv) if the Issuer so elects, where the Issuer, any Warrant Agent or the Warrant Registrar, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Warrants which would not be required if such Warrants were in definitive form.

Beneficial interests in a Combined Global Registered Warrant will be exchangeable, in whole but not in part, for Combined Definitive Registered Warrants: (i) if Euroclear or Clearstream, Luxembourg or any other clearing system by which the Warrants have been accepted for clearing is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book entry system through Euroclear and/or Clearstream, Luxembourg; (iii) at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Combined Global Registered Warrant as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Warrants in definitive form; or (iv) if the Issuer so elects, where the Issuer or any Warrant Agent, by reason of a change in, or amendments to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Warrants which would not be required if such Warrants were in definitive form.

In such circumstances, (a) the Warrant Registrar will be required to notify all Holders of interests in the relevant Global Registered Warrants registered in the name of DTC or its nominee or Euroclear, Clearstream, Luxembourg or the nominee of their common depository, as the case may be, of the availability of Definitive Registered Warrants and (b) the Issuer will, at the cost of the Issuer, cause sufficient Regulation S Definitive Registered Warrants and/or US Definitive Registered Warrants or Combined Definitive Registered Warrants, as the case may be, to be executed and delivered to the Warrant Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Global Registered Warrant must provide the Warrant Registrar with a written order containing instructions and such other information as the Issuer and the Warrant Registrar may require to complete, execute and deliver the relevant Definitive Registered Warrant and:

- (i) in the case of a Rule 144A Global Registered Warrant or a Restricted Global Registered Warrant only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A. US Definitive Registered Warrants issued in exchange for a beneficial interest in a Rule 144A Global Registered Warrant or a Restricted Global Registered Warrant will bear the legends applicable to transfers pursuant to Rule 144A (as set out below under "*Transfer Restrictions*"); and
- (ii) in the case of a Combined Global Registered Warrant only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A or Regulation S, a certification that the transfer is being made in compliance with the provisions of Rule 144A or Regulation S, as applicable. Combined Definitive Registered Warrants issued in exchange for a beneficial interest in a Combined Global Registered Warrant will bear the legends applicable to transfers pursuant to Rule 144A and Regulation S (as set out below under "*Transfer Restrictions*").

If an Unrestricted Global Registered Warrant relating to a Series or (if issued in Tranches) Tranche of Warrants of which the Restricted Global Registered Warrant forms a part has, pursuant to its terms, been exchanged in whole, but not in part, for Regulation S Definitive Registered Warrants, beneficial interests in the Restricted Global Registered Warrant may be transferred to a person who wishes to take delivery thereof in the form of a Regulation S Definitive Registered Warrant. Such Regulation S Definitive Registered Warrants shall be registered in such name(s) as DTC, Euroclear or Clearstream, Luxembourg, as applicable, shall direct in writing.

Part C – Information Relating to the Warrants Generally – Summary of Provisions Relating to the Warrants While in Global Form

Upon (i) notification to the Warrant Registrar by the Custodian that the appropriate debit entry has been made in the account of the relevant participant of DTC and (ii) receipt by the Warrant Registrar of a certificate, in the form scheduled to the Master Warrant Issuance Agreement, given by the transferee of the beneficial interest in the Restricted Global Registered Warrant and stating that the transfer of such interest has been made in compliance with the transfer restrictions applicable to the Warrants, and pursuant to and in accordance with Regulation S under the Securities Act, the Issuer shall procure that the Warrant Registrar will (against presentation by DTC or HSBC Bank USA, National Association, as custodian, of the Restricted Global Registered Warrant at the specified office of the Warrant Registrar or the Warrant Transfer Agent, all in accordance with the provisions of the Master Warrant Issuance Agreement), decrease the aggregate principal amount of Warrants registered in the name of the holder of, and represented by, the Restricted Global Registered Warrant and shall, without charge, procure, in exchange therefor, the delivery, within five Relevant Banking Days of the receipt by the Warrant Registrar of the Restricted Global Registered Warrant of the notification and certification referred to in paragraphs (i) and (ii) above, and registration information required to authenticate and deliver such Regulation S Definitive Registered Warrants, of an equal aggregate principal amount of duly authenticated and completed Regulation S Definitive Registered Warrants.

As used herein, "**Relevant Banking Day**" means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located.

The holder of a Registered Warrant may transfer such Registered Warrant in accordance with the provisions of Condition 2 (*Form and Transfer*) of the Terms and Conditions of the Warrants.

The holder of a Definitive Registered Warrant may transfer such Warrant by surrendering it at the specified office of the Warrant Registrar or any Warrant Transfer Agent, together with the completed form of transfer thereon. Upon the transfer, exchange or replacement of US Definitive Registered Warrants issued in exchange for beneficial interests in a Rule 144A Global Registered Warrant or a Restricted Global Registered Warrant bearing the legends as set out below under "*Transfer Restrictions*", or upon specific request for removal of the legend on a US Definitive Registered Warrant, the Issuer will only deliver US Definitive Registered Warrants that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Warrant Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer, that neither the legend nor the restriction on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

The Warrant Registrar will not register the transfer of or exchange of interests in a Global Registered Warrant for Definitive Registered Warrants for a period of 15 calendar days preceding the due date for any payment in respect of the Warrants.

With respect to the registration of transfer of any US Definitive Registered Warrants, the Warrant Registrar will register the transfer of any such US Definitive Registered Warrants if the transferor, in the form of transfer on such US Definitive Registered Warrants, has certified to the effect that such transfer is (i) to persons who the transferor reasonably believes to be qualified institutional buyers within the meaning of Rule 144A, in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other jurisdiction, (ii) in accordance with Regulation S, (iii) pursuant to an exemption from Rule 144 under the Securities Act (if available) or (iv) to the Issuer or its affiliates.

Regulation S Definitive Registered Warrants may be exchangeable for or transferable to a person wanting to take delivery thereof in the form of interests in a Restricted Global Registered Warrant, and US Definitive Registered Warrants may be transferable to a person wanting to take delivery thereof in the form of interests in an Unrestricted Global Registered Warrant, in each case, upon receipt by the Warrant Registrar of a duly completed certificate in the form of Schedule 6 to the Master Warrant Issuance Agreement and in accordance with the requirements of the Master Warrant Issuance Agreement.

PURCHASE AND SALE OF WARRANTS

General

- (1) Each Manager has, in a Master Warrant Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Warrants. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Warrants, the Issuer and the relevant Manager(s) will agree details relating to the form of such Warrants and the Conditions relating to such Warrants, the price at which such Warrants will be purchased by the relevant Manager(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Warrant Issuance Agreement contains provisions for the Issuer to appoint other Managers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Warrants.
- (2) Other than with respect to the admission to listing, trading and/or quotation by one or more listing authorities, stock exchanges and/or quotation systems as may be specified in the Pricing Supplement, no action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Manager(s) that would permit a public offering of Warrants, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Offering Memorandum or any Pricing Supplement comes are required by the Issuer and the relevant Manager(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Warrants or have in their possession or distribute this Offering Memorandum or any Pricing Supplements or related offering material, in all cases at their own expense.

Australia

This Offering Memorandum is not a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth) and has not been, and will not be, lodged with the Australian Securities and Investments Commission ("ASIC"). This Offering Memorandum does not purport to include the information required of a disclosure document under Chapter 6D or Part 7.9 of the *Corporations Act 2001* (Cth). The offer of Warrants referred to in this Offering Memorandum is made only to persons to whom it is lawful to offer securities in Australia without a disclosure document lodged with ASIC and complies with the terms of any authority granted under the *Banking Act 1959* (Cth) of Australia. This means the offer is directed only to investors who come within one of the categories set out in section 708(8) or 708(11) of the *Corporations Act 2001* (Cth) ("**Sophisticated Investors**" and "**Professional Investors**", respectively).

As no formal disclosure document (such as a prospectus) will be lodged with ASIC, the Warrants may only be offered and issued to one of the categories of Sophisticated or Professional Investors. If any recipient of this Offering Memorandum is not a Sophisticated Investor or a Professional Investor, no offer of, or invitation to apply for, the Warrants shall be deemed to be made to such recipient and no applications for the Warrants will be accepted from such recipient. Any offer to a recipient in Australia, and any agreement arising from acceptance of such offer, is personal and may only be accepted by the recipient.

If a person to whom Warrants are issued (an "**Investor**") on-sells the Warrants within 12 months from their issue, the Investor will be required to lodge a prospectus with ASIC unless either:

- (a) that sale is to another Sophisticated Investor or Professional Investor; or
- (b) the sale offer is received outside Australia.

Each Investor acknowledges the above and, by applying for Warrants under this Offering Memorandum, gives an undertaking not to sell those Warrants in any circumstances other than those described in paragraphs (a) and (b) above for 12 months after the date of issue of such Warrants.

In addition, each Manager and Investor has represented and agreed that it will comply with Banking exemption No. 1 of 2018 dated 21 March 2018 promulgated by the Australian Prudential Regulation Authority and which requires all offers and transfers to be in parcels of not less than A\$500,000 in aggregate principal amount. Banking exemption No. 1 does not apply to transfers which occur outside Australia.

The Issuer is not licensed to provide financial product advice in Australia and nothing in this Offering Memorandum takes into account the investment objectives, financial situation and particular needs of any individual investors. The Issuer and Managers recommend that investors read this Offering Memorandum before making a decision to acquire Warrants.

provided that no such offer of Warrants referred to in (a) to (c) above shall require the Issuer or any Manager to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Warrants to the public**" in relation to any Warrants in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Warrants to be offered so as to enable an investor to decide to purchase or subscribe for the Warrants and the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended).

(b) ***Physical Delivery***

In relation to Equity-Linked Notes which are to be redeemed by the delivery of a Securities Transfer Amount, and subject to the other provisions of these Conditions and the relevant Pricing Supplement:

- (i)
- (A) Each Noteholder shall, on or before the date five calendar days before the Maturity Date or the date of early termination or redemption (or such earlier date as the Issuer shall determine is necessary for the Issuer, the Paying Agents, the relevant Clearing System to perform their respective obligations in relation to the Notes and notify to the Paying Agents and the Noteholders) send to the relevant Clearing System, in accordance with its then applicable operating procedures, and copied to the Principal Paying Agent, a duly completed Transfer Notice.
 - (B) A Transfer Notice, once delivered to the relevant Clearing System, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note which is the subject of a Transfer Notice following delivery of such Transfer Notice to the relevant Clearing System. A Transfer Notice shall only be valid to the extent that the relevant Clearing System have not received conflicting prior instructions in respect of the Notes which are the subject of the Transfer Notice.
 - (C) Failure properly to complete and deliver a Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided shall be made by the Principal Paying Agent and shall be conclusive and binding on the Issuer and the Noteholder.
 - (D) The Principal Paying Agent shall promptly on the local banking day following receipt of a Transfer Notice send a copy thereof to the Issuer or such person as the Issuer may previously have specified.
 - (E) Delivery of the Securities will be via the relevant Clearing System. The delivery or transfer of Securities to each Noteholder is at the relevant Noteholder's risk and if delivery occurs later than the earliest possible date for delivery, no additional amounts will be payable by the Issuer.
 - (F) The Issuer shall discharge its obligation to redeem the relevant proportion of the Notes by delivering, or procuring the delivery of, the Securities Transfer Amount on the Settlement Date to the Clearing System for credit to the account with the Clearing System specified in the Transfer Notice of the relevant Noteholder.
 - (G) The amount of Securities to be delivered to or for the account of each Noteholder shall be an amount of Securities equal to the number of Notes in respect of which such Noteholder is the holder as specified in the relevant Transfer Notice multiplied by the Securities Transfer Amount **provided, however, that** if a Noteholder would become entitled to a number of Securities which is not equal to a board lot of the Securities at such time, as determined by the Calculation Agent, or an integral multiple thereof, then the Noteholder's entitlement to delivery of Securities shall be rounded down to the nearest whole Security.
 - (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.

- (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
- (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
- (K) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.
- (L) If a properly completed Transfer Notice in respect of any Notes has not been received by the relevant Clearing System by the 10th Business Day following the Maturity Date or date of early termination or redemption (as applicable) (the "**Transfer Notice Cut-off Date**"), then:
 - (1) the Issuer shall be entitled (but not required) to redeem the relevant Notes by payment of an amount equal to the Net Liquidation Proceeds (as defined below);
 - (2) the Issuer shall be entitled (but not required) to treat any Transfer Notice in relation to such Notes received after the Transfer Notice Cut-off Date as being null and void, and any such determination shall be binding on the Noteholder; and
 - (3) if the Issuer elects to redeem the relevant Notes pursuant to subparagraph (1) above, then the Issuer shall pay the Net Liquidation Proceeds in respect of such Notes to the Noteholder no later than 10 Business Days after the Transfer Notice Cut-Off Date.

For these purposes "**Net Liquidation Proceeds**" means, in relation to any Notes, a cash amount equal to the proceeds received by the Issuer or any of its affiliates from the disposal of the Securities Transfer Amount relating to such Notes, net of all costs, expenses, fees and levies incurred by it or any of its affiliates in connection with such disposal (including, without limitation, all brokers' fees, transaction processing fees and all taxes and other duties). For the avoidance of doubt, in the event that the Issuer elects to redeem the Notes by payment of the Net Liquidation Proceeds, Noteholders will not be entitled to any amounts in addition to the relevant Net Liquidation Proceeds, whether in respect of interest or otherwise.

- (ii) The Calculation Agent shall determine whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Pricing Supplement) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter in a commercially reasonable manner (as determined by the Calculation Agent) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Pricing Supplement, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) If the Calculation Agent determines that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
- (A) determine, in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made in a commercially reasonable manner) is fair in the circumstances by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
- (B) deliver on the Settlement Date such amount of the Securities Transfer Amount (if any) as it can deliver on that date and pay such amount as in the opinion of the Calculation Agent (such opinion to be made in a commercially reasonable manner) is fair in the circumstances by way of compensation for the non-delivery of the remainder of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 22(b)(iii) fails to be applied, insofar as the Calculation Agent determines to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to

such other adjustments as the Calculation Agent determines to be appropriate to give practical effect to such provisions.

(c) ***Automatic Early Redemption***

This Condition 22(c) is applicable only if Automatic Early Redemption Event is indicated as applicable in relevant Pricing Supplement.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date, together with any interest accrued but unpaid thereon to the Automatic Early Redemption Date (unless otherwise specified in the relevant Pricing Supplement) immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

(d) ***Knock-in and Knock-out Provisions***

This Condition 22(d) is applicable only if "Knock-in Event" or "Knock-out Event" is specified as applicable in the relevant Pricing Supplement. If on a Knock-in Determination Day or Knock-out Determination Day, a Knock-in Event or Knock-out Event (respectively) occurs, then a Knock-in Amount or Knock-out Amount (respectively) becomes payable on the relevant Knock-in Amount Payment Date or Knock-out Amount Payment Date (respectively), all as specified as such in the relevant Pricing Supplement.

(e) ***Consequences of Disrupted Days***

For the purposes of this Condition 22(e) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Note which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

(2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;

- (B) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
 - (C) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Pricing Supplement, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) The Final Price or Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Note settled by way of Cash Settlement which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
 - (2) in respect of an Index-Linked Note settled by way of Cash Settlement which relates to a basket of indices, the arithmetic mean of the amounts for such basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Pricing Supplement); and

- (3) in respect of an Equity-Linked Note settled by way of Cash Settlement which relates to a basket of Securities, the arithmetic mean of the prices for such basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Pricing Supplement).
- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Market Disruption**" is:
 - (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 22(e)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
 - (2) "**Postponement**", then Condition 22(e)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Instalment Date, Automatic Early Redemption Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
 - (3) "**Modified Postponement**", then:
 - (aa) in the case of a Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid

Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 22(e)(i)(A)(1); and
 - (ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 22(e)(i)(A)(2); and
- (bb) in the case of a Note which relates to a basket of Indices and/or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Pricing Supplement as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 22(e)(i)(B); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 22(e)(i)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, an Optional Redemption Date (Call Option), an Optional Redemption Date (Put Option) or other early redemption date or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 22(e)(ii)(B)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 22(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 22(e) (*Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If a Valuation Date is postponed (x) in accordance with this Condition 22(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 22(e) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 22(e)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(f) ***Adjustments to Indices***

This Condition 22(f) is applicable only in relation to Index-Linked Notes other than Inflation Rate-Linked Notes in relation to which Condition 22(j) shall apply.

(i) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index,

then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) *Index Modification*

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(iii) *Index Cancellation*

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);
- (2) if Index Substitution is specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Notes shall continue and:
 - (A) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that the Notes shall not continue, the Issuer shall redeem the relevant Notes as of the date selected by the Issuer

and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*), specifying the early redemption amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes immediately prior to such early redemption.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation.

(iv) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(g) *Adjustments and Events affecting Securities*

This Condition 22(g) is applicable only in relation to Equity-Linked Notes.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect and determine the

effective date(s) of such adjustment(s). In addition, in relation to China Connect Underlying only, in making such determinations, the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Potential Adjustment Event in respect of Securities held through the China Connect Service.

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in a commercially reasonable manner. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes. In relation to China Connect Underlying only, in making such determinations, the Issuer and/or the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Securities held through the China Connect Service.

(iii) *Conversion*

In respect of an Equity-Linked Note, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that the Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the

Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) ***Additional Disruption Events***

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

For the purposes any Series of Notes, "**Additional Disruption Event**" means any event specified as such in the relevant Pricing Supplement, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Pricing Supplement:

- (i) "**Change in Law**" means, in relation to any Notes, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (x) it will, or there is a substantial likelihood that it will, with the passing of time, or has become illegal for the Issuer or any of its designated affiliates to hold, acquire or dispose of or realise, recover or remit the proceeds of the sale of disposal of, Securities, Component Securities or other components comprised in the Index relating to such Notes or any transaction(s) or asset(s) it deems necessary to hedge the equity price risk or any other relevant price risk including, without limitation, any currency risk, of the Issuer issuing and performing its obligations with respect to the Notes (y) it has become illegal for the Issuer or any of its designated affiliates to hold, acquire, purchase, sell or maintain one or more (i) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to such Notes, or in relation to the Issuer's hedging activities in connection with the Notes or in relation to the hedging activities of the Issuer or any of its designated affiliates in connection with the Notes, (ii) stock loan transactions in relation to

such Notes or (iii) other instruments or arrangements (howsoever described) held by the Issuer or any of its designated affiliates in order to hedge, individually or on a portfolio basis, such Notes or (z) the Issuer or any of its designated affiliates will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);

- (ii) **"China Connect Service Termination"** means, on or after the Trade Date, the announcement by one or more of the China Connect Market, SEHK, the CSDCC, HKSCC or any regulatory authority with competent jurisdiction of a suspension or termination of the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Securities through the China Connect Service and the Calculation Agent determines that there is a reasonable likelihood that such suspension or termination is not, or will not be, temporary;
- (iii) **"China Connect Share Disqualification"** means, on or after the Trade Date, the Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service;
- (iv) **"Failure to Deliver"** means the failure of a party to deliver, when due, the relevant Securities in respect of the Notes, where such failure is due to illiquidity in the market for such Securities;
- (v) **"Insolvency Filing"** means that the issuer of the Securities institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Securities shall not be deemed an Insolvency Filing;
- (vi) **"Hedging Disruption"** means that the Issuer or any of its designated affiliates is unable or it is or has become not reasonably practicable, or it has otherwise become undesirable, for any reason, for the Issuer wholly or any of its designated affiliates or partially after using commercially reasonable efforts and acting in good faith, to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary or desirable to hedge the equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Notes or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) or (C) without prejudice to (B) above, transfer amounts denominated in the Settlement Currency (1) from accounts inside the Settlement Currency Jurisdiction to accounts outside the Settlement Currency Jurisdiction (2) between accounts inside the Settlement Currency Jurisdiction or (3) to a party that is a non-resident of the Settlement Currency Jurisdiction or (D) without prejudice to (B) and (C) above, convert the Settlement Currency into an Alternative Payment Currency) and, for the avoidance of doubt "using commercially reasonable efforts and acting in good faith" to hedge the risks of the Issuer referred to herein does not include the value of any quota granted to the Issuer or any of its designated affiliates under the Qualified Foreign Institutional Investor ("**QFII**") or Renminbi Qualified Foreign Institutional Investor ("**RQFII**") Schemes; and
- (vii) **"Increased Cost of Hedging"** means that the Issuer or any of its designated affiliates would incur materially increased costs (as compared with circumstances existing on the Issue Date), including, without limitation, amount of tax

(including any potential tax which the Calculation Agent considers may arise) duty, expense or fee (other than brokerage commissions) to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Notes or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or its designated affiliates, as applicable, shall not be deemed an Increased Cost of Hedging.

(i) ***Adjustments where the Securities are Units in an ETF***

Where the Securities are specified in the relevant Pricing Supplement as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 22 or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 22 would produce a commercially reasonable result:
 - (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes; or
- (ii) if the Calculation Agent determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount any accrued interest, as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

In this Condition 22(i) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(j) ***Adjustments to Indices for Inflation Rate-Linked Notes***

With respect to Inflation Rate-linked Notes, the following provisions shall apply in lieu of Condition 22(f) (*Adjustments to Indices*):

(A) *Definitions*

In this Condition:

"Base Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"Fallback Bond" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of

the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Maturity Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Maturity Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"Inflation Index Level" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 22(j) (*Adjustments to Indices for Inflation Rate-Linked Notes*);

"Inflation Index Sponsor" means, the inflation index sponsor specified as such in the Pricing Supplement (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"Latest Level" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above;

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means, the bond specified as such in the relevant Pricing Supplement or, if specified as applicable in the relevant Pricing Supplement and if no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Notes, following such redemption or maturity the Related Bond shall be the Fallback Bond;

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Pricing Supplement or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Notes (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Pricing Supplement, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Pricing Supplement; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\begin{aligned} & \textit{Substitute Index Level} \\ & = \textit{Base Level} \times (\textit{Latest Level}/\textit{Reference Level}) \end{aligned}$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be, such Relevant Level will not be used in any calculations and instead the Substitute Index Level so determined pursuant to this Condition 22(j) (*Adjustments to Indices for Inflation Rate-Linked Notes*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Notes by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "**Successor Index**" for the purposes of all subsequent determinations of interest payable and/or of an Early Redemption Amount or of the Final Redemption Amount, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 22(j);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early redemption of the Notes by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Notes from the date that such replacement Index comes into effect;
- (iii) if a Successor Index has not been determined by the Calculation Agent under paragraphs (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below), the Calculation Agent will determine

an appropriate alternative index for such relevant Valuation Date, and such index will be deemed a "**Successor Index**"; and

- (iv) if the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may redeem or cancel all but not some only of the Notes on the date selected by the Calculation Agent at the Early Redemption Amount.

The Issuer shall notify the Noteholders of any Successor Index determined pursuant to this Condition 22(j)(C) (*Adjustments to Indices for Inflation Rate-Linked Notes - Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.

(E) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is an Interest Payment Date, the relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Notes consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication, but no later than the fifth Business Day prior to the relevant Interest Payment Date, relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date, as the case may be, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(k) *Events relating to DR-Linked Notes*

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities or/or the formula for the Final Redemption Amount), and which change

or adjustment(s) shall be effective on such date selected by the Calculation Agent;
or

- (ii) the Notes shall not continue, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(l) ***Notes Linked to Units in an ETF – General***

If the relevant Pricing Supplement specifies that the Securities in relation to a Series of Notes are Units in an ETF, then this Condition 22 shall apply to the Notes as if references therein to "**Underlying Company**" were references to the "**ETF**" and as if references therein to "**Security**" were references to "**Unit**".

23. **Provisions relating to Preference Share-Linked Notes**

(a) ***Definitions***

As used in this Condition 23 and unless otherwise provided in the relevant Pricing Supplement, the following expressions shall have the following meanings:

- (H) In relation to each Noteholder, the Calculation Agent shall calculate the Residual Amount and the Residual Cash Amount. The Residual Cash Amount shall be paid by the Issuer to the relevant Noteholder on the Settlement Date.
- (I) Each Noteholder shall be required as a condition of its entitlement to delivery of Securities in respect of any Notes to pay all Transfer Expenses in respect of such Notes.
- (J) After delivery to or for the account of a Noteholder of the relevant Securities Transfer Amount and for such period of time as the transferor or its agent or nominee shall continue to be registered in any clearing system as the owner of the Securities comprised in such Securities Transfer Amount (the "**Intervening Period**"), none of such transferor or any agent or nominee for the Issuer or such transferor shall (i) be under any obligation to deliver to such Noteholder or any other person any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or such transferor, agent or nominee in its capacity as holder of such Securities, (ii) be under any obligation to exercise any rights (including voting rights) attaching to such Securities during the Intervening Period, or (iii) be under any liability to such Noteholder or any other person in respect of any loss or damage which the Noteholder or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or such transferor, agent or nominee being registered in such clearing system during such Intervening Period as legal owner of such Securities.
- (K) All dividends on Securities to be delivered will be payable to the party that would receive such dividends according to market practice for a sale of the Securities executed on the Notional Sale Date to be delivered in the same manner as such Securities. Any such dividends will be paid to or for credit to the account specified by the Noteholder in the relevant Transfer Notice. No right to dividends on the Securities will accrue to Noteholders prior to the Notional Sale Date.
- (L) If a properly completed Transfer Notice in respect of any Notes has not been received by the relevant Clearing System by the 10th Business Day following the Maturity Date or date of early termination or redemption (as applicable) (the "**Transfer Notice Cut-off Date**"), then:
 - (1) the Issuer shall be entitled (but not required) to redeem the relevant Notes by payment of an amount equal to the Net Liquidation Proceeds (as defined below);
 - (2) the Issuer shall be entitled (but not required) to treat any Transfer Notice in relation to such Notes received after the Transfer Notice Cut-off Date as being null and void, and any such determination shall be binding on the Noteholder; and
 - (3) if the Issuer elects to redeem the relevant Notes pursuant to subparagraph (1) above, then the Issuer shall pay the Net Liquidation Proceeds in respect of such Notes to the Noteholder

no later than 10 Business Days after the Transfer Notice Cut-Off Date.

For these purposes "**Net Liquidation Proceeds**" means, in relation to any Notes, a cash amount equal to the proceeds received by the Issuer or any of its affiliates from the disposal of the Securities Transfer Amount relating to such Notes, net of all costs, expenses, fees and levies incurred by it or any of its affiliates in connection with such disposal (including, without limitation, all brokers' fees, transaction processing fees and all taxes and other duties). For the avoidance of doubt, in the event that the Issuer elects to redeem the Notes by payment of the Net Liquidation Proceeds, Noteholders will not be entitled to any amounts in addition to the relevant Net Liquidation Proceeds, whether in respect of interest or otherwise.

- (ii) The Calculation Agent shall determine whether or not at any time a Settlement Disruption Event has occurred and where it determines such an event has occurred and so has prevented delivery of Securities on the original day that but for such Settlement Disruption Event would have been the Settlement Date, then the Settlement Date will be the first succeeding day on which delivery of such Securities can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the eight relevant Clearing System Business Days immediately following the original date (or during such other period (the "**Disruption Period**") specified in the relevant Pricing Supplement) that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, if the Securities are debt securities, the Issuer shall use reasonable efforts to deliver such Securities promptly thereafter acting in good faith and in a commercially reasonable manner (as determined by the Calculation Agent) outside the Clearing System and in all other cases (a) if such Securities can be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be the first Business Day on which settlement of a sale of Securities executed on that eighth relevant Clearing System Business Day, or during such other period specified in the relevant Pricing Supplement, customarily would take place using such other commercially reasonable manner (as determined by the Calculation Agent) of delivery (which other manner of delivery will be deemed the relevant Clearing System for the purposes of delivery of the relevant Securities), and (b) if such Securities cannot be delivered in any other commercially reasonable manner (as determined by the Calculation Agent), then the Settlement Date will be postponed until delivery can be effected through the relevant Clearing System or in any other commercially reasonable manner.

For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Securities comprised in a basket, the Settlement Date for Securities not affected by the Settlement Disruption Event will be the first day on which settlement of a sale of such Securities executed on the Maturity Date customarily would take place through the relevant Clearing System.

- (iii) If the Calculation Agent determines that a Delivery Disruption Event has occurred, it shall notify the Issuer who shall promptly notify the relevant Noteholder(s) and the Issuer may then:
- (A) determine, in its sole and absolute discretion, a new Settlement Date such date being no later than the earlier of (i) the Scheduled Trading Day immediately following the day on which the Delivery Disruption Event has ceased to exist and (ii) the eighth Scheduled Trading Day falling after the original Settlement Date, provided, in each case such day is a Clearing System Business Day (or, if not, the Scheduled Trading Day that is a Clearing System Business Day immediately following such day);

- (B) determine (either upon the occurrence of a Delivery Disruption Event or, if no new Settlement Date was determined prior to the eighth Scheduled Trading Day falling after the original Settlement Date pursuant to paragraph (A) above, upon such eighth Scheduled Trading Date (the "**Postponed Determination Date**"), in its sole and absolute discretion, that the obligation to deliver the relevant Securities Transfer Amount will be terminated and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made acting in good faith and in a commercially reasonable manner) is fair (i) by reference to the spot price on an Exchange for such Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above), or if no such spot price is available (or if the Calculation Agent acting in good faith and in a commercially reasonable manner determines that such spot price materially differs from the price that would be obtained in a liquid and well-functioning market), (ii) as determined by the Calculation Agent to be the arithmetic mean of the price quoted for such Securities by investment banks appointed by the Calculation Agent that are acting in the market for the relevant Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above) or (iii) if less than two such quotations are received, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, in each case by way of compensation for the non-delivery of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount; or
- (C) deliver on the Settlement Date (as may have been postponed pursuant to paragraph (A) above) such amount of the Securities Transfer Amount (if any) as it can deliver on that date and the Issuer will pay such amount as in the opinion of the Calculation Agent (such opinion to be made acting in good faith and in a commercially reasonable manner) is fair (i) by reference to the spot price on an Exchange for such Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above), or if no such spot price is available, (or if the Calculation Agent acting in good faith and in a commercially reasonable manner determines that such spot price materially differs from the price that would be obtained in a liquid and well-functioning market) (ii) as determined by the Calculation Agent to be the arithmetic mean of the price quoted for such Securities by investment banks appointed by the Calculation Agent that are acting in the market for the relevant Securities on the date of the Delivery Disruption Event (or the Postponed Determination Date, if the Issuer has first elected to apply paragraph (A) above) or (iii) if less than two such quotations are received, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, in each case by way of compensation for the non-delivery of the remainder of the Securities Transfer Amount, in which event the entitlements of the respective Noteholder(s) to receive the relevant Securities Transfer Amount shall cease and the Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount.

Where this Condition 22(b)(iii) fails to be applied, insofar as the Calculation Agent determines to be practical, the same shall be applied as between the Noteholders on a *pro rata* basis, but subject to such rounding down (whether of the amount of a payment or of a number of Securities to be delivered) and also to such other adjustments as the Calculation Agent determines to be appropriate to give practical effect to such provisions.

(c) ***Automatic Early Redemption***

This Condition 22(c) is applicable only if Automatic Early Redemption Event is indicated as applicable in relevant Pricing Supplement.

If on any Automatic Early Redemption Valuation Date, the Automatic Early Redemption Event occurs, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date, together with any interest accrued but unpaid thereon to the Automatic Early Redemption Date (unless otherwise specified in the relevant Pricing Supplement) immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the relevant currency equal to the relevant Automatic Early Redemption Amount.

(d) ***Knock-in and Knock-out Provisions***

This Condition 22(d) is applicable only if "Knock-in Event" or "Knock-out Event" is specified as applicable in the relevant Pricing Supplement. If on a Knock-in Determination Day or Knock-out Determination Day, a Knock-in Event or Knock-out Event (respectively) occurs, then a Knock-in Amount or Knock-out Amount (respectively) becomes payable on the relevant Knock-in Amount Payment Date or Knock-out Amount Payment Date (respectively), all as specified as such in the relevant Pricing Supplement.

(e) ***Consequences of Disrupted Days***

For the purposes of this Condition 22(e) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Note which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

(2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;

(B) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Index not affected by the occurrence of a

Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (C) in the case of a Note which relates to a basket of Indices and/or Securities, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Pricing Supplement, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
 - (A) The Final Price or Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Note settled by way of Cash Settlement which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
 - (2) in respect of an Index-Linked Note settled by way of Cash Settlement which relates to a basket of indices, the arithmetic mean of the amounts for such basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Level of each Index comprised in such basket (weighted or adjusted in relation to each Index as provided in the relevant Pricing Supplement); and
 - (3) in respect of an Equity-Linked Note settled by way of Cash Settlement which relates to a basket of Securities, the arithmetic

mean of the prices for such basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Price is so provided, the arithmetic mean of the prices for such basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Pricing Supplement).

- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 22(e)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
 - (2) "**Postponement**", then Condition 22(e)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Instalment Date, Automatic Early Redemption Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option) or any other early redemption date in accordance with the Conditions or the relevant Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
 - (3) "**Modified Postponement**", then:
 - (aa) in the case of a Note which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately

following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 22(e)(i)(A)(1); and
 - (ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 22(e)(i)(A)(2); and
- (bb) in the case of a Note which relates to a basket of Indices and/or Securities, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Pricing Supplement as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 22(e)(i)(B); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 22(e)(i)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Maturity Date, Automatic Early Redemption Date, Instalment Date, an Optional Redemption Date (Call Option), an Optional Redemption Date (Put Option) or other early redemption date or Settlement Date, as the case may be, or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 22(e)(ii)(B)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 22(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 22(e) (*Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If a Valuation Date is postponed (x) in accordance with this Condition 22(e) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Note which relates to a basket of Indices and/or Securities, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 22(e) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 22(e)) unless, in the case of a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4 (*Fixed Rate Note Provisions*), 5 (*Floating Rate Note, Index-Linked Interest Note Provisions and other variable-linked interest Note Provisions*) or 6 (*Zero Coupon Notes*), as appropriate.

(f) ***Adjustments to Indices***

This Condition 22(f) is applicable only in relation to Index-Linked Notes other than Inflation Rate-Linked Notes in relation to which Condition 22(j) shall apply.

(i) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the

Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) *Index Modification*

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Index Modification, and determine the effective date of any such modification or adjustment.

(iii) *Index Cancellation*

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*);
- (2) if Index Substitution is specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Notes shall continue and:
 - (A) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that

Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and

- (B) if it determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date, the Issuer shall terminate the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 14 (*Notices*), specifying the Early Redemption Amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means, in respect of an Index, a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the relevant Index Cancellation.

- (iv) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

- (g) *Adjustments and Events affecting Securities*

This Condition 22(g) is applicable only in relation to Equity-Linked Notes.

- (i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has

occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and/or any other adjustment(s) and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event, and determine the effective date(s) of such adjustment(s).

(ii) *Extraordinary Events*

(A) Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the relevant Extraordinary Event, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in good faith and in a commercially reasonable manner.

(B) If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (A) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(iii) *Conversion*

In respect of an Equity-Linked Note, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to producing a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the Conversion, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, number of or type of shares, other securities or other property which may be delivered under such Notes and, in any

case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to this paragraph), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(h) *Additional Disruption Events*

- (A) Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Additional Disruption Event. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount or any amount of interest set out in the relevant Pricing Supplement, the number of Securities to which each Note relates, the number of Securities comprised in a basket, the amount, the number of or type of shares, other securities or other property which may be delivered pursuant to such Notes and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent.
- (B) If the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (A) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount (or any other payment to be made

by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

For the purposes any Series of Notes, "**Additional Disruption Event**" means any event specified as such in the relevant Pricing Supplement, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Pricing Supplement:

- (i) "**Change in Law**" means, in relation to any Notes, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines (in its sole and absolute discretion) that (x) it will, or it will with the passing of time, or it has become illegal for the Issuer to issue, have outstanding and/or perform its obligations with respect to the Notes or (y) the Issuer will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position or due to any regulation, rule or other regulatory action of any regulator of the Issuer in respect of the Notes);
- (ii) "**Failure to Deliver**" means the failure of a party to deliver, when due, the relevant Securities in respect of the Notes, where such failure is due to illiquidity in the market for such Securities; and
- (iii) "**Insolvency Filing**" means that the issuer of the Securities institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Securities shall not be deemed an Insolvency Filing.

(i) ***Adjustments where the Securities are Units in an ETF***

Where the Securities are specified in the relevant Pricing Supplement as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 22 or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provisions of this Condition 22 would produce a commercially reasonable result:
 - (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in

volatility, investment strategy or liquidity relevant to the Units or the Notes,

in each case with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the Extraordinary Event; or

- (ii) if the Calculation Agent determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Securities Transfer Amount or Final Redemption Amount any accrued interest, as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

In this Condition 22(i) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(j) ***Adjustments to Indices for Inflation Rate-Linked Notes***

With respect to Inflation Rate-linked Notes, the following provisions shall apply in lieu of Condition 22(f) (*Adjustments to Indices*):

(A) *Definitions*

In this Condition:

"**Base Level**" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"**Fallback Bond**" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Maturity Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Maturity Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"**Inflation Index Level**" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 22(j) (*Adjustments to Indices for Inflation Rate-Linked Notes*);

"**Inflation Index Sponsor**" means, the inflation index sponsor specified as such in the Pricing Supplement (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"**Latest Level**" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above;

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means, the bond specified as such in the relevant Pricing Supplement or, if specified as applicable in the relevant Pricing Supplement and if no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Notes, following such redemption or maturity the Related Bond shall be the Fallback Bond;

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Pricing Supplement or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Notes (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Pricing Supplement, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Pricing Supplement; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level} / \text{Reference Level})$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Interest Payment Date, Automatic Early Redemption Date, Instalment Date, Optional Redemption Date (Call Option), Optional Redemption Date (Put Option), other early redemption date or Maturity Date, as the case may be, such Relevant Level will not be used in any calculations and instead the Substitute Index Level so determined pursuant to this Condition 22(j) (*Adjustments to Indices for Inflation Rate-Linked Notes*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Notes by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a "**Successor Index**" for the purposes of all subsequent determinations of interest payable and/or of an Early Redemption Amount or of the Final Redemption Amount, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 22(j);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early redemption of the Notes by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Notes from the date that such replacement Index comes into effect;
- (iii) if a Successor Index has not been determined by the Calculation Agent under paragraphs (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early redemption of the Notes pursuant to paragraph (iv) below), the Calculation Agent will determine an appropriate alternative index for such relevant Valuation Date with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the cessation of publication, and such index will be deemed a "**Successor Index**"; and
- (iv) if the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may redeem or cancel all but not some only of the Notes on the date selected by the Calculation Agent at the Early Redemption Amount.

The Issuer shall notify the Noteholders of any Successor Index determined pursuant to this Condition 22(j)I (*Adjustments to Indices for Inflation Rate-Linked Notes – Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased

Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Notes.

(E) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is an Interest Payment Date, the relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Notes consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication, but no later than the fifth Business Day prior to the relevant Interest Payment Date, relevant Automatic Early Redemption Date, an Instalment Date, the relevant Optional Redemption Date (Call Option), the relevant Optional Redemption Date (Put Option), any other early redemption date or the Maturity Date, as the case may be, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(k) *Events relating to DR-Linked Notes*

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities or/or the formula for the Final Redemption Amount) to reflect such election, and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Final Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(l) *Notes Linked to Units in an ETF – General*

If the relevant Pricing Supplement specifies that the Securities in relation to a Series of Notes are Units in an ETF, then this Condition 22 shall apply to the Notes as if references therein to "**Underlying Company**" were references to the "**ETF**" and as if references therein to "**Security**" were references to "**Unit**".

2. Valuation, Adjustments and Extraordinary Events

(a) *Knock-in and Knock-out Provisions*

This Condition 2(a) is applicable only if "Knock-in Event" or "Knock-out Event" is specified as applicable in the relevant Pricing Supplement. If on a Knock-in Determination Day or Knock-out Determination Day, a Knock-in Event or Knock-out Event (respectively) occurs, then a Knock-in Amount or Knock-out Amount (respectively) becomes payable on the relevant Knock-in Amount Payment Date or Knock-out Amount Payment Date (respectively), all as specified as such in the relevant Pricing Supplement.

(b) *Consequences of Disrupted Days*

For the purposes of this Condition 2(b) "**Limit Valuation Date**" shall mean, if any Valuation Date in respect of a Warrant is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Valuation Date, notwithstanding the fact that such day is a Disrupted Day.

(i) If any Valuation Date is a Disrupted Day, then:

(A) in the case of a Warrant which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Valuation Date shall not fall after the Limit Valuation Date. In that case:

(1) in respect of an Index-Linked Warrant, the Limit Valuation Date shall be deemed to be the Valuation Date and the Calculation Agent shall determine the level of the Index as of the Valuation Time on that Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on that Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on that Limit Valuation Date); and

(2) in respect of a Equity-Linked Warrant, that Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;

(B) in the case of a Warrant which relates to a Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the

Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on that Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on that Limit Valuation Date); and

- (C) in the case of a Warrant which relates to a Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) that Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its good faith estimate of the value for that Security as of the Valuation Time on that Limit Valuation Date.
- (ii) If Averaging Dates are specified in the relevant Pricing Supplement, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
 - (A) The Final Price or the Final Index Level will be, in relation to any Valuation Date:
 - (1) in respect of a Warrant which relates to a single Security or Index (as the case may be), the arithmetic mean of the Reference Price of the Security or (as the case may be) of the Reference Level of the Index on each Averaging Date;
 - (2) in respect of an Index Basket Warrant, the arithmetic mean of the amounts for the Basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for determining the Final Index Level is so provided, the arithmetic mean of the amounts for such basket calculated on each Averaging Date as the sum of the Reference Levels of each Index comprised in the Basket (weighted or adjusted in relation to each Index as provided in the relevant Pricing Supplement); and
 - (3) in respect of a Security Basket Warrant, the arithmetic mean of the prices for the Basket determined by the Calculation Agent as provided in the relevant Pricing Supplement as of the relevant Valuation Time(s) on each Averaging Date or, if no means for

determining the Final Price is so provided, the arithmetic mean of the prices for the Basket calculated on each Averaging Date as the sum of the values calculated for the Securities of each Underlying Company as the product of (aa) the Reference Price of such Security and (bb) the number of such Securities comprised in such basket (weighted or adjusted in relation to each Security as provided in the relevant Pricing Supplement).

- (B) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Price or Final Index Level, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then Condition 2(b)(i) will apply for purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date;
 - (2) "**Postponement**", then Condition 2(b)(i) will apply for purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the Warrant. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or the relevant or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
 - (3) "**Modified Postponement**", then:
 - (aa) in the case of a Warrant which relates to a single Index or Security, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date (as defined below) immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date (the "**Scheduled Final Averaging Date**") in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date), and:

- (i) in respect of an Index-Linked Warrant, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 2(b)(i)(A)(1); and
 - (ii) in respect of a Equity-Linked Warrant, the Calculation Agent shall determine the relevant price for that Averaging Date in accordance with Condition 2(b)(i)(A)(2); and
- (bb) in the case of a Warrant which relates to a Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the day specified in the relevant Pricing Supplement as an Averaging Date in relation to the relevant Valuation Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 2(b)(i)(B); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant amount for that Averaging Date in accordance with Condition 2(b)(i)(C).

If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the relevant Cash Settlement Payment Date or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Valuation Date.

For the purposes of this Condition 2(b)(ii)(B)(3) "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Warrant is a Disrupted Day, the specified Maximum Number of Disrupted Days following such Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

If a Valuation Date is postponed (x) pursuant to this Condition 2(b) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, the Scheduled FX Fixing Date falling on or immediately following the Scheduled Valuation Date may, in the Calculation Agent's discretion (i) be postponed such that the Scheduled FX Fixing Date will be deemed to occur the number of days following such postponed Valuation Date as the Scheduled FX Fixing Date would have occurred following the Scheduled Valuation Date had it not been for the postponement pursuant to this Condition 2(b) (*Consequences of Disrupted Days*) or as a result of a non-Scheduled Trading Day or (ii) if the Scheduled Valuation Date and Scheduled FX Fixing Date are the same date, be

postponed to such postponed Valuation Date, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day. In respect of a Warrant which relates to a Basket, the postponed Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date occurring in respect of such Scheduled Valuation Date.

If the Warrants are specified in the relevant Pricing Supplement as being "American Style" Warrants and if a Valuation Date is postponed (x) in accordance with this Condition 2(b) (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable. In respect of a Warrant which relates to a Basket, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

(c) *Adjustments to Indices*

This Condition 2(c) is applicable only in relation to Index-Linked Warrants other than Inflation Rate-Linked Warrants in relation to which Condition 2(i) shall apply.

(i) *Successor Index*

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(ii) *Index Modification*

If on or prior to any Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Warrants, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(iii) *Index Cancellation*

If on or prior to a Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each an "**Index Cancellation**"), then:

- (1) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index

Cancellation to the Warranholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);

- (2) if Index Substitution is specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Warranholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (3) if no Substitute Index has been identified within ten Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Pricing Supplement, the Issuer shall (acting in good faith and a commercially reasonable manner), determine whether or not the relevant Warrants shall continue and:
 - (A) if it determines that the Warrants shall continue, then the Calculation Agent shall determine the Final Index Level for such Valuation Date or the Reference Level for such Averaging Date, as the case may be using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date or Averaging Date (as applicable) as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that the Warrants shall not continue, the Issuer shall terminate the relevant Warrants as of the date selected by the Issuer and give notice thereof to the Warranholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*), specifying the early termination amount and early termination date, and the entitlements of the relevant Warranholders to receive the Cash Settlement Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of such amount as is determined by the Calculation Agent to be the Fair Market Value of the Warrants.

For these purposes:

"Index Substitution Notice" means a notice specifying a Substitute Index to be substituted for the Index and the date as of which such substitution is to take effect; and

"Substitute Index" means a successor index identified by the Calculation Agent using commercially reasonable efforts, with characteristics, objectives and rules similar to the Index in effect immediately prior to the occurrence of the Index Cancellation.

- (iv) *Correction of Index Levels*

If, in respect of an Index-Linked Warrant, the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Warrants is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be

appropriate, if any, to the settlement or payment terms of the Warrants to account for such correction **provided that** if any amount has been paid or delivered in an amount or value which exceeds the amount that would have been payable or deliverable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable or deliverable in respect of the Warrants and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement (or, in the case of a delivery, payment of the value) of, the relevant excess payment or delivery (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Warrantholder, together with interest on that amount for the period from and including the day on which payment or delivery was originally made to (but excluding) the day of payment of reimbursement (or value) by the Warrantholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(d) *Adjustments and Events affecting Securities*

This Condition 2(d) is applicable only in relation to Equity-Linked Warrants.

(i) *Potential Adjustment Events*

The Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment as it determines to be appropriate, if any, to the Strike Price, the number of Securities to which each Warrant relates and to any other exercise, payment or other term of the relevant Warrants, including without limitation the amount of cash, which may be transferred under such Warrants and determine the effective date(s) of such adjustment(s). In addition, in relation to China Connect Underlying only, in making such determinations, the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Potential Adjustment Event in respect of Securities held through the China Connect Service.

(ii) *Extraordinary Events*

Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the Warrants shall continue and, if so, determine any adjustments to be made. If the Calculation Agent determines that the relevant Warrants shall continue, it may make such adjustment as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Pricing Supplement and, any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants. In relation to China Connect Underlying only, in making such determinations, the Issuer and/or the Calculation Agent may (but need not) take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Securities held through the China Connect Service.

(iii) *Conversion*

In respect of an Equity-Linked Warrant which relates to debt securities, following the occurrence of any Conversion, the Issuer will determine whether or not the Warrants will continue and, if so, determine any adjustments to be made. If the Issuer determines that the Warrants shall continue, the Calculation Agent may make such adjustment as it determines to be appropriate to the formula for the Cash Settlement Amount set out in the relevant Pricing Supplement and any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment and determine the effective date(s) of such adjustment. If the Issuer determines that the Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of any Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount pursuant to such exercise shall cease) as of the date selected by the Calculation Agent and the Issuer's obligations under the Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(iv) *Correction of Prices*

In the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Warrants is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the payment terms of the Warrants to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Warrants and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of, the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Warrantholder, together with interest on that amount for the period from and including the day on which payment or delivery was originally made to (but excluding) the day of payment or reimbursement by the Warrantholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

(e) *Additional Disruption Events*

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the Warrants shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Warrants shall continue, the Calculation Agent may make such adjustment as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Pricing Supplement and any other variable relevant to the payment terms of the relevant Warrants, and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

For the purposes of each Series of Warrants, "**Additional Disruption Event**" means any event specified as such in the relevant Pricing Supplement, and for such purpose the following terms if so specified shall be deemed to have the following meanings unless otherwise provided in the relevant Pricing Supplement:

- (i) **"Change in Law"** means, in relation to any Warrants, on or after the Issue Date, (A) due to the adoption of or any change in any applicable law or regulation (including without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines that (x) it will, or there is a substantial likelihood that it will, with the passing of time, or has become illegal for the Issuer or any of its designated affiliates to hold, acquire or dispose of or realise, recover or remit the proceeds of the sale of disposal of, Securities, Component Securities or other components comprised in the Index relating to such Warrants or any transaction(s) or asset(s) it deems necessary to hedge the equity price risk or any other relevant price risk including, without limitation, any currency risk, of the Issuer issuing and performing its obligations with respect to the Warrants (y) it has become illegal for the Issuer or any of its designated affiliates to hold, acquire, purchase, sell or maintain one or more (i) positions or contracts in respect of any securities, options, futures, derivatives or foreign exchange in relation to such Warrants, or in relation to the Issuer's hedging activities in connection with the Warrants or in relation to the hedging activities of the Issuer or any of its designated affiliates in connection with the Warrants, (ii) stock loan transactions in relation to such Warrants or (iii) other instruments or arrangements (howsoever described) held by the Issuer or any of its designated affiliates in order to hedge, individually or on a portfolio basis, such Warrants or (z) the Issuer or any of its designated affiliates will incur a materially increased cost in performing its obligations under the Warrants (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);
- (ii) **"China Connect Service Termination"** means, on or after the Trade Date, the announcement by one or more of the China Connect Market, SEHK, the CSDCC, HKSCC or any regulatory authority with competent jurisdiction of a suspension or termination of the China Connect Service or a part thereof for any reason which materially affects the routing of orders in respect of, or holding of, the Securities through the China Connect Service and the Calculation Agent determines that there is a reasonable likelihood that such suspension or termination is not, or will not be, temporary;
- (iii) **"China Connect Share Disqualification"** means, on or after the Trade Date, the Securities cease to be accepted as "China Connect Securities" (as defined in the rules of SEHK) for the purpose of the China Connect Service;
- (iv) **"Failure to Deliver"** means the failure of a party to deliver, when due, the relevant Securities in respect of the Warrants, where such failure is due to illiquidity in the market for such Securities;

- (vi) **"Hedging Disruption"** means that the Issuer or any of its designated affiliates is unable or it is or has become not reasonably practicable, or it has otherwise become undesirable, for any reason, for the Issuer wholly or any of its designated affiliates or partially after using commercially reasonable efforts and acting in good faith, to (A) hold, acquire, establish, re-establish, substitute, maintain,

unwind or dispose of any transaction(s) or asset(s) it deems necessary or desirable to hedge the equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Warrants or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) or (C) without prejudice to (B) above, transfer amounts denominated in the Settlement Currency (1) from accounts inside the Settlement Currency Jurisdiction to accounts outside the Settlement Currency Jurisdiction (2) between accounts inside the Settlement Currency Jurisdiction or (3) to a party that is a non-resident of the Settlement Currency Jurisdiction or (D) without prejudice to (B) and (C) above, convert the Settlement Currency into an Alternative Payment Currency) and, for the avoidance of doubt "using commercially reasonable efforts and acting in good faith" to hedge the risks of the Issuer referred to herein does not include the value of any quota granted to the Issuer or any of its designated Affiliates under the Qualified Foreign Institutional Investor ("QFII") or Renminbi Qualified Foreign Institutional Investor ("RQFII") Schemes;; and

- (vii) **"Increased Cost of Hedging"** means that the Issuer or any of its designated affiliates would incur materially increased costs (as compared with circumstances existing on the Issue Date), including, without limitation, amount of tax (including any potential tax which the Calculation Agent considers may arise), duty, expense or fee (other than brokerage commissions) to (A) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge equity or any other price risk (including but not limited to, any currency risk) of entering into and performing the Issuer's obligations in respect of the Warrants or (B) realise, recover, receive, transfer or remit the proceeds of any such transaction(s) or asset(s) **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or its designated affiliates, as applicable, shall not be deemed an Increased Cost of Hedging.

(f) *Adjustments where the Securities are Units in an ETF*

Where the Securities are specified in the relevant Pricing Supplement as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in the preceding provisions of this Condition 2 or:

- (i) if the Calculation Agent determines that no adjustment that it could make under the preceding provision of this Condition 2 would produce a commercially reasonable result:
- (a) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (b) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Warrants; or
- (ii) if the Calculation Agent determines that the relevant Warrants shall be terminated, then the Warrants shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Warrantholders to receive the relevant Cash Settlement Amount shall cease and the Issuer's obligations under the

relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

In this Condition 2(i) "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

(g) ***Adjustments to Indices for Inflation Rate-Linked Warrants***

With respect to Inflation Rate-Linked Warrants, the following provisions shall apply in lieu of Condition 2(c) (*Adjustments to Indices*).

(A) ***Definitions***

In this Condition:

"Base Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

"Fallback Bond" means a bond selected by the Calculation Agent and issued by the government or one of the governments (but not any government agency) of the country (or countries) to whose level of inflation the relevant Index relates and which pays a coupon and/or redemption amount which is calculated by reference to the Index, with a maturity date which falls on the same day as the Cash Settlement Payment Date or such other date as the Calculation Agent shall select if there is no such bond maturing on the Cash Settlement Payment Date. If any bond so selected is redeemed, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond is redeemed (including any bond for which the redeemed bond is exchanged);

"Inflation Index Level" means the level of the Index first published or announced for the relevant Reference Month on the Relevant Screen Page, as determined by the Calculation Agent, subject to this Condition 22(g) (*Adjustments to Indices for Inflation Rate-Linked Warrants*);

"Inflation Index Sponsor" means, the inflation index sponsor specified as such in the Pricing Supplement (being the entity that publishes or announces (directly or through an agent) the level of the Index) and any successor sponsor of such Index as determined by the Calculation Agent;

"Latest Level" means the latest level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being calculated;

"Reference Level" means the level of the Index (excluding any "flash" estimates) published or announced by the Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month referred to in "Latest Level" above.

"Reference Month" means the calendar month for which the level of the Index was reported, regardless of when this information is published or amended. If the period for which the level of the Index was reported is a period other than a month, the Reference Month is the period for which the level of the Index was reported;

"Related Bond" means the bond specified as such in the relevant Pricing Supplement or, if specified as applicable in the relevant Pricing Supplement and no bond is specified as the Related Bond, the Related Bond shall be the Fallback Bond. If the bond specified to be the Related Bond redeems or matures during the term of the Inflation Rate-linked Warrants, following such redemption or maturity the Related Bond shall be the Fallback Bond; and

"Relevant Screen Page" means the page, section or other part of a particular information service specified as such in the relevant Pricing Supplement or such other page, section or other part as may replace it on that information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying the level of the Index; and

"Substitute Index Level" means the level of the Index, determined by the Calculation Agent pursuant to (B) below.

(B) *Delay of Publication*

If the Inflation Index Level for a Reference Month which is relevant to the calculation of an amount payable in respect of Inflation Rate-linked Warrants (a **"Relevant Level"**) has not been published or announced on the Relevant Screen Page by the day that is five Business Days prior to the relevant Cash Settlement Payment Date (the **"Affected Payment Date"**), the Calculation Agent shall determine a **"Substitute Index Level"** (in place of such Relevant Level) by using the following methodology:

- (i) If Related Bond is specified as applicable in the relevant Pricing Supplement, the Calculation Agent will take the same action to determine the Substitute Index Level for the Affected Payment Date as that taken by the calculation agent pursuant to the terms and conditions of the Related Bond;
- (ii) If (A) Related Bond is specified as not applicable in the relevant Pricing Supplement; or (B) the Calculation Agent is unable to determine the Substitute Index Level under (i) above for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level} / \text{Reference Level})$$

If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the relevant Cash Settlement Payment Date, such Relevant Level will not be used in any calculations and instead the Substitute Inflation Index Level so determined pursuant to this Condition 22(g) (*Adjustments to Indices for Inflation Rate-Linked Warrants*) will be the definitive level for the relevant Reference Month.

(C) *Cessation of Publication*

If a level of the Index has not been published or announced on the Relevant Screen Page for two consecutive months and/or the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Index, then the Calculation Agent shall determine a Successor Index (in lieu of any previously applicable Index) for the purposes of the Warrants by using the following methodology:

- (i) if at any time (other than after the designation by the Calculation Agent of a date for the early termination of the Warrants pursuant to paragraph (iv) below) a successor index has been designated by the calculation agent pursuant to the terms and conditions of the Related Bond, such successor index shall be designated a **"Successor Index"** for the purposes of the determination of the Cash Settlement Amount or any other adjustment in respect of the Warrants, notwithstanding that any other Successor Index may previously have been determined under the other subsections of this Condition 2(i);
- (ii) if: (1) a Successor Index has not been determined under paragraph (i) above; (2) there has been no designation of a date for the early

termination of the Warrants by the Calculation Agent pursuant to paragraph (iv) below; (3) a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Index will be superseded by a replacement index specified by the Inflation Index Sponsor; and (4) and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, then such replacement index shall be deemed to be the "**Successor Index**" for the purposes of the Warrants from the date that such replacement Index comes into effect;

- (iii) If a Successor Index has not been determined by the Calculation Agent under paragraphs (i) or (ii) above (and there has been no designation by the Calculation Agent of a date for the early termination of the Warrants pursuant to paragraph (iv) below), the Calculation Agent will determine an appropriate alternative index for such relevant Valuation Date, and such index will be deemed a "**Successor Index**";
- (iv) If the Calculation Agent determines that there is no appropriate alternative index, then the Issuer may terminate all but not some only of the Warrants as of the date selected by the Calculation Agent at the Fair Market Value of such Warrants.

The Issuer shall notify the Warrantholders of any Successor Index determined pursuant to this Condition 22(g)(C) (*Adjustments to Indices for Inflation Rate-Linked Warrants - Cessation of Publication*).

(D) *Rebasing of the Index*

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of an Index from the date of such rebasing; **provided, however, that** the Calculation Agent shall make such adjustments as are made by the calculation agent pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. If there is no Related Bond, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made under the Warrants.

(E) *Material Modification*

If, on or prior to the day that is five Business Days before the next date which is a Cash Settlement Payment Date (as the case may be), an Inflation Index Sponsor announces that it will make a material change to an Index, then the Calculation Agent shall make any such adjustments to the Index and/or the terms of the Warrants consistent with adjustments made to the Related Bond, or, if there is no Related Bond, only those adjustments necessary for the modified Index to continue as the Index.

(F) *Manifest Error in Publication*

If, within thirty days of publication and prior to the day that falls five Business Days prior to the Cash Settlement Payment Date, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will take such action as it may deem necessary and practicable to give effect to such correction.

(h) ***Events relating to DR-Linked Warrants***

In relation to DR-Linked Warrants only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Warrants shall continue. If the Issuer determines that:

- (i) the Warrants shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Warrants (including, without limitation, any change to the notional number of Securities or/or the formula for the Cash Settlement Amount), and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the Warrants shall not continue, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warranholders to receive the Cash Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(i) ***Warrants Linked to Units in an ETF – General***

If the relevant Pricing Supplement specifies that the Securities in relation to a Series of Warrants are Units in an ETF, then this Condition 2 shall apply to the Warrants as if references therein to "**Underlying Company**" were references to the "**ETF**" and as if references therein to "**Security**" were references to "**Unit**".

The Offering Memorandum has been prepared solely with regard to Notes and Warrants that are not to be admitted to listing or trading on any regulated market for the purposes of Directive 2014/65/EU (as amended, "MiFID II") or Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union Withdrawal Act 2018, as amended (the "EUWA") ("UK MiFIR") and not to be offered to the public in the United Kingdom (the "UK") (other than pursuant to one or more of the exemptions set out in Section 86 of the Financial Services and Markets Act 2000 (as amended, the "FSMA")) or a Member State of the European Economic Area (other than pursuant to one or more of the exemptions set out in Article 1(4) of the EU Prospectus Regulation).

Neither this Part E nor any further information supplied in connection with the Commodity/Commodity Index-Linked Notes and Warrants (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or as constituting an invitation or offer by the Issuer that any recipient of this Part E or any other information supplied in connection with the Commodity/Commodity Index-Linked Notes and Warrants should subscribe for or purchase the Commodity/Commodity Index-Linked Notes and Warrants. Each investor contemplating subscribing for or purchasing the Commodity/Commodity Index-Linked Notes and Warrants should make its own independent investigation of the affairs, and its own appraisal of the creditworthiness, of the Issuer. EU PRIIPs REGULATION - IMPORTANT – EEA RETAIL INVESTORS - If the Pricing Supplement in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation

UK PRIIPs REGULATION - IMPORTANT - UK RETAIL INVESTORS – If the Pricing Supplement in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation

The distribution of this Part E and the offer, distribution or sale of Commodity/Commodity Index-Linked Notes and Warrants may be restricted by law in certain jurisdictions. The Issuer does not represent that this document may be lawfully distributed, or that the Commodity/Commodity Index-Linked Notes and Warrants may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, action may be required to be taken to permit a public offering of the Commodity/Commodity Index-Linked Notes and Warrants or a distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Commodity/Commodity Index-Linked Notes and Warrants may be offered or sold, directly or indirectly, and neither this Part E nor any advertisement or other offering material may be distributed or published in any jurisdiction,

except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Part E or the Commodity/Commodity Index-Linked Notes and Warrants come must inform themselves about, and observe, any such restrictions.

Commodity/Commodity Index-Linked Notes and Warrants have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), the state securities laws of any state of the United States or the securities laws of any other jurisdiction, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

1. Provisions relating to Commodity/Commodity Index-Linked Notes

(a) Definitions

As used in this Condition 22, and unless otherwise provided in the relevant Pricing Supplement, the following expressions shall have the following meanings:

"**Associated Hedging Costs**" means any loss, or mark to market adjustment, which would be incurred by the Issuer and/or its affiliates as a result of terminating, liquidating, transferring, obtaining or re-establishing any swap agreement, financing arrangement or other hedging transaction entered into by or on behalf of the Issuer and/or its affiliates in relation to, as a result of or in connection with the issuance of the Notes (if any), subject to a minimum of zero;

"**Barrier Price**" shall have the meaning specified in the relevant Pricing Supplement;

"**Basket of Commodities**" means a basket comprising two or more Commodities or Commodity Indices;

"**Calculation Agent Determination**" means that the Calculation Agent will determine the Relevant Price (or a method for determining a Relevant Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information it deems relevant;

"**Commodity**" means, the commodity (or commodities) or futures contract on a commodity (or commodities) specified in the relevant Pricing Supplement, and related expressions shall be construed accordingly;

"**Commodity Business Day**" means:

- (i) where the Commodity Reference Price is announced or published by an Exchange, any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a day on which that Exchange is open for trading during its regular trading sessions and notwithstanding any such Exchange closing prior to its Scheduled Closing Time; or
- (ii) in any other case, a day in respect of which the relevant Price Source published (or, but for the occurrence of a Market Disruption Event, would have published), a price;

"**Commodity Fallback Value**" means the arithmetic mean of the quotations provided to the Calculation Agent by each of the Reference Dealers as its Commodity Reference Price for the relevant Pricing Date of the relevant Commodity, **provided that** if only three such quotations are

so provided, the Commodity Fallback Value shall be the Commodity Reference Price remaining after disregarding the Commodity Reference Prices having the highest and lowest values (or if more than one such highest or lowest, one only of them). If fewer than three such quotations are so provided, it will be deemed that such value cannot be determined and the relevant value shall be the good faith estimate of the Calculation Agent;

"Commodity Index" means each index specified as such in the relevant Pricing Supplement or an index comprising one or more commodities or contracts for the future delivery of a commodity (each a **"Component"**);

"Commodity Price" means, in respect of a Commodity or a Component as applicable, the price or other unit of quotation for such Commodity or Component specified in the relevant Pricing Supplement;

"Commodity Reference Price" means, (i) in respect of any Commodity, the Commodity Reference Price specified in the relevant Pricing Supplement and (ii) in respect of any Commodity Index, the Commodity Reference Price specified in the relevant Pricing Supplement or, if not so specified, the official closing price of such Commodity Index;

"Delayed Publication and Announcement" means that the Relevant Price for a Pricing Date will be determined based on the Specified Price in respect of the original day scheduled as such Pricing Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) or the Relevant Price continues to be unavailable for consecutive Commodity Business Days equal in number to the Specified Maximum Days of Disruption. In that case, the next Disruption Fallback specified in the relevant Pricing Supplement will apply;

"Delivery Date" means, in respect of a Commodity Reference Price, the relevant date or month for delivery of the underlying Commodity (which must be a date or month reported or capable of being determined from information reported in or by the relevant Price Source) as follows:

- (i) if a date is, or a month and year are, specified in the relevant Pricing Supplement, that date or that month and year;
- (ii) if a Nearby Month is specified in the relevant Pricing Supplement, the month of expiration of the relevant Futures Contract; and
- (iii) if a method is specified in the relevant Pricing Supplement for the purpose of determining the Delivery Date, the date or the month and year determined pursuant to that method;

"Disappearance of Commodity Reference Price" means (i) the permanent discontinuation of trading, in the relevant Futures Contract on the relevant Exchange or (ii) the disappearance of, or of trading in, the relevant Commodity or Component or (iii) the disappearance or permanent discontinuance or unavailability of a Commodity Reference Price, notwithstanding the availability of the related Price Source or the status of trading in the relevant Futures Contract, Commodity or Component;

"Disrupted Day" means any Commodity Business Day on which a relevant Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred;

"Disruption Fallback" means each of Calculation Agent Determination, Cancellation, Delayed Publication and Announcement, Commodity Fallback Value, Fallback Commodity Price, and Postponement, which are specified as applicable in the relevant Pricing Supplement;

"Fallback Commodity Price" means that the Calculation Agent shall determine the Relevant Price of the relevant Commodity using the Commodity Price specified in the relevant Pricing Supplement as an alternative Commodity Price;

"Futures Contract" means, in respect of a Commodity Reference Price, the contract for future delivery of a contract size in respect of the relevant Delivery Date relating to the Commodity or Commodity Index referred to in that Commodity Reference Price;

"Hedging Disruption" means that the Issuer and/or its affiliates are unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer and/or its affiliates deem necessary to hedge the risk of issuing and performing any obligations with respect to the Notes or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s);

"Increased Cost of Hedging" means that the Issuer and/or its affiliates would incur a materially increased cost (as compared with circumstances existing on the Issue Date), amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer and/or its affiliates deem necessary to hedge the risk of entering into and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), **provided that** any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging;

"Index Component Disruption Event" means:

- (i) the Commodity Reference Price published by the Price Source on any Pricing Date includes, or is derived from, a price for one or more Components published on any date between the Issue Date and such Pricing Date that is not a price published by the usual exchange or price source, but is a price determined by the Price Source; or
- (ii) the Commodity Reference Price published by the Price Source on any Pricing Date includes, or is derived from, a price for one or more Components published by the usual exchange or price source on any date between the Issue Date and such Pricing Date that, in the opinion of the Calculation Agent, has been calculated or published subject to the occurrence of market disruption or similar, or otherwise not in accordance with the usual, then-current, method used by such exchange or price source;

"Material Change in Content" means the occurrence since the Trade Date of a material change in the content, composition or constitution of the relevant Commodity or Futures Contract or, in the case of a Commodity Index, Component;

"Material Change in Formula" means the occurrence since the Trade Date of a material change in the formula for or the method of calculating the relevant Commodity Reference Price;

"Nearby Month", when preceded by a numerical adjective, means, in respect of a Delivery Date and a Pricing Date, the month of expiration of the Futures Contract identified by that numerical adjective, so that, for example: (A) **"First Nearby Month"** means the month of expiration of the first Futures Contract to expire following that Pricing Date; (B) **"Second Nearby Month"** means the month of expiration of the second Futures Contract to expire following that Pricing Date; and (C) **"Sixth Nearby Month"** means the month of expiration of the sixth Futures Contract to expire following that Pricing Date;

"Postponement" means that the Pricing Date will be deemed, for purposes of the application of this Disruption Fallback only, to be the first succeeding Commodity Business Day or on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) for consecutive Commodity Business Days equal in number to the Specified Maximum Days of Disruption. In that case, the next Disruption Fallback specified in the relevant Pricing Supplement will apply;

- (ii) in the case of each Commodity Index and all Commodities other than Gold, Silver, Platinum or Palladium, Material Change in Formula, Material Change in Content and/or Tax Disruption; and
- (iii) in the case of a Commodity Index, an Index Component Disruption Event.

The Calculation Agent shall give notice as soon as practicable to Noteholders in accordance with Condition 13 of the occurrence of a Market Disruption Event and the action proposed to be taken in relation thereto.

(c) ***Consequences of a Market Disruption Event and Disruption Fallbacks***

Upon a Market Disruption Event occurring or continuing on any Pricing Date (or, if different, the day on which prices/or that Pricing Date would, in the ordinary course, be published by the Price Source), the Calculation Agent shall apply the applicable Disruption Fallback in respect of the relevant Market Disruption Event in determining the consequence of the Market Disruption Event, or, if the Calculation Agent determines that it is not possible to apply the specified Disruption Fallback, the Calculation Agent shall apply the next applicable Disruption Fallback as specified in the relevant Pricing Supplement. A Disruption Fallback is applicable if it is specified in the relevant Pricing Supplement and shall apply in the order so specified. If no Disruption Fallback is specified, the Calculation Agent shall take the relevant actions specified below:

(i) *Disappearance of Commodity Reference Price, a Material Change in Formula, or a Material Change in Content*

If, with respect to the relevant Pricing Date, the Calculation Agent considers that there is in existence (i) a Disappearance of Commodity Reference Price, or (ii) a Material Change in Formula, or (iii) a Material Change in Content, then:

- (A) the Calculation Agent shall determine if such event has a material effect on the Notes and, if so, shall calculate the relevant Interest Amount and/or make another relevant calculation using, in lieu of a published price for that Commodity or Component, as the case may be, the price for that Commodity or Component, as the case may be, as at the time specified on that Pricing Date as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity or Component, as the case may be, and any other information that in good faith it deems relevant; or
- (B) unless Delayed Redemption on Occurrence of Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, on giving notice to Noteholders in accordance with Condition 14, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less any Associated Hedging Costs, all as determined by the Calculation Agent. Payment shall be made in such manner as shall be notified to the Noteholders in accordance with Condition 14; or
- (C) if Delayed Redemption on Occurrence of Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, the Calculation Agent shall calculate the fair market value of each Note, taking into account the Market Disruption Event, less any Associated Hedging Costs (the "**Calculated Market Disruption Amount**") as soon as practicable following the occurrence of the Market Disruption Event (the "**Calculated Market Disruption Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to the Calculated Market Disruption Amount plus interest accrued from and including the Calculated Market Disruption Amount Determination Date to but excluding the Maturity Date at a rate equal to the Issuer's funding cost at such time.

(ii) *Consequences of a Tax Disruption*

If the Calculation Agent determines in good faith that a Tax Disruption has occurred or exists in respect of a Pricing Date, the Calculation Agent shall determine if such Tax Disruption has a material effect on the Notes and if so (i) shall effect any adjustments that it deems in good faith necessary to the terms and conditions of the Notes or, (ii) if it determines that such adjustments cannot be made on giving notice to Noteholders in accordance with Condition 14, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note, less any Associated Hedging Costs, all as determined by the Calculation Agent.

(iii) *Consequences of a Price Source Disruption, Trading Disruption and Price Fixation Event*

If, with respect to the relevant Pricing Date, a Price Source Disruption, Trading Disruption or a Price Fixation Event has been in existence in excess of the Specified Maximum Days of Disruption, then the Calculation Agent shall apply the Commodity Fallback Value in order to determine the Relevant Price for that Pricing Date and each subsequent Pricing Date (if any).

(iv) *Consequences of an Index Component Disruption*

If the Calculation Agent determines that, on a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source) an Index Component Disruption Event has occurred or

exists then the Calculation Agent shall determine the Relevant Price (or a method for determining the Relevant Price) for that Pricing Date and each subsequent Pricing Date (if any).

(d) ***Consequences of an Additional Disruption Event***

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Final Redemption Amount set out in the relevant Pricing Supplement and any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Final Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount, less any Associated Hedging Costs, as in the opinion of the Calculation Agent is fair in the circumstances by way of compensation for the redemption of the Notes.

(e) ***Correction of Commodity Reference Price***

With the exception of any corrections published after the day which is three Commodity Business Days prior to the due date for any payment under the Notes, if the Commodity Reference Price published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction published by the relevant Exchange or any other person responsible for the publication or announcement of the Commodity Reference Price within 30 calendar days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Commodity Business Days prior to a due date for payment under the Notes will be disregarded by the Calculation Agent for the purposes of determining the relevant amount.

(f) ***Knock-in Event and Knock-out Event***

- (i) If "Knock-in Event" is specified as applicable in the Pricing Supplement, then, unless otherwise specified in such Pricing Supplement, any payment under the relevant Notes which is expressed in the relevant Pricing Supplement to be subject to a Knock-in Event, shall be conditional upon the occurrence of such Knock-in Event.
- (ii) If "Knock-out Event" is specified as applicable in the Pricing Supplement, then, unless otherwise specified in such Pricing Supplement, any payment under the relevant Notes which is expressed in the relevant Pricing Supplement to be subject to a Knock-out Event, shall be conditional upon the occurrence of such Knock-out Event.
- (iii) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the relevant Pricing Supplement is any time or period of time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time on which the Commodity Reference Price triggers the Knock-in Level or the Knock-out Level, a Market Disruption Event occurs or exists, then, unless otherwise specified in the relevant Pricing Supplement, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.
- (iv) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Pricing Supplement is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then, unless otherwise specified in the applicable Pricing Supplement, such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

"Valuation Time" means, in relation to each Commodity or Commodity Index to be valued on any date, the time on such date specified as such in the relevant Pricing Supplement or, if no such time is specified, the Scheduled Closing Time on the relevant Exchange on such date in relation to such Commodity or Commodity Index, as applicable. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; and

"Weighting" has the meaning specified in the relevant Pricing Supplement.

(c) ***Market Disruption***

"Market Disruption Event" means, in respect of a relevant Commodity or Commodity Index and as determined by the Calculation Agent, the occurrence or existence of in the case of all Commodities and each Commodity Index, a Price Source Disruption, Trading Disruption, Disappearance of Commodity Reference Price and/or a Price Fixation Event and in addition

- (i) in the case of each Commodity Index and all Commodities other than Gold, Silver, Platinum or Palladium, Material Change in Formula, Material Change in Content and/or Tax Disruption; and
- (ii) in the case of a Commodity Index, an Index Component Disruption Event.

The Calculation Agent shall give notice as soon as practicable to Warrantheolders in accordance with Condition 11 of the occurrence of a Market Disruption Event and the action proposed to be taken in relation thereto.

(d) ***Consequences of a Market Disruption Event and Disruption Fallbacks***

Upon a Market Disruption Event occurring or continuing on any Pricing Date (or, if different, the day on which prices/or that Pricing Date would, in the ordinary course, be published by the Price Source), the Calculation Agent shall apply the applicable Disruption Fallback in respect of the relevant Market Disruption Event in determining the consequence of the Market Disruption Event, or, if the Calculation Agent determines that it is not possible to apply the specified Disruption Fallback, the Calculation Agent shall apply the next applicable Disruption Fallback as specified in the relevant Pricing Supplement. A Disruption Fallback is applicable if it is specified in the relevant Pricing Supplement and shall apply in the order so specified. If no Disruption Fallback is specified, the Calculation Agent shall take the relevant actions specified below:

(i) *Disappearance of Commodity Reference Price, a Material Change in Formula, or a Material Change in Content*

If, with respect to the relevant Pricing Date, the Calculation Agent considers that there is in existence (i) a Disappearance of Commodity Reference Price, or (ii) a Material Change in Formula, or (iii) a Material Change in Content, then:

- (A) the Calculation Agent shall determine if such event has a material effect on the Warrants and, if so, shall calculate the Cash Settlement Amount and/or make another relevant calculation using, in lieu of a published price for that Commodity or Component, as the case may be, the price for that Commodity or Component, as the case may be, as at the time specified on that Pricing Date as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity or Component, as the case may be, and any other information that in good faith it deems relevant; or
- (B) unless Delayed Cancellation on the occurrence of a Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, on giving notice to Warrantheolders in accordance with Condition 11, the Issuer shall terminate and cancel all but not some only of the Warrants, each Warrant being terminated and cancelled by payment of an amount equal to the fair market value of such Warrant, less any Associated Hedging Costs, all as determined by the Calculation Agent. Payment shall be made in such manner as shall be notified to the Warrantheolders in accordance with Condition 11; or
- (C) if Delayed Cancellation on the occurrence of a Market Disruption Event is specified as being applicable in the relevant Pricing Supplement, the Calculation Agent shall calculate the fair market value of each Warrant, taking into account the Market Disruption Event, less any Associated Hedging Costs (the "**Calculated Market Disruption Amount**") as soon as practicable following the occurrence of the Market Disruption Event (the "**Calculated Market Disruption Amount Determination Date**") and on the date selected by the Calculation Agent (the "**Termination and Cancellation Date**") shall terminate and cancel each Warrant at an amount calculated by the Calculation Agent equal to the Calculated Market Disruption Amount plus interest accrued from and including the Calculated Market Disruption Amount Determination Date to but excluding the Termination and Cancellation Date at a rate equal to the Issuer's funding cost at such time.

(ii) *Consequences of a Tax Disruption*

If the Calculation Agent determines in good faith that a Tax Disruption has occurred or exists in respect of a Pricing Date, the Calculation Agent shall determine if such Tax Disruption has a material effect on the Warrants and if so (i) shall effect any adjustments that it deems in good faith necessary to the terms and conditions of the Warrants or, (ii) if it determines that such adjustments cannot be made on giving notice to Warrantheolders in accordance with Condition 11, the Issuer shall cancel all but not some only of the Warrants, each Warrant being cancelled by payment of an amount equal to the fair market value of a Warrant, less any Associated Hedging Costs, all as determined by the Calculation Agent.

(iii) *Consequences of a Price Source Disruption, Trading Disruption and Price Fixation Event*

If, with respect to the relevant Pricing Date, a Price Source Disruption, Trading Disruption or a Price Fixation Event has been in existence in excess of the Specified Maximum Days of Disruption, then the Calculation Agent shall apply the Commodity Fallback Value in order to determine the Relevant Price for that Pricing Date and each subsequent Pricing Date (if any).

(iv) *Consequences of an Index Component Disruption Event*

If the Calculation Agent determines that, on a Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published or announced by the Price Source) an Index Component Disruption Event has occurred or exists then the Calculation Agent shall determine the Relevant Price (or a method for determining the Relevant Price) for that Pricing Date and each subsequent Pricing Date (if any).

(e) *Consequences of an Additional Disruption Event*

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Warrants shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Warrants shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Pricing Supplement and any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Warrantholders to receive the relevant Cash Settlement Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of such amount, less any Associated Hedging Costs, as in the opinion of the Calculation Agent is fair in the circumstances by way of compensation for the termination of the Warrants.

(f) *Correction of Commodity Reference Price*

With the exception of any corrections published after the day which is three Commodity Business Days prior to the due date for any payment under the Warrants, if the Commodity Reference Price published on a given day and used or to be used by the Calculation Agent to make any determination under the Warrants is subsequently corrected and the correction published by the relevant Exchange or any other person responsible for the publication or announcement of the Commodity Reference Price within 30 calendar days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Commodity Business Days prior to a due date for payment under the Warrants will be disregarded by the Calculation Agent for the purposes of determining the relevant amount.

(g) *Knock-in Event and Knock-out Event*

(i) If "Knock-in Event" is specified as applicable in the Pricing Supplement, then, unless otherwise specified in such Pricing Supplement, any payment under the relevant Warrants which is expressed in the relevant Pricing Supplement to be subject to a Knock-in Event, shall be conditional upon the occurrence of such Knock-in Event.

(ii) If "Knock-out Event" is specified as applicable in the Pricing Supplement, then, unless otherwise specified in such Pricing Supplement, any payment under the relevant Warrants which is expressed in the relevant Pricing Supplement to be subject to a Knock-out Event, shall be conditional upon the occurrence of such Knock-out Event.

(iii) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the relevant Pricing Supplement is any time or period of time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time on which the Commodity Reference Price triggers the Knock-in Level or the Knock-out Level, a Market Disruption Event occurs or exists, then, unless otherwise specified in the relevant Pricing Supplement, the Knock-in Event or the Knock-out Event shall be deemed not to have occurred.

(iv) If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the relevant Pricing Supplement is the Valuation Time and if any Knock-in Determination Day or

Knock-out Determination Day is a Disrupted Day, then, unless otherwise specified in the applicable Pricing Supplement, such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

PROGRAMME FOR THE ISSUANCE OF NOTES AND WARRANTS

Credit-Linked Warrants

This product supplement in relation to Credit-Linked Warrants constitutes Part F ("Part F") of the offering memorandum dated 2 June 2021 (the "Offering Memorandum") prepared by HSBC Bank plc (the "Issuer") in relation to the Programme for the Issuance of Notes and Warrants (the "Programme") described therein in connection with the application made for Notes or Warrants to be admitted to listing on the Irish Stock Exchange plc, trading as Euronext Dublin ("Euronext Dublin"), and to trading on its Global Exchange Market and applies in relation to Credit Linked Warrants for which "Part F - Product Supplement for Credit Linked Warrants" is specified as applicable in the relevant Pricing Supplement

This Offering Memorandum does not comprise (i) a base prospectus for the purposes of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "UK Prospectus Regulation") or (ii) a base prospectus for the purposes of the Regulation (EU) 2017/1129 (as amended the "EU Prospectus Regulation"). The Offering Memorandum has been prepared solely with regard to Warrants that are not to be admitted to listing or trading on any regulated market for the purposes of Directive 2014/65/EU (as amended, "MiFID II") or Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union Withdrawal Act 2018, as amended (the "EUWA") ("UK MiFIR") and not to be offered to the public in the United Kingdom (the "UK") (other than pursuant to one or more of the exemptions set out in Section 86 of the Financial Services and Markets Act 2000 (as amended, the "FSMA")) or a Member State of the European Economic Area (other than pursuant to one or more of the exemptions set out in Article 1(4) of the EU Prospectus Regulation).

To the extent that there is any inconsistency between any statement in this Part F and any other statement in, or incorporated by reference in, other parts of this Offering Memorandum, the statements in this Part F will prevail for the purposes of this Part F

Warrants issued pursuant to the Programme may include "Credit-Linked Warrants", being Warrants in relation to which the amount payable on exercise (if any) is dependent upon the performance of a reference entity or reference obligation, or a portfolio of reference entities or reference obligations. The purpose of this Part F is to provide information in relation to such Credit-Linked Warrants. This Part F should be read together with Parts A and C of the Offering Memorandum

An investment in Credit-Linked Warrants involves risks. See Part A of this Offering Memorandum under the heading "Risk Factors" (beginning on page A-1).

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Part F or any other information supplied in connection with the Credit-Linked Warrants and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer

Neither this Part F nor any further information supplied in connection with the Credit-Linked Warrants should be considered as a recommendation or as constituting an invitation or offer by the Issuer that any recipient of this Part F or any other information supplied in connection with the Credit-Linked Warrants should subscribe for or purchase the Credit-Linked Warrants. Each investor contemplating subscribing for or purchasing the Credit-Linked Warrants should make its own independent investigation of the affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Part F nor any other information supplied in connection with the Credit-Linked Warrants constitutes an offer by or on behalf of the Issuer to subscribe for or purchase the Credit-Linked Warrants

The distribution of this Part F and the offer, distribution or sale of Credit-Linked Warrants may be restricted by law in certain jurisdictions. The Issuer does not represent that this document may be lawfully distributed, or that the Credit-Linked Warrants may be lawfully offered, or assumes any responsibility for facilitating any such distribution or offering. In particular, action may be required to be taken to permit a public offering of the Credit-Linked Warrants or a distribution of this document in any jurisdiction. Accordingly, no Credit-Linked Warrants may be offered or sold, directly or indirectly, and neither this Part F nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Part F or the Credit-Linked Warrants come must inform themselves about, and observe, any such restrictions

EU PRIIPs REGULATION - IMPORTANT – EEA RETAIL INVESTORS - If the Pricing Supplement in respect of any Warrants includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Warrants or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation

UK PRIIPs REGULATION - IMPORTANT - UK RETAIL INVESTORS - If the Pricing Supplement in respect of any Warrants includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation

Part F – Product Supplement for Credit-Linked Warrants

Credit-Linked Warrants have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or the state securities laws of any state of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U S persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act

<i>Pro Forma</i> Pricing Supplement for Credit-Linked Warrants	F-61

IMPORTANT NOTICES

Given the highly specialised nature of Credit-Linked Warrants, the Issuer considers that they are only suitable for highly sophisticated investors who are willing to take considerable risks, who are able to determine for themselves the risk of an investment linked to the credit risk of the particular reference entity or entities and who can absorb a substantial or total loss of their investment.

Consequently, investors who do not fall within the description above should not consider purchasing the Credit-Linked Warrants without taking detailed advice from a specialised professional adviser.

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

ADDITIONAL TERMS AND CONDITIONS RELATING TO CREDIT-LINKED WARRANTS

The section headed "*Terms and Conditions of the Warrants*" of this Offering Memorandum shall be supplemented and modified by the following "*Additional Terms and Conditions Relating to Credit-Linked Warrants*" (the "**Credit Linked Conditions**" and, together with the Terms and Conditions of the Warrants, the "**Base Conditions**") in respect of any issue of Credit-Linked Warrants as amended or supplemented by the terms of each Tranche of Warrants set out in the Pricing Supplement for which "*Part F - Product Supplement for Credit-Linked Warrants*" is specified as applicable therein. In the event of any inconsistency between the "*Terms and Conditions of the Warrants*" and the "*Additional Terms and Conditions Relating to Credit-Linked Warrants*", such "*Additional Terms and Conditions Relating to Credit-Linked Warrants*" shall prevail and the "*Terms and Conditions of the Warrants*" shall be amended accordingly.

Unless otherwise stated in these Credit Linked Conditions or in the relevant Pricing Supplement, in the event that any day specified in the section "*Credit Linked Terms*" in the relevant Pricing Supplement or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Warrants for which more than one Reference Entity is specified in the relevant Pricing Supplement, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly. In addition, where an event, date, determination or circumstance relates to a Reference Entity and Business Centre(s) are specified in relation to that Reference Entity, only those Business Centre(s) specified in relation to that Reference Entity will be deemed to apply for the purposes of the definition of "**Business Day**" in relation thereto and otherwise all of the Business Centre(s) specified in the relevant Pricing Supplement (including those for all Reference Entities) will apply for the purposes of the definition of "**Business Day**".

References in these Credit Linked Conditions to a Credit Linked Warrant or Warrant are to a single Credit Linked Warrant. Any payment of a "*pro rata*" amount in respect of a Warrant will be determined by reference to the proportion that Warrant bears to the number of Warrants then outstanding.

For the avoidance of doubt no Credit Linked Warrants will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Any references in these Credit Linked Conditions to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto and the Calculation Agent may make such adjustments to these Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for the application of these provisions.

For the avoidance of doubt, the application of any of Credit Linked Conditions 3, 4, 5, 6 or 7 below shall not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such Credit Linked Conditions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such Credit Linked Conditions, the Calculation Agent may elect in its discretion which Credit Linked Condition shall apply and under which Credit Linked Condition or Credit Linked Conditions it shall exercise its discretion.

Credit Linked Warrants may take the form of Single Reference Entity Credit Linked Warrants or Basket Credit Linked Warrants (which may be Index Basket Credit Linked Warrants). Credit Linked Warrants will be Cash Settlement European Style Put Warrants to which Automatic Exercise applies. The "**Minimum Exercise Number**" for the purposes of Condition 6 (*Minimum Number of Warrants Exercisable*) is all of the outstanding Warrants.

- (y) on the Scheduled Cut-Off Date, in the opinion of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Calculation Agent may at its option notify the Warrantholders in accordance with Condition 11 (*Notices*) that (i) in the case of (x) above, the last day of the Notice Delivery Period or the DC Determination Cut-off Date, as the case may be, has been postponed to the Postponed Cut-off Date or (ii) in the case of (y) above, the period in which the Repudiation/Moratorium Extension Condition can be satisfied has been extended and in each case (in the case of Basket Credit Linked Warrants, final) exercise and expiry of the Warrants will fall later than would otherwise be the case.

During such Suspension Period none of the Issuer, the Calculation Agent or any Warrantholder are obliged to, nor are they entitled to, take any action in connection with the settlement of the Credit Linked Warrants. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal has occurred, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began in accordance with this Credit Linked Condition 7.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to the Conditions and these Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

 - (v) if one or more entities succeed directly as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
 - (vi) if one or more entities succeed, either directly or indirectly, as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (**provided that** if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and the Base Conditions and/or the relevant Pricing Supplement will be adjusted as provided below); and

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, **Provided That** the Calculation Agent will not make any

Relating to Credit-Linked Warrants**

such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Base Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if any such Transaction Type and adjustment reflects any adjustment to any credit derivative transaction(s) related to or underlying the Credit Linked Warrants incorporating the provisions of the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**"). Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Warranholders in accordance with Condition 11 (*Notices*) stating the new Transaction Type and the adjustment to the Base Conditions and/or the relevant Pricing Supplement (if any). For the avoidance of doubt any failure to provide such a notice to Warranholders will not affect the validity of any of the foregoing provisions.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Warranholders at the specified office of the Principal Warrant Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv) or (a)(vi) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Base Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the Reference Entity Notional Amount and (if applicable) the Transaction Type) to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Base Conditions and/or the relevant Pricing Supplement in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Warrants under the provisions of the 2014 Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Warranholders in accordance with Condition 11 (*Notices*) stating the adjustment to the Base Conditions and/or the relevant Pricing Supplement and giving brief details of the relevant Successor event. For the avoidance of doubt any failure to provide such a notice to Warranholders will not affect the validity of any of the foregoing provisions.

For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed

accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

Valuation Obligation Characteristic "Transferable" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans; or (iii) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans.

- (B) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Valuation Obligation Characteristics in the relevant Pricing Supplement, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics.
- (C) If a Valuation Obligation is a Relevant Guarantee, the following will apply:
 - (1) for purposes of the application of the Valuation Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (2) for purposes of the application of the Valuation Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in the relevant Pricing Supplement from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law";
 - (3) for purposes of the application of the Valuation Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in the relevant Pricing Supplement from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated" or "Matured" and "Not Bearer"; and
 - (4) for purposes of the application of the Valuation Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (D) For purposes of the application of the Valuation Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the remaining maturity shall be zero.
- (E) If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy a particular Valuation Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

Intervention, shall not cause such obligation to fail to satisfy such Valuation Obligation Characteristic.

- (F) For purposes of determining the applicability of Valuation Obligation Characteristics and the requirements specified in the paragraphs commencing "If "Mod R" ..." and "If "Mod Mod R" ..." below to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (G) If "Subordinated European Insurance Terms" is specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy the "Maximum Maturity" Valuation Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Valuation Obligation Characteristic.

If "Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification.

If "Mod Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

The Valuation Obligation Notification shall describe the selected Valuation Obligation(s) in reasonable detail and shall specify the relevant title(s) or designation(s), maturity date(s) and coupon rate(s) and, unless the Quotation Amount is specified in the relevant Pricing Supplement, the applicable Quotation Amount in respect of each such Valuation Obligation (**Provided That** the aggregate of the Quotation Amounts in respect of the Valuation Obligations shall not exceed the relevant Reference Entity Notional Amount). The Issuer may at any time after delivering a Valuation Obligation Notification but prior to the Valuation Time on the Valuation Date deliver a further Valuation Obligation Notification which shall replace all prior Valuation Obligation Notifications in relation to any additional or replacement Valuation Obligation(s) specified therein.

For the avoidance of doubt the Issuer shall be entitled to select any Valuation Obligations for the purposes of calculating the Final Price irrespective of their market value and, **provided that** (in the case of a Valuation Obligation selected pursuant to sub-paragraph (a) above) the selected obligation satisfies the applicable Valuation Obligation Category and Valuation Obligation Characteristics on the relevant date, such obligation(s) may constitute the Valuation Obligation(s) for the purposes hereof notwithstanding that this is not the case subsequent to such date.

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

"Valuation Time" means the time specified as such in the relevant Pricing Supplement or, if no time is so specified, 11.00 a.m. in the principal trading market for the Valuation Obligation.

9. **Credit Event Notice after Restructuring Credit Event**

Notwithstanding anything to the contrary in these Credit Linked Conditions, upon the occurrence of an M(M)R Restructuring:

- (a) The Calculation Agent may deliver multiple Credit Event Notices in respect of such M(M)R Restructuring, each such Credit Event Notice setting forth an amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the **"Partial Exercise Amount"**) that may be less than such Reference Entity Notional Amount immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Exercise Amount only and each such Credit Linked Warrant shall be exercised in part (in a proportion equal to the proportion that the Partial Exercise Amount bears to the relevant Reference Entity Notional Amount).
- (b) For the avoidance of doubt (A) the part of each Credit Linked Warrant not so exercised in part shall remain outstanding and the Reference Entity Notional Amount shall be reduced by the Partial Exercise Amount, (B) the Credit Linked Conditions and related provisions shall apply to such Credit Linked Warrant in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable to Warrantholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to the Base Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 9 and (y) the effective date of such adjustment(s).
- (c) If the provisions of this Credit Linked Condition 9(c) apply in respect of the Credit Linked Warrants, on exercise in part of each such Credit Linked Warrant the relevant Credit Linked Warrant or, if the Credit Linked Warrants are represented by a Global Registered Warrant, such Global Registered Warrant, shall be endorsed to reflect such partial exercise.

10. **Provisions relating to Multiple Holder Obligation**

Unless this Credit Linked Condition 10 is specified as not applicable in the relevant Pricing Supplement, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a) to (e) of the definition of "Restructuring" shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

"Multiple Holder Obligation" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event, **provided that** any Obligation that is a Bond shall be deemed to satisfy the requirement in paragraph (ii).

11. **Calculation Agent, Calculation Agent Notices and Timings**

- (a) Whenever any state of affairs, circumstance, event or other matter falls to be determined, considered or otherwise decided upon, or any discretion is required to be exercised, by the

Calculation Agent or any other person (including where a matter is to be decided by reference to the Calculation Agent's or such other person's opinion), unless otherwise stated (including in respect of discretions as set out in paragraph (b) below), that matter shall be determined, considered or otherwise decided upon, or that discretion shall be exercised, (i) where by the Calculation Agent, acting in good faith and in a commercially reasonable manner or (ii) where by such other person, acting in its sole and absolute discretion and in each case shall in the absence of manifest error be final and binding on the Issuer and the Warrantholders. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Warrants including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion. Neither the Calculation Agent nor the Issuer shall be liable for any loss, liability, cost, claim, action, demand or expense (including without limitation, all costs, charges and expenses paid or incurred in disputing or defending any of the foregoing) arising out of or in relation to or in connection with the Calculation Agent's appointment or the exercise of its functions (including, without limitation, any such delay, deferral or forbearance), except in the case of the Calculation Agent such as may result from its own wilful default, negligence or bad faith or that of its officers or agents.

- (b) Unless otherwise stated herein, when exercising discretions under the Credit Linked Warrants (including, without limitation, with respect to the determination of Credit Events and the delivery of Credit Event Notices and Notices of Publicly Available Information for the purposes of a Credit Event Determination Date and (if Mod R or Mod Mod R is applicable) the exercise of the Movement Option for the purposes of the Relevant Final Price) the Issuer (as applicable) will act in good faith and in a commercially reasonable manner and the Calculation Agent and the Issuer (as applicable) will take into account (or, in the case of the Movement Option, follow) the position under or in respect of any Hedging Arrangements at the relevant time.
- (c) Any notice to be delivered by the Calculation Agent to the Issuer pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (d) Any notice to be delivered by the Issuer to the Calculation Agent pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (e) For the purposes of determining the day on which an event occurs for purposes of these Credit Linked Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.
- (f) In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

Relating to Credit-Linked Warrants**

12. **Amendment of Credit Linked Conditions**

The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable from the perspective of the Issuer, the Calculation Agent or a party to the Hedging Arrangements (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by or on behalf of ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors and/or (ii) to reflect or account for market practice for credit derivative transactions. Any amendment made in accordance with this Credit Linked Condition 12 shall be notified to the Warrantholders in accordance with Condition 11 (*Notices*). Any failure to provide notice of any such amendment to Warrantholders will not affect the validity of any of the foregoing provisions.

13. **Early termination of Reference Obligation Only Warrants following a Substitution Event**

If the Warrants are Reference Obligation Only Warrants relating to a single Reference Entity and the event set out in paragraph (a) of the definition of Substitution Event above occurs with respect to the Reference Obligation, then each Credit Linked Warrant will be cancelled forthwith and the Issuer's obligations in respect of the Credit Linked Warrants will be discharged and the Issuer will have no further liability in respect thereof.

14. **DC Resolution Adjustment Events**

If following the publication of a DC Resolution (the "**Prior DC Resolution**"), a further DC Resolution (the relevant "**Further DC Resolution**") is published the effect of which would be to reverse all or part of the Prior DC Resolution or if any DC Resolution would reverse any determination made by the Calculation Agent and/or the occurrence of a Credit Event Determination Date, notwithstanding any other provisions of these Credit Linked Conditions the Calculation Agent may make any adjustment(s) that the Calculation Agent determines is necessary or desirable to the Conditions or these Credit Linked Conditions to reflect the publication of such Further DC Resolution or DC Resolution, including, without limitation, as a result of the impact or effect of such Further DC Resolution or DC Resolution on the Hedging Arrangements (if any at the relevant time).

15. **Asset Package Delivery**

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published) and accordingly, Asset Package Delivery shall not apply thereto.

16. **Amendments to an Index Annex for an iTraxx Index**

The relevant Index Annex in respect of an iTraxx Index will be deemed amended from time to time to reflect any modifications resulting from the application of the definitions of Reference Entity, Reference Obligation, Standard Reference Obligation and/or Substitute Reference Obligation above.

17. **Inconsistency between Index Annex and a CDX Index**

In the event of any inconsistency between the relevant Index Annex in respect of a CDX Index and the corresponding Index published by the relevant Index Sponsor, the relevant Index Annex shall govern.

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

18. **2019 Narrowly Tailored Credit Event Provisions**

If "2019 Narrowly Tailored Credit Event Provisions" are specified as applicable in the relevant Pricing Supplement, the following provisions shall apply for the purpose of the Warrants.

(a) **Outstanding Principal Balance**

The definition of "**Outstanding Principal Balance**" in Credit Linked Condition 8 is hereby deleted in its entirety and replaced with the following:

"**Outstanding Principal Balance**" means the outstanding principal balance of an obligation which will be calculated as follows:

- (a) *first*, by determining, in respect of the obligation, the amount of the Reference Entity's principal payment obligations and, where applicable in accordance with the definition of Accrued Interest above, the Reference Entity's accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (i) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (ii) the amount of the Fixed Cap, if any);
- (b) *second*, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (i) is subject to any Prohibited Action, or (ii) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in accordance with paragraph (a) above less any amounts subtracted in accordance with this paragraph (b), the "**Non Contingent Amount**"); and
- (c) *third*, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (i) unless otherwise specified, in accordance with the terms of the obligation in effect on the relevant Valuation Date or other relevant date herein, as applicable; and
- (ii) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

For the purposes of paragraph (ii) above, "**applicable laws**" shall include any bankruptcy or insolvency law or other law affecting creditors' rights to which the relevant obligation is, or may become, subject.

If "Fallback Discounting" is specified as applicable in the relevant Pricing Supplement, then notwithstanding the above, if (i) the Outstanding Principal Balance of an obligation is not reduced or discounted under paragraph (ii) above, (ii) that obligation is either a Bond that has an issue price less than ninety-five per cent. of the principal redemption amount or a Loan where the amount advanced is less than ninety-five per cent. of the principal repayment amount, and (iii) such Bond or Loan does not include provisions relating to the accretion over time of the amount which would be payable on an early redemption or repayment of such Bond or Loan that are customary for the applicable type of Bond or Loan as the case may be, then the Outstanding Principal Balance of such Bond or Loan shall be the lesser of (a) the Non-Contingent Amount; and (b) an amount determined by straight line interpolation between the issue price of the Bond or the amount advanced under the Loan and the principal redemption amount or principal repayment amount, as applicable.

For the purposes of determining whether the issue price of a Bond or the amount advanced under a Loan is less than ninety-five per cent. of the principal redemption amount or

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

principal repayment amount (as applicable) or, where applicable, for applying straight line interpolation:

- (x) where such Bond or Loan was issued as a result of an exchange offer, the issue price or amount advanced of the new Bond or Loan resulting from the exchange shall be deemed to be equal to the aggregate Outstanding Principal Balance of the original obligation(s) that were tendered or exchanged (the "**Original Obligation(s)**") at the time of such exchange (determined without regard to market or trading value of the Original Obligation(s)); and
- (y) in the case of a Bond or Loan that is fungible with a prior debt obligation previously issued by the Reference Entity, such Bond or Loan shall be treated as having the same issue price or amount advanced as the prior debt obligation.

In circumstances where a holder would have received more than one obligation in exchange for the Original Obligation(s), the Calculation Agent will determine the allocation of the aggregate Outstanding Principal Balance of the Original Obligation(s) amongst each of the resulting obligations for the purpose of determining the issue price or amount advanced of the relevant Bond or Loan. Such allocation will take into account the interest rate, maturity, level of subordination and other terms of the obligations that resulted from the exchange and shall be made by the Calculation Agent in accordance with the methodology (if any) determined by the relevant Credit Derivatives Determinations Committee or, if none, as determined by the Calculation Agent in such manner and by reference to such source(s) as it determines appropriate."

(b) **Failure to Pay**

The definition of "**Failure to Pay**" in Credit Linked Condition 8 is hereby deleted in its entirety and replaced with the following:

""**Failure to Pay**" means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure **provided that**, if an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination. If "Credit Deterioration Requirement" is specified as applicable in the relevant Pricing Supplement, then, notwithstanding the foregoing, it shall not constitute a Failure to Pay if such failure does not directly or indirectly either result from, or result in, a deterioration in the creditworthiness or financial condition of the Reference Entity, as determined by the Calculation Agent. In making such determination, the Calculation Agent may take into account the guidance note set out in paragraph 3 (*Interpretive Guidance*) of the ISDA 2019 Narrowly Tailored Credit Event Supplement to the 2014 ISDA Credit Derivatives Definitions (published on July 15, 2019)."

19. **2020 Limited Recourse Additional Provisions**

If "2020 Limited Recourse Additional Provisions" are specified as applicable in the relevant Pricing Supplement, the following provisions shall apply for the purpose of the Warrants.

- (a) Paragraph (a) of the definition of "Permitted Contingency" in Credit Linked Condition 8 is amended by (x) deleting the word "or" at the end of sub-paragraph (iv) thereof; and (y) inserting the following sub-paragraph at the end of the existing provision:

**Part F - Product Supplement for Credit-Linked Warrants – Additional Terms and Conditions
Relating to Credit-Linked Warrants**

- "(vi) provisions which (A) limit recourse in respect of the obligation to the proceeds of specified assets or the proceeds resulting from the enforcement of security or collateral arrangements and/or (B) extinguish any obligation that remains outstanding following the disposal of specified assets and/or the enforcement of the security or collateral arrangements and in each case the application of the resulting proceeds (any such provisions, "**Limited Recourse Provisions**"); or".
- (b) If an obligation includes Limited Recourse Provisions, then for the purpose of determining whether such obligation is an Obligation or a Deliverable Obligation such obligation is deemed to satisfy "Not Subordinated".
- (c) For the avoidance of doubt, in the event of any inconsistency between this Credit Linked Condition 19 and any other Credit Linked Conditions, this Credit Linked Condition 19 will govern.

Relating to Credit-Linked Warrants**

- (6) If the Pricing Supplement in relation to a Tranche of Warrants specifies "ERISA terms apply", then each purchaser or transferee, and each person causing such purchaser or transferee (as applicable) to purchase or hold any interest in the Warrants (such as an investment manager), by such purchase or holding of any Warrant (or any interest therein) will be deemed to represent (the latter in its fiduciary and individual capacity), on each day from the date on which the purchaser or transferee (or any party on whose behalf it is acting) acquires any interest in any offered Warrant through and including the date on which the purchaser or transferee (or any party on whose behalf it is acting) disposes of its interest in such offered Warrant, either that (a) such purchaser or transferee is not (and for so long as it holds such Warrant or an interest therein will not be), and is not (and for so long as it holds such Warrant or an interest therein will not be) acting on behalf of a Benefit Plan Investor as defined in Section 3(42) of ERISA or a Similar Law Plan which is subject to any Similar Law, including any entity whose underlying assets include the assets of any Benefit Plan Investor or Similar Law Plan, the inclusion of which for purposes of ERISA or any Similar Law, as the case may be, would result in such entity being deemed a Benefit Plan Investor or Similar Law Plan, or (b)(i) such purchaser or transferee's acquisition, holding and disposition of the Warrant or an interest therein does not and will not constitute a non-exempt prohibited transaction in violation of Section 406 of ERISA or Section 4975 of the Code as a result of satisfying all of the applicable conditions of one or more of the following PTCE 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60 or PTCE 96-23 issued by the U.S. Department of Labor or Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, or such other prohibited transaction exemption for which the purchaser or transferee (and, if applicable, any person or entity acting on behalf of such purchaser or transferee) demonstrates to the satisfaction of the Issuer that all applicable conditions are satisfied (or, in the case of a Similar Law Plan, will not result in a violation of any Similar Law) and (ii) if it is a Benefit Plan Investor, (X) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or Plan Fiduciary, on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to invest in the Warrant or an interest therein, (Y) the Transaction Parties are not otherwise acting as a "fiduciary", as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's investment in the Warrant or an interest therein and (Z) the Plan Fiduciary is exercising its own independent judgement in evaluating the transaction disclosed in the Offering Memorandum and any related materials. The capitalised terms in this paragraph are as defined in section headed "*Certain ERISA Considerations*" in the Offering Memorandum.
- (7) Before any interest in a Warrant represented by a Restricted Global Registered Warrant may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in an Unrestricted Global Registered Warrant, the transferor will be required to provide the Registrar with written certification as to compliance with the transfer restrictions referred to in items (B) or (C) of the second paragraph of the legend set forth above. See "*Summary of Provisions relating to the Warrants While in Global Form*" in the Offering Memorandum.]

Notes issued pursuant to the Programme may include "**Credit-Linked Notes**", being Notes in relation to which the interest and/or the amount payable and/or the value of the assets deliverable on redemption reflect the performance of a reference entity or reference obligation, or a portfolio of reference entities or reference obligations. The purpose of this Part G is to provide information in relation to such Credit-Linked Notes. This Part G should be read together with Parts A and B of this Offering Memorandum

An investment in Credit-Linked Notes involves risks. See Part A of this Offering Memorandum under the heading "Risk Factors" (beginning on page A-1)

EU PRIIPs REGULATION - IMPORTANT – EEA RETAIL INVESTORS - If the Pricing Supplement in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation

UK PRIIPs REGULATION - IMPORTANT - UK RETAIL INVESTORS – If the Pricing Supplement in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. IMPORTANT NOTICES

Given the highly specialised nature of Credit-Linked Notes, the Issuer considers that they are only suitable for highly sophisticated investors who are willing to take considerable risks, who are able to determine for themselves the risk of an investment linked to the credit risk of the particular reference entity or entities and who can absorb a substantial or total loss of principal.

Consequently, investors who do not fall within the description above should not consider purchasing the Credit-Linked Notes without taking detailed advice from a specialised professional adviser.

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

ADDITIONAL TERMS AND CONDITIONS RELATING TO CREDIT-LINKED NOTES

The section headed "*Terms and Conditions of the Notes*" of this Offering Memorandum shall be supplemented and modified by the following "*Additional Terms and Conditions Relating to Credit-Linked Notes*" (the "**Credit Linked Conditions**" and, together with the Terms and Conditions of the Notes, the "**Base Conditions**") in respect of any issue of Credit-Linked Notes as amended or supplemented by the terms of each Tranche of Notes set out in the Pricing Supplement for which "Part G – Product Supplement for Credit-Linked Notes" is specified as applicable therein. In the event of any inconsistency between the "*Terms and Conditions of the Notes*" and the "*Additional Terms and Conditions Relating to Credit-Linked Notes*", such "*Additional Terms and Conditions Relating to Credit-Linked Notes*" shall prevail and the "*Terms and Conditions of the Notes*" shall be amended accordingly.

Unless otherwise stated in these Credit Linked Conditions or in the relevant Pricing Supplement, in the event that any day specified in the section "*Credit Linked Redemption*" in the relevant Pricing Supplement or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked Notes for which more than one Reference Entity is specified in the relevant Pricing Supplement, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly. In addition, where an event, date, determination or circumstance relates to a Reference Entity and Business Centre(s) are specified in relation to that Reference Entity, only those Business Centre(s) specified in relation to that Reference Entity will be deemed to apply for the purposes of the definition of "Business Day" in relation thereto and otherwise all of the Business Centre(s) specified in the relevant Pricing Supplement (including those for all Reference Entities) will apply for the purposes of the definition of "Business Day".

For the avoidance of doubt no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Any references in these Credit Linked Conditions to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto and the Calculation Agent may make such adjustments to these Credit Linked Conditions and the relevant Pricing Supplement as it determines appropriate to account for the application of these provisions.

For the avoidance of doubt, the application of any of Credit Linked Conditions 9, 10, 11, 12 or 14 below shall not preclude the application of any other such Credit Linked Condition either contemporaneously or subsequently and in the event that any such Credit Linked Conditions are inconsistent or the Calculation Agent becomes entitled to exercise a discretion under one or more of such Credit Linked Conditions, the Calculation Agent may elect in its discretion which Credit Linked Condition shall apply and under which Credit Linked Condition or Credit Linked Conditions it shall exercise its discretion.

Credit Linked Notes may take the form of Single Reference Entity Credit Linked Notes or Basket Credit Linked Notes (which may be Index Basket Credit Linked Notes). The Settlement Method for Credit Linked Notes may be Auction Settlement, Physical Settlement, Cash Settlement (for which purposes the Final Price will be fixed) or Zero Recovery and Credit Event Maturity Settlement may apply to Credit Linked Notes where the Settlement Method is Auction Settlement or Cash Settlement. The relevant Pricing Supplement shall specify (depending upon the particular Credit Linked Notes), amongst other things:

- (a) the type of Credit Linked Notes;
- (b) the Settlement Method and (if applicable) the Final Price and whether Credit Event Maturity Settlement applies;

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (c) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (d) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (e) the Trade Date and the Scheduled Maturity Date; and
- (f) the Reference Entity Notional Amount in respect of each Reference Entity.

1. Redemption of Credit Linked Notes

- (a) Unless previously redeemed or purchased and cancelled and subject as provided in Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4, Credit Linked Condition 5 and Credit Linked Condition 6, the Issuer shall redeem each Credit Linked Note on the Maturity Date by payment of the Final Redemption Amount. The Final Redemption Amount will be rounded to the nearest sub-unit of the Settlement Currency (half a sub-unit being rounded upwards).

In the case of Instalment Notes, subject as provided in Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable, the Issuer shall redeem each Credit Linked Note by such number of instalments and by payment of such amounts ("**Instalment Amounts**") as may be specified in, or determined herein or in accordance with the provisions of, the relevant Pricing Supplement.

Following any partial redemption of a Note, references to a nominal amount of Credit Linked Notes (or Notes) equal to the Calculation Amount shall be deemed to be to a nominal amount which as of the Issue Date had a nominal amount equal to the Calculation Amount.

If a Credit Event Determination Date has occurred in respect of any Reference Entity, the Issuer shall redeem each Credit Linked Note as described below.

References in these Credit Linked Conditions to a Credit Linked Note or Note are to a nominal amount of Credit Linked Notes equal to the Calculation Amount (subject as provided above). Any payment of a "*pro rata*" amount in respect of a Note will be determined by reference to its nominal amount relative to the then aggregate nominal amount of Notes. For the avoidance of doubt, Condition 7(a) and Condition 7(i) will not apply.

- (b) Where the Notes are Single Reference Entity Credit Linked Notes, if a Credit Event Determination Date has occurred in relation to the Reference Entity, then the Notes will be settled in accordance with Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4 or Credit Linked Condition 5, as applicable.
- (c) Where the Notes are Basket Credit Linked Notes, if a Credit Event Determination Date has occurred in respect of any specified Reference Entity, then the provisions of Credit Linked Condition 6 will apply.
- (d) Where any Credit Event Redemption Amount is or would be zero then, other than for the payment of accrued interest (if any) or any other due but unpaid amounts, the Notes will be cancelled as of the Credit Event Redemption Date with no payment being due other than any final amount of accrued interest or any other due but unpaid amounts. The Issuer will have no further obligations in respect of the Credit Linked Notes.
- (e) If any purchase and cancellation of Notes occurs under Condition 7(g) (*Purchases*) or any further issue under Condition 8 (*Further Issues*), the Calculation Agent will make such adjustments to the relevant Pricing Supplement and/or these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amounts and/or the Original Notional Amount, as applicable) to ensure the Notes continue to reflect economic intentions.

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

2. **Auction Settlement**

- (a) Where (i) Auction Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Entity Credit Linked Notes and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date or (ii) Credit Linked Condition 4 applies and the Issuer does not give a Notice of Physical Settlement, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date. Any delay in the delivery of an Auction Settlement Notice or failure by the Issuer to deliver an Auction Settlement Notice shall not affect the validity of a Credit Event Determination Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
- (i) an Auction Cancellation Date occurs;
 - (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (iii) a DC Credit Event Question Dismissal occurs;
 - (iv) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date; or
 - (v) the Calculation Agent determines that it is otherwise reasonably likely that the Reference Transaction would be settled in accordance with the Fallback Settlement Method and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent Fallback Settlement Determination Date**"),

then the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

3. **Cash Settlement**

If a Credit Event Determination Date has occurred and (i) Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Credit Linked Notes or (ii) Credit Linked Condition 2(b) above applies, the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date. Any delay in the delivery of a Cash Settlement Notice or failure by the Issuer to deliver a Cash Settlement Notice shall not affect the validity of a Credit Event Determination Date.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

4. **Physical Settlement**

- (a) If a Credit Event Determination Date has occurred, then where Physical Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Entity Credit Linked Notes, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on or prior to the Credit Settlement Date, subject to and in accordance with the Conditions and these Credit Linked Conditions, unless in the determination of the Issuer in its sole and absolute discretion in its opinion (i) it would not have any Deliverable Obligations to so Deliver or (ii) all of the Deliverable Obligations would be Undeliverable Obligations, in which case the provisions of Credit Linked Condition 2 above shall apply as if Auction Settlement were thereafter specified as the applicable Settlement Method in the relevant Pricing Supplement and these Credit Linked Conditions and the relevant Pricing Supplement will be construed accordingly and the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 2. Any delay in the delivery of a Notice of Physical Settlement or failure by the Issuer to deliver a Notice of Physical Settlement shall not affect the validity of a Credit Event Determination Date.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Credit Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 14 (*Notices*), (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

accordance with Condition 14 (*Notices*), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the relevant PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with Condition 14 (*Notices*)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

If "**Mod R**" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation or Valuation Obligation, as applicable, is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date.

If "Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published) and accordingly, Asset Package Delivery shall not apply thereto.

Where Asset Package Delivery applies, the Calculation Agent may make any adjustment in relation to provisions for physical settlement and determination of the Entitlement to take account of the relevant Asset Package.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer.

5. **Zero Recovery**

Where Zero Recovery is specified as the applicable Settlement Method in the relevant Pricing Supplement for Single Reference Entity Credit Linked Notes and a Credit Event Determination Date occurs, the Credit Linked Notes will be cancelled forthwith and, other than for the payment of accrued interest (if any) or any other due but unpaid amounts, the Issuer's obligations in respect of the Credit Linked Notes will be immediately discharged and the Issuer will have no further liability in respect thereof.

The Issuer shall give notice of such cancellation (such notice a "**Cancellation Notice**") to the Noteholders in accordance with Condition 14 (*Notices*). Any delay in the delivery of a Cancellation Notice or failure by the Issuer to deliver a Cancellation Notice shall not affect the validity of a Credit Event Determination Date.

If a Credit Event Determination Date has occurred and the Notes are cancelled forthwith in accordance with this Credit Linked Condition 5, no amounts will be payable to Noteholders in this respect and the Issuer's obligations in respect of the Notes will be discharged and the Issuer will have no further liability in respect thereof.

6. **Consequences of a Credit Event Determination Date for Basket Credit Linked Notes**

(a)

(1) ***Auction Settlement or Cash Settlement for Basket Credit Linked Notes***

If (x) Auction Settlement or Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement and a Credit Event Determination Date has occurred in respect of any specified Reference Entity or (y) sub-paragraph (3) below applies and the Issuer does not give a Notice of Physical Settlement, (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*) and (ii) in respect of each Basket Credit Linked Note:

- (A) the Issuer shall pay as an Instalment Amount for the purposes of Credit Linked Condition 1(a) above an amount equal to the relevant Credit Event Amount (for which purposes, subject as provided below, the Settlement Method shall apply), if any, on the relevant Credit Event Payment Date which will be the relevant Instalment Date. The Instalment Amount will be deemed to be a payment of principal but, notwithstanding anything to the contrary in the Conditions or the Global Note (as applicable), will not reduce the outstanding nominal amount of the Credit Linked Notes and (except as provided below) the Credit Linked Notes will not be redeemed in full on the final Instalment Date. For the avoidance of doubt, where Credit Event Maturity Settlement is specified to be applicable in the relevant Pricing Supplement each such Credit Event Payment Date and the related Instalment Date will fall on the Maturity Date;
- (B) the interest calculation basis described in paragraph (b) below will apply; and
- (C) other than where Credit Event Maturity Settlement is specified to be applicable in the relevant Pricing Supplement, notwithstanding anything to the contrary herein and subject to the following sentence, if on any date on or prior to the Maturity Date the Adjusted Credit Outstanding

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

Nominal Amount is equal to zero, each Credit Linked Note will be redeemed at the final Credit Event Amount on the final Credit Event Payment Date. If such final Credit Event Amount is zero, then the Credit Linked Notes will be cancelled as of the final Credit Event Payment Date, with no payment being due in respect thereof and the Issuer will have no further liability in respect of the Notes.

Unless settlement has occurred in accordance with part (A) above, if the Settlement Method is Auction Settlement and:

- (i) an Auction Cancellation Date occurs;
- (ii) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
- (iii) a DC Credit Event Question Dismissal occurs;
- (iv) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Credit Event Determination Date; or
- (v) a Calculation Agent Fallback Settlement Determination Date occurs,

then the Fallback Settlement Method shall apply for the purposes of the Credit Event Amount.

For the avoidance of doubt parts (A) and (B) of this provision will apply and part (C) of this provision will continue to apply in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

A Credit Event Determination Date may occur more than once except that, subject as provided in Credit Linked Condition 17 and the definition of Credit Event Determination Date in Credit Linked Condition 16, a Credit Event Notice (if applicable) may only be delivered on one occasion and a Credit Event Determination Date may occur once only, with respect to any Reference Entity (unless subsequent to the occurrence of a Credit Event Determination Date with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case a Credit Event Determination Date may occur again).

(2) ***Zero Recovery for Basket Credit Linked Notes***

If Zero Recovery is specified as the applicable Settlement Method in the relevant Pricing Supplement and a Credit Event Determination Date has occurred in respect of any specified Reference Entity (i) the Issuer shall give notice in each case that a Credit Event Determination Date has occurred (such notice a "**Settlement Notice**") to the Noteholders in accordance with Condition 14 (*Notices*) (ii) the Adjusted Credit Outstanding Nominal Amount will be reduced as provided therein with no amounts being payable in respect of such reduction and (iii) in respect of each Basket Credit Linked Note:

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (A) the interest calculation basis described in paragraph (b) below will apply; and
- (B) notwithstanding anything to the contrary herein, if on any date on or prior to the Maturity Date the Adjusted Credit Outstanding Nominal Amount is equal to zero, each Credit Linked Note will be cancelled forthwith with no payment being due in respect thereof and the Issuer will have no further liability in respect of the Notes.

For the avoidance of doubt the provisions above will apply, or continue to apply as applicable, in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

Any delay in the delivery of a Settlement Notice or failure by the Issuer to deliver a Settlement Notice shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

Credit Linked Condition 14 will not apply to the Credit Linked Notes.

A Credit Event Determination Date may occur more than once except that, subject as provided in Credit Linked Condition 17 and the definition of Credit Event Determination Date in Credit Linked Condition 16, a Credit Event Notice (if applicable) may only be delivered on one occasion and a Credit Event Determination Date may occur once only, with respect to any Reference Entity (unless subsequent to the occurrence of a Credit Event Determination Date with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case a Credit Event Determination Date may occur again).

(3) ***Physical Settlement for Basket Credit Linked Notes***

If a Credit Event Determination Date has occurred in respect of any specified Reference Entity, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with Condition 14 (*Notices*), and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem the Credit Event Portion of all but not some only of the Credit Linked Notes and Deliver in respect of each such Credit Event Portion the Deliverable Obligations comprising the Entitlement on or prior to the Credit Settlement Date, subject to and in accordance with the Conditions and these Credit Linked Conditions, unless in the determination of the Issuer in its sole and absolute discretion in its opinion (i) it would not have any Deliverable Obligations to so Deliver or (ii) all of the Deliverable Obligations would be Undeliverable Obligations, in which case the provisions of sub-paragraph (1) of this Condition 6 above shall apply in relation to such Credit Event Portion as if Auction Settlement were thereafter specified as the applicable Settlement Method in the relevant Pricing Supplement and these Credit Linked Conditions and the relevant Pricing Supplement will be construed accordingly and the Issuer shall redeem the Credit Event Portion of all of the Credit Linked Notes in accordance with sub-paragraph (1). Any delay in the delivery of a Notice of Physical Settlement or failure by the Issuer to deliver a Notice of Physical Settlement shall not affect the validity of the Credit Event Determination Date in respect of the affected Reference Entity.

If the Notes are subject to this Credit Linked Condition 6(3), the interest calculation basis described in paragraph 6(b) below will apply.

Notwithstanding anything to the contrary herein and subject to the following sentence, if on any date on or prior to the Maturity Date the Adjusted Credit Outstanding Nominal Amount is equal to zero, each Credit Linked Note will be redeemed by Delivery of the final Entitlement on the final Credit Settlement Date

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

(and/or, as applicable, by payment of the Partial Cash Settlement Amount(s) on the Partial Cash Settlement Date(s) if the provisions of Credit Linked Condition 13 below apply). If such final Entitlement (or final Partial Cash Settlement Amount, as applicable) is zero, then each relevant Credit Linked Note will be cancelled, with no further payment or delivery being due in respect thereof and the Issuer will have no further liability in respect thereof.

For the avoidance of doubt the provisions above will apply, or continue to apply as applicable, in relation to each Reference Entity in respect of which a Credit Event Determination Date has occurred.

A Credit Event Determination Date may occur more than once except that, subject as provided in Credit Linked Condition 17 and the definition of Credit Event Determination Date in Credit Linked Condition 16, a Credit Event Notice (if applicable) may only be delivered on one occasion and a Credit Event Determination Date may occur once only, with respect to any Reference Entity (unless subsequent to the occurrence of a Credit Event Determination Date with respect to any Reference Entity, that Reference Entity becomes the Successor to one or more other Reference Entities in respect of which a Credit Event Determination Date has not occurred, in which case a Credit Event Determination Date may occur again).

Each Credit Linked Note or, if the Credit Linked Notes are in global form, the relevant Global Note, shall be endorsed to reflect such partial redemption. If the Calculation Agent, at any time, determines that the aggregate nominal amount of the Credit Linked Notes is thereby reduced to zero, the Issuer's obligations in respect of such Credit Linked Notes shall immediately be discharged and the Issuer shall have no further liability in respect thereof.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Credit Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value.

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with Condition 14 (*Notices*), (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with Condition 14 (*Notices*), prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the relevant PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with Condition 14 (*Notices*)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

If "Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation or Valuation Obligation, as applicable, is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date.

If "Mod Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation falls within paragraph (e) of the definition thereof or the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, both the PSN Effective Date and the Delivery Date. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published) and accordingly, Asset Package Delivery shall not apply thereto.

Where Asset Package Delivery applies, the Calculation Agent may make any adjustment in relation to provisions for physical settlement and determination of the Entitlement to take account of the relevant Asset Package.

- (b) Each Note will bear interest pursuant to, and in accordance with, Condition 4 (*Fixed Rate Note Provisions*) or Condition 5 (*Floating Rate Note, Index-Linked Note and other variable-linked interest Note Provisions*), as applicable, **provided that** other than where "Accrual of Interest upon Credit Event" is specified as "Applicable – Scheduled Maturity Date" in the relevant Pricing Supplement (i) for the purposes of determining the interest amounts payable, the Calculation Amount shall be deemed to be each Note's *pro rata* share of the Interest Credit Outstanding Nominal Amount in respect of the relevant Interest Period and (ii) without duplication to any adjustment pursuant to the final paragraph of "Credit Event Determination Date" below, if one or more Interest Payment Dates has occurred between the Credit Event Determination Date and its determination, the Issuer may elect in its sole and absolute discretion to instigate the clawback of any overpaid interest in respect of such Interest Payment Date(s).
- (c) The "**Final Redemption Amount**" will be, unless otherwise specified in the relevant Pricing Supplement, an amount calculated by the Calculation Agent equal to a Note's *pro rata* share of the Adjusted Credit Outstanding Nominal Amount as of the Maturity Date. The Final Redemption Amount will be rounded to the nearest sub-unit of the Settlement Currency (half a sub-unit being rounded upwards). For the avoidance of doubt, if the Adjusted Credit Outstanding Nominal Amount as of the Maturity Date is zero, then the Final Redemption Amount will be zero and no amounts will be payable in respect thereof.
- (d) For the purposes of Basket Credit Linked Notes:

"**Adjusted Credit Outstanding Nominal Amount**" means, on any date, (i) the Aggregate Principal Amount minus (ii) the aggregate Reference Entity Notional Amounts of Reference Entities in respect of which a Credit Event Determination Date has occurred on or prior to the relevant date minus (iii) the aggregate of (x) any Shortfall Amounts for each Reference Entity in respect of which a Credit Event Determination Date has occurred on or prior to the relevant date or (y) in the case of Zero Recovery Basket Credit Linked Notes, the sum, for all of the Notes, of any Unwind Costs in respect of each Credit Event Determination Date that has occurred on or prior to the relevant date, **provided that** in no event shall the Adjusted Credit Outstanding Nominal Amount be less than zero;

"**Interest Credit Outstanding Nominal Amount**" means, in respect of an Interest Period:

- (i) if "Average Interest Calculation" is specified as "Applicable" in the relevant Pricing Supplement, the arithmetic average of the Adjusted Credit Outstanding Nominal Amounts for each day in such Interest Period, calculated without the deduction of any Shortfall Amounts or Unwind Costs, as applicable; or
- (ii) if "Average Interest Calculation" is specified as "Not Applicable" in the relevant Pricing Supplement, the Adjusted Credit Outstanding Nominal Amount as of the last day of such Interest Period, calculated without the deduction of any Shortfall Amounts or Unwind Costs, as applicable; and

"**Shortfall Amount**" means, for a Reference Entity in respect of which a Credit Event Determination Date has occurred:

- (x) if Auction Settlement or Cash Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement, the aggregate, for all of the Notes, of (a) (i) the relevant Unwind Costs minus (ii) the Recovery Value related to the relevant Credit Event Amount or, if greater, (b) zero; or

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (y) if Physical Settlement is specified as the applicable Settlement Method in the relevant Pricing Supplement, the aggregate, for all of the Notes, of (a) (i) the relevant Unwind Costs minus (ii) the market value, determined by the Calculation Agent on the Market Value Determination Date, of the Initial Deliverable Obligations related to the relevant Entitlement or, if greater, (b) zero.

If a Credit Event Determination Date occurs the Adjusted Credit Outstanding Nominal Amount will be reduced in accordance with this Credit Linked Condition 6 proportionately to the weighting of the relevant Reference Entity in the portfolio and to reflect the relevant Shortfall Amounts or Unwind Costs, as applicable.

Any Credit Event Amount payable or the value of any Deliverable Obligations deliverable and/or Partial Cash Settlement Amount payable, as the case may be, on the related partial redemption of each Note may be less than the amount of such reduction and upon such payment and/or delivery, as applicable, the Issuer shall have discharged its obligations in respect of the amount of the Notes so redeemed and shall have no other liability or obligation whatsoever in respect thereof. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer. In the case of Zero Recovery Basket Credit Linked Notes no amounts will be payable to Noteholders in respect of such redemption and reduction in the Adjusted Credit Outstanding Nominal Amount.

In the event that the Adjusted Credit Outstanding Nominal Amount is reduced to zero, the Issuer's obligations in respect of the Credit Linked Notes will be discharged (after payment of any Credit Event Amount(s) or Delivery of any Deliverable Obligation(s) and/or payment of any Partial Cash Settlement Amount(s), as the case may be, in the case of Credit Linked Notes other than Zero Recovery Basket Credit Linked Notes) and the Issuer will have no further liability in respect of the Notes.

7. Terms relating to Physical Settlement

(a) Asset Transfer Notices

In relation to Credit Linked Notes to be redeemed (whether in whole or in part) by Delivery of the Entitlement(s), in order to obtain Delivery of the Entitlement in respect of the Credit Event Portion of any Note, the relevant Noteholder must:

- (i) if such Note is in global form, deliver to the relevant Clearing System and (in the case of Registered Notes) the Registrar, with a copy to the Principal Paying Agent, the Issuer and any entity appointed by the Issuer to Deliver the Entitlement on its behalf (the "**Delivery Agent**") no later than the close of business in each place of reception on the Cut-off Date, a duly completed asset transfer notice (the "**Asset Transfer Notice**") substantially in the form set out in "*Part G – Product Supplement for Credit-Linked Notes*" of the Offering Memorandum dated 6 June 2020 prepared by the Issuer in relation to the Programme for the Issuance of Notes and Warrants described therein; and
- (ii) if such Note is in definitive form, deliver (i) if such Note is a Bearer Note, to any Paying Agent or (ii) if such Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Principal Paying Agent, the Issuer and the Delivery Agent (as defined above) no later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

For the purposes hereof, "**Cut-Off Date**" means the date specified as such in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable.

A form of Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is in global form, in such manner as is acceptable to the relevant Clearing System or (ii) if such Note is in definitive form, in writing.

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

If a Note is in definitive form, it must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (1) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the Delivery of the Entitlement;
- (2) specify the series number of the Notes and the number of Notes which are the subject of such notice;
- (3) in the case of Notes in global form, specify the nominal amount which is the subject of such notice and the number of the Noteholder's account at the relevant Clearing System which, where the relevant Delivery represents the final settlement due in respect of the Notes, is to be debited with such Notes and in such case irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on or before the relevant Credit Settlement Date;

- (6) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided therein.

(b) ***Verification of the Noteholder***

In the case of Notes in global form, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the nominal amount of Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Principal Paying Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the Delivery of the Entitlement in respect of the Credit Event Portion of such Notes. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the relevant Credit Settlement Date, where the relevant Delivery represents the final settlement due in respect of the Notes, debit the securities account of the relevant Noteholder with the Notes the subject of such Asset Transfer Notice.

(c) ***Determination and Delivery***

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Principal Paying Agent, any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent,

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

the Issuer and any Delivery Agent immediately after being delivered or sent as provided in paragraph (a) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes in global form, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

The relevant Clearing System or the relevant Registrar or the Paying Agent, as applicable, shall use its reasonable efforts as soon as reasonably practicable to notify the Noteholder submitting an Asset Transfer Notice, if, in consultation with the Principal Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Paying Agents, the Registrar or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Noteholder.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

In relation to each Deliverable Obligation comprising an Entitlement the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation on or prior to the relevant Credit Settlement Date at the risk of the relevant Noteholder in the manner provided below and **provided that** the Asset Transfer Notice is duly delivered as provided above not later than the close of business in each place of reception on the Cut-Off Date, **provided that** if all or some of the Deliverable Obligations included in such Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations as of the Credit Settlement Date, then the provisions of Credit Linked Condition 13 below will apply.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to each relevant party prior to the close of business in each place of reception on the Cut-Off Date, then the Deliverable Obligations comprising each relevant Entitlement will be treated as Hedge Disruption Obligations and the provisions of Credit Linked Condition 13 below will apply.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, Deliver (or procure the Delivery) of the Entitlement in respect of the Credit Event Portion of a Note, in such commercially reasonable manner as the Calculation Agent shall determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice or in such manner as is specified in the relevant Pricing Supplement. All Expenses shall be for the account of the relevant Noteholder and no Delivery of an Entitlement shall be made until all Expenses have been paid by the relevant Noteholder to the satisfaction of the Issuer.

(d) **General**

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of the Credit Event Portion of such Notes, **provided that**, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Deliverable Obligation or each of the Deliverable Obligations, as the case may be, in such manner as the Calculation Agent shall determine. Fractions of the Deliverable Obligation or of each of the Deliverable Obligations, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent shall be paid to the Noteholder.

After Delivery of the Entitlement in respect of the Credit Event Portion of a Note and for the Intervening Period, none of the Issuer, the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities or obligations included in such Entitlement, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

(e) ***Rights of Noteholders and calculations***

None of the Issuer, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Deliverable Obligation.

8. **Accrual of Interest**

- (a) In the case of Single Reference Entity Credit Linked Notes, if "Accrual of Interest upon Credit Event" is specified as "Not Applicable" in the relevant Pricing Supplement, notwithstanding Condition 4(b) (*Accrual of Interest*) and Condition 5(b) (*Accrual of Interest*), as applicable, no interest shall be payable (and accordingly will be deemed not to have accrued) in respect of a Note in respect of which the relevant date for payment thereof (as may be adjusted pursuant to these Credit Linked Conditions) has not occurred on or prior to the Credit Event Determination Date or, if the Credit Event Determination Date falls prior to the first such payment date, no interest shall accrue on the Notes;
- (b) in the case of Single Reference Entity Credit Linked Notes, if "Accrual of Interest upon Credit Event" is specified as "Applicable – Credit Event Determination Date" in the relevant Pricing Supplement, notwithstanding (b) (*Accrual of Interest*) and Condition 5(b) (*Accrual of Interest*), as applicable, each Note shall cease to bear interest from the Credit Event Determination Date or, if earlier, the last day of the Interest Period ending on (but excluding) the Scheduled Maturity Date; or
- (c) if "Accrual of Interest upon Credit Event" is specified as "Applicable – Scheduled Maturity Date" in the relevant Pricing Supplement, interest will continue to accrue and be payable following a Credit Event Determination Date in accordance with Condition 4 (*Fixed Rate Note Provisions*) or Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*), as applicable.

Provided That, if:

(A)

- (1) Credit Linked Condition 9, Credit Linked Condition 10 or Credit Linked Condition 11 applies in respect of the Notes and, in the case of Credit Linked Condition 9, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 10, a Failure to Pay has not occurred on the Grace Period Extension Date or, in the case of Credit Linked Condition 11, a Credit Event has not occurred on or prior to the DC Determination Cut-off Date, as the case may be; and/or

- (B) without duplication to any adjustment pursuant to the final paragraph of "Credit Event Determination Date" below, if one or more Interest Payment Dates has occurred between the Credit Event Determination Date and its determination, the Issuer may elect in its sole and absolute discretion to instigate the clawback of any overpaid Interest Amount(s) paid in respect of such Interest Payment Date(s).

9. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the relevant Pricing Supplement, the provisions of this Credit Linked Condition 9 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if Credit Linked Condition 12(y) applies, the Postponed Cut-off Date and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium may, in the sole opinion of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Noteholders in accordance with Condition 14 (*Notices*) that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes will be delayed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Cut-off Date and:

- (a) where (1) a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or (2) a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date but a Credit Event Determination Date has not occurred:
- (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4, Credit Linked Condition 5 or Credit Linked Condition 6, as applicable, shall apply to the Credit Linked Notes.

Any failure to provide notice of any such delay to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

10. Grace Period Extension

If "Grace Period Extension" is specified as applicable in the relevant Pricing Supplement, the provisions of this Credit Linked Condition 10 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date), then the Calculation Agent shall notify the Noteholders in accordance with Condition 14 (*Notices*) that a Potential Failure to Pay has occurred and the maturity of the Notes will be delayed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the fifth Business Day following the Grace Period Extension Date and:

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (a) where (1) a Failure to Pay has not occurred on the Grace Period Extension Date or (2) a Failure to Pay has occurred on the Grace Period Extension Date but a Credit Event Determination Date has not occurred:
- (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
- (b) where a Failure to Pay has occurred on the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4, Credit Linked Condition 5 or Credit Linked Condition 6, as applicable, shall apply to the Credit Linked Notes.

Any failure to provide notice of any such delay to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

11. Credit Derivatives Determinations Committee Extension

If, in the determination of the Calculation Agent, a Potential Credit Event has occurred and following a Credit Event Resolution Request Date the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date or (unless "Accrual of Interest upon Credit Event" is specified as "Applicable – Scheduled Maturity Date" in the relevant Pricing Supplement) any Interest Payment Date then the Calculation Agent shall notify Noteholders in accordance with Condition 14 (*Notices*) that (without prejudice to any other later Maturity Date also determined pursuant to the Notes) the Maturity Date or the relevant interest payment has been postponed to a date (the "**DC Determination Postponed Date**") being the day falling five Business Days after (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, as applicable, (c) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the "**DC Determination Cut-off Date**"), and:

- (a) in the case of the Maturity Date, where (1) a Credit Event has not occurred on or prior to the DC Determination Cut-off Date or (2) a Credit Event has occurred on or prior to the DC Determination Cut-off Date but a Credit Event Determination Date has not occurred:

 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or if none the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (b) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4, Credit Linked Condition 5 or Credit Linked Condition 6, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Credit Event has not occurred on or prior to the DC Determination Cut-off Date then, without duplication to any interest payable pursuant to paragraph (a) above, the relevant amount of interest shall be payable on the relevant DC Determination Postponed Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Credit Event has occurred on or prior to the DC Determination Cut-off Date and a Credit Event Determination Date has occurred thereafter, if applicable the relevant amount of interest will be adjusted accordingly and may be zero and (if any) will be payable on the relevant DC Determination Postponed Date or, in the case of any interest due at maturity, on the Maturity Date.

Any failure to provide notice of any such postponement to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the above provisions.

12. Maturity Date Extension in the case of Credit Linked Notes

The following provisions of this Credit Linked Condition 12 apply to Credit Linked Notes and, for the avoidance of doubt, may be applied on more than one occasion:

Without prejudice to Credit Linked Condition 14, if:

- (x) on (A) the Scheduled Maturity Date, (B), if applicable, the Repudiation/Moratorium Evaluation Date, (C) if Grace Period Extension is specified as applying in the relevant Pricing Supplement, the Grace Period Extension Date, (D) the last day of the Notice Delivery Period or (E) the DC Determination Cut-off Date, as the case may be, a Credit Event Determination Date has not occurred but, in the opinion of the Calculation Agent, a Credit Event or Potential Credit Event may have occurred or may occur; or
- (y) on the Scheduled Maturity Date, in the opinion of the Calculation Agent, a Potential Repudiation/Moratorium may have occurred,

the Calculation Agent may at its option notify the Noteholders in accordance with Condition 14 (*Notices*) that redemption of the Notes has been postponed (without prejudice to any other later Maturity Date also determined pursuant to the Notes) to the Postponed Maturity Date and, in the case of (x) above, the Repudiation/Moratorium Evaluation Date, the Grace Period Extension Date, the last day of the Notice Delivery Period (which for these purposes shall apply in the case of (x)(A) as well as (x)(D) above) or the DC Determination Cut-off Date, as the case may be, has been postponed to the Postponed Cut-off Date and:

where:

- (a) in the case of Credit Linked Condition 12(x), a Credit Event Determination Date has not occurred on or prior to the Postponed Cut-off Date or, in the case of Credit Linked Condition 12(y), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Cut-off Date:
 - (i) subject as provided below, each Note will be redeemed by the Issuer at the Final Redemption Amount on the Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest calculated as provided herein accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

Date but shall only be obliged to make such payment of interest on the Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

- (b) where:
- (i) in the case of Credit Linked Condition 12(x), a Credit Event Determination Date has occurred on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 1 and Credit Linked Condition 2, Credit Linked Condition 3, Credit Linked Condition 4, Credit Linked Condition 5 or Credit Linked Condition 6, as applicable, shall apply to the Credit Linked Notes; or
 - (ii) in the case of Credit Linked Condition 12(y), the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Cut-off Date, the provisions of Credit Linked Condition 9 shall apply to the Credit Linked Notes.

For the purposes hereof:

"Postponed Cut-off Date" means the fifteenth (15th) Business Day after the Scheduled Maturity Date, the relevant Repudiation/Moratorium Evaluation Date or Grace Period Extension Date, or the last day of the Notice Delivery Period or the DC Determination Cut-off Date, as the case may be; and

"Postponed Maturity Date" means the fifth (5th) Business Day after the Postponed Cut-off Date.

13. **Partial Cash Settlement**

If all or a portion of the Obligations comprising an Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, the Issuer shall give notice (a **"Partial Cash Settlement Notice"**) to the Noteholders in accordance with Condition 14 (*Notices*) and the Issuer shall pay in respect of each Undeliverable Obligation and/or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date. Any failure to provide a Partial Cash Settlement Notice will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the relevant Pricing Supplement, for the purposes of this Credit Linked Condition 13 only the following terms shall be defined as follows and such definitions will apply notwithstanding other definitions of such terms in Credit Linked Condition 16:

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the relevant Pricing Supplement and exactly three Indicative Quotations are obtained, the Indicative Quotation

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day or prior to the tenth Business Day following the Valuation Date the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

"Partial Cash Settlement Amount" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of:

- (i)
 - (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be; multiplied by
 - (B) (x) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, determined as provided in this Credit Linked Condition or (y) in the case of a Hedge Disruption Obligation, if a Hedging Auction has been held on or prior to the relevant Credit Settlement Date, the Hedging Auction Final Price (which may never be greater than 100 per cent.); less if applicable
 - (C) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement); less
 - (D) Expenses, if any (but excluding any Expenses already taken into account in calculating the relevant Entitlement); and
- (ii) zero,

provided that where the relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and (in the case of (x) above) the Calculation Agent determines that a Final Price cannot reasonably be determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Partial Cash Settlement Amount will be an amount calculated by the Calculation Agent equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement) and less Expenses, if any (but excluding any Expenses already taken into account in calculating the relevant Entitlement).

"Partial Cash Settlement Date" is deemed to be the date falling five Business Days after the calculation of the Final Price or, if the Hedging Auction Final Price applies, the relevant Credit Settlement Date.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the relevant Pricing Supplement, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the relevant Pricing Supplement, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the relevant Pricing Supplement, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.
- (c) The Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, whether such Quotations shall include or exclude accrued but unpaid interest. All Quotations shall be obtained in accordance with this determination.

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to at least the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligations, as the case may be.

"Quotation Method" is deemed to be Bid.

"Valuation Date" is the fifth Business Day following the relevant Credit Settlement Date.

"Valuation Method" is deemed to be Highest unless fewer than two Full Quotations are obtained or a Weighted Average Quotation applies (or, if applicable, Indicative Quotations), in which case "Valuation Method" is deemed to be Market.

"Valuation Obligation" is deemed to be each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

"Valuation Time" is the time specified as such in the relevant Pricing Supplement, or, if no time is so specified, 11:00 a.m. in the principal trading market for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be.

"Weighted Average Quotation" means, in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount that in aggregate are approximately equal to the Quotation Amount.

Relating to Credit-Linked Notes**

14. **Settlement Suspension**

Suspension

Without prejudice to Credit Linked Condition 12, if, following the determination of a Credit Event Determination Date but prior to the relevant Credit Settlement Date or, to the extent applicable, a Valuation Date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may, at its option, determine that the applicable timing requirements of the Credit Linked Conditions and the definitions of Credit Event Redemption Date, Credit Event Payment Date, Valuation Date, Maturity Date, Physical Settlement Period and PSN Cut-off Date, and any other Credit Linked Condition provision(s) as determined by the Calculation Agent, shall toll and be suspended and remain suspended (such period of suspension, a "**Suspension Period**") until the date of the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal. During such Suspension Period none of the Issuer, the Calculation Agent or any Noteholder are obliged to, nor are they entitled to, take any action in connection with the settlement of the Credit Linked Notes. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal has occurred, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began in accordance with this Credit Linked Condition 14.

In the event of any such Suspension Period, the Calculation Agent may make (x) such consequential or other adjustment(s) or determination(s) to or in relation to the Conditions and these Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (y) determine the effective date of such adjustment(s) or determination(s).

15. **Potential Credit Event Interest Postponement**

(a) ***Single Reference Entity Credit Linked Notes***

Where:

- (i) a Credit Event Determination Date has not occurred on or prior to the Potential Credit Event Cut-Off Date, the relevant interest shall be payable on the Potential Credit Event Cut-Off Date and no further or other amount in respect of interest and no additional amount shall be payable in each case in respect of such delay; or
- (ii) a Credit Event Determination Date has occurred on or prior to the Potential Credit Event Cut-Off Date, for the purposes of interest only, such Credit Event Determination Date shall be deemed to have occurred on the Potential Credit Event Determination Date and accordingly:
 - (x) if "Accrual of Interest upon Credit Event" is specified as "Not Applicable" in the relevant Pricing Supplement, neither the relevant interest nor any further or other amount in respect of interest shall be payable; or
 - (y) if "Accrual of Interest upon Credit Event" is specified as "Applicable – Credit Event Determination Date" in the relevant Pricing Supplement,

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

the relevant interest shall be re-calculated on this basis and shall be payable on the Credit Event Redemption Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay.

Any failure to provide notice of any such Potential Credit Event determination to Noteholders will not constitute an Event of Default under the Credit Linked Notes and will not affect the validity of any of the above provisions.

(b) ***Basket Credit Linked Notes***

- (i) the Adjusted Credit Outstanding Nominal Amount used to calculate the Interest Credit Outstanding Nominal Amount in respect of the Interest Period (the "**Relevant Interest Period**") in respect of which the interest payable on such Interest Payment Date is calculated shall be reduced by the Reference Entity Notional Amount in respect of such Reference Entity with effect from (and including):
 - (x) if "Average Interest Calculation" is specified as "Applicable" in the relevant Pricing Supplement, the Potential Credit Event Determination Date; or
 - (y) if "Average Interest Calculation" is specified as "Not Applicable" in the relevant Pricing Supplement, the last day of the Relevant Interest Period,in either case notwithstanding that a Credit Event Determination Date has not occurred with respect thereto; and
- (ii) payment of the interest that, but for such reduction, would have been payable in respect of the Relevant Interest Period (the "**Reduction Interest Amount**") shall be postponed to the Interest Payment Date for the next Interest Period (the "**Potential Credit Event Cut-Off Date**"), subject as provided in paragraph (B) below.

Where:

- (A) a Credit Event Determination Date has not occurred with respect to the relevant Reference Entity on or prior to the Potential Credit Event Cut-Off Date, the Reduction Interest Amount shall be payable on the Potential Credit Event Cut-Off Date and no further or other amount in respect of interest and no additional amount shall be payable in each case in respect of such delay; or
- (B) a Credit Event Determination Date has occurred with respect to the relevant Reference Entity on or prior to the Potential Credit Event Cut-Off Date, for the purposes of interest only, such Credit Event Determination Date shall be deemed to have occurred on:

 - (vi) if one or more entities succeed, either directly or indirectly, as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (**provided that** if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and the Base Conditions and/or the relevant Pricing Supplement will be adjusted as provided below); and

- (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, **provided that** the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent may, if it determines appropriate, select an alternative Transaction Type for any Successor to a Reference Entity and adjust such of the Base Conditions and/or the relevant Pricing Supplement as it determines appropriate to reflect such new Transaction Type and determine the effective date of any such change and adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if any such Transaction Type and adjustment reflects any adjustment to any credit derivative transaction(s) related to or underlying the Credit Linked Notes incorporating the provisions of the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**"). Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 (*Notices*) stating the new Transaction Type and the adjustment to the Base Conditions and/or the relevant Pricing Supplement (if any). For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (iii) or (a)(iv) or (a)(vi) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Base Conditions and/or the relevant Pricing Supplement as it shall determine to be appropriate (including, without limitation, the Reference Entity Notional Amount and (if applicable) the Transaction Type) to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Base Conditions and/or the relevant Pricing Supplement in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 (*Notices*) stating the adjustment to the Base Conditions and/or the relevant Pricing Supplement and giving brief details of the relevant Successor event. For the avoidance of doubt any failure to provide such a notice to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For purposes of this definition of "**Successor**", "**succeeded**" and "**succession**" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Where a single entity is a Reference Entity under the Credit Linked Notes more than once by virtue of the operation of these Successor provisions, such entity will continue to be treated as separate Reference Entities under the Credit Linked Notes and a Credit Event Determination Date, and settlement with respect thereto, may occur separately for each such Reference Entity.

In relation to a Credit Event (and as set out in the definition of Credit Derivatives Auction Settlement Terms), one or more form(s) of Credit Derivatives Auction Settlement Terms may be published on <https://www.cdsdeterminationscommittees.org/> (or any successor website thereto) and such forms may be amended from time to time. Each such form of Credit Derivatives Auction Settlement Terms shall set out, *inter alia*, definitions of "Auction", "Auction Cancellation Date", "Auction Covered Transaction" and "Auction Final Price Determination Date" in relation to the relevant Credit Event. The Transaction Auction Settlement Terms for purposes of the Credit Linked Notes shall be the relevant form of Credit Derivatives Auction Settlement Terms for which the Reference Transaction would be an Auction Covered Transaction (as such term will be set out in the relevant Credit Derivatives Auction Settlement Terms). (ii) *Interpretation of Provisions*

- (A) If (i) any of the Valuation Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Bonds; (ii) the Valuation Obligation Characteristic "Transferable" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Valuation Obligations that are not Loans; or (iii) any of the Valuation Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the relevant Pricing Supplement, the relevant Pricing Supplement shall be construed as though such Valuation Obligation Characteristic had been specified as a Valuation Obligation Characteristic only with respect to Loans.
- (B) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Valuation Obligation Characteristics in the relevant Pricing Supplement, the Valuation Obligations may include any Loan that satisfies any one of such Valuation Obligation Characteristics specified and need not satisfy all such Valuation Obligation Characteristics.
- (C) If a Valuation Obligation is a Relevant Guarantee, the following will apply:
- (1) for purposes of the application of the Valuation Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (2) for purposes of the application of the Valuation Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Valuation Obligation Characteristics, if any, specified in the relevant Pricing Supplement from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law";

 - (4) for purposes of the application of the Valuation Obligation Characteristics to an Underlying Obligation, references to the

Reference Entity shall be deemed to refer to the Underlying Obligor.

- (D) For purposes of the application of the Valuation Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the remaining maturity shall be zero.
- (E) If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy a particular Valuation Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Valuation Obligation Characteristic.
- (F) For purposes of determining the applicability of Valuation Obligation Characteristics and the requirements specified in the paragraphs commencing "If "Mod R"..." and "If "Mod Mod R"..." below to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (G) If "Subordinated European Insurance Terms" is specified as applicable in the relevant Pricing Supplement, if an obligation would otherwise satisfy the "Maximum Maturity" Valuation Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Valuation Obligation Characteristic.

If "Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification.

If "Mod Mod R" is specified as applicable in the relevant Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be specified in a Valuation Obligation Notification only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements or, if none at the relevant time, the date of delivery of the Valuation Obligation Notification. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

For the purposes of making a determination pursuant to the two prior paragraphs or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject as provided in the prior paragraph, be determined on the basis of the terms of the Valuation Obligation in effect at the time of making such determination and, in the case of a Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if Sovereign No Asset Package Delivery is specified as applicable in the relevant Pricing Supplement, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published) and accordingly, Asset Package Delivery shall not apply thereto.

The Valuation Obligation Notification shall describe the selected Valuation Obligation(s) in reasonable detail and shall specify the relevant title(s) or designation(s), maturity date(s) and coupon rate(s) and, unless the Quotation Amount is specified in the relevant Pricing Supplement, the applicable Quotation Amount in respect of each such Valuation Obligation (**Provided That** the aggregate of the Quotation Amounts in respect of the Valuation Obligations shall not exceed the relevant Reference Entity Notional Amount). The Issuer may at any time after delivering a Valuation Obligation Notification but prior to the Valuation Time on the Valuation Date deliver a further Valuation Obligation Notification which shall replace all prior Valuation Obligation Notifications in relation to any additional or replacement Valuation Obligation(s) specified therein.

For the avoidance of doubt the Issuer shall be entitled to select any Valuation Obligations for the purposes of calculating the Final Price irrespective of their market value and, **provided that** (in the case of a Valuation Obligation selected pursuant to sub-paragraph (a) above) the selected obligation satisfies the applicable Valuation Obligation Category and Valuation Obligation Characteristics on the relevant date, such obligation(s) may constitute the Valuation Obligation(s) for the purposes hereof notwithstanding that this is not the case subsequent to such date.

"Valuation Time" means the time specified as such in the relevant Pricing Supplement or, if no time is so specified, 11.00 a.m. in the principal trading market for the Valuation Obligation.

"Weighted Average Quotation" means in accordance with the Quotation Method, the weighted average of firm quotations obtained from Quotation Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Valuation Obligation with an Outstanding Principal Balance or Due and Payable Amount, as applicable, of as large a size as available but less than the Quotation Amount (but, of a size at least equal to the Minimum Quotation Amount) that in aggregate are approximately equal to the Quotation Amount.

Notwithstanding anything to the contrary in these Credit Linked Conditions, upon the occurrence of an M(M)R Restructuring:

- (a) The Calculation Agent may deliver multiple Credit Event Notices in respect of such M(M)R Restructuring, each such Credit Event Notice setting forth an amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the **"Partial Redemption Amount"**) that may be less than such Reference Entity Notional Amount immediately prior to the delivery of such Credit Event Notice. In such circumstances the Credit Linked Conditions and related provisions shall be deemed to apply to the Partial Redemption Amount only and each such Credit Linked Note shall be redeemed in part (such redeemed part being equal to such Note's *pro rata* share of the Partial Redemption Amount).

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (b) For the avoidance of doubt (A) the nominal amount of each Credit Linked Note not so redeemed in part shall remain outstanding, the Reference Entity Notional Amount shall be reduced by the Partial Redemption Amount and interest shall accrue in respect of each Credit Linked Note as provided in Condition 4 (*Fixed Rate Note Provisions*) or Condition 5 (*Floating Rate Note, Index-Linked Interest Note and other variable-linked interest Note Provisions*), and Credit Linked Condition 6(b), as applicable, (adjusted in such manner as the Calculation Agent determines to be appropriate), (B) the Credit Linked Conditions and related provisions shall apply to such Credit Linked Note in the event that subsequent Credit Event Notices are delivered in respect of the Reference Entity that was the subject of the Restructuring Credit Event and (C) if, following a Restructuring Credit Event, different Credit Event Determination Dates have been determined with respect to different portions of amounts payable or deliverable to Noteholders under the relevant Series, the Calculation Agent will (x) determine such adjustment(s) to the Base Conditions as may be required to achieve as far as practicable the same economic effect as if each such portion was a separate series or otherwise reflect or account for the effect of the above provisions of this Credit Linked Condition 17 and (y) the effective date of such adjustment(s).
- (c) If the provisions of this Credit Linked Condition 17 apply in respect of the Credit Linked Notes, on redemption of part of each such Credit Linked Note the relevant Credit Linked Note or, if the Credit Linked Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such part redemption.

18. Provisions relating to Multiple Holder Obligation

Unless this Credit Linked Condition 18 is specified as not applicable in the relevant Pricing Supplement, then, notwithstanding anything to the contrary in the definition of Restructuring and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a) to (e) of the definition of "Restructuring" shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

"**Multiple Holder Obligation**" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event, **provided that** any Obligation that is a Bond shall be deemed to satisfy the requirement in paragraph (ii).

19. Calculation Agent, Calculation Agent Notices and Timings

- (a) Whenever any state of affairs, circumstance, event or other matter falls to be determined, considered or otherwise decided upon, or any discretion is required to be exercised, by the Calculation Agent or any other person (including where a matter is to be decided by reference to the Calculation Agent's or such other person's opinion), unless otherwise stated, that matter shall be determined, considered or otherwise decided upon, or that discretion shall be exercised, (i) where by the Calculation Agent, acting in good faith and in a commercially reasonable manner or (ii) where by such other person, acting in its sole and absolute discretion and in each case shall in the absence of manifest error be final and binding on the Issuer and the Noteholders. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion. Neither the Calculation Agent nor the Issuer shall be liable for any loss, liability, cost, claim, action, demand or expense (including without limitation, all costs, charges and expenses paid or incurred in disputing or defending any of the foregoing) arising out of or in relation to or in connection with the Calculation Agent's appointment or the exercise of its functions (including, without limitation, any such delay, deferral or forbearance), except in the case of the Calculation Agent such as may result from its own wilful default, negligence or bad faith or that of its officers or agents.

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (b) Any notice to be delivered by the Calculation Agent to the Issuer pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (c) Any notice to be delivered by the Issuer to the Calculation Agent pursuant to these Credit Linked Conditions may be given in writing (including by facsimile and/or email) and/or by telephone. Any such notice will be effective when given, regardless of the form in which it is delivered. A notice given by telephone will be deemed to have been delivered at the time the telephone conversation takes place. If the notice is delivered by telephone, a written confirmation will be executed and delivered confirming the substance of that notice within one Calculation Agent City Business Day of that notice. Failure to provide that written confirmation will not affect the effectiveness of that telephonic notice.
- (d) For the purposes of determining the day on which an event occurs for purposes of these Credit Linked Conditions, the Calculation Agent will determine the demarcation of days by reference to Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time) irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.
- (e) In addition, if a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Reference Entity has a material connection to Japan for these purposes, Tokyo time), irrespective of the time zone of its place of payment.

20. Amendment of Credit Linked Conditions

The Calculation Agent may from time to time amend any provision of these Credit Linked Conditions in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable from the perspective of the Issuer, the Calculation Agent or a party to the Hedging Arrangements (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by or on behalf of ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by Credit Derivatives Determinations Committees, including without limitation, in relation to settlement, credit events and successors and/or (ii) to reflect or account for market practice for credit derivative transactions and/or reflect or account for a Hedge Disruption Event. Any amendment made in accordance with this Credit Linked Condition 20 shall be notified to the Noteholders in accordance with Condition 14 (*Notices*). Any failure to provide notice of any such amendment to Noteholders will not constitute an Event of Default under the Notes and will not affect the validity of any of the foregoing provisions.

21. Early redemption of Reference Obligation Only Notes following a Substitution Event

If the Notes are Reference Obligation Only Notes relating to a single Reference Entity and the event set out in paragraph (a) of the definition of Substitution Event above occurs with respect to the Reference Obligation, then:

- (a) interest (if any) shall cease to accrue on the Credit Linked Notes from and including the Interest Payment Date immediately preceding the relevant Substitution Event Date or, if no Interest Payment Date has occurred, no interest will accrue on the Credit Linked Notes; and
- (b) each Credit Linked Note will be redeemed by the Issuer at its relevant Reference Obligation Only Early Termination Amount specified in, or determined in the manner specified in, the relevant Pricing Supplement on the Maturity Date, which for the purposes

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

of this Credit Linked Condition 21 shall be the day falling five Business Days following the relevant Substitution Event Date.

22. **DC Resolution Adjustment Events**

If following the publication of a DC Resolution (the "**Prior DC Resolution**"), a further DC Resolution (the relevant "**Further DC Resolution**") is published the effect of which would be to reverse all or part of the Prior DC Resolution or if any DC Resolution would reverse any determination made by the Calculation Agent and/or the occurrence of a Credit Event Determination Date, notwithstanding any other provisions of these Credit Linked Conditions the Calculation Agent may make any adjustment(s) that the Calculation Agent determines is necessary or desirable to the Conditions or these Credit Linked Conditions to reflect the publication of such Further DC Resolution or DC Resolution, including, without limitation, as a result of the impact or effect of such Further DC Resolution or DC Resolution on the Hedging Arrangements (if any at the relevant time).

23. **Payments**

Condition 9(d) (*Payments – General Provisions*) shall be amended by including the following sentence as the last sentence therein:

"Notwithstanding anything contained in these Conditions, if any relevant Condition requires any amounts in relation to a Note to be rounded as part of any calculations or determinations, then in the case of Notes which are for the time being represented by a Global Note, such calculation or determination shall be carried out in relation to the aggregate principal amount of the Notes so represented. Any rounding shall be carried out to the result thereof and the rounding shall not be carried out in relation to any calculations or determinations made on a *pro rata* or per Note basis."

24. **Meetings of Noteholders, Modification and Substitution**

Condition 16 (*Meetings of Noteholders, Modification and Substitution*) shall be amended by inserting "; or" after the reference to "Notes" in the last line of sub paragraph (b)(iii) and inserting thereafter the following as a new sub paragraph (b)(iv):

"(iv) any modification of the Notes after the Issue Date required in connection with the listing of the Notes on any stock exchange."

25. **Amendments to an Index Annex for an iTraxx Index**

The relevant Index Annex in respect of an iTraxx Index will be deemed amended from time to time to reflect any modifications resulting from the application of the definitions of Reference Entity, Reference Obligation, Standard Reference Obligation and/or Substitute Reference Obligation above.

26. **Inconsistency between Index Annex and a CDX Index**

In the event of any inconsistency between the relevant Index Annex in respect of a CDX Index and the corresponding Index published by the relevant Index Sponsor, the relevant Index Annex shall govern.

27. **2019 Narrowly Tailored Credit Event Provisions**

If "2019 Narrowly Tailored Credit Event Provisions" are specified as applicable in the relevant Pricing Supplement, the following provisions shall apply for the purpose of the Notes.

(a) **Outstanding Principal Balance**

The definition of "**Outstanding Principal Balance**" in Credit Linked Condition 16 is hereby deleted in its entirety and replaced with the following:

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

""**Outstanding Principal Balance**" means the outstanding principal balance of an obligation which will be calculated as follows:

- (a) *first*, by determining, in respect of the obligation, the amount of the Reference Entity's principal payment obligations and, where applicable in accordance with the definition of Accrued Interest above, the Reference Entity's accrued but unpaid interest payment obligations (which, in the case of a Guarantee will be the lower of (i) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (determined as if references to the Reference Entity were references to the Underlying Obligor) and (ii) the amount of the Fixed Cap, if any);
- (b) *second*, by subtracting all or any portion of such amount which, pursuant to the terms of the obligation, (i) is subject to any Prohibited Action, or (ii) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in accordance with paragraph 16(a) above less any amounts subtracted in accordance with this paragraph (b), the "**Non Contingent Amount**"); and
- (c) *third*, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (i) unless otherwise specified, in accordance with the terms of the obligation in effect on either (A) the relevant PSN Effective Date (or if the terms of the obligation are amended after such date but on or prior to the relevant Delivery Date, the Delivery Date), or (B) the relevant Valuation Date; and
- (ii) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

For the purposes of paragraph (ii) above, "**applicable laws**" shall include any bankruptcy or insolvency law or other law affecting creditors' rights to which the relevant obligation is, or may become, subject.

If "Fallback Discounting" is specified as applicable in the relevant Pricing Supplement, then notwithstanding the above, if (i) the Outstanding Principal Balance of an obligation is not reduced or discounted under paragraph (ii) above, (ii) that obligation is either a Bond that has an issue price less than ninety-five per cent of the principal redemption amount or a Loan where the amount advanced is less than ninety-five per cent of the principal repayment amount, and (iii) such Bond or Loan does not include provisions relating to the accretion over time of the amount which would be payable on an early redemption or repayment of such Bond or Loan that are customary for the applicable type of Bond or Loan as the case may be, then the Outstanding Principal Balance of such Bond or Loan shall be the lesser of (a) the Non-Contingent Amount; and (b) an amount determined by straight line interpolation between the issue price of the Bond or the amount advanced under the Loan and the principal redemption amount or principal repayment amount, as applicable.

For the purposes of determining whether the issue price of a Bond or the amount advanced under a Loan is less than ninety-five per cent of the principal redemption amount or principal repayment amount (as applicable) or, where applicable, for applying straight line interpolation:

- (x) where such Bond or Loan was issued as a result of an exchange offer, the issue price or amount advanced of the new Bond or Loan resulting from the exchange shall be deemed to be equal to the aggregate Outstanding Principal Balance of the original obligation(s) that were tendered or exchanged (the "**Original**

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

Obligation(s)) at the time of such exchange (determined without regard to market or trading value of the Original Obligation(s)); and

- (y) in the case of a Bond or Loan that is fungible with a prior debt obligation previously issued by the Reference Entity, such Bond or Loan shall be treated as having the same issue price or amount advanced as the prior debt obligation.

In circumstances where a holder would have received more than one obligation in exchange for the Original Obligation(s), the Calculation Agent will determine the allocation of the aggregate Outstanding Principal Balance of the Original Obligation(s) amongst each of the resulting obligations for the purpose of determining the issue price or amount advanced of the relevant Bond or Loan. Such allocation will take into account the interest rate, maturity, level of subordination and other terms of the obligations that resulted from the exchange and shall be made by the Calculation Agent in accordance with the methodology (if any) determined by the relevant Credit Derivatives Determinations Committee or, if none, as determined by the Calculation Agent in such manner and by reference to such source(s) as it determines appropriate."

(b) **Failure to Pay**

The definition of "**Failure to Pay**" in Credit Linked Condition 16 is hereby deleted in its entirety and replaced with the following:

"**Failure to Pay**" means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure **provided that**, if an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination. If "Credit Deterioration Requirement" is specified as applicable in the relevant Pricing Supplement, then, notwithstanding the foregoing, it shall not constitute a Failure to Pay if such failure does not directly or indirectly either result from, or result in, a deterioration in the creditworthiness or financial condition of the Reference Entity, as determined by the Calculation Agent. In making such determination, the Calculation Agent may take into account the guidance note set out in paragraph 3 (Interpretive Guidance) of the ISDA 2019 Narrowly Tailored Credit Event Supplement to the 2014 ISDA Credit Derivatives Definitions (published on July 15, 2019).

28. **2020 Limited Recourse Additional Provisions**

If "2020 Limited Recourse Additional Provisions" are specified as applicable in the relevant Pricing Supplement, the following provisions shall apply for the purpose of the Notes.

- (a) Paragraph (a) of the definition of "Permitted Contingency" in Credit Linked Condition 16 is amended by (x) deleting the word "or" at the end of sub-paragraph (iv) thereof; and (y) inserting the following sub-paragraph at the end of the existing provision:

"(vi) provisions which (A) limit recourse in respect of the obligation to the proceeds of specified assets or the proceeds resulting from the enforcement of security or collateral arrangements and/or (B) extinguish any obligation that remains outstanding following the disposal of specified assets and/or the enforcement of the security or collateral arrangements and in each case the application of the resulting proceeds (any such provisions, "**Limited Recourse Provisions**"); or".

**Part G – Product Supplement for Credit-Linked Notes – Additional Terms and Conditions
Relating to Credit-Linked Notes**

- (b) If an obligation includes Limited Recourse Provisions, then for the purpose of determining whether such obligation is an Obligation or a Deliverable Obligation such obligation is deemed to satisfy "Not Subordinated".
- (c) For the avoidance of doubt, in the event of any inconsistency between this Credit Linked Condition 28 and any other Credit Linked Conditions, this Credit Linked Condition 28 will govern.

"Reference Fund Valuation Day" means, in respect of a Reference Fund, any Business Day in respect of which such Reference Fund is scheduled to publish its Net Asset Value;

"Valid Date" means, in respect of a Reference Fund, a Reference Fund Valuation Day on which a Reference Fund Disruption does not occur and on which another Averaging Date does not or is not deemed to occur.

(b) ***Occurrence of a Reference Fund Disruption Event***

If a Reference Fund Disruption Event occurs in relation to a Reference Fund (but no Reference Fund Event has occurred or is subsisting) on:

- (i) the Final Valuation Date, then the Calculation Agent may, acting in good faith and in a commercially reasonable manner, postpone the Final Valuation Date in relation to such relevant Reference Fund Unit until the earlier of (i) the first Reference Fund Valuation Day on which the Calculation Agent determines that any one or more Reference Fund Disruption Events are no longer continuing, or

- (ii) Cut-off Final Valuation Date. If a Reference Fund Disruption Event continues on such Cut-off Final Valuation Date, the Calculation Agent shall determine the Reference Fund Unit Value for such Cut-off Final Valuation Date acting in good faith and in a commercially reasonable manner;
- (ii) any Averaging Date, then the Calculation Agent may, acting in good faith and in a commercially reasonable manner, if the consequence specified in the relevant Pricing Supplement in relation to Averaging Date Disruption is:
- (1) "**Omission**", deem such Averaging Date not to be a relevant Averaging Date for purposes of determining the Final Value of any Reference Fund Unit, **provided that**, if through the operation of this provision no Averaging Date would occur, then Condition 22(b)(i) will apply for purposes of determining the relevant Reference Fund Unit Value on the final Averaging Date as if such final Averaging Date were the Final Valuation Date;
 - (2) "**Postponement**", determine that Condition 22(b)(i) shall apply for purposes of determining the relevant Reference Fund Unit Value as if such Averaging Date were the Final Valuation Date irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes; or
 - (3) "**Modified Postponement**", then:
 - (aa) in the case of a Fund-Linked Note which relates to a single Reference Fund, determine that the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Cut-off Final Valuation Date then the Cut-off Final Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that a Reference Fund Disruption occurs or is continuing on such day (irrespective of whether that Cut-off Final Valuation Date is already an Averaging Date) and the Calculation Agent shall determine the Reference Fund Unit Value for that Averaging Date in accordance with Condition 22(b)(i); and
 - (bb) in the case of a Fund-Linked Note which relates to a basket of Reference Funds, the Averaging Date for each Reference Fund in respect of which no Reference Fund Disruption Event has occurred or is continuing shall be the day specified in the relevant Pricing Supplement as an Averaging Date and the Averaging Date for a Reference Fund affected by the occurrence of a Reference Fund Disruption Event shall be the first succeeding Valid Date in relation to such Reference Fund. If the first succeeding Valid Date in relation to such Reference Fund has not occurred as of Cut-off Final Valuation Date, then the Cut-off Final Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Cut-off Final Valuation Date is already an Averaging Date) and the Calculation Agent shall determine the relevant Reference Fund Unit Value for that Averaging Date in accordance with Condition 22(b)(i).

If any Averaging Date in relation to the Final Valuation Date occurs after the Final Valuation Date as a result of the occurrence of a Reference Fund Disruption Event, then (i) the Redemption Calculation Date, Maturity Date, an Optional Redemption Date (Call Option), an Optional Redemption Date (Put Option) or other early redemption date, as the case may be, or (ii) the occurrence of an Extraordinary Fund Event, Merger Event or Potential Adjustment Event shall be

determined by reference to the last such Averaging Date as though it were that Final Valuation Date.

If a Final Valuation Date is postponed pursuant to this Condition 22(b) (*Occurrence of a Reference Fund Disruption Event*), the Scheduled FX Fixing Date in respect of the Final Valuation Date shall, in the Calculation Agent's discretion, be postponed to the Final Valuation Date as postponed, **provided that**, if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day, and **provided further that**, the Scheduled FX Fixing Date is subject to Condition 9(f) (*Price Source Disruption and FX Disruption*).

If a Final Valuation Date is postponed in accordance with this Condition 22(b) (*Occurrence of a Reference Fund Disruption Event*), any Reference Fund Disrupted Day Related Payment Date will also be postponed, if needed, such that the Reference Fund Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the later of (i) the postponed Final Valuation Date or, if later, the Cut-off Final Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.

Unless Reference Fund Disruption Interest Adjustment is specified in the relevant Pricing Supplement as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 22(b) (*Occurrence of a Reference Fund Disruption Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Reference Fund Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Reference Fund Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 22(b)).

(c) ***Effect of Reference Fund Events***

Following the occurrence of a Reference Fund Event, the Calculation Agent may, acting in good faith and in a commercially reasonable manner, either:

- (i) designate a date as an early redemption date (the "**Early Redemption Date**") and the Noteholders will receive the Early Redemption Amount on such designated Early Redemption Date (the "**Original Early Redemption Date**"), **provided that** if the Calculation Agent determines, in its sole discretion, that a Hypothetical Investor would experience a delay in receiving all of the relevant redemption proceeds assuming it had submitted a timely notice for the redemption of its fund holdings in respect of the Original Early Redemption Date (or any earlier date designated by the Calculation Agent), then the Early Redemption Date shall occur 10 Relevant Financial Centre Days after the earlier of (A) the date on which a Hypothetical Investor would have received all relevant redemption proceeds and (B) the Cut-Off Date; or
- (ii) make any temporary or permanent adjustments to any of the following:
 - (A) any relevant Reference Fund (including a substitution of such Reference Fund);
 - (B) any relevant Reference Fund Unit;
 - (C) any relevant Reference Fund Unit Values; and/or
 - (D) any other terms of the Notes as the Calculation Agent determines appropriate

and it shall determine the time as of which any such adjustments become effective;

- (iii) in respect of a Merger Event, where consideration for the relevant Reference Fund Units of the relevant Reference Fund consists solely of units of a fund in which the Hypothetical Investor could invest (the "**New Units**"), references to a Reference Fund Unit of the relevant Reference Fund shall be replaced by references to the number of New Units to which a holder of a Reference Fund Unit would be entitled upon consummation of the Merger Event and the New Units and their issuer will be deemed to be the Reference Fund Units and the Reference Fund, respectively, and, if necessary, the Calculation Agent will make adjustments to the relevant Reference Fund Unit Value and/or any other terms of the Notes in such manner as it considers appropriate; or
- (iv) in respect of any Reference Fund Event occurring or subsisting on the Final Valuation Date or the Final Averaging Date (as applicable), the Calculation Agent may determine the Final Redemption Amount. In doing so, it may take into account the redemption proceeds (if any) which a Hypothetical Investor would have received by not later than the Cut-off Date assuming that it had submitted a timely notice for redemption of all relevant fund holdings in respect of the Final Valuation Date.

(d) ***Early Redemption Amount on Early Redemption by Issuer***

With respect to any Early Redemption Date designated by the Issuer upon the occurrence of a Reference Fund Event, the amount payable on such Early Redemption Date (the "**Early Redemption Amount**") shall be the Fair Market Value of the Notes immediately prior to the date on which such early redemption occurs. When determining the Early Redemption Amount, the Calculation Agent may take into account the redemption proceeds (if any) which a Hypothetical Investor would have received by not later than the Cut-off Date assuming that it had submitted a timely notice for redemption of all relevant fund holdings in respect of the Original Early Redemption Date (or any earlier date designated by the Calculation Agent).

(b) ***Occurrence of a Reference Fund Disruption Event***

If a Reference Fund Disruption Event occurs in relation to a Reference Fund (but no Reference Fund Event has occurred or is subsisting) on:

- (i) the Final Valuation Date, then the Calculation Agent may, acting in good faith and in a commercially reasonable manner, postpone the Final Valuation Date in relation to such relevant Reference Fund Unit until the earlier of (i) the first Reference Fund Valuation Day on which the Calculation Agent determines that any one or more Reference Fund Disruption Events are no longer continuing, or (ii) Cut-off Final Valuation Date. If a Reference Fund Disruption Event continues

on such Cut-off Final Valuation Date, the Calculation Agent shall determine the Reference Fund Unit Value for such Cut-off Final Valuation Date acting in good faith and in a commercially reasonable manner;

(ii) any Averaging Date, then the Calculation Agent may, acting in good faith and in a commercially reasonable manner, if the consequence specified in the relevant Pricing Supplement in relation to "**Averaging Date Disruption**" is:

(1) "**Omission**", deem such Averaging Date not to be a relevant Averaging Date for purposes of determining the Final Value of any Reference Fund Unit, **provided that**, if through the operation of this provision no Averaging Date would occur, then Condition 18(b)(i) will apply for purposes of determining the relevant Reference Fund Unit Value on the final Averaging Date as if such final Averaging Date were the Final Valuation Date;

(2) "**Postponement**", determine that Condition 18(b)(i) shall apply for purposes of determining the relevant Reference Fund Unit Value as if such Averaging Date were the Final Valuation Date irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Warrants; or

(3) "**Modified Postponement**", then:

(aa) in the case of a Fund-Linked Warrant which relates to a single Reference Fund, determine that the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Cut-off Final Valuation Date then the Cut-off Final Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that a Reference Fund Disruption occurs or is continuing on such day (irrespective of whether that Cut-off Final Valuation Date is already an Averaging Date) and the Calculation Agent shall determine the Reference Fund Unit Value for that Averaging Date in accordance with Condition 18(b)(i); and

(bb) in the case of a Fund-Linked Warrant which relates to a basket of Reference Funds, the Averaging Date for each Reference Fund in respect of which no Reference Fund Disruption Event has occurred or is continuing shall be the day specified in the relevant Pricing Supplement as an Averaging Date and the Averaging Date for a Reference Fund affected by the occurrence of a Reference Fund Disruption Event shall be the first succeeding Valid Date in relation to such Reference Fund. If the first succeeding Valid Date in relation to such Reference Fund has not occurred as of Cut-off Final Valuation Date, then the Cut-off Final Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Cut-off Final Valuation Date is already an Averaging Date) and the Calculation Agent shall determine the relevant Reference Fund Unit Value for that Averaging Date in accordance with Condition 18(b)(i).

If any Averaging Date in relation to the Final Valuation Date occurs after the Final Valuation Date as a result of the occurrence of a Reference Fund Disruption Event, then (i) the relevant Cash Settlement Payment Date or (ii) the occurrence of an Extraordinary Fund Event, Merger Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were that Final Valuation Date.

If a Final Valuation Date is postponed pursuant to this Condition 18(b) (*Occurrence of a Reference Fund Disruption Event*), the Scheduled FX Fixing Date in respect of the Final Valuation Date shall, in the Calculation Agent's discretion, be postponed to the Final Valuation Date as postponed, provided, in each case, that if the postponed Scheduled FX Fixing Date would, as a result of this paragraph, occur on a day which is not a Relevant Currency Business Day, it will be postponed to the immediately following Relevant Currency Business Day, and **provided further that**, the Scheduled FX Fixing Date is subject to Condition 5(g) (*Price Source Disruption and FX Disruption*).

If a Final Valuation Date is postponed in accordance with this Condition 18(b) (*Occurrence of a Reference Fund Disruption Event*), any Reference Fund Disrupted Day Related Payment Date will also be postponed, if needed, such that the Reference Fund Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Pricing Supplement) following the later of (i) the postponed Final Valuation Date or, if later, the Cut-off Final Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Date, as applicable.

(c) ***Effect of Reference Fund Events***

Following the occurrence of a Reference Fund Event, the Calculation Agent may, acting in good faith and in a commercially reasonable manner, either:

(i) designate a date as an early termination date (the "**Early Termination Date**") and the Warrantholders will receive the Early Termination Amount on such designated Early Termination Date (the "**Original Early Termination Date**"), **provided that** if the Calculation Agent determines, in its sole discretion, that a Hypothetical Investor would experience a delay in receiving all of the relevant redemption proceeds assuming it had submitted a timely notice for the redemption of its fund holdings in respect of the Original Early Termination Date (or any earlier date designated by the Calculation Agent), then the Early Termination Date shall occur 10 Relevant Financial Centre Days after the earlier of (A) the date on which a Hypothetical Investor would have received all relevant redemption proceeds and (B) the Cut-Off Date; or

(ii) make any temporary or permanent adjustments to any of the following:

- (A) any relevant Reference Fund (including a substitution of such Reference Fund);
- (B) any relevant Reference Fund Unit;
- (C) any relevant Reference Fund Unit Values; and/or
- (D) any other terms of the Warrants as the Calculation Agent determines appropriate

and it shall determine the time as of which any such adjustments become effective;

(iii) in respect of a Merger Event, where consideration for the relevant Reference Fund Units of the relevant Reference Fund consists solely of units of a fund in which the Hypothetical Investor could invest (the "**New Units**"), references to a Reference Fund Unit of the relevant Reference Fund shall be replaced by references to the number of New Units to which a holder of a Reference Fund Unit would be entitled upon consummation of the Merger Event and the New Units and their issuer will be deemed to be the Reference Fund Units and the Reference Fund, respectively, and, if necessary, the Calculation Agent will make adjustments to the relevant Reference Fund Unit Value and/or any other terms of the Warrants in such manner as it considers appropriate; or

(iv) in respect of any Reference Fund Event occurring or subsisting on the Final Valuation Date or the Final Averaging Date (as applicable), the Calculation Agent may determine the Cash Settlement Amount. In doing so, it may take into account the redemption proceeds (if any) which a Hypothetical Investor would have received by not later than the Cut-off Date assuming that it had submitted a timely notice for redemption of all relevant fund holdings in respect of the Final Valuation Date.

(d) ***Early Termination Amount on Early Termination by Issuer***

With respect to any Early Termination Date designated by the Issuer upon the occurrence of a Reference Fund Event, the amount payable on such Early Termination Date (the "**Early Termination Amount**") shall be the Fair Market Value of the Warrants immediately prior to the date on which such early termination occurs. When determining the Early Termination Amount, the Calculation Agent may take into account the redemption proceeds (if any) which a Hypothetical Investor would have received by not later than the Cut-off Date assuming that it had submitted a timely notice for redemption of all relevant fund holdings in respect of the Original Early Termination Date (or any earlier date designated by the Calculation Agent).

<i>Pro Forma</i> Pricing Supplement for Emerging Market Pass-through Notes	I-15

IMPORTANT NOTICES

Given the highly specialised nature of Pass-through Notes, the Issuer considers that they are only suitable for highly sophisticated investors who are willing to take considerable risks, who are able to determine for themselves the risk of an investment linked to the credit risk of the particular reference entity or entities and who can absorb a substantial or total loss of principal.

Consequently, investors who do not fall within the description above should not consider purchasing the Pass-through Notes without taking detailed advice from a specialised professional adviser.

ADDITIONAL TERMS AND CONDITIONS RELATING TO EMERGING MARKET PASS-THROUGH NOTES

The section headed "*Terms and Conditions of the Notes*" of this Offering Memorandum shall be supplemented and modified by the following "*Additional Terms and Conditions Relating to Emerging Market Pass-through Notes*" in respect of any issue of Notes as amended or supplemented by the terms of each Tranche of Notes set out in the Pricing Supplement which are specified as being "Emerging Market Pass-through Notes" in the relevant Pricing Supplement. In the event of any inconsistency between the "*Terms and Conditions of the Notes*" and the "*Additional Terms and Conditions Relating to Emerging Market Pass-through Notes*", such "*Additional Terms and Conditions Relating to Emerging Market Pass-through Notes*" shall prevail and the "*Terms and Conditions of the Notes*" shall be amended accordingly.

1. Interest Amounts

On each Interest Payment Date, subject to no Early Redemption Event or Credit Event having occurred or subsisting, the Issuer will pay an amount of interest in respect of each Calculation Amount, in the Settlement Currency, equal to the quotient of:

- (i) (A) the amount actually received in the Reference Obligation Currency by the Notional Holder of the Reference Obligation Principal Amount of the Reference Obligation on the immediately preceding Reference Obligation Coupon Payment Date (such amount, the "**Reference Obligation Coupon**") less (B) an amount equal to any applicable taxes and/or incidental transaction costs incurred in connection with the Notional Holder's holding and/or the payment of interest on such Reference Obligation and/or any conversion of any amounts received in connection with the Reference Obligation in the Reference Obligation Currency to the Settlement Currency, for the avoidance of doubt, without any double counting in respect of any Adjustment Event; and
- (ii) the aggregate of all the Calculation Amounts in respect of all Notes outstanding on such day,

converted by the Calculation Agent from the Reference Obligation Currency at the Exchange Rate on the related Exchange Rate Calculation Date, (each an "**Interest Amount**").

2. Final Redemption

Subject to no Early Redemption Event or Credit Event having occurred or subsisting (in respect of which the Issuer intends to elect to redeem the Notes pursuant to paragraph 3 or paragraph 4, as applicable), on the Maturity Date the Issuer will pay an amount in respect of each Calculation Amount, in the Settlement Currency, equal to the quotient of:

- (i) (A) the amount actually received in the Reference Obligation Currency by a Notional Holder of the Reference Obligation Principal Amount of the Reference Obligation on the Reference Obligation Redemption Date (the "**Reference Obligation Redemption Amount**") less (B) an amount equal to any applicable taxes and or transaction costs incurred in connection with the Notional Holder's holding and/or the redemption of such Reference Obligation and/or any conversion of any amounts received in connection with the Reference Obligation in the Reference Obligation Currency to the Settlement Currency, for the avoidance of doubt, without any double counting in respect of any Adjustment Event; and
- (ii) the aggregate of all the Calculation Amounts in respect of all Notes outstanding on such day,

converted by the Calculation Agent from the Reference Obligation Currency at the Exchange Rate on the related Exchange Rate Calculation Date.

3. **Early Redemption as a result of a Credit Event**

As soon as reasonably practicable following the occurrence of a Credit Event, and:

- (a) if "Issuer Option" is specified as being applicable in the relevant Pricing Supplement, the Issuer will notify the Noteholders:
 - (i) of the occurrence of such Credit Event; and
 - (ii) whether the Issuer will redeem all (but not some only) of the Notes as a result of the occurrence of such Credit Event.

If the Issuer elects to redeem the Notes, the Issuer will notify the Noteholders whether such redemption will be by way of Physical Settlement or Cash Settlement on or before the thirtieth Business Day following the occurrence of such Credit Event (such notice being either a "Notice of Cash Settlement" or "Notice of Physical Settlement"); or

- (b) if "Physical Settlement" is specified as being applicable in the relevant Pricing Supplement, the Notes will be redeemed by way of Physical Settlement and the Issuer will deliver a Notice of Physical Settlement on or before the tenth Business Day following the occurrence of such Credit Event.

4. **Early Redemption as a result of an Early Redemption Event**

As soon as reasonably practicable following the occurrence of an Early Redemption Event, and:

- (a) if "Issuer Option" is specified as being applicable in the relevant Pricing Supplement, the Issuer will notify the Noteholders:
 - (i) of the occurrence of such Early Redemption Event; and
 - (ii) whether the Issuer will redeem all (but not some only) of the Notes as a result of the occurrence of such Early Redemption Event.

If the Issuer elects to redeem the Notes, the Issuer will deliver a Notice of Cash Settlement or Notice of Physical Settlement (as applicable) to the Noteholders on or before the tenth Business Day following the occurrence of such Early Redemption Event; or

- (b) if "Physical Settlement" is specified as being applicable in the relevant Pricing Supplement, the Notes will be redeemed by way of Physical Settlement and the Issuer will deliver a Notice of Physical Settlement on or before the tenth Business Day following the occurrence of such Early Redemption Event.

5. **Physical Settlement**

If Physical Settlement applies, the Issuer shall redeem all the Notes by Delivery (or procuring Delivery on its behalf) on or prior to the Physical Settlement Date to each Noteholder of such Noteholder's *pro rata* share (rounded down as necessary pursuant to the following paragraph) of an amount of Deliverable Obligations with an aggregate outstanding principal amount equal to (i) the Reference Obligation Principal Amount less (ii) an outstanding principal amount of Deliverable Obligations the sale proceeds of which the Calculation Agent (acting in good faith and a commercially reasonable manner) determines are required to cover all taxes, costs and expenses incurred by the Issuer (or its designated agent or affiliate) in relation to such Delivery. If it is illegal, impossible or impracticable to Deliver Deliverable Obligations to a Noteholder (including, without limitation, because such Noteholder has failed to provide the relevant valid local account details to effect Physical Settlement), Cash Settlement shall be deemed to apply in respect of the relevant Notes, *mutatis mutandis* and the Physical Settlement Date shall be deemed to be the date of the Notice of Cash Settlement.

If the nominal amount of the Deliverable Obligations to be Delivered in respect of each Note to be redeemed is not equal to an authorised denomination (or integral multiple thereof) of such

Deliverable Obligations then the nominal amount of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, zero. In such circumstances (a "**Partial Cash Settlement Event**"), the Issuer shall in addition pay an amount in respect of each Note on the Physical Settlement Date equal to such Note's *pro rata* share of an amount equal to the product of (i) the principal amount of such Deliverable Obligations and (ii) the Final Price (for which purposes the Valuation Process shall be construed accordingly and the Valuation Date shall be two Business Days following the date of the Notice of Physical Settlement), less an amount equal to all taxes, costs and expenses incurred by the Issuer or its designated agent or affiliate in relation to such settlement, as determined by the Calculation Agent, acting in a commercially reasonable manner, converted into the Settlement Currency at the Exchange Rate on the day that is the number of days preceding the Physical Settlement Date in order for such conversion to settle on the Physical Settlement Date and rounded down to the nearest sub-unit of the Settlement Currency.

If the Calculation Agent determines, in good faith and a commercially reasonable manner, that it is unlawful, impossible, or otherwise impracticable to convert such amount, including but not limited to as a result of an Inconvertibility Event, notwithstanding the above, the Issuer may pay the relevant amount in the Reference Obligation Currency, rounded down to the nearest sub-unit of the Reference Obligation Currency.

6. **Cash Settlement**

If Cash Settlement applies, the Issuer shall redeem all the Notes on the Cash Settlement Date by payment (or procuring payment on its behalf) to each Noteholder of such Noteholder's *pro rata* share of an amount equal to the product of (i) the Reference Obligation Principal Amount and (ii) the Final Price, less an amount equal to all taxes, costs and expenses incurred by the Issuer or its designated agent or affiliate in relation to such settlement, as determined by the Calculation Agent, acting in a commercially reasonable manner converted into the Settlement Currency at the Exchange Rate on the day that is the number of days preceding the Cash Settlement Date in order for such conversion to settle on the related Cash Settlement Date and rounded down to the nearest sub-unit of the Settlement Currency (the "**Cash Settlement Amount**").

If the Calculation Agent determines, that it is unlawful, impossible, or otherwise impracticable to redeem any outstanding Note by payment of the Cash Settlement Amount, including but not limited to as a result of an Inconvertibility Event, notwithstanding the above, the Issuer may redeem such Note by payment of the relevant amount in the Reference Obligation Currency, rounded down to the nearest sub-unit of the Reference Obligation Currency.

7. **Adjustment Provisions**

Upon the occurrence of an Adjustment Event, notwithstanding anything to the contrary in the Conditions of the Notes, any amounts payable (or which subsequently become due and payable) by the Issuer in respect of each Note shall be reduced by such Note's *pro rata* share of any loss suffered, or costs or expenses incurred, by the Issuer (or its agents or affiliates) in connection with the Notes as a result of the occurrence of the Adjustment Event, so as to put the Issuer, its agents or affiliates, as the case may be, in the same position in which a Notional Holder of the Reference Obligation Principal Amount of the Reference Obligation would have been but for the occurrence of the Adjustment Event, as determined by the Calculation Agent, acting in good faith and a commercially reasonable manner, and for the avoidance of doubt, without any double counting.

8. **Local Settlement Provisions**

Each Noteholder must deliver a written notice (the "**Notice of Noteholder's Details**") to the Paying Agent and to Euroclear or Clearstream, Luxembourg, with a copy to the Issuer, no later than five Business Days following the delivery of the Notice of Cash Settlement or Notice of Physical Settlement, as the case may be. The Notice of Noteholder's Details must:

- (1) specify (i) all the "KYC Information" requested by the Issuer in the Notice of Cash Settlement or Notice of Physical Settlement, including the name and address of the relevant Noteholder; (ii) a valid local account in the specified Financial Centre

("Noteholder's Local Account") to be used by the Issuer to effect Cash Settlement or Physical Settlement, as the case may be, and (iii) a contact person from whom the Issuer may obtain any additional details for such Cash Settlement or Physical Settlement;

- (2) specify the nominal amount of Notes which are the subject of the Notice of Noteholder's Details and the number of the Noteholder's account at Euroclear or Clearstream, Luxembourg to be debited with such Notes and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Noteholder's account with such Notes on or before the redemption date;
- (3) authorise the production of such Notice of Noteholder's Details in any applicable administrative or legal proceedings; and
- (4) attach a screenshot from the relevant clearing system verifying that the Noteholder is the legal owner of the Notes and confirming that transfer of such Notes is blocked.

No Notice of Noteholder's Details may be withdrawn after receipt thereof by Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be. After delivery of a Notice of Noteholder's Details, the relevant Noteholder may not sell, transfer or assign the Notes which are the subject of such Notice for settlement purposes.

Failure to properly complete and deliver a Notice of Noteholder's Details may result in such notice being treated as null and void.

Provided that the Issuer has received a valid Notice of Noteholder's Details (and any additional information that the Issuer in its sole and absolute discretion, acting in good faith and a commercially reasonable manner, deems necessary to verify the ownership of the Notes), the Issuer shall redeem (or appoint an affiliate or agent to settle on its behalf) the Notes pursuant to paragraph 5 (*Physical Settlement*) and/or paragraph 6 (*Cash Settlement*) (as applicable) by paying and/or delivering to the Noteholder's Local Account on the redemption date.

Neither the Issuer nor its agent(s) or affiliate(s) shall be responsible for any delay in payment that is caused as a result of it or any agent or representative of it, taking reasonable steps to verify that the person delivering the notice is a Noteholder holding through Euroclear and shall pay no interest or other payment in respect of any such delay.

Noteholders waive their right to receive Cash Settlement or Physical Settlement, as the case may be, through the relevant clearing system.

If an Inconvertibility Event is continuing and any payment cannot be completed within 6 calendar months of the date on which the Inconvertibility Event first occurred, each Note shall be immediately deemed to have been redeemed in full with no further obligation for the Issuer following the date falling 6 months after the date on which the Inconvertibility Event first occurred.
